

## COVID19 Update

NASBA, AICPA, Prometric and the Boards of Accountancy (Boards) have been monitoring the COVID19 crisis and have taken the following actions to ensure the health and safety of our CPA Exam candidates.

Effective immediately, Prometric will close test centers in the United States and Canada for a period of 30 days. They anticipate re-opening test centers on April 16, 2020, however, please note the specific date will depend on circumstances that are changing daily. No action is required on the part of the candidate. Prometric will cancel scheduled appointments and clear the Notices to Schedule (NTS) for candidates to reschedule at their convenience.

NASBA has recommended that the Boards of Accountancy extend all NTS with expirations between April 1 – June 30, 2020, until September 30, 2020. At this time, no action is required by candidates and there is no need to contact NASBA or your Board of Accountancy. Please monitor our social media channels and website for updates on when the NTS extensions are completed.

NASBA will identify all candidates who have an open NTS and credit expiring through June 30, 2020, and provide this information to Boards with a recommendation to grant an extension of credit if the candidate is impacted by circumstances beyond their control. Due to shutdowns of many board offices, the decisions to extend conditional credit will not be finalized until Boards resume normal operations. There is no need to contact Boards at this time.

NASBA remains committed to maintain operating hours, however, many of our staff are working remotely. The best way to contact us during this time is via email at [cpaexam@nasba.org](mailto:cpaexam@nasba.org). Again, please monitor our social media channels and websites for updates on our operating status.
