Addition

- I. Review Section 473.308 (8), F.S. and Rule 61H1-27.002 (8), F.A.C. to discuss the requirements for applicants licensed by the International Qualifications Appraisal Board (IQAB).

Mr. Scarborough expressed to the Committee that he would like to get their feedback regarding Section 473.308 (8), F.S. and Rule 61H1-27.002 (8), F.A.C. because it appears as though Rule 61H1-27.002 (8), F.A.C. does not lineup with Section 473.308 (8), F.S.

Mr. Scarborough explained that Section 473.308 (8), F.S., specifically indicates that an IQAB candidate must have five (5) years of work experience but Rule 61H1-27.002(8), F.A.C., seems to apply to any IQAB candidates whether they have five (5) years or not. He expressed that based on this rule we do not require international candidates with less

than five (5) years of work experience to meet our educational requirements but we do require domestic candidates with less than five (5) years of work experience to meet our educational requirement.

Mr. Scarborough also expressed concerns as to whether the rule can be supported by statute because the only statute that mentions IQAB is Section 473.308, F.S. which is regarding the five (5) year rule.

Dr. Fennema explained that when the International Qualifications Appraisal Board (IQAB) sets up a mutual recognition agreement with an accounting entity in another a country they look at their education, exam and experience requirements. He stated that he thinks the intent of IQAB is once the applicant has been licensed in their country that they come to the U.S. and take BEC and then they become licensed here. Dr. Fennema explained we do not review the educational requirements because when IQAB have a mutual agreement with a country they make sure their requirements are substantially equivalent to our requirements.

Based on further discussion Mr. Platau and Ms. Munson agreed that Mr. Scarborough should place this information on the agenda for the Rules Committee to consider.
