

The Department of Business and Professional Regulation's Bureau of Elevator Safety is currently seeking interested parties to represent the following constituents on the Elevator Safety Technical Advisory Council.

- General Public Representative for the State of Florida.

The council's purpose is to provide technical assistance to the bureau in support of protecting the health, safety, and welfare of the public. Selected representative must agree to serve a 4-year term and actively participate in scheduled meetings.

More information about the Elevator Safety Technical Advisory Council can be found at <http://www.myfloridalicense.com/DBPR/elevator-safety/estac/>.

Interested parties can submit their letter of interest and resume/CV to the bureau at [DHR.Elevators@myfloridalicense.com](mailto:DHR.Elevators@myfloridalicense.com) by January 31, 2023. Any questions or concerns can also be routed to this email address.
