(2) The boards listed in s. 20.165 shall adopt promulgate rules that exempt the spouse spouses of a member members of the Armed Forces of the United States from licensure renewal provisions, but only in

The Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history check. The costs of fingerprint processing shall be borne by the applicant. If the applicant’s fingerprints are submitted through an authorized agency or vendor, the agency or vendor shall collect the required processing fees and remit the fees to the Department of Law Enforcement.

Section 7. Section 455.2123, Florida Statutes, is amended to read:
455.2123 Continuing education.—A board, or the department when there is no board, may provide by rule that distance learning may be used to satisfy continuing education requirements. Section 8. Subsection (2) of section 455.213, Florida Statutes, is amended to read:

455.213 General licensing provisions.—

(2) Before the issuance of any license, the department may charge an initial license fee as determined by rule of the applicable board or, if no such board exists, by rule of the department. Upon receipt of the appropriate license fee, except as provided in subsection (3), the department shall issue a license to any person certified by the appropriate board, or its designee, or the department when there is no board, as having met the applicable requirements imposed by law or rule. However, an applicant who is not otherwise qualified for licensure is not entitled to licensure solely based on a passing score on a required examination. Upon a determination by the department that it erroneously issued a license, or upon the revocation of a license by the applicable board, or by the department when there is no board, the licensee must surrender his or her license to the department.

Section 9. Subsections (1) and (3) of section 455.217, Florida Statutes, are amended to read:

455.217 Examinations.—This section shall be read in conjunction with the appropriate practice act associated with each regulated profession under this chapter.

(1) The Division of Professions Service Operations of the Department of Business and Professional Regulation shall provide, contract, or approve services for the development, preparation, administration, scoring, score reporting, and evaluation of all examinations. The division shall seek the advice of the appropriate board in providing such services.

(a) The department, acting in conjunction with the Division of Service Operations, the Division of Professions, and the Division of Real Estate, as appropriate, shall ensure that examinations adequately and reliably measure an applicant’s ability to practice the profession regulated by the department. After an examination developed or approved by the department has been administered, the board or department may reject any question which does not reliably measure the general areas of competency specified in the rules of the board or department, when there is no board. The department shall use qualified outside testing vendors for the development, preparation,
and evaluation of examinations, when such services are economically and viably available and approved by the department.

(b) For each examination developed by the department or contracted vendor, to the extent not otherwise specified by statute, the board or the department when there is no board, shall by rule specify the general areas of competency to be covered by the examination, the relative weight to be assigned in grading each area tested, the score necessary to achieve a passing grade, and the fees, where applicable, to cover the actual cost for any purchase, development, and administration of the required examination. However, statutory fee caps in each practice act shall apply. This subsection does not apply to national examinations approved and administered pursuant to paragraph (d).

(c) If a practical examination is deemed to be necessary, rules shall specify the criteria by which examiners are to be selected, the grading criteria to be used by the examiner, the relative weight to be assigned in grading each criterion, and the score necessary to achieve a passing grade. When a mandatory standardization exercise for a practical examination is required by law, the board may conduct such exercise. Therefore, board members may serve as examiners at a practical examination with the consent of the board.

(d) A board, or the department when there is no board, may approve by rule the use of any national examination which the department has certified as meeting requirements of national examinations and generally accepted testing standards pursuant to department rules. Providers of examinations, which may be either profit or nonprofit entities, seeking certification by the department shall pay the actual costs incurred by the department in making a determination regarding the certification. The department shall use any national examination which is available, certified by the department, and approved by the board. The name and number of a candidate may be provided to a national contractor for the limited purpose of preparing the grade tape and information to be returned to the board or department or, to the extent otherwise specified by rule, the candidate may apply directly to the vendor of the national examination. The department may delegate to the board the duty to provide and administer the examination. Any national examination approved by a board, or the department when there is no board, prior to October 1, 1997, is deemed certified under this paragraph. Any licensing or certification examination that is not developed or administered by the department in-house or provided as a national examination shall be competitively bid.

(e) The department shall adopt rules regarding the security and monitoring of examinations. In order to maintain the security of examinations, the department may employ the procedures set forth in s. 455.228 to seek fines and injunctive relief against an examinee who violates the provisions of s. 455.2175 or the rules adopted pursuant to this paragraph. The department, or any agent thereof, may, for the purposes of investigation, confiscate any written, photographic, or recording material or device in the
possession of the examinee at the examination site which the department
deems necessary to enforce such provisions or rules.

(f) If the professional board with jurisdiction over an examination
concurs, the department may, for a fee, share with any other state’s licensing
authority an examination developed by or for the department unless
prohibited by a contract entered into by the department for development
or purchase of the examination. The department, with the concurrence of the
appropriate board, shall establish guidelines that ensure security of a shared
exam and shall require that any other state’s licensing authority comply with
those guidelines. Those guidelines shall be approved by the appropriate
professional board. All fees paid by the user shall be applied to the
department’s examination and development program for professions regu-
lated by this chapter. All fees paid by the user for professions not regulated
by this chapter shall be applied to offset the fees for the development and
administration of that profession’s examination. If both a written and a
practical examination are given, an applicant shall be required to retake only
the portion of the examination for which he or she failed to achieve a passing
grade, if he or she successfully passes that portion within a reasonable time
of his or her passing the other portion.

(3) Except for national examinations approved and administered pur-
suant to paragraph (1)(d), the department shall provide procedures for
applicants who have taken and failed an examination developed by the
department or a contracted vendor to review their most recently adminis-
tered examination questions, answers, papers, grades, and grading key for
the questions the candidate answered incorrectly or, if not feasible, the parts
of the examination failed. Applicants shall bear the actual cost for the
department to provide examination review pursuant to this subsection. An
applicant may waive in writing the confidentiality of his or her examination
grades.

Section 10. Section 455.2175, Florida Statutes, is amended to read:

455.2175 Penalty for theft or reproduction of an examination.—In
addition to, or in lieu of, any other discipline imposed pursuant to s.
455.227, the theft of an examination in whole or in part or the act of
reproducing or copying any examination administered by the department,
whether such examination is reproduced or copied in part or in whole and by
any means, constitutes a felony of the third degree, punishable as provided in
s. 775.082, s. 775.083, or s. 775.084. An examinee whose examination
materials are confiscated is not permitted to take another examination until
the criminal investigation reveals that the examinee did not violate this
section.

Section 11. Section 455.2226, Florida Statutes, is repealed.

Section 12. Paragraph (c) of subsection (1) of section 455.227, Florida
Statutes, is amended to read:

Section 13. Subsection (1) of section 455.228, Florida Statutes, is amended to read:

455.228 Unlicensed practice of a profession; cease and desist notice; civil penalty; enforcement; citations; allocation of moneys collected.—

(1) When the department has probable cause to believe that any person not licensed by the department, or the appropriate regulatory board within the department, has violated any provision of this chapter or any statute that relates to the practice of a profession regulated by the department, or any rule adopted pursuant thereto, the department may issue and deliver to such person a notice to cease and desist from such violation. In addition, the department may issue and deliver a notice to cease and desist to any person who aids and abets the unlicensed practice of a profession by employing such unlicensed person. The issuance of a notice to cease and desist shall not constitute agency action for which a hearing under ss. 120.569 and 120.57 may be sought. For the purpose of enforcing a cease and desist notice order, the department may file a proceeding in the name of the state seeking issuance of an injunction or a writ of mandamus against any person who violates any provisions of such notice order. In addition to the foregoing remedies, the department may impose an administrative penalty not to exceed $5,000 per incident pursuant to the provisions of chapter 120 or may issue a citation pursuant to the provisions of subsection (3). If the department is required to seek enforcement of the notice order for a penalty pursuant to s. 120.569, it shall be entitled to collect its attorney’s fees and costs, together with any cost of collection.

Section 14. Subsection (3) is added to section 455.275, Florida Statutes, to read:

455.275 Address of record.—

(3)(a) Notwithstanding any provision of law, when an administrative complaint is served on a licensee of the department, the department shall provide service by regular mail to the licensee’s last known address of record, by certified mail to the last known address of record, and, if possible, by e-mail.

(b) If service, as provided in paragraph (a), does not provide the department with proof of service, the department shall call the last known telephone number of record and cause a short, plain notice to the licensee to be published once each week for 4 consecutive weeks in a newspaper.
published in the county of the licensee’s last known address of record. If a newspaper is not published in the county, the administrative complaint may be published in a newspaper of general circulation in the county. If the licensee’s last known address is located in another state or in a foreign jurisdiction, the administrative complaint may be published in Leon County pursuant to s. 120.60(5).

Section 15. Section 468.83, Florida Statutes, is amended to read:

468.83 Home inspection services licensing program; purpose.—

(1) There is created within the department the home inspection services licensing program.

(2) The Legislature recognizes that there is a need to require the licensing of home inspectors and to ensure that consumers of home inspection services can rely on the competence of home inspectors, as determined by educational and experience requirements and testing. Therefore, the Legislature deems it necessary in the interest of the public welfare to regulate home inspectors in this state.

468.8313 Examinations.—

(1) A person desiring to be licensed as a home inspector must apply to the department after satisfying the examination requirements of this part to take a licensure examination.
An applicant may be entitled to take the licensure examination for the purpose of determining whether he or she is qualified to practice in this state as a home inspector if he or she passes the required examination, the applicant is of good moral character, and completes a course of study of at least 120 hours that covers all of the following components of a home: structure, electrical system, HVAC system, roof covering, plumbing system, interior components, exterior components, and site conditions that affect the structure.

An applicant for a license shall submit, together with the application, a complete set of electronic fingerprints to the department. The department shall submit the fingerprints to the Department of Law Enforcement for state processing, and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for national processing, to determine whether the applicant has a criminal history record. The department shall review the background results to determine whether the applicant meets licensure requirements. The applicant is responsible for the costs associated with processing the fingerprints. The authorized agencies or vendors shall collect such fees and pay for the processing costs due to the Department of Law Enforcement.

Section 19. Section 468.8318, Florida Statutes, is amended to read:

468.8318 Certification of corporations and partnerships.—

(1) The department shall issue a certificate of authorization to a corporation or partnership offering home inspection services to the public if the corporation or partnership satisfies all of the requirements of this part.

(2) The practice of or the offer to practice home inspection services by licensees through a corporation or partnership offering home inspection services to the public, or by a corporation or partnership offering such services to the public through licensees under this part as agents, employees, officers, or partners, is permitted subject to the provisions of this part, provided that all personnel of the corporation or partnership who act in its behalf as home inspectors in this state are licensed as provided by this part; and further provided that the corporation or partnership has been issued a certificate of authorization by the department as provided in this section. Nothing in this section shall be construed to allow a corporation to hold a license to practice home inspection services. No corporation or partnership shall be relieved of responsibility for the conduct or acts of its agents, employees, or officers by reason of its compliance with this section, nor shall any individual practicing home inspection services be relieved of responsibility for professional services performed by reason of his or her employment or relationship with a corporation or partnership.

(3) For the purposes of this section, a certificate of authorization shall be required for a corporation, partnership, association, or person practicing
under a fictitious name and offering home inspection services to the public; however, when an individual is practicing home inspection services in his or her own given name, he or she shall not be required to register under this section.

(4) Each certificate of authorization shall be renewed every 2 years. Each partnership and corporation certified under this section shall notify the department within 1 month of any change in the information contained in the application upon which the certification is based.

However, the department may adopt rules requiring that, if such contractor performs the home inspection and offers to perform the repairs, the contract for repairs provided to the homeowner disclose that he or she has the right to request competitive bids.
(g) Inspect for a fee any property in which the inspector or the inspector’s company has any financial or transfer interest.
