(1) Any member of the United States Armed Forces now or hereafter on active duty who, at the time of becoming such a member, was in good standing with any of the boards or programs listed in s. 20.165 and was entitled to practice or engage in his or her profession or occupation in the state shall be kept in good standing by the applicable board or program, without registering, paying dues or fees, or performing any other act on his or her part to be performed, as long as he or she is a member of the United States Armed Forces on active duty and for a period of 2 years after discharge from active duty. A member, during active duty and for a period of 2 years after discharge from active duty, engaged in his or her licensed profession or occupation in the private sector for profit in this state must complete all license renewal provisions except remitting the license renewal fee, which shall be waived by the department.

(2) A spouse of a member of the United States Armed Forces who is married to a member during a period of active duty, or a surviving spouse of a member who at the time of death was serving on active duty, who is in good standing with any of the boards or programs listed in s. 20.165 shall be kept in good standing by the applicable board or program as described in subsection (1) and shall be exempt from licensure renewal provisions, but only in cases of his or her absence from the state because of his or her spouse’s duties with the United States Armed Forces. The department or the appropriate board or program shall waive any license renewal fee for such spouse when he or she is present in this state because of such member’s active duty and
for a surviving spouse of a member who at the time of death was serving on active duty and died within the 2 years preceding the date of renewal.

The costs of fingerprint processing shall be borne by the applicant. If the applicant’s fingerprints are submitted through an authorized agency or vendor, the agency or vendor shall collect the required processing fees and remit the fees to the Department of Law Enforcement.

(b) The department shall waive the applicant’s initial licensure application fee.

(1) It is the intent of the Legislature that persons desiring to engage in any lawful profession regulated by the department shall be entitled to do so as a matter of right if otherwise qualified.

(2) The Legislature further believes that such professions shall be regulated only for the preservation of the health, safety, and welfare of the public under the police powers of the state. Such professions shall be regulated when:

(a) Their unregulated practice can harm or endanger the health, safety, and welfare of the public, and when the potential for such harm is recognizable and clearly outweighs any anticompetitive impact which may result from regulation.

(b) The public is not effectively protected by other means, including, but not limited to, other state statutes, local ordinances, or federal legislation.

(c) Less restrictive means of regulation are not available.
It is further legislative intent that the use of the term “profession” with respect to those activities licensed and regulated by the department shall not be deemed to mean that such activities are not occupations for other purposes in state or federal law.

(4)(a) Neither the department nor any board may create unreasonably restrictive and extraordinary standards that deter qualified persons from entering the various professions. Neither the department nor any board may take any action that tends to create or maintain an economic condition that unreasonably restricts competition, except as specifically provided by law.

(b) Neither the department nor any board may create a regulation that has an unreasonable effect on job creation or job retention in the state or that places unreasonable restrictions on the ability of individuals who seek to practice or who are practicing a given profession or occupation to find employment.

(c) The Legislature shall evaluate proposals to increase regulation of already regulated professions or occupations to determine their effect on job creation or retention and employment opportunities.

(5) Policies adopted by the department shall ensure that all expenditures are made in the most cost-effective manner to maximize competition, minimize licensure costs, and maximize public access to meetings conducted for the purpose of professional regulation. The long-range planning function of the department shall be implemented to facilitate effective operations and to eliminate inefficiencies.

455.203 Department; powers and duties.—The department, for the boards under its jurisdiction, shall:

(1) Adopt rules establishing a procedure for the biennial renewal of licenses; however, the department may issue up to a 4-year license to selected licensees notwithstanding any other provisions of law to the contrary. Fees for such renewal shall not exceed the fee caps for individual professions on an annualized basis as authorized by law.

(2) Appoint the executive director of each board, subject to the approval of the board.

(3) Submit an annual budget to the Legislature at a time and in the manner provided by law.

(4) Develop a training program for persons newly appointed to membership on any board. The program shall familiarize such persons with the substantive and procedural laws and rules and fiscal information relating to the regulation of the appropriate profession and with the structure of the department.

(5) Adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this chapter.

(6) Establish by rule procedures by which the department shall use the expert or technical advice of the appropriate board for the purposes of investigation, inspection, evaluation of applications, other duties of the department, or any other areas the department may deem appropriate.

(7) Require all proceedings of any board or panel thereof and all formal or informal proceedings conducted by the department, an administrative law judge, or a hearing officer with respect to licensing or discipline to be electronically recorded in a manner sufficient to assure the accurate transcription of all matters so recorded.

(8) Select only those investigators, or consultants who undertake investigations, who meet criteria established with the advice of the respective boards.

(9) Work cooperatively with the Department of Revenue to implement an automated method for periodically disclosing information relating to current licensees to the Department of Revenue. The purpose of this subsection is to promote the public policy of this state as established in s. 409.2551. The department shall, when directed by the court or the Department of Revenue pursuant to s. 409.2598, suspend or deny the license
of any licensee found not to be in compliance with a support order, subpoena, order to show cause, or written agreement entered into by the licensee with the Department of Revenue. The department shall issue or reinstate the license without additional charge to the licensee when notified by the court or the Department of Revenue that the licensee has complied with the terms of the support order. The department shall not be held liable for any license denial or suspension resulting from the discharge of its duties under this subsection.

(10) Have authority to:
(a) Close and terminate deficient license application files 2 years after the board or the department notifies the applicant of the deficiency; and
(b) Approve applications for professional licenses that meet all statutory and rule requirements for licensure.

455.2035 Rulemaking authority for professions not under a board.—The department may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the regulatory requirements of any profession within the department’s jurisdiction which does not have a statutorily authorized regulatory board.

History.—s. 136, ch. 99-251.

455.204 Long-range policy planning; plans, reports, and recommendations.—To facilitate efficient and cost-effective regulation, the department and the board, where appropriate, shall develop and implement a long-range policy planning and monitoring process to include recommendations specific to each profession. Such process shall include estimates of revenues, expenditures, cash balances, and performance statistics for each profession. The period covered shall not be less than 5 years. The department, with input from the boards, shall develop the long-range plan and must obtain the approval of the secretary. The department shall monitor compliance with the approved long-range plan and, with input from the boards, shall annually update the plans for approval by the secretary. The department shall provide concise management reports to the boards quarterly. As part of the review process, the department shall evaluate:

(1) Whether the department, including the boards and the various functions performed by the department, is operating efficiently and effectively and if there is a need for a board or council to assist in cost-effective regulation.

(2) How and why the various professions are regulated.

(3) Whether there is a need to continue regulation, and to what degree.

(4) Whether or not consumer protection is adequate, and how it can be improved.

(5) Whether there is consistency between the various practice acts.

(6) Whether unlicensed activity is adequately enforced.

Such plans should include conclusions and recommendations on these and other issues as appropriate. Such plans shall be provided to the Governor and the Legislature by November 1 of each year.

History.—s. 8, ch. 92-149.

455.205 Contacting boards through department.—Each board under the jurisdiction of the department may be contacted through the headquarters of the department in the City of Tallahassee or at any regional office of the department.

1. Each board within the department shall comply with the provisions of this section.

2. The board shall annually elect from among its number a chairperson and vice chairperson.

3. The board shall meet at least once annually and may meet as often as is necessary. The chairperson or a quorum of the board shall have the authority to call other meetings. A quorum shall be necessary for the conduct of official business by the board or any committee thereof. Unless otherwise provided by law, 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum. The membership of committees of the board, except as otherwise authorized pursuant to this chapter or the applicable practice act, shall be composed of currently appointed members of the board. The vote of a majority of the members of the quorum shall be necessary for any official action by the board or committee. Three consecutive unexcused absences or absences constituting 50 percent or more of the board’s meetings within any 12-month period shall cause the board membership of the member in question to become void, and the position shall be considered vacant. The board, or the department when there is no board, shall, by rule, define unexcused absences.

4. Unless otherwise provided by law, a board member or former board member serving on a probable cause panel shall be compensated $50 for each day in attendance at an official meeting of the board and for each day of participation in any other business involving the board. Each board shall adopt rules defining the phrase “other business involving the board,” but the phrase may not routinely be defined to include telephone conference calls. A board member also shall be entitled to reimbursement for expenses pursuant to s. 112.061. Travel out of state shall require the prior approval of the secretary.

5. When two or more boards have differences between them, the boards may elect to, or the secretary may request that the boards, establish a special committee to settle those differences. The special committee shall consist of three members designated by each board, who may be members of the designating board or other experts designated by the board, and of one additional person designated and agreed to by the members of the special committee. In the event the special committee cannot agree on the additional designee, upon request of the special committee, the secretary may select the designee. The committee shall recommend rules necessary to resolve the differences. If a rule adopted pursuant to this provision is challenged, the participating boards shall share the costs associated with defending the rule or rules. The department shall provide legal representation for any special committee established pursuant to this section.

455.208 Publication of information.—The department and the boards shall have the authority to advise licensees periodically, through the publication of a newsletter, about information that the department or the board determines is of interest to the industry. Unless otherwise prohibited by law, the department and the boards shall publish a summary of final orders resulting in fines, suspensions, or revocations, and any other information the department or the board determines is of interest to the public.

455.209 Accountability and liability of board members.—

1. Each board member shall be accountable to the Governor for the proper performance of duties as a member of the board. The Governor shall investigate any legally sufficient complaint or unfavorable written report received by the Governor or by the department or a board concerning the actions of the board or its
individual members. The Governor may suspend from office any board member for malfeasance, misfeasance, neglect of duty, drunkenness, incompetence, permanent inability to perform the member’s official duties, or commission of a felony.

(2) Each board member and each former board member serving on a probable cause panel shall be exempt from civil liability for any act or omission when acting in the member’s official capacity, and the department shall defend any such member in any action against any board or member of a board arising from any such act or omission. In addition, the department may defend the member’s company or business in any action against the company or business if the department determines that the actions from which the suit arises are actions taken by the member in the member’s official capacity and were not beyond the member’s statutory authority. In providing such defense, the department may employ or utilize the legal services of the Department of Legal Affairs or outside counsel retained pursuant to s. 287.059. Fees and costs of providing legal services provided under this subsection shall be paid from the Professional Regulation Trust Fund, subject to the provisions of ss. 215.37 and 455.219.

455.211 Board rules; final agency action; challenges.—

(1) The secretary of the department shall have standing to challenge any rule or proposed rule of a board under its jurisdiction pursuant to s. 120.56. In addition to challenges for any invalid exercise of delegated legislative authority, the administrative law judge, upon such a challenge by the secretary, may declare all or part of a rule or proposed rule invalid if it:

(a) Does not protect the public from any significant and discernible harm or damages;

(b) Unreasonably restricts competition or the availability of professional services in the state or in a significant part of the state; or

(c) Unnecessarily increases the cost of professional services without a corresponding or equivalent public benefit.

However, there shall not be created a presumption of the existence of any of the conditions cited in this subsection in the event that the rule or proposed rule is challenged.

(2) In addition, either the secretary or the board shall be a substantially interested party for purposes of s. 120.54(7). The board may, as an adversely affected party, initiate and maintain an action pursuant to s. 120.68 challenging the final agency action.

(3) No board created within the department shall have standing to challenge a rule or proposed rule of another board. However, if there is a dispute between boards concerning a rule or proposed rule, the boards may avail themselves of the provisions of s. 455.207(5).

(4) Any proposed board rule that has not been modified to remove proposed committee objections of the Administrative Procedures Committee must receive approval from the department prior to filing the rule with the Department of State for final adoption. The department may repeal any rule enacted by the board which has taken effect without having met proposed committee objections of the Administrative Procedures Committee.

such students must demonstrate in order to be licensed. The demonstration of such competencies may be substituted for specific classroom clock-hour requirements established in statute or rule which are related to instructional programs for licensure purposes. Student demonstration of the established minimum competencies shall be certified by the educational institution. The provisions of this section shall not apply to boards for which federal licensure standards are more restrictive or stringent than the standards prescribed in statute.

History.—s. 63, ch. 92-136; s. 30, ch. 92-321.

455.2121 Education; accreditation.—Notwithstanding any other provision of law, educational programs and institutions which are required by statute to be accredited, but which were accredited by an agency that has since ceased to perform an accrediting function, shall be recognized until such programs and institutions are accredited by a qualified successor to the original accrediting agency, an accrediting agency recognized by the United States Department of Education, or an accrediting agency recognized by the board, or the department when there is no board.

History.—s. 4, ch. 94-119.

455.2122 Education.—A board, or the department where there is no board, shall approve distance learning courses as an alternative to classroom courses to satisfy prelicensure or postlicensure education requirements provided for in part VIII of chapter 468 or part I of chapter 475. A board, or the department when there is no board, may not require centralized examinations for completion of prelicensure or postlicensure education requirements for those professions licensed under part VIII of chapter 468 or part I of chapter 475.

455.2124 Proration of or not requiring continuing education.—A board, or the department when there is no board, may:

(1) Prorate continuing education for new licensees by requiring half of the required continuing education for any applicant who becomes licensed with more than half the renewal period remaining and no continuing education for any applicant who becomes licensed with half or less than half of the renewal period remaining; or

(2) Require no continuing education until the first full renewal cycle of the licensee.

These options shall also apply when continuing education is first required or the number of hours required is increased by law or the board, or the department when there is no board.

University System, and the State Board of Education prior to adopting any changes to training requirements relating to entry into the profession or occupation. This consultation must allow the educational board to provide advice regarding the impact of the proposed changes in terms of the length of time necessary to complete the training program and the fiscal impact of the changes. The educational board must be consulted only when an institution offering the training program falls under its jurisdiction.

455.213 General licensing provisions.—

(1) Any person desiring to be licensed shall apply to the department in writing. The application for licensure shall be submitted on a form prescribed by the department and must include the applicant’s social security number. Notwithstanding any other provision of law, the department is the sole authority for determining the contents of any documents to be submitted for initial licensure and licensure renewal. Such documents may contain information including, as appropriate: demographics, education, work history, personal background, criminal history, finances, business information, complaints, inspections, investigations, discipline, bonding, photographs, performance periods, reciprocity, local government approvals, supporting documentation, periodic reporting requirements, fingerprint requirements, continuing education requirements, and ongoing education monitoring. The application shall be supplemented as needed to reflect any material change in any circumstance or condition stated in the application which takes place between the initial filing of the application and the final grant or denial of the license and which might affect the decision of the department. In order to further the economic development goals of the state, and notwithstanding any law to the contrary, the department may enter into an agreement with the county tax collector for the purpose of appointing the county tax collector as the department’s agent to accept applications for licenses and applications for renewals of licenses. The agreement must specify the time within which the tax collector must forward any applications and accompanying application fees to the department. In cases where a person applies or schedules directly with a national examination organization or examination vendor to take an examination required for licensure, any organization- or vendor-related fees associated with the examination may be paid directly to the organization or vendor. An application is received for purposes of s. 120.60 upon the department’s receipt of the application submitted in the format prescribed by the department; the application fee set by the board or, if there is no board, set by the department; and any other fee required by law or rule to be remitted with the application.

(2) Before the issuance of any license, the department may charge an initial license fee as determined by rule of the applicable board or, if no such board exists, by rule of the department. Upon receipt of the appropriate license fee, except as provided in subsection (4), the department shall issue a license to any person certified by the appropriate board, or its designee, or the department when there is no board, as having met the applicable requirements imposed by law or rule. However, an applicant who is not otherwise qualified for licensure is not entitled to licensure solely based on a passing score on a required examination. Upon a determination by the department that it erroneously issued a license, or upon the revocation of a license by the applicable board, or by the department when there is no board, the licensee must surrender his or her license to the department.

(3)(a) Notwithstanding any other law, the applicable board shall use the process in this subsection for review of an applicant’s criminal record to determine his or her eligibility for licensure as:

1. A barber under chapter 476;
2. A cosmetologist or cosmetology specialist under chapter 477;
3. Any of the following construction professions under chapter 489:
a. Air-conditioning contractor;
b. Electrical contractor;
c. Mechanical contractor;
d. Plumbing contractor;
e. Pollutant storage systems contractor;
f. Roofing contractor;
g. Sheet metal contractor;
h. Solar contractor;
i. Swimming pool and spa contractor;
j. Underground utility and excavation contractor; or
k. Other specialty contractors; or
4. Any other profession for which the department issues a license, provided the profession is offered to inmates in any correctional institution or correctional facility as vocational training or through an industry certification program.

(b)1. A conviction, or any other adjudication, for a crime more than 5 years before the date the application is received by the applicable board may not be grounds for denial of a license specified in paragraph (a). For purposes of this paragraph, the term “conviction” means a determination of guilt that is the result of a plea or trial, regardless of whether adjudication is withheld. This paragraph does not limit the applicable board from considering an applicant’s criminal history that includes a crime listed in s. 775.21(4)(a)1. or s. 776.08 at any time, but only if such criminal history has been found to relate to the practice of the applicable profession.

2. The applicable board may consider the criminal history of an applicant for licensure under subparagraph (a)3. if such criminal history has been found to relate to good moral character.

(c)1. A person may apply for a license before his or her lawful release from confinement or supervision. The department may not charge an applicant an additional fee for being confined or under supervision. The applicable board may not deny an application for a license solely on the basis of the applicant’s current confinement or supervision.

2. After a license application is approved, the applicable board may stay the issuance of a license until the applicant is lawfully released from confinement or supervision and the applicant notifies the applicable board of such release. The applicable board must verify the applicant’s release with the Department of Corrections before it issues a license.

3. If an applicant is unable to appear in person due to his or her confinement or supervision, the applicable board must permit the applicant to appear by teleconference or video conference, as appropriate, at any meeting of the applicable board or other hearing by the agency concerning his or her application.

4. If an applicant is confined or under supervision, the Department of Corrections and the applicable board shall cooperate and coordinate to facilitate the appearance of the applicant at a board meeting or agency hearing in person, by teleconference, or by video conference, as appropriate.

(d) Each applicable board shall compile a list of crimes that, if committed and regardless of adjudication, do not relate to the practice of the profession or the ability to practice the profession and do not constitute grounds for denial of a license. This list must be made available on the department’s website and updated annually. Beginning October 1, 2019, each applicable board shall compile a list of crimes that although reported by an applicant for licensure, were not used as a basis for denial. The list must identify for each such license application the crime reported and the date of conviction and whether there was a finding of guilt, a plea, or an adjudication entered or the date of sentencing.
(e) Each applicable board shall compile a list of crimes that have been used as a basis for denial of a license in the past 2 years and shall make the list available on the department’s website. Starting October 1, 2019, and updated quarterly thereafter, the applicable board shall compile a list indicating each crime used as a basis for denial. For each crime listed, the applicable board must identify the date of conviction, finding of guilt, plea, or adjudication entered, or date of sentencing. Such denials must be made available to the public upon request.

(4) The board, or the department when there is no board, may refuse to issue an initial license to any applicant who is under investigation or prosecution in any jurisdiction for an action that would constitute a violation of this chapter or the professional practice acts administered by the department and the boards, until such time as the investigation or prosecution is complete.

(5) When any administrative law judge conducts a hearing pursuant to the provisions of chapter 120 with respect to the issuance of a license by the department, the administrative law judge shall submit his or her recommended order to the appropriate board, which shall thereupon issue a final order. The applicant for a license may appeal the final order of the board in accordance with the provisions of chapter 120.

(6) A privilege against civil liability is hereby granted to any witness for any information furnished by the witness in any proceeding pursuant to this section, unless the witness acted in bad faith or with malice in providing such information.

(7) Any board that currently requires continuing education for renewal of a license shall adopt rules to establish the criteria for continuing education courses. The rules may provide that up to a maximum of 25 percent of the required continuing education hours can be fulfilled by the performance of pro bono services to the indigent or to underserved populations or in areas of critical need within the state where the licensee practices. The board, or the department when there is no board, must require that any pro bono services be approved in advance in order to receive credit for continuing education under this section. The standard for determining indigency shall be that recognized by the Federal Poverty Income Guidelines produced by the United States Department of Health and Human Services. The rules may provide for approval by the board, or the department when there is no board, that a part of the continuing education hours can be fulfilled by performing research in critical need areas or for training leading to advanced professional certification. The board, or the department when there is no board, may make rules to define underserved and critical need areas. The department shall adopt rules for the administration of continuing education requirements adopted by the boards or the department when there is no board.

(8) Notwithstanding anything to the contrary, any elected official who is licensed pursuant to any practice act within the purview of this chapter may hold employment for compensation with any public agency concurrent with such public service. Such dual service shall be disclosed according to any disclosure required by applicable law.

(9) In any instance in which a licensee or applicant to the department is required to be in compliance with a particular provision by, on, or before a certain date, and if that date occurs on a Saturday, Sunday, or a legal holiday, then the licensee or applicant is deemed to be in compliance with the specific date requirement if the required action occurs on the first succeeding day which is not a Saturday, Sunday, or legal holiday.

(10) Pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, each party is required to provide his or her social security number in accordance with this section. Disclosure of social security numbers obtained through this requirement shall be limited to the purpose of administration of the Title IV-D program for child support enforcement and use by the Department of Business and Professional Regulation, and as otherwise provided by law.
For any profession requiring fingerprints as part of the registration, certification, or licensure process or for any profession requiring a criminal history record check to determine good moral character, the fingerprints of the applicant must accompany all applications for registration, certification, or licensure. The fingerprints shall be forwarded to the Division of Criminal Justice Information Systems within the Department of Law Enforcement for processing to determine whether the applicant has a criminal history record. The fingerprints shall also be forwarded to the Federal Bureau of Investigation to determine whether the applicant has a criminal history record. The information obtained by the processing of the fingerprints by the Department of Law Enforcement and the Federal Bureau of Investigation shall be sent to the department to determine whether the applicant is statutorily qualified for registration, certification, or licensure.

Any submission required to be in writing may otherwise be required by the department to be made by electronic means. The department is authorized to contract with private vendors, or enter into interagency agreements, to collect electronic fingerprints where fingerprints are required for registration, certification, or the licensure process or where criminal history record checks are required.

The department shall waive the initial licensing fee, the initial application fee, and the initial unlicensed activity fee for a military veteran or his or her spouse at the time of discharge, if he or she applies to the department for a license, in a format prescribed by the department, within 60 months after the veteran is discharged from any branch of the United States Armed Forces. To qualify for this waiver, the veteran must have been honorably discharged.

455.214 Limited licenses.—

(1) It is the intent of the Legislature that, absent a threat to the health, safety, and welfare of the public, the use of retired professionals in good standing to serve the indigent, underserved, or critical need populations of this state should be encouraged. To that end, the board, or the department when there is no board, may adopt rules to permit practice by retired professionals as limited licensees under this section.

(2) Any person desiring to obtain a limited license, when permitted by rule, shall submit to the board, or the department when there is no board, an application and fee, not to exceed $300, and an affidavit stating that the applicant has been licensed to practice in any jurisdiction in the United States for at least 10 years in the profession for which the applicant seeks a limited license. The affidavit shall also state that the applicant has retired or intends to retire from the practice of that profession and intends to practice only pursuant to the restrictions of the limited license granted pursuant to this section. If the applicant for a limited license submits a notarized statement from the employer stating that the applicant will not receive monetary compensation for any service involving the practice of his or her profession, the application and all licensure fees shall be waived.

(3) The board, or the department when there is no board, may deny limited licensure to an applicant who has committed, or is under investigation or prosecution for, any act which would constitute the basis for discipline pursuant to the provisions of this chapter or the applicable practice act.

(4) The recipient of a limited license may practice only in the employ of public agencies or institutions or nonprofit agencies or institutions which meet the requirements of s. 501(c)(3) of the Internal Revenue Code, and which provide professional liability coverage for acts or omissions of the limited licensee. A limited
licensee may provide services only to the indigent, underserved, or critical need populations within the state. The standard for determining indigency shall be that recognized by the Federal Poverty Income Guidelines produced by the United States Department of Health and Human Services. The board, or the department when there is no board, may adopt rules to define underserved and critical need areas and to ensure implementation of this section.

5) A board, or the department when there is no board, may provide by rule for supervision of limited licensees to protect the health, safety, and welfare of the public.

6) Each applicant granted a limited license is subject to all the provisions of this chapter and the respective practice act under which the limited license is issued which are not in conflict with this section.

7) This section does not apply to chapter 458 or chapter 459.

History.—s. 14, ch. 92-149; s. 189, ch. 97-103; s. 11, ch. 97-261; s. 27, ch. 2000-160.

455.217 Examinations.—This section shall be read in conjunction with the appropriate practice act associated with each regulated profession under this chapter.

1) The Division of Professions of the Department of Business and Professional Regulation shall provide, contract, or approve services for the development, preparation, administration, scoring, score reporting, and evaluation of all examinations. The division shall seek the advice of the appropriate board in providing such services.

(a) The department, acting in conjunction with the Division of Service Operations, the Division of Professions, and the Division of Real Estate, as appropriate, shall ensure that examinations adequately and reliably measure an applicant’s ability to practice the profession regulated by the department. After an examination developed or approved by the department has been administered, the board or department may reject any question which does not reliably measure the general areas of competency specified in the rules of the board or department, when there is no board. The department shall use qualified outside testing vendors for the development, preparation, and evaluation of examinations, when such services are economically and viably available and approved by the department.

(b) For each examination developed by the department or contracted vendor, to the extent not otherwise specified by statute, the board or the department when there is no board, shall by rule specify the general areas of competency to be covered by the examination, the relative weight to be assigned in grading each area tested, the score necessary to achieve a passing grade, and the fees, where applicable, to cover the actual cost for any purchase, development, and administration of the required examination. However, statutory fee caps in each practice act shall apply. This subsection does not apply to national examinations approved and administered pursuant to paragraph (d).

(c) If a practical examination is deemed to be necessary, rules shall specify the criteria by which examiners are to be selected, the grading criteria to be used by the examiner, the relative weight to be assigned in grading each criterion, and the score necessary to achieve a passing grade. When a mandatory standardization exercise for a practical examination is required by law, the board may conduct such exercise. Therefore, board members may serve as examiners at a practical examination with the consent of the board.

(d) A board, or the department when there is no board, may approve by rule the use of any national examination which the department has certified as meeting requirements of national examinations and generally accepted testing standards pursuant to department rules. Providers of examinations, which may be either profit or nonprofit entities, seeking certification by the department shall pay the actual costs incurred by the department in making a determination regarding the certification. The department shall use any national examination which is available, certified by the department, and approved by the board. The name
and number of a candidate may be provided to a national contractor for the limited purpose of preparing the grade tape and information to be returned to the board or department or, to the extent otherwise specified by rule, the candidate may apply directly to the vendor of the national examination. The department may delegate to the board the duty to provide and administer the examination. Any national examination approved by a board, or the department when there is no board, prior to October 1, 1997, is deemed certified under this paragraph. Any licensing or certification examination that is not developed or administered by the department in-house or provided as a national examination shall be competently bid.

(e) The department shall adopt rules regarding the security and monitoring of examinations. In order to maintain the security of examinations, the department may employ the procedures set forth in § 455.228 to seek fines and injunctive relief against an examinee who violates the provisions of § 455.2175 or the rules adopted pursuant to this paragraph. The department, or any agent thereof, may, for the purposes of investigation, confiscate any written, photographic, or recording material or device in the possession of the examinee at the examination site which the department deems necessary to enforce such provisions or rules.

(f) If the professional board with jurisdiction over an examination concurs, the department may, for a fee, share with any other state’s licensing authority an examination developed by or for the department unless prohibited by a contract entered into by the department for development or purchase of the examination. The department, with the concurrence of the appropriate board, shall establish guidelines that ensure security of a shared exam and shall require that any other state’s licensing authority comply with those guidelines. Those guidelines shall be approved by the appropriate professional board. All fees paid by the user shall be applied to the department’s examination and development program for professions regulated by this chapter. All fees paid by the user for professions not regulated by this chapter shall be applied to offset the fees for the development and administration of that profession’s examination. If both a written and a practical examination are given, an applicant shall be required to retake only the portion of the examination for which he or she failed to achieve a passing grade, if he or she successfully passes that portion within a reasonable time of his or her passing the other portion.

(2) For each examination developed by the department or a contracted vendor, the board or the department when there is no board, shall make rules providing for reexamination of any applicants who fail an examination developed by the department or a contracted vendor. If both a written and a practical examination are given, an applicant shall be required to retake only the portion of the examination for which he or she failed to achieve a passing grade, if the applicant successfully passes that portion within a reasonable time, as determined by rule of the board, or department when there is no board, of his or her passing the other portion.

(3) Except for national examinations approved and administered pursuant to paragraph (1)(d), the department shall provide procedures for applicants who have taken and failed an examination developed by the department or a contracted vendor to review their most recently administered examination questions, answers, papers, grades, and grading key for the questions the candidate answered incorrectly or, if not feasible, the parts of the examination failed. Applicants shall bear the actual cost for the department to provide examination review pursuant to this subsection. An applicant may waive in writing the confidentiality of his or her examination grades.

(4) For each examination developed or administered by the department or a contracted vendor, an accurate record of each applicant’s examination questions, answers, papers, grades, and grading key shall be kept for a period of not less than 2 years immediately following the examination, and such record shall
thereafter be maintained or destroyed as provided in chapters 119 and 257. This subsection does not apply to national examinations approved and administered pursuant to paragraph (1)(d).

(5) Meetings and records of meetings of any member of the department or of any board or commission within the department held for the exclusive purpose of creating or reviewing licensure examination questions or proposed examination questions are confidential and exempt from ss. 119.07(1) and 286.011. However, this exemption shall not affect the right of any person to review an examination as provided in subsection (3).

(6) For examinations developed by the department or a contracted vendor, each board, or the department when there is no board, may provide licensure examinations in an applicant’s native language. Applicants for examination or reexamination pursuant to this subsection shall bear the full cost for the department’s development, preparation, administration, grading, and evaluation of any examination in a language other than English or Spanish. Requests for translated examinations, except for those in Spanish, must be on file in the board office, or with the department when there is no board, at least 6 months prior to the scheduled examination. When determining whether it is in the public interest to allow the examination to be translated into a language other than English or Spanish, the board, or the department when there is no board, shall consider the percentage of the population who speak the applicant’s native language.

(7) In addition to meeting other requirements for licensure by examination or by endorsement, an applicant may be required by a board, or by the department, if there is no board, to pass an examination pertaining to state laws and rules applicable to the practice of the profession regulated by that board or by the department. This subsection does not apply to persons regulated under chapter 473.

Note.—Former s. 455.007(2).

455.2171 Use of professional testing services.—Notwithstanding any other provision of law to the contrary, the department may use a professional testing service to prepare, administer, grade, and evaluate any computerized examination, when that service is available and approved by the board, or the department when there is no board.

History.—s. 6, ch. 94-119.

455.2175 Penalty for theft or reproduction of an examination.—In addition to, or in lieu of, any other discipline imposed pursuant to s. 455.227, the theft of an examination in whole or in part or the act of reproducing or copying any examination administered by the department, whether such examination is reproduced or copied in part or in whole and by any means, constitutes a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. An examinee whose examination materials are confiscated is not permitted to take another examination until the criminal investigation reveals that the examinee did not violate this section.

455.2177 Monitoring of compliance with continuing education requirements.—

(1) The department shall establish a system to monitor licensee compliance with applicable continuing education requirements and to determine each licensee’s continuing education status. As used in this section,
the term “monitor” means the act of determining, for each licensee, whether the licensee was in full compliance with applicable continuing education requirements as of the time of the licensee’s license renewal.

(2) The department may refuse renewal of a licensee’s license until the licensee has satisfied all applicable continuing education requirements. This subsection does not preclude the department or boards from imposing additional penalties pursuant to the applicable practice act or rules adopted pursuant thereto.

(3) The department may waive the continuing education monitoring requirements of this section for any profession that demonstrates to the department that the monitoring system places an undue burden on the profession. The department shall waive the continuing education monitoring requirements of this section for any profession that has a program in place which measures compliance with continuing education requirements through statistical sampling techniques or other methods and can indicate that at least 95 percent of its licensees are in compliance.

(4) The department may adopt rules under ss. 120.536(1) and 120.54 to implement this section.

History.—s. 157, ch. 99-251; s. 17, ch. 2001-278; s. 43, ch. 2002-207; s. 2, ch. 2004-292; s. 82, ch. 2005-2.

455.2178 Continuing education providers.—

(1) Each continuing education provider shall provide to the department such information regarding the continuing education status of licensees as the department determines is necessary to carry out its duties under s. 455.2177, in an electronic format determined by the department. After a licensee’s completion of a course, the information must be submitted to the department electronically no later than 30 calendar days thereafter. However, the continuing education provider shall electronically report to the department completion of a licensee’s course within 10 business days beginning on the 30th day before the renewal deadline or prior to the renewal date, whichever occurs sooner. The foregoing applies only if the profession has not been granted a waiver from the monitoring requirements under s. 455.2177. Upon the request of a licensee, the provider must also furnish to the department information regarding courses completed by the licensee.

(2) Each continuing education provider shall retain all records relating to a licensee’s completion of continuing education courses for at least 4 years after completion of a course.

(3) A continuing education provider may not be approved, and the approval may not be renewed, unless the provider agrees in writing to provide such cooperation under this section and s. 455.2177 as the department deems necessary or appropriate.

(4) The department may fine, suspend, or revoke approval of any continuing education provider that fails to comply with its duties under this section. Such fine may not exceed $500 per violation. Investigations and prosecutions of a provider’s failure to comply with its duties under this section shall be conducted pursuant to s. 455.225.

(5) For the purpose of determining which persons or entities must meet the reporting, recordkeeping, and access provisions of this section, the board of any profession subject to this section, or the department if there is no board, shall, by rule, adopt a definition of the term “continuing education provider” applicable to the profession’s continuing education requirements. The intent of the rule shall be to ensure that all records and information necessary to carry out the requirements of this section and s. 455.2177 are maintained and transmitted accordingly and to minimize disputes as to what person or entity is responsible for maintaining and reporting such records and information.

(6) The department may adopt rules under ss. 120.536(1) and 120.54 to implement this section.

History.—s. 158, ch. 99-251; s. 3, ch. 2004-292; s. 2, ch. 2007-86.
Continuing education provider and course approval; cease and desist orders.—

(1) If a board, or the department if there is no board, requires completion of continuing education as a requirement for renewal of a license, the board, or the department if there is no board, shall approve the providers and courses for the continuing education. Notwithstanding this subsection or any other provision of law, the department may approve continuing education providers or courses even if there is a board. If the department determines that an application for a continuing education provider or course requires expert review or should be denied, the department shall forward the application to the appropriate board for review and approval or denial. The approval of continuing education providers and courses must be for a specified period of time, not to exceed 4 years. An approval that does not include such a time limitation may remain in effect pursuant to the applicable practice act or the rules adopted under the applicable practice act. Notwithstanding this subsection or any other provision of law, only the department may determine the contents of any documents submitted for approval of a continuing education provider or course.

(2) The board, or the department if there is no board, shall issue an order requiring a person or entity to cease and desist from offering any continuing education programs for licensees, and fining, suspending, or revoking any approval of the provider previously granted by the board, or the department if there is no board, if the board, or the department if there is no board, determines that the person or entity failed to provide appropriate continuing education services that conform to approved course material. Such fine may not exceed $500 per violation. Investigations and prosecutions of a provider’s failure to comply with its duties under this section shall be conducted under s. 455.225.

(3) Each board authorized to approve continuing education providers, or the department if there is no board, may establish, by rule, a fee not to exceed $250 for anyone seeking approval to provide continuing education courses and may establish, by rule, a biennial fee not to exceed $250 for the renewal of providership of such courses. The Florida Real Estate Commission, authorized under the provisions of chapter 475 to approve prelicensure, precertification, and postlicensure education providers, may establish, by rule, an application fee not to exceed $250 for anyone seeking approval to offer prelicensure, precertification, or postlicensure education courses and may establish, by rule, a biennial fee not to exceed $250 for the renewal of such courses. Such postlicensure education courses are subject to the reporting, monitoring, and compliance provisions of this section and ss. 455.2177 and 455.2178.

(4) The department and each affected board may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section.

Foreign-trained professionals; special examination and license provisions.—

(1) When not otherwise provided by law, the department shall by rule provide procedures under which exiled professionals may be examined within each practice act. A person shall be eligible for such examination if the person:

(a) Immigrated to the United States after leaving the person’s home country because of political reasons, provided such country is located in the Western Hemisphere and lacks diplomatic relations with the United States;

(b) Applies to the department and submits a fee;

(c) Was a Florida resident immediately preceding the person’s application;

(d) Demonstrates to the department, through submission of documentation verified by the applicant’s respective professional association in exile, that the applicant was graduated with an appropriate professional
or occupational degree from a college or university; however, the department may not require receipt of any
documentation from the Republic of Cuba as a condition of eligibility under this section;

(e) Lawfully practiced the profession for at least 3 years;

(f) Prior to 1980, successfully completed an approved course of study pursuant to chapters 74-105 and 75-

177, Laws of Florida; and

(g) Presents a certificate demonstrating the successful completion of a continuing education program which
offers a course of study that will prepare the applicant for the examination offered under subsection (2). The
department shall develop rules for the approval of such programs for its boards.

(2) Upon request of a person who meets the requirements of subsection (1) and submits an examination
fee, the department, for its boards, shall provide a written practical examination that tests the person’s
current ability to practice the profession competently in accordance with the actual practice of the profession.
Evidence of meeting the requirements of subsection (1) shall be treated by the department as evidence of the
applicant’s preparation in the academic and preprofessional fundamentals necessary for successful professional
practice, and the applicant shall not be examined by the department on such fundamentals.

(3) The fees charged for the examinations offered under subsection (2) shall be established by the
department, for its boards, by rule and shall be sufficient to develop or to contract for the development of the
examination and its administration, grading, and grade reviews.

(4) The department shall examine any applicant who meets the requirements of subsections (1) and (2).
Upon passing the examination and the issuance of the license, a licensee is subject to the administrative
requirements of this chapter and the respective practice act under which the license is issued. Each applicant
so licensed is subject to all provisions of this chapter and the respective practice act under which the license
was issued.

(5) Upon a request by an applicant otherwise qualified under this section, the examinations offered under
subsection (2) may be given in the applicant’s native language, provided that any translation costs are borne by
the applicant.

(6) The department, for its boards, shall not issue an initial license to, or renew a license of, any applicant
or licensee who is under investigation or prosecution in any jurisdiction for an action which would constitute a
violation of this chapter or the professional practice acts administered by the department and the boards until
such time as the investigation or prosecution is complete, at which time the provisions of the professional
practice acts shall apply.

455.2185 Exemption for certain out-of-state or foreign professionals; limited practice permitted.—

(1) A professional of any other state or of any territory or other jurisdiction of the United States or of any
other nation or foreign jurisdiction is exempt from the requirements of licensure under this chapter and the
applicable professional practice act under the agency with regulatory jurisdiction over the profession if that
profession is regulated in this state under the agency with regulatory jurisdiction over the profession and if
that person:

(a) Holds, if so required in the jurisdiction in which that person practices, an active license to practice that
profession.

(b) Engages in the active practice of that profession outside the state.

(c) Is employed or designated in that professional capacity by a sports entity visiting the state for a specific
sporting event.
(2) A professional’s practice under this section is limited to the members, coaches, and staff of the team for which that professional is employed or designated and to any animals used if the sporting event for which that professional is employed or designated involves animals. A professional practicing under authority of this section shall not have practice privileges in any licensed veterinary facility without the approval of that facility.

455.219 Fees; receipts; disposition; periodic management reports.—

(1) Each board within the department shall determine by rule the amount of license fees for its profession, based upon department-prepared long-range estimates of the revenue required to implement all provisions of law relating to the regulation of professions by the department and any board; however, when the department has determined, based on the long-range estimates of such revenue, that a profession’s trust fund moneys are in excess of the amount required to cover the necessary functions of the board, or the department when there is no board, the department may adopt rules to implement a waiver of license renewal fees for that profession for a period not to exceed 2 years, as determined by the department. Each board, or the department when there is no board, shall ensure license fees are adequate to cover all anticipated costs and to maintain a reasonable cash balance, as determined by rule of the department, with advice of the applicable board. If sufficient action is not taken by a board within 1 year of notification by the department that license fees are projected to be inadequate, the department shall set license fees on behalf of the applicable board to cover anticipated costs and to maintain the required cash balance. The department shall include recommended fee cap increases in its annual report to the Legislature. Further, it is legislative intent that no regulated profession operate with a negative cash balance. The department may provide by rule for the advancement of sufficient funds to any profession or the Florida State Boxing Commission operating with a negative cash balance. Such advancement may be for a period not to exceed 2 consecutive years and shall require interest to be paid by the regulated profession. Interest shall be calculated at the current rate earned on Professional Regulation Trust Fund investments. Interest earned shall be allocated to the various funds in accordance with the allocation of investment earnings during the period of the advance.

(2) Each board, or the department if there is no board, may, by rule, assess and collect a one-time fee from each active and each voluntary inactive licensee in an amount necessary to eliminate a cash deficit or, if there is not a cash deficit, in an amount sufficient to maintain the financial integrity of such professions as required in this section. No more than one such assessment may be made in any 4-year period without specific legislative authorization.

(3) All moneys collected by the department from fees or fines or from costs awarded to the department by a court shall be paid into the Professional Regulation Trust Fund, which fund is created in the department. The department may contract with public and private entities to receive and deposit revenue pursuant to this section. The Legislature shall appropriate funds from this trust fund sufficient to carry out the provisions of this chapter and the provisions of law with respect to professions regulated by the department and any board within the department. The department shall maintain separate accounts in the Professional Regulation Trust Fund for every profession within the department. To the maximum extent possible, the department shall directly charge all expenses to the account of each regulated profession. For the purpose of this subsection, direct charge expenses shall include, but not be limited to, costs for investigations, examinations, and legal services. For expenses that cannot be charged directly, the department shall provide for the proportionate allocation among the accounts of expenses incurred by the department in the performance of its duties with respect to each regulated profession. The department shall not expend funds from the account of a profession
to pay for the expenses incurred on behalf of another profession. The department shall maintain adequate records to support its allocation of department expenses. The department shall provide any board with reasonable access to these records upon request. Each board shall be provided an annual report of revenue and direct and allocated expenses related to the operation of that profession. These reports and the department’s adopted long-range plan shall be used by the board to determine the amount of license fees. A condensed version of this information, with the department’s recommendations, shall be included in the annual report to the Legislature prepared pursuant to s. 455.2285.

(4) A condensed management report of budgets, finances, performance statistics, and recommendations shall be provided to each board at least once a quarter. The department shall identify and include in such presentations any changes, or projected changes, made to the board’s budget since the last presentation.

(5) If a duplicate license is required or requested by the licensee, the board or, if there is no board, the department may charge a fee as determined by rule not to exceed $25 before issuance of the duplicate license.

(6) The department or the appropriate board shall charge a fee not to exceed $25 for the certification of a public record. The fee shall be determined by rule of the department. The department or the appropriate board shall assess a fee for duplication of a public record as provided in s. 119.07(4).

(7)(a) The department, or a board thereunder, shall waive the initial licensing fee for a member of the Armed Services of the United States who has served on active duty, the spouse of a member of the Armed Services of the United States who was married to the member during a period of active duty, the surviving spouse of a member of the Armed Services of the United States who at the time of death was serving on active duty, or a low-income individual upon application by the individual in a format prescribed by the department. The application format must include the applicant’s signature, under penalty of perjury, and supporting documentation as required by the department. For purposes of this subsection, the term “low-income individual” means a person whose household income, before taxes, is at or below 130 percent of the federal poverty guidelines prescribed for the family’s household size by the United States Department of Health and Human Services, proof of which may be shown through enrollment in a state or federal public assistance program that requires participants to be at or below 130 percent of the federal poverty guidelines to qualify.

(b) The department, or a board thereunder, shall process an application for a fee waiver within 30 days of receiving it from the applicant.

(c) The department shall adopt rules necessary to implement the provisions of this subsection.

455.221 Legal and investigative services.—

(1) The department shall provide board counsel for boards within the department by contracting with the Department of Legal Affairs, by retaining private counsel pursuant to s. 287.059, or by providing department staff counsel. The primary responsibility of board counsel shall be to represent the interests of the citizens of the state. A board shall provide for the periodic review and evaluation of the services provided by its board counsel. Fees and costs of such counsel shall be paid from the Professional Regulation Trust Fund, subject to the provisions of ss. 215.37 and 455.219. All contracts for independent counsel shall provide for periodic review and evaluation by the board and the department of services provided.

(2) The Department of Business and Professional Regulation may employ or utilize the legal services of outside counsel and the investigative services of outside personnel. However, no attorney employed or used by
the department shall prosecute a matter and provide legal services to the board with respect to the same matter.

(3) Any person retained by the department under contract to review materials, make site visits, or provide expert testimony regarding any complaint or application filed with the department relating to a profession under the jurisdiction of the department shall be considered an agent of the department in determining the state insurance coverage and sovereign immunity protection applicability of ss. 284.31 and 768.28.

Note.—Former s. 455.007(3), (4).

455.2228 Barbers and cosmetologists; instruction on HIV and AIDS.—

(1) The board, or the department where there is no board, shall require each person licensed or certified under chapter 476 or chapter 477 to complete a continuing educational course approved by the board, or the department where there is no board, on human immunodeficiency virus and acquired immune deficiency syndrome as part of biennial relicensure or recertification. The course shall consist of education on modes of transmission, infection control procedures, clinical management, and prevention of human immunodeficiency virus and acquired immune deficiency syndrome, with an emphasis on appropriate behavior and attitude change.

(2) When filing fees for each biennial renewal, each licensee shall submit confirmation of having completed said course, on a form provided by the board or by the department if there is no board. At the time of the subsequent biennial renewal when coursework is to be completed, if the licensee has not submitted confirmation which has been received and recorded by the board, or department if there is no board, the department shall not renew the license.

(3) The board, or the department where there is no board, shall have the authority to approve additional equivalent courses that may be used to satisfy the requirements in subsection (1).

(4) As of December 31, 1992, the board, or the department where there is no board, shall require, as a condition of granting a license under any of the chapters or parts thereof specified in subsection (1), that an applicant making initial application for licensure complete an educational course acceptable to the board, or the department where there is no board, on human immunodeficiency virus and acquired immune deficiency syndrome. An applicant who has not taken a course at the time of licensure shall, upon an affidavit showing good cause, be allowed 6 months to complete this requirement.

(5) The board, or the department where there is no board, shall have the authority to adopt rules to carry out the provisions of this section.

(6) Any professional holding two or more licenses subject to the provisions of this section shall be permitted to show proof of having taken one board-approved course, or one department-approved course where there is no board, on human immunodeficiency virus and acquired immune deficiency syndrome, for purposes of relicensure or recertification for additional licenses.

History.—s. 11, ch. 89-350; ss. 73, 74, ch. 91-297; s. 16, ch. 95-388; s. 18, ch. 97-261; s. 147, ch. 2010-102.

455.223 Power to administer oaths, take depositions, and issue subpoenas.—For the purpose of any investigation or proceeding conducted by the department, the department shall have the power to administer oaths, take depositions, make inspections when authorized by statute, issue subpoenas which shall be supported by affidavit, serve subpoenas and other process, and compel the attendance of witnesses and the production of books, papers, documents, and other evidence. The department shall exercise this power on its
own initiative or whenever requested by a board or the probable cause panel of any board. Challenges to, and enforcement of, the subpoenas and orders shall be handled as provided in s. 120.569.

455.2235 Mediation.—

(1) Notwithstanding the provisions of s. 455.225, the board, or the department when there is no board, shall adopt rules to designate which violations of the applicable professional practice act are appropriate for mediation. The board, or the department when there is no board, may designate as mediation offenses those complaints where harm caused by the licensee is economic in nature or can be remedied by the licensee.

(2) After the department determines a complaint is legally sufficient and the alleged violations are defined as mediation offenses, the department or any agent of the department may conduct informal mediation to resolve the complaint. If the complainant and the subject of the complaint agree to a resolution of a complaint within 14 days after contact by the mediator, the mediator shall notify the department of the terms of the resolution. The department or board shall take no further action unless the complainant and the subject each fail to record with the department an acknowledgment of satisfaction of the terms of mediation within 60 days of the mediator’s notification to the department. In the event the complainant and subject fail to reach settlement terms or to record the required acknowledgment, the department shall process the complaint according to the provisions of s. 455.225.

(3) Conduct or statements made during mediation are inadmissible in any proceeding pursuant to s. 455.225. Further, any information relating to the mediation of a case shall be subject to the confidentiality provisions of s. 455.225.

(4) No licensee shall go through the mediation process more than three times without approval of the department. The department may consider the subject and dates of the earlier complaints in rendering its decision. Such decision shall not be considered a final agency action for purposes of chapter 120.

(5) If any board fails to adopt rules designating which violations are appropriate for resolution by mediation by January 1, 1995, the department shall have exclusive authority to, and shall, adopt rules to designate the violations which are appropriate for mediation. Any board created on or after January 1, 1995, shall have 6 months to adopt rules designating which violations are appropriate for mediation, after which time the department shall have exclusive authority to adopt rules pursuant to this section. A board shall have continuing authority to amend its rules adopted pursuant to this section.

455.224 Authority to issue citations.—

(1) Notwithstanding s. 455.225, the board or the department shall adopt rules to permit the issuance of citations. The citation shall be issued to the subject and shall contain the subject’s name and address, the subject’s license number if applicable, a brief factual statement, the sections of the law allegedly violated, and the penalty imposed. The citation must clearly state that the subject may choose, in lieu of accepting the citation, to follow the procedure under s. 455.225. If the subject disputes the matter in the citation, the procedures set forth in s. 455.225 must be followed. However, if the subject does not dispute the matter in the citation with the department within 30 days after the citation is served, the citation becomes a final order and constitutes discipline. The penalty shall be a fine or other conditions as established by rule.

(2) The board, or the department when there is no board, shall adopt rules designating violations for which a citation may be issued. Such rules shall designate as citation violations those violations for which there is no substantial threat to the public health, safety, and welfare.
(3) The department shall be entitled to recover the costs of investigation, in addition to any penalty provided according to board or department rule, as part of the penalty levied pursuant to the citation.

(4) A citation must be issued within 6 months after the filing of the complaint that is the basis for the citation.

(5) Service of a citation may be made by personal service or certified mail, restricted delivery, to the subject at the subject’s last known address.

(6) Within its jurisdiction, the department has exclusive authority to, and shall adopt rules to, designate those violations for which the licensee is subject to the issuance of a citation and designate the penalties for those violations if any board fails to incorporate this section into rules by January 1, 1992. A board created on or after January 1, 1992, has 6 months in which to enact rules designating violations and penalties appropriate for citation offenses. Failure to enact such rules gives the department exclusive authority to adopt rules as required for implementing this section. A board has continuous authority to amend its rules adopted pursuant to this section.

History.—s. 6, ch. 91-137; s. 53, ch. 92-33; s. 20, ch. 92-149; s. 23, ch. 93-129; s. 313, ch. 94-119; s. 78, ch. 94-218; s. 20, ch. 97-261; s. 161, ch. 99-251.

455.225 Disciplinary proceedings.—Disciplinary proceedings for each board shall be within the jurisdiction of the department.

(1)(a) The department, for the boards under its jurisdiction, shall cause to be investigated any complaint that is filed before it if the complaint is in writing, signed by the complainant, and legally sufficient. A complaint is legally sufficient if it contains ultimate facts that show that a violation of this chapter, of any of the practice acts relating to the professions regulated by the department, or of any rule adopted by the department or a regulatory board in the department has occurred. In order to determine legal sufficiency, the department may require supporting information or documentation. The department may investigate, and the department or the appropriate board may take appropriate final action on, a complaint even though the original complainant withdraws it or otherwise indicates a desire not to cause the complaint to be investigated or prosecuted to completion. The department may investigate an anonymous complaint if the complaint is in writing and is legally sufficient, if the alleged violation of law or rules is substantial, and if the department has reason to believe, after preliminary inquiry, that the violations alleged in the complaint are true. The department may investigate a complaint made by a confidential informant if the complaint is legally sufficient, if the alleged violation of law or rule is substantial, and if the department has reason to believe, after preliminary inquiry, that the allegations of the complainant are true. The department may initiate an investigation if it has reasonable cause to believe that a licensee or a group of licensees has violated a Florida statute, a rule of the department, or a rule of a board.

(b) When an investigation of any subject is undertaken, the department shall promptly furnish to the subject or the subject’s attorney a copy of the complaint or document that resulted in the initiation of the investigation. The subject may submit a written response to the information contained in such complaint or document within 20 days after service to the subject of the complaint or document. The subject’s written response shall be considered by the probable cause panel. The right to respond does not prohibit the issuance of a summary emergency order if necessary to protect the public. However, if the secretary, or the secretary’s designee, and the chair of the respective board or the chair of its probable cause panel agree in writing that such notification would be detrimental to the investigation, the department may withhold notification. The department may conduct an investigation without notification to any subject if the act under investigation is a criminal offense.
(2) The department shall allocate sufficient and adequately trained staff to expeditiously and thoroughly determine legal sufficiency and investigate all legally sufficient complaints. When its investigation is complete and legally sufficient, the department shall prepare and submit to the probable cause panel of the appropriate regulatory board the investigative report of the department. The report shall contain the investigative findings and the recommendations of the department concerning the existence of probable cause. At any time after legal sufficiency is found, the department may dismiss any case, or any part thereof, if the department determines that there is insufficient evidence to support the prosecution of allegations contained therein. The department shall provide a detailed report to the appropriate probable cause panel prior to dismissal of any case or part thereof, and to the subject of the complaint after dismissal of any case or part thereof, under this section. For cases dismissed prior to a finding of probable cause, such report is confidential and exempt from s. 119.07(1). The probable cause panel shall have access, upon request, to the investigative files pertaining to a case prior to dismissal of such case. If the department dismisses a case, the probable cause panel may retain independent legal counsel, employ investigators, and continue the investigation and prosecution of the case as it deems necessary.

(3)(a) As an alternative to the provisions of subsections (1) and (2), when a complaint is received, the department may provide a licensee with a notice of noncompliance for an initial offense of a minor violation. A violation is a minor violation if it does not demonstrate a serious inability to practice the profession, result in economic or physical harm to a person, or adversely affect the public health, safety, or welfare or create a significant threat of such harm. Each board, or the department if there is no board, shall establish by rule those violations which are minor violations under this provision. Failure of a licensee to take action in correcting the violation within 15 days after notice may result in the institution of regular disciplinary proceedings.

(b) The department may issue a notice of noncompliance for an initial offense of a minor violation, notwithstanding a board’s failure to designate a particular minor violation by rule as provided in paragraph (a).

(4) The determination as to whether probable cause exists shall be made by majority vote of a probable cause panel of the board, or by the department, as appropriate. Each regulatory board shall provide by rule that the determination of probable cause shall be made by a panel of its members or by the department. Each board may provide by rule for multiple probable cause panels composed of at least two members. Each board may provide by rule that one or more members of the panel or panels may be a former board member. The length of term or repetition of service of any such former board member on a probable cause panel may vary according to the direction of the board when authorized by board rule. Any probable cause panel must include one of the board’s former or present consumer members, if one is available, willing to serve, and is authorized to do so by the board chair. Any probable cause panel must include a present board member. Any probable cause panel must include a former or present professional board member. However, any former professional board member serving on the probable cause panel must hold an active valid license for that profession. All proceedings of the panel are exempt from s. 286.011 until 10 days after probable cause has been found to exist by the panel or until the subject of the investigation waives his or her privilege of confidentiality. The probable cause panel may make a reasonable request, and upon such request the department shall provide such additional investigative information as is necessary to the determination of probable cause. A request for additional investigative information shall be made within 15 days from the date of receipt by the probable cause panel of the investigative report of the department. The probable cause panel or the department, as may be appropriate, shall make its determination of probable cause within 30 days after receipt by it of the final investigative report of the department. The secretary may grant extensions of the 15-day and the 30-day
time limits. In lieu of a finding of probable cause, the probable cause panel, or the department when there is no board, may issue a letter of guidance to the subject. If, within the 30-day time limit, as may be extended, the probable cause panel does not make a determination regarding the existence of probable cause or does not issue a letter of guidance in lieu of a finding of probable cause, the department, for disciplinary cases under its jurisdiction, must make a determination regarding the existence of probable cause within 10 days after the expiration of the time limit. If the probable cause panel finds that probable cause exists, it shall direct the department to file a formal complaint against the licensee. The department shall follow the directions of the probable cause panel regarding the filing of a formal complaint. If directed to do so, the department shall file a formal complaint against the subject of the investigation and prosecute that complaint pursuant to chapter 120. However, the department may decide not to prosecute the complaint if it finds that probable cause had been improvidently found by the panel. In such cases, the department shall refer the matter to the board. The board may then file a formal complaint and prosecute the complaint pursuant to chapter 120. The department shall also refer to the board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to chapter 120 or otherwise completed by the department within 1 year after the filing of a complaint. The department, for disciplinary cases under its jurisdiction, must establish a uniform reporting system to quarterly refer to each board the status of any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. A probable cause panel or a board may retain independent legal counsel, employ investigators, and continue the investigation as it deems necessary; all costs thereof shall be paid from the Professional Regulation Trust Fund. All proceedings of the probable cause panel are exempt from s. 120.525.

(5) A formal hearing before an administrative law judge from the Division of Administrative Hearings shall be held pursuant to chapter 120 if there are any disputed issues of material fact. The administrative law judge shall issue a recommended order pursuant to chapter 120. If any party raises an issue of disputed fact during an informal hearing, the hearing shall be terminated and a formal hearing pursuant to chapter 120 shall be held.

(6) The appropriate board, with those members of the panel, if any, who reviewed the investigation pursuant to subsection (4) being excused, or the department when there is no board, shall determine and issue the final order in each disciplinary case. Such order shall constitute final agency action. Any consent order or agreed settlement shall be subject to the approval of the department.

(7) The department shall have standing to seek judicial review of any final order of the board, pursuant to s. 120.68.

(8) Any proceeding for the purpose of summary suspension of a license, or for the restriction of the license, of a licensee pursuant to s. 120.60(6) shall be conducted by the Secretary of Business and Professional Regulation or his or her designee, who shall issue the final summary order.

(9) The department shall periodically notify the person who filed the complaint of the status of the investigation, whether probable cause has been found, and the status of any civil action or administrative proceeding or appeal.

(10) The complaint and all information obtained pursuant to the investigation by the department are confidential and exempt from s. 119.07(1) until 10 days after probable cause has been found to exist by the probable cause panel or by the department, or until the regulated professional or subject of the investigation waives his or her privilege of confidentiality, whichever occurs first. However, this exemption does not apply to actions against unlicensed persons pursuant to s. 455.228 or the applicable practice act. Upon completion of the investigation and pursuant to a written request by the subject, the department shall provide the subject an
opportunity to inspect the investigative file or, at the subject’s expense, forward to the subject a copy of the investigative file. The subject may file a written response to the information contained in the investigative file. Such response must be filed within 20 days, unless an extension of time has been granted by the department. This subsection does not prohibit the department from providing such information to any law enforcement agency or to any other regulatory agency.

(11) A privilege against civil liability is hereby granted to any complainant or any witness with regard to information furnished with respect to any investigation or proceeding pursuant to this section, unless the complainant or witness acted in bad faith or with malice in providing such information.

455.2255 Classification of disciplinary actions.—

(1) A licensee may petition the department to review a disciplinary incident to determine whether the specific violation meets the standard of a minor violation as set forth in s. 455.225(3). If the circumstances of the violation meet that standard and 2 years have passed since the issuance of a final order imposing discipline, the department shall reclassify that violation as inactive if the licensee has not been disciplined for any subsequent minor violation of the same nature. After the department has reclassified the violation as inactive, it is no longer considered to be part of the licensee’s disciplinary record, and the licensee may lawfully deny or fail to acknowledge the incident as a disciplinary action.

(2) The department may establish a schedule classifying violations according to the severity of the violation. After the expiration of set periods of time, the department may provide for such disciplinary records to become inactive, according to their classification. After the disciplinary record has become inactive, the department may clear the violation from the disciplinary record and the subject person or business may lawfully deny or fail to acknowledge such disciplinary actions.

(3) Notwithstanding s. 455.017, this section applies to the disciplinary records of all persons or businesses licensed by the department.

History.—s. 143, ch. 99-251; s. 71, ch. 2013-18.

455.227 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(a) Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee’s profession.

(b) Intentionally violating any rule adopted by the board or the department, as appropriate.

(c) Being convicted or found guilty of, or entering a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which relates to the practice of, or the ability to practice, a licensee’s profession.

(d) Using a Class III or a Class IV laser device or product, as defined by federal regulations, without having complied with the rules adopted pursuant to s. 501.122(2) governing the registration of such devices.

(e) Failing to comply with the educational course requirements for human immunodeficiency virus and acquired immune deficiency syndrome.
(f) Having a license or the authority to practice the regulated profession revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions, for a violation that would constitute a violation under Florida law. The licensing authority’s acceptance of a relinquishment of licensure, stipulation, consent order, or other settlement, offered in response to or in anticipation of the filing of charges against the license, shall be construed as action against the license.

(g) Having been found liable in a civil proceeding for knowingly filing a false report or complaint with the department against another licensee.

(h) Attempting to obtain, obtaining, or renewing a license to practice a profession by bribery, by fraudulent misrepresentation, or through an error of the department or the board.

(i) Failing to report to the department any person who the licensee knows is in violation of this chapter, the chapter regulating the alleged violator, or the rules of the department or the board.

(j) Aiding, assisting, procuring, employing, or advising any unlicensed person or entity to practice a profession contrary to this chapter, the chapter regulating the profession, or the rules of the department or the board.

(k) Failing to perform any statutory or legal obligation placed upon a licensee.

(l) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, or willfully impeding or obstructing another person to do so. Such reports or records shall include only those that are signed in the capacity of a licensee.

(m) Making deceptive, untrue, or fraudulent representations in or related to the practice of a profession or employing a trick or scheme in or related to the practice of a profession.

(n) Exercising influence on the patient or client for the purpose of financial gain of the licensee or a third party.

(o) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities the licensee knows, or has reason to know, the licensee is not competent to perform.

(p) Delegating or contracting for the performance of professional responsibilities by a person when the licensee delegating or contracting for performance of such responsibilities knows, or has reason to know, such person is not qualified by training, experience, and authorization when required to perform them.

(q) Violating any provision of this chapter, the applicable professional practice act, a rule of the department or the board, or a lawful order of the department or the board, or failing to comply with a lawfully issued subpoena of the department.

(r) Improperly interfering with an investigation or inspection authorized by statute, or with any disciplinary proceeding.

(s) Failing to comply with the educational course requirements for domestic violence.

(t) Failing to report in writing to the board or, if there is no board, to the department within 30 days after the licensee is convicted or found guilty of, or entered a plea of nolo contendere or guilty to, regardless of adjudication, a crime in any jurisdiction. A licensee must report a conviction, finding of guilt, plea, or adjudication entered before the effective date of this paragraph within 30 days after the effective date of this paragraph.

(u) Termination from an impaired practitioner program as described in s. 456.076 for failure to comply, without good cause, with the terms of the monitoring or participant contract entered into by the licensee or failing to successfully complete a drug or alcohol treatment program.
(2) When the board, or the department when there is no board, finds any person guilty of the grounds set forth in subsection (1) or of any grounds set forth in the applicable practice act, including conduct constituting a substantial violation of subsection (1) or a violation of the applicable practice act which occurred prior to obtaining a license, it may enter an order imposing one or more of the following penalties:

(a) Refusal to certify, or to certify with restrictions, an application for a license.
(b) Suspension or permanent revocation of a license.
(c) Restriction of practice.
(d) Imposition of an administrative fine not to exceed $5,000 for each count or separate offense.
(e) Issuance of a reprimand.
(f) Placement of the licensee on probation for a period of time and subject to such conditions as the board, or the department when there is no board, may specify. Those conditions may include, but are not limited to, requiring the licensee to undergo treatment, attend continuing education courses, submit to be reexamined, work under the supervision of another licensee, or satisfy any terms which are reasonably tailored to the violations found.
(g) Corrective action.

(3)(a) In addition to any other discipline imposed pursuant to this section or discipline imposed for a violation of any practice act, the board, or the department when there is no board, may assess costs related to the investigation and prosecution of the case excluding costs associated with an attorney’s time.

(b) In any case where the board or the department imposes a fine or assessment and the fine or assessment is not paid within a reasonable time, such reasonable time to be prescribed in the rules of the board, or the department when there is no board, or in the order assessing such fines or costs, the department or the Department of Legal Affairs may contract for the collection of, or bring a civil action to recover, the fine or assessment.

(c) The department shall not issue or renew a license to any person against whom or business against which the board has assessed a fine, interest, or costs associated with investigation and prosecution until the person or business has paid in full such fine, interest, or costs associated with investigation and prosecution or until the person or business complies with or satisfies all terms and conditions of the final order.

(4) In addition to, or in lieu of, any other remedy or criminal prosecution, the department may file a proceeding in the name of the state seeking issuance of an injunction or a writ of mandamus against any person who violates any of the provisions of this chapter, or any provision of law with respect to professions regulated by the department, or any board therein, or the rules adopted pursuant thereto.

(5) In the event the board, or the department when there is no board, determines that revocation of a license is the appropriate penalty, the revocation shall be permanent. However, the board may establish, by rule, requirements for reapplication by applicants whose licenses have been permanently revoked. Such requirements may include, but shall not be limited to, satisfying current requirements for an initial license.

455.2273 Disciplinary guidelines.—

(1) Each board, or the department when there is no board, shall adopt, by rule, and periodically review the disciplinary guidelines applicable to each ground for disciplinary action which may be imposed by the board, or the department when there is no board, pursuant to this chapter, the respective practice acts, and any rule of the board or department.
(2) The disciplinary guidelines shall specify a meaningful range of designated penalties based upon the severity and repetition of specific offenses, it being the legislative intent that minor violations be distinguished from those which endanger the public health, safety, or welfare; that such guidelines provide reasonable and meaningful notice to the public of likely penalties which may be imposed for proscribed conduct; and that such penalties be consistently applied by the board.

(3) A specific finding of mitigating or aggravating circumstances shall allow the board to impose a penalty other than that provided for in such guidelines. If applicable, the board, or the department when there is no board, shall adopt by rule disciplinary guidelines to designate possible mitigating and aggravating circumstances and the variation and range of penalties permitted for such circumstances.

(4) The department must review such disciplinary guidelines for compliance with the legislative intent as set forth herein to determine whether the guidelines establish a meaningful range of penalties and may also challenge such rules pursuant to s. 120.56.

(5) The administrative law judge, in recommending penalties in any recommended order, must follow the penalty guidelines established by the board or department and must state in writing the mitigating or aggravating circumstances upon which the recommended penalty is based.

(6) Notwithstanding s. 455.017, this section applies to disciplinary guidelines adopted by all boards or divisions within the department.

History.—s. 2, ch. 86-90; s. 56, ch. 92-33; s. 23, ch. 92-149; s. 23, ch. 93-129; s. 81, ch. 94-218; s. 212, ch. 96-410; s. 23, ch. 97-261; s. 33, ch. 2000-160; s. 24, ch. 2008-240.

455.2274 Criminal proceedings against licensees; appearances by department representatives.—A representative of the department may voluntarily appear in a criminal proceeding brought against a person licensed by the department to practice a profession regulated by the state. The department’s representative is authorized to furnish pertinent information, make recommendations regarding specific conditions of probation, and provide other assistance to the court necessary to promote justice or protect the public. The court may order a representative of the department to appear in a criminal proceeding if the crime charged is substantially related to the qualifications, functions, or duties of a licensee regulated by the department.

455.2275 Penalty for giving false information.—In addition to, or in lieu of, any other discipline imposed pursuant to s. 455.227, the act of knowingly giving false information in the course of applying for or obtaining a license from the department, or any board thereunder, with intent to mislead a public servant in the performance of his or her official duties, or the act of attempting to obtain or obtaining a license from either the department, or any board thereunder, to practice a profession by knowingly misleading statements or knowing misrepresentations constitutes a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

History.—s. 31, ch. 85-175; s. 12, ch. 89-124; s. 9, ch. 91-137; s. 57, ch. 92-33; s. 24, ch. 92-149; s. 23, ch. 93-129; s. 82, ch. 94-218; s. 190, ch. 97-103; s. 24, ch. 97-261.

455.2277 Prosecution of criminal violations.—The department or the appropriate board shall report any criminal violation of any statute relating to the practice of a profession regulated by the department or appropriate board to the proper prosecuting authority for prompt prosecution.

History.—s. 25, ch. 92-149.
Unlicensed practice of a profession; cease and desist notice; civil penalty; enforcement; citations; allocation of moneys collected.—

(1) When the department has probable cause to believe that any person not licensed by the department, or the appropriate regulatory board within the department, has violated any provision of this chapter or any statute that relates to the practice of a profession regulated by the department, or any rule adopted pursuant thereto, the department may issue and deliver to such person a notice to cease and desist from such violation. In addition, the department may issue and deliver a notice to cease and desist to any person who aids and abets the unlicensed practice of a profession by employing such unlicensed person. The issuance of a notice to cease and desist shall not constitute agency action for which a hearing under ss. 120.569 and 120.57 may be sought. For the purpose of enforcing a cease and desist notice, the department may file a proceeding in the name of the state seeking issuance of an injunction or a writ of mandamus against any person who violates any provisions of such notice. In addition to the foregoing remedies, the department may impose an administrative penalty not to exceed $5,000 per incident pursuant to the provisions of chapter 120 or may issue a citation pursuant to the provisions of subsection (3). If the department is required to seek enforcement of the notice for a penalty pursuant to s. 120.569, it shall be entitled to collect its attorney’s fees and costs, together with any cost of collection.

(2) In addition to or in lieu of any remedy provided in subsection (1), the department may seek the imposition of a civil penalty through the circuit court for any violation for which the department may issue a notice to cease and desist under subsection (1). The civil penalty shall be no less than $500 and no more than $5,000 for each offense. The court may also award to the prevailing party court costs and reasonable attorney fees and, in the event the department prevails, may also award reasonable costs of investigation.

(3)(a) Notwithstanding the provisions of s. 455.225, the department shall adopt rules to permit the issuance of citations for unlicensed practice of a profession. The citation shall be issued to the subject and shall contain the subject’s name and any other information the department determines to be necessary to identify the subject, a brief factual statement, the sections of the law allegedly violated, and the penalty imposed. The citation must clearly state that the subject may choose, in lieu of accepting the citation, to follow the procedure under s. 455.225. If the subject disputes the matter in the citation, the procedures set forth in s. 455.225 must be followed. However, if the subject does not dispute the matter in the citation with the department within 30 days after the citation is served, the citation shall become a final order of the department. The penalty shall be a fine of not less than $500 or more than $5,000 or other conditions as established by rule.

(b) Each day that the unlicensed practice continues after issuance of a citation constitutes a separate violation.

(c) The department shall be entitled to recover the costs of investigation, in addition to any penalty provided according to department rule as part of the penalty levied pursuant to the citation.

(d) Service of a citation may be made by personal service or certified mail, restricted delivery, to the subject at the subject’s last known address.

(4) All fines, fees, and costs collected through the procedures set forth in this section shall be allocated to the professions in the manner provided for in s. 455.2281 for the allocation of the fees assessed and collected to combat unlicensed practice of a profession.

(5) The provisions of this section apply only to the provisions of s. 455.217 and the professional practice acts administered by the department.
455.2281 Unlicensed activities; fees; disposition.—In order to protect the public and to ensure a consumer-oriented department, it is the intent of the Legislature that vigorous enforcement of regulation for all professional activities is a state priority. All enforcement costs should be covered by professions regulated by the department. Therefore, the department shall impose, upon initial licensure and each subsequent renewal, a special fee of $5 per licensee, in addition to all other fees imposed, to fund efforts to combat unlicensed activity. However, the department may not impose this special fee on a license renewal for any profession whose unlicensed activity account balance, at the beginning of the fiscal year before the renewal, totals more than twice the total of the expenditures for unlicensed activity enforcement efforts in the preceding 2 fiscal years. This waiver applies to all licensees within the profession, and assessment of the special fee may not begin or resume until the renewal cycle subject to the waiver has ended for all of the licensees in that profession. This waiver does not apply to a profession that has a deficit in its operating account or that is projected to have such a deficit in the next 5 fiscal years. Any profession regulated by the department which offers services that are not subject to regulation when provided by an unlicensed person may use funds in its unlicensed activity account to inform the public of such situation. The board with concurrence of the department, or the department when there is no board, may earmark $5 of the current licensure fee for this purpose, if such board, or profession regulated by the department, is not in a deficit and has a reasonable cash balance. A board or profession regulated by the department may authorize the transfer of funds from the operating fund account to the unlicensed activity account of that profession if the operating fund account is not in a deficit and has a reasonable cash balance. The department shall make direct charges to this fund by profession and may not allocate indirect overhead. The department shall seek board advice regarding enforcement methods and strategies prior to expenditure of funds; however, the department may, without board advice, allocate funds to cover the costs of continuing education compliance monitoring under s. 455.2177. The department shall directly credit, by profession, revenues received from the department’s efforts to enforce licensure provisions. The department shall include all financial and statistical data resulting from unlicensed activity enforcement and from continuing education compliance monitoring as separate categories in the quarterly management report provided for in s. 455.219. The department may not charge the account of any profession for the costs incurred on behalf of any other profession. With the concurrence of the applicable board and the department, any balance that remains in an unlicensed activity account at the end of a renewal cycle may be transferred to the operating fund account of that profession.

455.2285 Annual report concerning finances, administrative complaints, disciplinary actions, and recommendations.—The department is directed to prepare and submit a report to the President of the Senate and Speaker of the House of Representatives by November 1 of each year. In addition to finances and any other information the Legislature may require, the report shall include statistics and relevant information, profession by profession, detailing:

1. The revenues, expenditures, and cash balances for the prior year, and a review of the adequacy of existing fees.
2. The number of complaints received and investigated.
3. The number of findings of probable cause made.
4. The number of findings of no probable cause made.
5. The number of administrative complaints filed.
(6) The disposition of all administrative complaints.
(7) A description of disciplinary actions taken.
(8) A description of any effort by the department, for any disciplinary cases under its jurisdiction, to reduce or otherwise close any investigation or disciplinary proceeding not before the Division of Administrative Hearings under chapter 120 or otherwise not completed within 1 year after the initial filing of a complaint under this chapter.
(9) The status of the development and implementation of rules providing for disciplinary guidelines pursuant to s. 455.2273.
(10) Such recommendations for administrative and statutory changes necessary to facilitate efficient and cost-effective operation of the department and the various boards.

History.—s. 4, ch. 84-271; s. 3, ch. 86-90; s. 7, ch. 90-228; s. 59, ch. 92-33; s. 28, ch. 92-149; s. 23, ch. 93-129; ss. 85, 86, ch. 94-218; s. 143, ch. 97-237; s. 26, ch. 97-261; s. 5, ch. 97-264; s. 19, ch. 97-273; s. 5, ch. 98-166.

455.2286 Automated information system.—The department shall implement an automated information system for all certificateholders and registrants under part XII of chapter 468, chapter 471, chapter 481, or chapter 489. The system shall provide instant notification to local building departments and other interested parties regarding the status of the certification or registration. The provision of such information shall consist, at a minimum, of an indication of whether the certification or registration is active, of any current failure to meet the terms of any final action by a licensing authority, of any ongoing disciplinary cases that are subject to public disclosure, whether there are any outstanding fines, and of the reporting of any material violations pursuant to s. 553.781. The system shall also retain information developed by the department and local governments on individuals found to be practicing or contracting without holding the applicable license, certification, or registration required by law. The system may be Internet-based.

History.—s. 6, ch. 98-287; s. 31, ch. 2000-141; s. 80, ch. 2019-3.

455.229 Public inspection of information required from applicants; exceptions; examination hearing.—
(1) All information required by the department of any applicant shall be a public record and shall be open to public inspection pursuant to s. 119.07, except financial information, medical information, school transcripts, examination questions, answers, papers, grades, and grading keys, which are confidential and exempt from s. 119.07(1) and shall not be discussed with or made accessible to anyone except members of the board, the department, and staff thereof, who have a bona fide need to know such information. Any information supplied to the department by any other agency which is exempt from the provisions of chapter 119 or is confidential shall remain exempt or confidential pursuant to applicable law while in the custody of the department.

(2) The department shall establish by rule the procedure by which an applicant, and the applicant’s attorney, may review examination questions and answers. Examination questions and answers are not subject to discovery but may be introduced into evidence and considered only in camera in any administrative proceeding under chapter 120. If an administrative hearing is held, the department shall provide challenged examination questions and answers to the administrative law judge. The examination questions and answers provided at the hearing are confidential and exempt from s. 119.07(1), unless invalidated by the administrative law judge.

(3) Unless an applicant notifies the department at least 5 days prior to an examination hearing of the applicant’s inability to attend, or unless an applicant can demonstrate an extreme emergency for failing to attend, the department may require an applicant who fails to attend to pay reasonable attorney’s fees, costs, and court costs of the department for the examination hearing.
455.232 Disclosure of confidential information.—
(1) No officer, employee, or person under contract with the department, or any board therein, or any subject of an investigation shall convey knowledge or information to any person who is not lawfully entitled to such knowledge or information about any public meeting or public record, which at the time such knowledge or information is conveyed is exempt from the provisions of s. 119.01, s. 119.07(1), or s. 286.011.
(2) Any person who willfully violates any provision of this section is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, and may be subject to discipline pursuant to s. 455.227, and, if applicable, shall be removed from office, employment, or the contractual relationship.

455.24 Advertisement by a veterinarian of free or discounted services; required statement.—In any advertisement for a free, discounted fee, or reduced fee service, examination, or treatment by a person licensed under chapter 474, the following statement shall appear in capital letters clearly distinguishable from the rest of the text: THE PERSON RESPONSIBLE FOR PAYMENT HAS A RIGHT TO REFUSE TO PAY, CANCEL PAYMENT, OR BE REIMBURSED FOR PAYMENT FOR ANY OTHER SERVICE, EXAMINATION, OR TREATMENT THAT IS PERFORMED AS A RESULT OF AND WITHIN 72 HOURS OF RESPONDING TO THE ADVERTISEMENT FOR THE FREE, DISCOUNTED FEE, OR REDUCED FEE SERVICE, EXAMINATION, OR TREATMENT. However, the required statement shall not be necessary as an accompaniment to an advertisement of a licensed health care provider defined by this section if the advertisement appears in a classified directory the primary purpose of which is to provide products and services at free, reduced, or discounted prices to consumers and in which the statement prominently appears in at least one place.

455.242 Veterinarians; disposition of records of deceased practitioners or practitioners relocating or terminating practice.—Each board created under the provisions of chapter 474 shall provide by rule for the disposition, under that chapter, of the records that are in existence at the time the practitioner dies, terminates practice, or relocates and is no longer available and which records pertain to the practitioner’s patients. The rules shall provide that the records be retained for at least 2 years after the practitioner’s death, termination of practice, or relocation. In the case of the death of the practitioner, the rules shall provide for the disposition of such records by the estate of the practitioner.

455.243 Authority to inspect.—Duly authorized agents and employees of the department shall have the power to inspect in a lawful manner at all reasonable hours any establishment at which the services of a licensee authorized to prescribe controlled substances specified in chapter 893 are offered, for the purpose of determining if any of the provisions of this chapter or any practice act of a profession or any rule adopted thereunder is being violated; or for the purpose of securing such other evidence as may be needed for prosecution.
455.245 Veterinarians; immediate suspension of license.—The department shall issue an emergency order suspending the license of any person licensed under chapter 474 who pleads guilty to, is convicted or found guilty of, or who enters a plea of nolo contendere to, regardless of adjudication, a felony under chapter 409 or chapter 893 or under 21 U.S.C. ss. 801-970 or under 42 U.S.C. ss. 1395-1396.

History.—s. 1, ch. 86-91; s. 12, ch. 88-1; s. 16, ch. 89-124; s. 64, ch. 92-33; s. 36, ch. 92-149; s. 23, ch. 93-129; s. 93, ch. 94-218; s. 192, ch. 97-103; s. 32, ch. 97-261.

455.271 Inactive and delinquent status.—

(1) A licensee may practice a profession only if the licensee has an active status license. A licensee who practices a profession without an active status license is in violation of this section and s. 455.227, and the board, or the department when there is no board, may impose discipline on the licensee.

(2) Each board, or the department when there is no board, shall permit a licensee to choose, at the time of licensure renewal, an active or inactive status.

(3) Each board, or the department when there is no board, shall, by rule, impose a fee for an inactive status license which is no greater than the fee for an active status license.

(4) An inactive status licensee may change to active status at any time, provided the licensee meets all requirements for active status, pays any additional licensure fees necessary to equal those imposed on an active status licensee, pays any applicable reactivation fees as set by the board, or the department when there is no board, and meets all continuing education requirements as specified in this section.

(5) A licensee shall apply with a complete application, as defined by rule of the board, or the department when there is no board, to renew an active or inactive status license before the license expires. Failure of a licensee to renew before the license expires shall cause the license to become delinquent in the license cycle following expiration.

(6)(a) Failure by a delinquent status licensee to become active or inactive before the expiration of the current licensure cycle shall render the license void without any further action by the board or the department. The board, or the department if there is no board, shall, by rule, establish a reinstatement process for void licenses.

(b) Notwithstanding the provisions of the professional practice acts administered by the department, the department may, at its discretion, reinstate the license of an individual whose license has become void if the department determines that the individual failed to comply because of illness or economic hardship. The individual must apply to the department for reinstatement and pay an applicable fee in an amount determined by rule. The department shall require that such individual meet all continuing education requirements prescribed by law, pay appropriate licensing fees, and otherwise be eligible for renewal of licensure under this chapter.

This subsection does not apply to individuals subject to regulation under chapter 473.

(7) Notwithstanding the provisions of the professional practice acts administered by the department, each board, or the department when there is no board, shall, by rule, impose an additional delinquency fee of $25 on a delinquent status licensee when such licensee applies for active or inactive status.

(8) Each board, or the department when there is no board, shall, by rule, impose an additional fee, not to exceed the biennial renewal fee for an active status license, for processing a licensee’s request to change licensure status at any time other than at the beginning of a licensure cycle.

(9) Each board, or the department when there is no board, may, by rule, impose reasonable conditions, excluding full reexamination but including part of a national examination or a special purpose examination to assess current competency, necessary to ensure that a licensee who has been on inactive status for more than
two consecutive biennial licensure cycles and who applies for active status can practice with the care and skill sufficient to protect the health, safety, and welfare of the public. Reactivation requirements may differ depending on the length of time licensees are inactive. The costs to meet reactivation requirements shall be borne by licensees requesting reactivation.

(10) The board, or the department if there is no board, may not require an inactive or delinquent licensee, except for a licensee under chapter 473 or chapter 475, to complete more than one renewal cycle of continuing education to reactivate a license.

(11) The status or a change in status of a licensee shall not alter in any way the board’s, or the department’s when there is no board, right to impose discipline or to enforce discipline previously imposed on a licensee for acts or omissions committed by the licensee while holding a license, whether active, inactive, or delinquent.

(12) This section does not apply to a business establishment registered, permitted, or licensed by the department to do business or to a person licensed, permitted, registered, or certified pursuant to chapter 310 or chapter 475.

455.273 Renewal and cancellation notices.—At least 90 days before the end of a licensure cycle, the department shall:

(1) Forward a licensure renewal notification to an active or inactive licensee at the licensee’s last known address of record or e-mail address provided to the department.

(2) Forward a notice of pending cancellation of licensure to a delinquent status licensee at the licensee’s last known address of record or e-mail address provided to the department.

History.—s. 15, ch. 94-119; s. 6, ch. 2012-72.

455.275 Address of record.—

(1) Each licensee of the department is solely responsible for notifying the department in writing of the licensee’s current mailing address, e-mail address, and place of practice, as defined by rule of the board or the department when there is no board. A licensee’s failure to notify the department of a change of address constitutes a violation of this section, and the licensee may be disciplined by the board or the department when there is no board.

(2) Notwithstanding any other provision of law, service by regular mail or e-mail to a licensee’s last known mailing address or e-mail address of record with the department constitutes adequate and sufficient notice to the licensee for any official communication to the licensee by the board or the department except when other service is required pursuant to s. 455.225.

(3)(a) Notwithstanding any provision of law, when an administrative complaint is served on a licensee of the department, the department shall provide service by regular mail to the licensee’s last known address of record, by certified mail to the last known address of record, and, if possible, by e-mail.

(b) If service, as provided in paragraph (a), does not provide the department with proof of service, the department shall call the last known telephone number of record and cause a short, plain notice to the licensee to be posted on the front page of the department’s website and shall send notice via e-mail to all newspapers of general circulation and all news departments of broadcast network affiliates in the county of the licensee’s last known address of record.

History.—s. 16, ch. 94-119; s. 14, ch. 2010-106; s. 7, ch. 2012-72; s. 15, ch. 2012-212.
455.32 Management Privatization Act.—

(1) This section shall be known by the popular name the “Management Privatization Act.”

(2) The purpose of this section is to create a model for contracting with nonprofit corporations to provide services for the regulation of Florida’s professionals which will ensure a consistent, effective application of regulatory provisions and appropriate budgetary oversight to achieve the most efficient use of public funds. Nonprofit corporations may be established pursuant to this section to provide administrative, examination, licensing, investigative, and prosecutorial services to any board created within the department pursuant to chapter 20 in accordance with the provisions of this chapter and the applicable practice act. No additional entities may be created to provide these services.

(3) As used in this section, the term:

(a) “Board” means any board, commission, or council created within the department pursuant to chapter 20.

(b) “Corporation” means any nonprofit corporation with which the department contracts pursuant to subsection (14).

(c) “Department” means the Department of Business and Professional Regulation.

(d) “Contract manager” means an employee of the department who serves as a liaison between the department, the board, and the corporation and is responsible for ensuring that the police powers of the state are not exercised by the corporation, while also serving as the contract monitor.

(e) “Business case” means a needs assessment, financial feasibility study, and corporate financial model as specified in paragraph (4).

(f) “Performance standards and measurable outcomes” shall include, but not be limited to, timeliness and qualitative criteria for the activities specified in paragraph (6)(o).

(g) “Secretary” means the Secretary of Business and Professional Regulation.

(4) Based upon the request of any board, the department is authorized to establish and contract with a nonprofit corporation to provide administrative, examination, licensing, investigative, and prosecutorial services to that board, in accordance with the provisions of this chapter and the applicable practice act and as specified in a contract between the department and the corporation. The privatization request must contain a business case that includes a needs assessment and financial feasibility study performed by the board or an entity commissioned by a majority vote of the board. The needs assessment must contain specific performance standards and measurable outcomes and an evaluation of the department’s current and projected performance in regard to those standards. The feasibility study must include the financial status of the board for the current fiscal year and the next 2 fiscal years. A financial model for the corporation must also be developed which includes projected costs and expenses for the first 2 years of operation and specific performance standards and measurable outcomes. The business case for privatization shall be submitted by the board to the department for inclusion in its legislative budget request to the Executive Office of the Governor and the Legislature pursuant to s. 216.023. The board shall proceed with the privatization only if such privatization is specifically authorized by general law.

(5) Any such corporation may hire staff as necessary to carry out its functions. Such staff are not public employees for the purposes of chapter 110 or chapter 112, except that the board of directors and the employees of the corporation are subject to the provisions of s. 112.061 and part III of chapter 112. The provisions of s. 768.28 apply to each such corporation, which is deemed to be a corporation primarily acting as an instrumentality of the state but which is not an agency within the meaning of s. 20.03(11).

(6) Each corporation created to perform the functions provided in this section shall:
(a) Be a Florida corporation not for profit, incorporated under the provisions of chapter 617.

(b) Provide administrative, examination, licensing, investigative, and prosecutorial services to the board, which services may include unlicensed activity investigations and prosecutions, in accordance with the provisions of this chapter, the applicable practice act, and the contract required by this section.

(d) Be approved by the department to operate for the benefit of the board and in the best interest of the state and specifically authorized by the Legislature.

(e) Operate under a fiscal year that begins on July 1 of each year and ends on June 30 of the following year.

(f) Be funded through appropriations allocated to the regulation of the relevant profession from the Professional Regulation Trust Fund pursuant to s. 455.219.

(g) Have a five-member board of directors, three of whom are to be appointed by the applicable board and must be licensees regulated by that board and two of whom are to be appointed by the secretary and are laypersons not regulated by that board. Initially, one member shall be appointed for 2 years, two members shall be appointed for 3 years, and two members shall be appointed for 4 years. One layperson shall be appointed to a 3-year term and one layperson shall be appointed to a 4-year term. Thereafter, all appointments shall be for 4-year terms. No new member shall serve more than two consecutive terms. Failure to attend three consecutive meetings shall be deemed a resignation from the board of directors, and the vacancy shall be filled by a new appointment. No professional board member may also serve on the board of directors for the corporation.

(h) Select its officers in accordance with its bylaws. The members of the board of directors may be removed by the Governor, for the same reasons that a board member may be removed pursuant to s. 455.209.

(i) Select the president of the corporation, who shall manage the operations of the corporation, subject to the approval of the board.

(j) Use a portion of the interest derived from the corporation account to offset the costs associated with the use of credit cards for payment of fees by applicants or licensees.

(k) Operate under a written contract with the department.

(l) Provide for an annual financial audit of its financial accounts and records by an independent certified public accountant. The annual audit report shall include a management letter in accordance with s. 11.45 and a detailed supplemental schedule of expenditures for each expenditure category. The annual audit report must be submitted to the board, the department, and the Auditor General for review.

(m) Provide for all employees and nonemployees charged with the responsibility of receiving and depositing fee and fine revenues to have a faithful performance bond in such an amount and according to such terms as shall be determined in the contract.

(n) Keep financial and statistical information as necessary to completely disclose the financial condition and operation of the corporation and as requested by the Office of Program Policy Analysis and Government Accountability, the Auditor General, and the department.

(o) Submit to the secretary, the board, and the Legislature, on or before October 1 of each year, a report describing all of the activities of the corporation for the previous fiscal year which includes, but is not limited to, information concerning the programs and funds that have been transferred to the corporation. The report must include:

1. The number of license renewals.
2. The number of license applications received.
3. The number of license applications approved and denied and the number of licenses issued.
4. The average time required to issue a license.

10. The number of administrative complaints issued and the status of the complaints.
11. The number and nature of disciplinary actions taken by the board.
12. All revenues received and all expenses incurred by the corporation during the preceding fiscal year in its performance of the duties under the contract.
13. Any audit performed under paragraph (l), including financial reports and performance audits.
14. The status of the compliance of the corporation with all performance-based program measures adopted by the board.

(p) Meet or exceed the requirements of the business case developed by the board and approved by the Executive Office of the Governor.

(7) The department shall annually certify that the corporation is complying with the terms of the contract in a manner consistent with the goals and purposes of the board and in the best interest of the state. If the department determines the corporation is not compliant with the terms of the contract, including performance standards and measurable outcomes, the contract may be terminated as provided in paragraph (14)(e).

(8) Nothing in this section shall limit the ability of the corporation to enter into contracts and perform all other acts incidental to those contracts which are necessary for the administration of its affairs and for the attainment of its purposes.

(9) The corporation may acquire by lease, and maintain, use, and operate, any real or personal property necessary to perform the duties provided by the contract and this section.

(10) The corporation may exercise the authority assigned to the department or board under this section or the practice act of the relevant profession, pursuant to the contract, including but not limited to initiating disciplinary investigations for unlicensed practice of the relevant profession. The corporation may make a determination of legal sufficiency to begin the investigative process as provided in s. 455.225. However, the department or the board may not delegate to the corporation, by contract or otherwise, the authority for determining probable cause to pursue disciplinary action against a licensee, taking final action on license actions or on disciplinary cases, or adopting administrative rules under chapter 120.

(11) The department shall retain the independent authority to open, investigate, or prosecute any cases or complaints, as necessary to protect the public health, safety, or welfare. In addition, the department shall retain sole authority to issue emergency suspension or restriction orders pursuant to s. 120.60 or may delegate concurrent authority for this purpose to the relevant professional board.

(12) The corporation is the sole source and depository for the records of the board, including all historical information and records. The corporation shall maintain those records in accordance with the guidelines of the Department of State and shall not destroy any records prior to the limits imposed by the Department of State.
(13) The board shall provide by rule for the procedures the corporation must follow to ensure that all licensure examinations are secure while under the responsibility of the corporation and that there is an appropriate level of monitoring during the licensure examinations.

(14) The contract between the department and the corporation must be in compliance with this section and other applicable laws. The department shall retain responsibility for any duties it currently exercises relating to its police powers and any other current duty that is not provided to the corporation by contract or this section. The contract shall provide, at a minimum, that:

(a) The corporation provide administrative, examination, licensing, investigative, and prosecutorial services in accordance with the provisions of this section and the practice act of the relevant profession. The prosecutorial functions of the corporation shall include the authority to pursue investigations leading to unlicensed practice complaints, with the approval of and at the direction of the relevant professional board. With approval of the department and the board, the corporation may subcontract for specialized services for the investigation and prosecution of unlicensed activity pursuant to this chapter. The corporation shall be required to report all criminal matters, including unlicensed activity that constitutes a crime, to the state attorney for criminal prosecution pursuant to s. 455.2277.

(b) The articles of incorporation and bylaws of the corporation be approved by the department.

(c) The corporation submit an annual budget for approval by the department. If the department’s appropriations request differs from the budget submitted by the corporation, the relevant professional board shall be permitted to authorize the inclusion in the appropriations request of a comment or statement of disagreement with the department’s request.

(d) The corporation utilize the department’s licensing and computerized database system.

(e) The corporation be annually certified by the department as complying with the terms of the contract in a manner consistent with the goals and purposes of the board and in the best interest of the state. As part of the annual certification, the department shall make quarterly assessments regarding contract compliance by the corporation. The contract must also provide for methods and mechanisms for resolving any situation in which the assessment and certification process determines noncompliance, to include termination.

(f) The department employ a contract manager to actively monitor the activities of the corporation to ensure compliance with the contract, the provisions of this chapter, and the applicable practice act.

(g) The corporation be funded through appropriations allocated to the regulation of the relevant profession from the Professional Regulation Trust Fund.

(h) If the corporation is no longer approved to operate for the board or the board ceases to exist, all moneys, records, data, and property held in trust by the corporation for the benefit of the board revert to the department, or the state if the department ceases to exist. All records and data in a computerized database must be returned to the department in a form that is compatible with the computerized database of the department.

(i) The corporation secure and maintain, during the term of the contract and for all acts performed during the term of the contract, all liability insurance coverages in an amount to be approved by the department to defend, indemnify, and hold harmless the corporation and its officers and employees, the department and its employees, the board, and the state against all claims arising from state and federal laws. Such insurance coverage must be with insurers qualified and doing business in the state. The corporation must provide proof of insurance to the department. The department and its employees, the board, and the state are exempt from and are not liable for any sum of money which represents a deductible, which sums shall be the sole responsibility of the corporation. Violation of this paragraph shall be grounds for terminating the contract.
(j) The board, in lieu of the department, shall retain board counsel pursuant to the requirements of s. 455.221. The corporation, out of its allocated budget, shall pay all costs of representation by the board counsel, including salary and benefits, travel, and any other compensation traditionally paid by the department to other board counsel.

(k) The corporation, out of its allocated budget, pay to the department all costs incurred by the corporation or the board for the Division of Administrative Hearings of the Department of Management Services and any other cost for utilization of these state services.

(l) The corporation, out of its allocated budget, pay to the department all direct and indirect costs associated with the monitoring of the contract, including salary and benefits, travel, and other related costs traditionally paid to state employees.

(m) The corporation comply with the performance standards and measurable outcomes developed by the board and the department. The performance standards and measurable outcomes must be specified within the contract.

(15) Corporation records are public records subject to the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution; however, public records exemptions set forth in ss. 455.217, 455.225, and 455.229 for records held by the department shall apply to records held by the corporation. In addition, all meetings of the board of directors are open to the public in accordance with s. 286.011 and s. 24(b), Art. I of the State Constitution. The department and the board shall have access to all records of the corporation as necessary to exercise their authority to approve and supervise the contract. The Auditor General and the Office of Program Policy Analysis and Government Accountability shall have access to all records of the corporation as necessary to conduct financial and operational audits or examinations.

(16) If any provision of this section is held to be unconstitutional or is held to violate the state or federal antitrust laws, the following shall occur:

(a) The corporation shall cease and desist from exercising any powers and duties enumerated in this section.

(b) The department shall resume the performance of such activities. The department shall regain and receive, hold, invest, and administer property and make expenditures for the benefit of the board.

(c) The Executive Office of the Governor, notwithstanding chapter 216, may reestablish positions, budget authority, and salary rate necessary to carry out the department’s responsibilities related to the board.

CHAPTER 473
PUBLIC ACCOUNTANCY

473.301 Purpose.—The Legislature recognizes that there is a public need for independent and objective public accountants and that it is necessary to regulate the practice of public accounting to assure the minimum competence of practitioners and the accuracy of audit statements upon which the public relies and to protect the public from dishonest practitioners and, therefore, deems it necessary in the interest of public welfare to regulate the practice of public accountancy in this state.

History.—ss. 1, 25, ch. 79-202; ss. 2, 3, ch. 81-318; ss. 10, 11, ch. 85-9; s. 4, ch. 91-429.

473.302 Definitions.—As used in this chapter, the term:

1. “Board” means the Board of Accountancy.
2. “Department” means the Department of Business and Professional Regulation.
3. “Division” means the Division of Certified Public Accounting.
4. “Certified public accountant” means an individual who holds a license to practice public accounting in this state or an individual who is practicing public accounting in this state pursuant to the practice privilege granted in s. 473.3141. The term “Florida certified public accountant” means an individual holding a license under the authority of this chapter.
5. “Firm” means any legal entity that is engaged in the practice of public accounting.
6. “Home office” means the principal headquarters of an entity. An entity may have only one principal headquarters.
7. “Licensed firm” or “public accounting firm” means a sole proprietorship, partnership, corporation, limited liability company, firm, or any other legal entity licensed under s. 473.3101.
8. “Practice of,” “practicing public accountancy,” or “public accounting” means:
   a. Offering to perform or performing for the public one or more types of services involving the expression of an opinion on financial statements, the attestation as an expert in accountancy to the reliability or fairness of presentation of financial information, the utilization of any form of opinion or financial statements that provide a level of assurance, the utilization of any form of disclaimer of opinion which conveys an assurance of reliability as to matters not specifically disclaimed, or the expression of an opinion on the reliability of an assertion by one party for the use by a third party;
   b. Offering to perform or performing for the public one or more types of services involving the use of accounting skills, or one or more types of tax, management advisory, or consulting services, by any person who is a certified public accountant who holds an active license, issued pursuant to this chapter, or who is authorized to practice public accounting pursuant to the practice privileges granted in s. 473.3141, including the performance of such services by a certified public accountant in the employ of a person or firm;
   c. Offering to perform or performing for the public one or more types of service involving the preparation of financial statements not included within paragraph (a), by a certified public accountant who holds an active license, issued pursuant to this chapter, or who is authorized to practice public accounting pursuant to the practice privileges granted in s. 473.3141; by a firm of certified public accountants; or by a firm in which a certified public accountant has an ownership interest, including the performance of such services in the employ of another person. The board shall adopt rules establishing standards of practice for such reports and financial statements; provided, however, that nothing in this paragraph shall be construed to permit the board to adopt rules that have the result of prohibiting Florida certified public accountants employed by unlicensed firms from preparing financial statements as authorized by this paragraph; or
(d) Offering to perform or performing for the public one or more types of services involving any attestation engagements in accordance with the Statements on Standards for Attestation Engagements.

However, these terms shall not include services provided by the American Institute of Certified Public Accountants or the Florida Institute of Certified Public Accountants, or any full service association of certified public accounting firms whose plans of administration have been approved by the board, to their members or services performed by these entities in reviewing the services provided to the public by members of these entities.

The fee for the examination is refundable if the applicant is found to be ineligible to sit for the examination. The fee for initial application is nonrefundable, and the combined fees for application and examination may not exceed $250 plus the actual per applicant cost to the department for purchase of the examination from the American Institute of Certified Public Accountants or a similar national organization. The biennial renewal fee may not exceed $250. The board may also establish, by rule, a reactivation fee, and a delinquency fee not to exceed $50 for continuing professional education reporting forms. 473.314 Temporary license.—

(1) The board shall adopt rules providing for the issuance of temporary licenses to certified public accountants or firms of other states who do not meet the requirements of s. 473.3141, for the purpose of enabling them or their employees to perform specific engagements involving the practice of public accountancy in this state. No temporary license shall be valid for more than 90 days after its issuance, and no license shall cover more than one engagement. After the expiration of 90 days, a new license shall be required.

(2) Each application for a temporary license shall state the names of all persons who are to enter this state and shall be accompanied by a fee in an amount established by the board not to exceed $400.

(3) A temporary license shall not be required of certified public accountants or firms entering this state solely for the purpose of preparing federal tax returns or advising as to federal tax matters if they do not use the title “CPA,” “CPA firm,” or any other title, designation, words, letters, abbreviations, or device tending to indicate that the certified public accountants or firms are authorized to practice public accounting. To use such terms in this state, certified public accountants or firms from other states must comply with the provisions of this section or s. 473.3141.

(4) Upon certification of the applicant by the board, the department shall issue a temporary license to the applicant.

(5) The application for a temporary license shall constitute the appointment of the Department of State as an agent of the applicant for service of process in any action or proceeding against the applicant arising out of any transaction or operation connected with, or incidental to, the practice of public accounting for which the temporary license was issued.
473.3141 Certified public accountants licensed in other states.—

(1) Except as otherwise provided in this chapter, an individual who does not have an office in this state has the privileges of Florida certified public accountants and may provide public accounting services in this state without obtaining a license under this chapter or notifying or registering with the board or paying a fee if the individual:

(a) Holds a valid license as a certified public accountant from a state that the board or its designee has determined by rule to have adopted standards that are substantially equivalent to the certificate requirements in s. 5 of the Uniform Accountancy Act in the issuance of licenses; or

(b) Holds a valid license as a certified public accountant from a state that has not been approved by the board as having adopted standards in substantial equivalence with s. 5 of the Uniform Accountancy Act, but obtains verification from the board, or its designee, as determined by rule, that the individual’s certified public accountant qualifications are substantially equivalent to the certificate requirements in s. 5 of the Uniform Accountancy Act.

The board shall define by rule what constitutes an office.

(2) Except as otherwise provided in this chapter, an individual who qualifies to practice under this section may offer or provide services in this state in person, by mail, by telephone, or by electronic means, and a notice, fee, or other submission is not required.

(3) An individual certified public accountant from another state who practices pursuant to this section, and the firm that employs that individual, shall both consent, as a condition of the privilege of practicing in this state:

(a) To the personal and subject matter jurisdiction and disciplinary authority of the board;

(b) To comply with this chapter and the applicable board rules;

(c) That if the license as a certified public accountant from the state of the individual’s principal place of business is no longer valid, the individual will cease offering or rendering public accounting services in this state, individually and on behalf of a firm; and

(d) To the appointment of the state board that issued the individual’s license as the agent upon whom process may be served in any action or proceeding by the board or department against the individual or firm.

(4) An individual who qualifies to practice under this section may perform the services identified in s. 473.302(8)(a) only through a firm that has obtained a license issued under s. 473.3101 or is authorized by s. 473.3101 to provide such services.

(5) Disciplinary action against an individual or firm that practices pursuant to this section is not valid unless, prior to the entry of a final order, the agency has served, by personal service pursuant to this chapter or chapter 48 or by certified mail, an administrative complaint that provides reasonable notice to the individual or firm of facts or conduct that warrants the intended action and unless the individual or firm has been given an adequate opportunity to request a proceeding pursuant to ss. 120.569 and 120.57.

473.315 Independence, technical standards.—

(1) A certified public accountant shall not express an opinion on the financial statements of an enterprise unless she or he and her or his firm are independent with respect to such enterprise.

(2) A certified public accountant shall not undertake any engagement in the practice of public accounting which she or he or her or his firm cannot reasonably expect to complete with professional competence.

History.—s. 14, ch. 2009-54; s. 16, ch. 2012-212.
(3) The board shall adopt rules establishing the standards of practice of public accounting, including, but not limited to, independence, competence, and technical standards.

(4) Attorneys who are admitted to practice law by the Supreme Court of Florida are exempt from the standards of practice of public accounting as defined in s. 473.302(8)(b) and (c) when such standards conflict with the rules of The Florida Bar or orders of the Florida Supreme Court.

History.—ss. 14, 25, ch. 79-202; ss. 2, 3, ch. 81-318; ss. 10, 11, ch. 85-9; s. 4, ch. 91-429; s. 349, ch. 97-103; s. 9, ch. 98-340; s. 107, ch. 2010-5.

473.316 Communications between the accountant and client privileged.—

(1) For purposes of this section:

(a) An “accountant” is a certified public accountant.

(b) A “client” is any person, public officer, corporation, association, or other organization or entity, either public or private, who agrees with an accountant or accountant’s employer to receive professional services.

(c) A communication between an accountant and her or his client is “confidential” if it is not intended to be disclosed to third persons other than:

1. Those to whom disclosure is in furtherance of the rendition of accounting services to the client.
2. Those reasonably necessary for the transmission of the communication.

(d) A “quality review” is a study, appraisal, or review of one or more aspects of the professional work of an accountant in the practice of public accountancy which is conducted by a professional organization for the purpose of evaluating quality assurance required by professional standards, including a quality assurance review. The term includes a peer review as defined in s. 473.3125.

(e) A “review committee” is any person or persons who are not owners or employees of an accountant or firm that is the subject of a quality review and who carry out, administer, or oversee a quality review.

(2) A client has a privilege to refuse to disclose, and to prevent any other person from disclosing, the contents of confidential communications with an accountant when such other person learned of the communications because they were made in the rendition of accounting services to the client. This privilege includes other confidential information obtained by the accountant from the client for the purpose of rendering accounting advice.

(3) The privilege may be claimed by:

(a) The client.

(b) A guardian or conservator of the client.

(c) The personal representative of a deceased client.

(d) A successor, assignee, trustee in dissolution, or any similar representative of an organization, corporation, or association or other entity, either public or private, whether or not in existence.

(e) The accountant, but only on behalf of the client. The accountant’s authority to claim the privilege is presumed in the absence of contrary evidence.

(4) There is no accountant-client privilege under this section when:

(a) The services of the accountant were sought or obtained to enable or aid anyone to commit or plan to commit what the client knew or should have known was a crime or fraud.

(b) A communication is relevant to an issue of breach of duty by the accountant to her or his client or by the client to her or his accountant.

(c) A communication is relevant to a matter of common interest between two or more clients, if the communication was made by any of them to an accountant retained or consulted in common when offered in a civil action between the clients.
(5) Communications are not privileged from disclosure in any disciplinary investigation or proceeding conducted pursuant to this act by the department or before the board or in any judicial review of such a proceeding. In any such proceeding, a certified public accountant or public accountant, without the consent of her or his client, may testify with respect to any communication between the accountant and the accountant’s client or be compelled, pursuant to a subpoena of the department or the board, to testify or produce records, books, or papers. Such a communication disclosed to the board and records of the board relating to the communication shall for all other purposes and proceedings be a privileged communication in all of the courts of this state.

(6) The proceedings, records, and workpapers of a review committee are privileged and are not subject to discovery, subpoena, or other means of legal process or to introduction into evidence in a civil action or arbitration, administrative proceeding, or state accountancy board proceeding. A member of a review committee or person who was involved in a quality review may not testify in a civil action or arbitration, administrative proceeding, or state accountancy board proceeding as to any matter produced or disclosed during the quality review or as to any findings, recommendations, evaluations, opinions, or other actions of the review committee or any members thereof. Public records and materials prepared for a particular engagement are not privileged merely because they were presented during the quality review. This privilege does not apply to disputes between a review committee and a person subject to a quality review.

This section does not apply to services involving federal, state, or other taxes in which the findings are those of the tax authorities and not those of the certified public accountant or firm. Fees to be fixed by courts or other public authorities, which are of an indeterminate amount at the time a public accounting service is undertaken, shall not be regarded as contingent fees for purposes of this section.

Any certified public accountant or firm that is engaged in the practice of public accounting and that accepts a commission for the sale of a product or service to a client must disclose that fact to the client in writing in accordance with rules adopted by the board. However, this section shall not prohibit:

(1) Payments for the purchase of an accounting practice;
(2) Retirement payments to individuals formerly engaged in the practice of public accounting or payments to their heirs or estates; or

However, a firm name may include the names of retired or deceased persons who were active partners, shareholders, or members of the firm.

61H1-21.005 Contingent Fees
61H1-21.006 Communication with Client of Another Certified Public Accountant

61H1-21.001 Independence.

(1) A firm shall not express an opinion on financial statements (as that term is defined in the Standards for Independence) of an enterprise or on the reliability of an assertion by one party for use by another (third) party unless the firm is active licensed and independent with respect to such enterprise or the party making the assertion. A licensed firm is also precluded from expressing such an opinion if the firm is aware that an individual in the firm is not independent and that individual is a covered certified public accountant or is otherwise required to be independent. A certified public accountant shall not express such an opinion unless the certified public accountant is independent with respect to such enterprise or the party making the assertion. A certified public accountant is also precluded from expressing such an opinion if he or she is aware that an individual in the firm is not independent and that individual is a covered certified public accountant or is otherwise required to be independent. All covered certified public accountants and all other individuals who are required to be independent are required to disclose to the firm that they are not independent prior to the issuance of such an opinion; failure to do so is a violation of this rule. All firms are required to adopt appropriate policies to implement the disclosure requirement and to monitor compliance therewith.

(2) In order to delineate the standards against which a certified public accountant’s independence or lack thereof is to be judged, the Board has created a document entitled “Standards for Determining Independence in the Practice of Public Accountancy for CPAs Practicing Public Accountancy in the State of Florida” (effective 12-31-2004) (hereinafter “Standards for Independence”) which document is hereby incorporated by reference in this rule. The standards contained in the “Standards for Independence” are similar to those contained in the Code of Professional Conduct promulgated by the American Institute of Certified Public Accountants.

(3) In order to be considered independent a certified public accountant must comply with the requirements set out in the “Standards for Independence” and the requirements of this rule.

Rulemaking Authority 473.304, 473.315 FS. Law Implemented 473.315 FS. History –New 12-4-79, Amended 2-3-81, 10-28-85, Formerly 21A-21.01, Amended 10-20-86, Formerly 21A-21.001, Amended 5-21-03, 1-31-05, 12-10-09.

61H1-21.002 Integrity and Objectivity.

A certified public accountant shall not knowingly misrepresent facts, and, when engaged in the practice of public accounting, shall not subordinate his/her judgment to others including but not limited to clients, employers or other third parties. In tax practice, a certified public accountant may resolve doubt in favor of his/her client as long as there is reasonable support for his/her position.

61H1-21.003 Commissions or Referral Fees.

(1) A certified public accountant shall not pay or accept a commission or referral fee in connection with the sale of a product or referral of any services as defined in Section 473.302(8)(a) and (c), F.S., or prohibited to non-certified public accountants as listed in Section 473.322, F.S. These services include:

(a) Audit, review or compilation services.
(b) Services for any prospective financial data including forecasts or projections.
(c) Any special procedures engagement resulting in an expression of an opinion when the services fall within the definitions as set forth in Section 473.302(8)(a) and (c) and Section 473.322, F.S.

(2) The certified public accountant must have an engagement letter signed by the client prior to beginning any engagement for which the certified public accountant will receive a commission. The letter must include complete details of the financial arrangements involving compensation for the services rendered.

(3) The certified public accountant must hold appropriate licenses as required.

(4) If the certified public accountant is not independent as described in Rule 61H1-21.001, F.A.C., it must be disclosed in the engagement letter. However, if the only reason for not being independent is the fact that the certified public accountant is being compensated by a commission or contingent fee then the lack of independence does not have to be disclosed.
61H1-21.005 Contingent Fees.

(1) No certified public accountant or firm shall accept a fee contingent upon the findings or results of such services if the service is of the type for which a commission or referral fee could not be accepted (See Rule 61H1-21.003, F.A.C.).

(2) No certified public accountant or firm shall accept a contingent fee for tax filings with the federal, state, or local government unless the findings are those of the tax authorities and not those of the certified public accountant or firm. Unless the certified public accountant or firm has specific reason to know that the filing will be reviewed in detail by the taxing authorities, the findings will be presumed to be those of the certified public accountant or firm and a contingent fee is not permissible. An original or amended federal tax return or a claim for refund cannot be prepared for a contingent fee since the findings are not considered to be those of the taxing authority. If the taxing authority has begun an audit, any findings will be considered those of the taxing authority and a contingent fee may be accepted. Fees to be fixed by courts or other public authorities, which are of an indeterminate amount at the time a public accounting service is undertaken, shall not be regarded as contingent fees for the purposes of this rule. However, a certified public accountant’s or firm’s fee may vary depending, for example, on the complexity of the service rendered.

61H1-21.006 Communication with Client of Another Certified Public Accountant.

If a client of one certified public accountant or firm requests a second certified public accountant or firm to provide professional advice on accounting or auditing matters in connection with an expression of opinion, the second certified public accountant or firm must consult with the first certified public accountant or firm, after obtaining the client’s consent, to make certain that the (the second certified public accountant or firm) is aware of all the relevant facts.

61H1-22.001 Competence (General Standards).
A certified public accountant shall comply with the following general standards and must justify any departures therefrom:

1) Professional competence. A certified public accountant shall undertake only those engagements which he or his firm can reasonably expect to complete with professional competence. A certified public accountant must be in charge of all public accounting services performed by the firm.

2) Due professional care. A certified public accountant shall exercise due professional care in the performance of an engagement.

3) Planning and supervision. A certified public accountant shall adequately plan and supervise an engagement.

(b) A firm name may include the names of retired or deceased partners or shareholders or members who were active partners or shareholders or members of the entity. This provision permits a firm, in the same line of succession, to change from one form of business to another and continue to use the names of retired or deceased partners, shareholders or members.
(c) Use of the term “and Company” or “and Associates” requires at least one other fully employed Florida certified public accountant or non certified public accountant owner other than those named in the firm name; however, this rule does not preclude a Florida certified public accountant initially meeting this requirement from using the above-mentioned terms if the Florida certified public accountant subsequently does not fully employ at least one Florida certified public accountant other than those named in the firm name.
(d) A firm may use the term “Certified Public Accountants” in the firm’s name if all owners are certified public accountants. If there are non certified public accountant owners, the firm may use the terms “CPA Firm” “CPAs and Associates” or “Certified Public Accountants and Associates” provided the firm has more than one certified public accountant. Further, a certified public accountant firm with non certified public accountant owners may not use the term Certified Public Accountants without indicating there are other owners such as Associates or Consultants.
(e) A firm may only use the term “CPA,” “CPA Firm,” “CPAs and Associates,” “Certified Public Accountants and Associates,” or any other title, designation, words, letters, abbreviations, or device indicating that it is a CPA Firm if it holds a license issued pursuant to Section 473.3101, F.S.
(2) Florida certified public accountants may share office facilities provided there is adequate disclosure that would enable a reasonable person to determine the practice is not associated with the profession or occupation not regulated by the Board, such as written agreements, signs, etc.

(3) The corporation, each shareholder, and each officer who has authority over the practice of public accountancy, the LLC or
the limited liability company and each member of the LLC, or the LLP and each partner have executed the waiver of limitation on liability approved by the Board which must be set forth as follows:

(2009).

Unless executed by a partnership and its partners, the members intend this agreement as a mutual covenant of assumption and not as a partnership, but should any court of competent jurisdiction construe same to be a partnership then it is the intention of the parties that such partnership be limited in scope to the uses for which this contract is executed and no other.

Any individual who, subsequent to the date of this instrument, becomes a shareholder, officer, member, or partner in ____________ (Name of Firm), shall immediately become a party to this waiver and be bound to the conditions thereof. Said shareholder, officer, member, or partner shall execute an amended Waiver on Limitation of Liability which shall become a part of the original Waiver on Limitation of Liability.

61H1-27.002 Concentrations in Accounting and Business.

(1) For purposes of Section 473.306, F.S., if application for the Uniform CPA Examination was made prior to August 2, 1983, an applicant must have a baccalaureate degree from an accredited college or university with a major in accounting, or its equivalent, with a concentration in accounting and business subjects. A concentration in accounting and business is defined as an educational program that includes at least 18 semester hours or 27 quarter hours, or the equivalent, in accounting education above elementary (principles of) accounting and 27 semester or 40 quarter hours, or the equivalent, in general business education. In order to meet the provisions of Section 473.306, F.S., the application must have been filed, completed and approved and show on its face that all educational and other requirements were met prior to August 2, 1983.

(2) For purposes of Section 473.308, F.S., if application for licensure is made after August 1, 1983, an applicant must have at least 150 semester hours or 225 quarter hours of college education, including a baccalaureate degree or higher conferred by an accredited college or university with a major in accounting, or its equivalent. The applicant’s total education program shall include a concentration in accounting and business as follows:

(a) 30 semester or 45 quarter hours in accounting education at the upper division level which shall include coverage of auditing, cost and managerial accounting, financial accounting, and taxation. Not more than 3 semester or 4 quarter hours may be internship programs which may be applied to the 30 semester or 45 quarter hours in accounting (internship courses must be taken in conjunction with other traditional coursework at an institution and must appear on the transcript). Further, any remaining internship credit if otherwise acceptable would be applied to the general business requirement;

(b) 36 semester or 54 quarter hours in general business education which shall include not less than the equivalent of 3 semester or 4 quarter hours in business law courses. Vocational and clerical type courses will not count either toward the accounting requirement set forth in subsection 61H1-27.002(2), F.A.C., or this general business education requirement. Specialized industry courses will be acceptable as general business courses but not as accounting courses unless as defined in subsection 61H1-27.002(2), F.A.C., and they have an accounting prefix, further such courses in order to qualify must be certified by the chairman of the school or college’s accounting department as qualifying for general business credit. Written or oral communication courses will qualify for the general business requirement if they have a business or accounting prefix or if they are reflected in the catalog in the school or college as relating directly to the school or college’s business or accounting requirements. A maximum of 9 semester hours (13 quarter hours) of computer courses and 6 upper division semester hours (8 quarter hours) of statistics courses will be accepted for purposes of meeting the general business requirement; and

(c) At least 3 of the required hours in each of the areas of business law, taxation, and financial accounting are to have been based upon United States of America law or accounting standards.

(3) To be eligible to take the licensure examination, an applicant shall have completed 120 semester or 180 quarter hours as follows:

(a) 24 semester or 36 quarter hours in accounting education at the upper division level which shall include coverage of auditing, cost and managerial accounting, financial accounting, and taxation. Not more than 3 semester or 4 quarter hours may be internship programs which may be applied to the 24 semester or 36 quarter hours in accounting (internship courses must be taken in conjunction with other traditional coursework at an institution and must appear on the transcript). Further, any remaining internship credit if otherwise acceptable would be applied to the general business requirement;

(b) 24 semester or 36 quarter hours in general business education which shall include not less than the equivalent of 3 semester or 4 quarter hours in business law courses. Vocational and clerical type courses will not count either toward the accounting requirement set forth in subsection 61H1-27.002(2), F.A.C., or this general business education requirement. Specialized industry courses will be acceptable as general business courses but not as accounting courses unless as defined in subsection 61H1-27.002(2), F.A.C., and they have an accounting prefix; further such courses in order to qualify must be certified by the chairman of the school or college’s accounting department as qualifying for general business credit. Written or oral communication courses will qualify for the general business requirement if they have a business or accounting prefix or if they are reflected in the catalog in the school or college as relating directly to the school or college’s business or accounting requirements. A maximum of 9 semester hours (13 quarter hours) of computer courses and 6 upper division semester hours (8 quarter hours) of statistics courses will be accepted for purposes of meeting the general business requirement; and

(c) At least 3 of the required hours in each of the areas of business law, taxation, and financial accounting are to have been based upon United States of America law or accounting standards.

(4) For purposes of this rule, upper division accounting hours other than elementary above the minimum requirement may be...
substituted for general business hours. Elementary accounting subjects shall not be accepted as general business education. Elementary accounting subjects include principles of financial and managerial accounting courses even if they are covered in a three course sequence, are titled “introductory,” “fundamentals” or “principles” and even if they are offered at the graduate level. All accounting courses and not less than 21 semester or 32 quarter hours of general business courses must be at the upper division level. For the purpose of paragraph 61H1-27.002(2)(b), F.A.C., all general business courses, including accounting courses in excess of the 36 hours required, must be taken at the upper division level, except for Introductory Macro and Micro Economics, Business Law, Introductory Statistics, Introduction to Computer Information Systems, and any written or oral communication course described in paragraph 61H1-27.002(2)(b), F.A.C. Lower level general business courses, other than those listed above, posted to transcripts after August 31, 1989 will not count. Standardized tests, such as CLEP, are not acceptable for accounting or general business courses; however, advanced placement (AP) courses will be counted if the applicant has been granted college credit for those AP courses by their degree-granting institution.

(a) Upper division, as used in Rule 61H1-27.002, F.A.C., means courses above the principal introductory level.

(b) If an applicant has taken a course at the lower division at a senior institution, and that institution has reclassified the course to the upper division at the time of application to Florida, the course will be deemed upper division for the purpose of Rule 61H1-27.002, F.A.C.

(5) Re-applicants whose original application for the CPA examination was approved prior to August 2, 1983, may elect to satisfy subsection 61H1-27.002(1), F.A.C.

(6) For purposes of subsection 61H1-27.002(2), F.A.C., and Section 473.306, F.S., a baccalaureate degree will not be considered as meeting the statutory requirement for a major in accounting or its equivalent unless all credit hours accepted by the college or university as part of the degree requirement are listed as courses in the catalogues of all institutions attended.

(7) If an applicant takes duplicate courses, only one of these courses will be counted. For purposes of this rule, all CPA Examination Review courses will be deemed to be duplicate courses.

(a) Courses will be considered duplicated if they cover a substantially equivalent professional area of knowledge even if separated by a span of time and even if some of the professional, technical and/or legal issues have been changed or modified.

(b) Regarding CPA Review courses, by definition these courses cover material already studied. Accordingly, no exception will be made to consider a CPA Review course non-duplicative, regardless of statements by applicants, professors, or academic administrators that additional topics are covered or the material covered only superficially in prior courses is covered in more detail in a “review” course.

(8) Individuals who are currently licensed in good standing in countries approved by the International Qualifications Appraisal Board of the National Association of State Boards of Accountancy and whose educational degrees are from accredited institutions as set forth in subsection 61H1-27.001(1), F.A.C., shall be deemed to have met the requirements set forth in subsections 61H1-27.002(1)-(3), F.A.C.

One year of work experience shall be held and understood to mean the provision of any type of service or advice involving the use of accounting, attest, compilation, management advisory, financial advisory, tax, or consulting skills as verified by the verifying certified public accountant, commencing after the completion of 120 semester or 180 quarter hours from an accredited college or university with a concentration in accounting and business courses or after the applicant has passed the licensure examination in another state or territory of the United States and has either been licensed as a certified public accountant or has met licensing requirements for that state or territory. The experience must either average at least twenty (20) hours a week over no more than one hundred and four (104) weeks or average no more than forty (40) hours a week over no more than fifty-two (52) weeks. Reasonable vacation time and sick leave or other required absences may be permitted. The verifying certified public accountant, in her or his report to the Department, shall verify that the applicant rendered such services for a minimum of 2,000 hours gained over a period of not less than fifty-two (52) or more than one hundred and four (104) weeks. The sequence of the experience is considered immaterial, that is, whether the experience was secured before or after taking the examination, or partly before the examination and partly after the examination, provided the two periods combined equal at least one year.

(2) For purposes of this rule, a verifying certified public accountant is either a licensed certified public accountant in good standing with any regulating body or a chartered accountant recognized by the International Qualifications Appraisal Board (IQAB), both during the applicant’s one year of work experience and at the time of verification.

(3) The one year of work experience may be achieved by teaching accounting full-time for one year at an accredited college.

(a) Full-time teaching as described by the rules of the educational institution where the applicant taught will be accepted by the Board to be full-time teaching. However, in no case will less than twelve (12) semester hours, or the equivalent, be accepted by the Board as full-time teaching.

(b) If the applicant has not taught accounting full-time for one year, credit will be allowed by the Board for teaching accounting less than full-time on a pro rata basis based upon the number of semester or quarter hours required for full-time teaching at the educational institution where the applicant taught. However, in no case will an applicant receive credit for a full-time teaching year for teaching done in less than one academic year or more credit than one full-time teaching year for teaching done within one calendar year.

(c) Courses outside the fields of accounting and general business will not be counted toward full-time teaching.

(4) Documentation of the one year of work experience shall be made using the Verification of Work Experience form (DBPR Form CPA 32/Revised 08/2012), which is hereby incorporated by reference, a copy of which may be obtained from [http://www.flrules.org/Gateway/reference.asp?No=Ref-02046](http://www.flrules.org/Gateway/reference.asp?No=Ref-02046) or the Board office located at 240 N.W. 76th Drive, Suite A, Gainesville, FL 32607-6655.

(3) A provider may meet the requirements set forth herein through various generally accepted methodologies. A provider may offer a course module which, for example, addresses CPA ethics and professionalism in Tax Practice or Managerial Accounting as well as other areas of practice.
(4) Upon receipt of the syllabus required in subsection 61H1-33.0342(2), F.A.C., the Board will review the course to determine whether it complies with this rule, the provisions of section 473.312(1), F.S., and the CPA Ethics Provider Rules set forth in chapter 61H1-33, F.A.C. If the Board rejects a course in whole or in part, a provider will be offered the option of modifying the course or withdrawing the course and resubmitting the course for approval. However, all courses submitted for approval must be submitted at least sixty (60) days prior to either the ending of the provider’s approval as a CPA Ethics Course Provider as set forth in rule 61H1-33.00341, F.A.C., or sixty (60) days prior to the initial date the course will be taught—whichever occurs earlier.

61H1-36.004 Disciplinary Guidelines; Range of Penalties; Aggravating and Mitigating Circumstances.
(1)(a) The board sets forth below a range of disciplinary guidelines from which disciplinary penalties will be imposed upon practitioners guilty of violating chapter 473, F.S. The purpose of the disciplinary guidelines is to give notice to licensees of the range of penalties which will normally be imposed upon violations of particular provisions of chapter 473, F.S. The disciplinary guidelines are based upon a single count violation of each provision listed. The brief description of each violation is provided for quick reference and is not meant to convey all elements of any given statutory provision; the full language of each statutory provision cited must be consulted in order to determine the conduct involved. All penalties at the upper range of the sanctions set forth in the guidelines, i.e., suspension, revocation, etc., include lesser penalties, i.e., fine, probation or reprimand which may be included in the final penalty at the board’s discretion.

(b) Standard probationary terms will include, as applicable, a review of the licensee’s practice, including analysis of selected financial statements (including working papers), restriction of the scope of the licensee’s practice and review of internal controls put in place by the licensee in order to eliminate the violation. All of the above will usually include the use of a CPA consultant employed by the Department of Business and Professional Regulation or approved by the Board and will usually require the licensee to assume the cost of the consultant’s activities. Additional continuing education may also be required of a licensee where deficiencies in a particular practice area are noted. In all cases of probation or suspension a report showing compliance with the terms of the final order must be received and accepted by the Board prior to the termination of the probation or suspension. Other specific terms of probation or suspension may be imposed, as necessary, by the Board.
