

BEYOND THE NUMBERS

E-Newsletter from the Florida Board of Accountancy

Board Member Spotlight: Carey Vasallo

Carey Vasallo

Carey Vasallo is a member of the City of Miami's Auditor General Division. She is a certified public accountant, certified fraud examiner, certified valuation analyst, certified anti-money laundering specialist and certified forensic consultant. Vasallo was recognized as the AICPA/FICPA Women to Watch and Coral Gables Chamber of Commerce's Businesswoman of the Year. Previously, Vasallo served on the Florida Institute of Certified Public Accountants' Board of Directors and Miami Dade County Advisory Board. She earned her bachelor's degree in accounting from Barry University and master's degree in accounting from Nova Southeastern University.

Proposed Amendments to the UAA Model Rules

The NASBA Board of Directors approved for re-exposure changes to the Uniform Accountancy Act Model Rules for the granting of credit requirement for sections passed on the Uniform CPA Examination. The revised exposure draft increases the number of months of conditional credit provided to a candidate from 18-months to 24-months and provides greater clarity as to a Board's authority to allowing additional time to candidates. Comments on these changes are requested by April 17, 2023.

Director's Message

"The New CPE Reporting Tool"

The Division of Certified Public Accounting has announced the implementation of a new CPE reporting tool for our licensees. A CPA can locate the tool within their DBPR On-line Service account. Beginning with the July 1, 2022, to June 30, 2024, CPE reporting period, use of this tool is mandatory for Florida licensed CPAs. With this reporting tool, a CPA will input details about the CPE courses completed and upload the corresponding proof of completion. At renewal time in 2024, if this system indicates a CPA is not compliant with the CPE requirements, the CPA will be unable to renew their license.

Roger Scarborough

The 2023 renewal process remains unchanged. The reporting tool is not functional for licenses expiring December 31, 2023. If your license expires December 31, 2023, do not attempt to enter course information prior to your 2023 renewal.

We decided to undertake this challenge because for several years the CPE audit results showed compliance in the 80% to 90% range, with the most recent audit results falling below 80%. Section 455.217 F.S. requires a 95% compliance rate or a system of determining compliance prior to license renewal. Noncompliance by a CPA who is selected for audit results in a DBPR investigation, a hearing before a probable cause panel, another hearing by the Board to determine discipline and finally, the Division col-

(Continued on page 2)

Director's Message: The New CPE Reporting Tool (continued from page 1)

lecting fines and monitoring future requirements of discipline. All of these steps are time consuming and expensive.

Other states are implementing similar reporting measures. With the implementation of this reporting tool, our goal is to increase compliance dramatically while at the same time lowering expenses. I am hopeful that future versions of the reporting tool will allow a transfer of information from other tracking systems.

The Board strongly encourages Florida CPAs with licenses expiring December 31, 2024, to input and upload course information as they complete it. Do not wait to input and upload all of your information at renewal time. Your re-establishment period dates for completing CPE courses remain the same, July 1, 2022, to June 30, 2024. At the end of the re-establishment period, a CPA has until July 31, 2024, to input the details and upload proof of completion into the reporting tool.

If a licensee fails to complete the required courses by June 30, 2024, and upload them before July 31, 2024, they have to complete and upload additional CPE hours by the extension deadline to qualify.

Please remember with this change you have to complete a course, obtain the proof of completion and upload it, all before the deadline. You are encouraged to communicate with your CPE provider about their timeframes for providing certificates of completion so that you can obtain it and upload it timely. Some key points about the reporting tool:

- The tool allows reporting of all types of credit—traditional CPE, participation in a college course, or instructor credit for teaching CPE or college courses.
- A licensee can input courses in multiple sessions or all at once.
- A licensee can input 1 course or multiple courses in a session
- A licensee can edit, add or delete information in the log.
- After inputting a course or multiple courses, the licensee uploads proof of completion
- A licensee can upload 1 document or multiple documents at the end of an input session.
- A PDF must be legible. A maximum of 2 certificates per PDF page.
- A PDF document may be 1 page or multiple pages subject to size limitations.
- Upload size limitations: 10MB per file, 50MB per session
- Upon completion of a session of inputting course informa-

tion and uploading proof of completion, an automatic confirmation email will be sent to the licensee.

- These email confirmations are cumulative, showing all courses inputted during the re-establishment period.

The confirmation will include a section for attachments, listing the documents uploaded using the file name(s) assigned by the licensee. This section of the confirmation is not cumulative and will only show the document(s) uploaded in the last session.

View My Continuing Education is a screen that shows the number and category of CPE hours reported for a given renewal period. It indicates compliance or a lack of compliance with the requirements. It is for viewing only, you cannot edit information from this screen.

It may take *up to 24 hours* after input for the *View My Continuing Education* to reflect courses added to the system.

CPE Reciprocity:

If you are a nonresident Florida licensee and licensed in another state, I encourage you to read the following: [Instructions for Nonresident Licensees](#)

Additional Resources:

For an overview, I encourage you to check out this section of our website: [CPE Reporting – MyFloridaLicense.com](#).

Within the Online Services portal, you can also review the [Instructions for CPAs](#), which includes screen shots and detailed instructions.

The CPA Division has set up an email address to manage questions. After reading our materials, if you have questions, please email cpa.reportingtool@myfloridalicense.com.

With the help of the FICPA, we plan to produce a tutorial video. We will post links to the video on our website and introduce it in a future newsletter. I anticipate the FICPA will do the same. I suggest firms consider designating one CPA as a “knowledge champion” on this topic who may act as a resource for others. I want to thank the FICPA who has agreed to be another resource for the profession and help us answer questions and identify repetitive topics we can address in future email notices or the newsletter.

We will continue to communicate on this topic. We encourage use of the reporting tool by the profession to avoid problems during the 2024 renewal. Please familiarize yourself with the tool and make it a practice to input courses and upload proof of completion as you receive it.

Understanding the Clay Ford Scholarship

Do you have an intern in your office or a prior classmate who is getting ready to enter their fifth year in accounting? If so, they may be qualified to apply for the Clay Ford Scholarship. Awards may be up to \$8,000 per applicant per semester, dependent on the number of applicants who are awarded the scholarship annually.

Who is eligible?

Anyone who meets all of the below requirements:

- Is either in, or entering their fifth year of accounting education at a Florida regionally accredited university
- A minority person as defined in [Section 288.703\(4\) F.S.](#)
- A permanent resident of Florida
- Completed a Free Application for Student Aid (FAFSA) and shows financial need
- In good academic standing and has an undergraduate GPA of at least a 2.5 on a 4.0 scale

What do I need to apply?

- A completed [Clay Ford Scholarship Application](#)
- Official College/University Transcripts
- Registrar's and Financial Aid Office Certification (Included in the application)
- A 500-word essay on life goals and how the scholarship will allow the applicant to achieve them
- FAFSA Student Aid Report

When do I need to apply?

The deadline to apply is **June 1st**, every calendar year

When will I know I was awarded the scholarship?

- The Clay Ford Scholarship Committee meets annually in August to determine the final list of applicants.
- Award recipients will receive a letter from the Division of Certified Public Accounting up to a week after the meeting notifying them of the award

If awarded, when will I receive the award?

- Academic institutions will be notified of awards, and be provided the funds for the term's awards
- Those funds are typically sent out in January for Spring and September for Fall
- The university will disburse the financial aid during their disbursement windows

You can learn more about the Clay Ford Scholarship by reading [Rule 61H1-38](#) and contacting the Department of Business and Professional Regulation.

THE CHAIR'S CORNER

It is truly an honor to serve as your 2023 Board Chair, an honor granted to me at the December 2022 Board meeting. I want to express sincere thanks to my fellow 2023 Board members William Benson, Tracy Keegan, Jason Lafser, Michelle Maingot, Steve Platau, Shireen Sackreiter, Brent Sparkman, and Caridad Vasallo, for the trust they have placed in me. Thank you!

My goal as your 2023 Chair will be to live up to the high standards set by immediate past Chair Platau, as well as the other fine professionals who have served as Chair over the years. You can be assured that the current Board members; the hard-working staff at the Board, led by Roger Scarborough; and the great legal team, including Rachele Munson and Danijela Janjic, advising us; will help me reach this goal and hold me accountable (no pun intended).

Let's take a look at the activities and issues on the 2023 Board agenda. At the seven "regularly scheduled" Board meetings, your Board will continue to address various regulatory, disciplinary, examination, and licensing-related issues with the best interest of the profession and public in mind. All Board members will continue their active participation on various Board committees including, Probable Cause, Rules, Education, CPE,

PROC, Budget, and Clay Ford Scholarship. Additionally, in February, the annual half-day workshop will be held. At this workshop, various issues impacting our profession are presented and discussed. With Board meetings, committee assignments and the annual workshop, 2023 looks to be another full year for everyone.

2023 also brings significant issues impacting our profession now and for years to come. These include the new CPE reporting portal, CPA exam format change, addressing NASBA's request to extend exam expiration periods, rules related to license mobility, and perhaps the most significant issue of all, the CPA/accountant shortage. Many of these issues will require either direct Board action via rules changes, or Board influence through involvement in various committees and community outreach.

In closing, I would like to extend an invitation to each of you to come and see the Board in action. The Board meeting schedule dates, times and locations can be found at the following link [Florida Board of Accountancy 2023 Meeting Dates](#).

AICPA Unveils Blueprints for Redesigned CPA Exam

The American Institute of CPAs (AICPA) released the updated Uniform CPA Examination® Blueprints, the official document of content eligible for assessment on the Exam. The Blueprints are based on the knowledge and skills required of a newly licensed CPA to meet the demands of firms, employers and clients.

Under the CPA Evolution licensure model, all candidates will be required to take three Core sections: Financial Accounting and Reporting, Auditing and Attestation, and Taxation and Regulation. Then, each candidate will choose a Discipline in which to demonstrate additional knowledge: Business Analysis and Re-

porting (BAR), Information Systems and Controls (ISC) and Tax Compliance and Planning (TCP). Regardless of a candidate's chosen Discipline, this model leads to full CPA licensure.

The Blueprints are a result of the AICPA's Practice Analysis research to align the CPA Exam to the CPA Evolution initiative and are included in its [final report](#).

Candidates should note that the last day of testing for all current CPA Exam sections is anticipated to be December 15, 2023. The CPA Evolution-aligned CPA Exam will launch in January 2024.

2022 CPE VIOLATIONS

Statute 473.323(1) (h) through Rule 61H1-33.001(a) FAC.

To obtain a Final Order of any individual listed you will need to submit a request to GovQA at dbpr.state.fl.us/govqa/.
