2018-2019 Annual Regulatory Plan

Section 1

Laws Enacted or Amended within the previous 12 months which create or modify the duties or authority of the Department.

Law	Mandatory rulemaking? Yes/No	Is rulemaking necessary? Yes/No	Notice of Development Published? Yes/No If Yes, Citation	Expected publication date for NPRM	If rulemaking is not necessary? Explain
Chapter 2018-169, L.O.F.	NO	NO			Repeals Chapter 67-1990, Laws of Florida, which imposed more restrictive criteria for SFS licenses within St. Lucie County. The SFS licensing criteria are now consistent with General Law criteria, as stated in Section 561.20(2)(a)4, Florida Statutes. Rulemaking by Division is not necessary to implement.
Chapter 2018-187, L.O.F.	NO	NO			This bill creates a special zone in Orlando to be known as the "Downtown Restaurant Area." Restaurants in the special zone will need less square footage and be able to seat fewer persons at one time than required by General Law in order to obtain a special alcoholic beverage license. Rulemaking by Division is not necessary to implement.
561.57(1), F.S.	NO	NO			This bill adds the term "electronic" to the forms of product orders that shall be construed as sales actually made at the licensed premises when such an order is received at the vendor's licensed place of business. This bill authorizes the delivery of alcoholic beverages from vendors by a third party the licensee has contracted with to make deliveries, including, but not limited to, common carriers. Rulemaking by Division is not necessary to implement.
561.42(14)(a), F.S.	NO	NO			This bill creates an exception to the current Tied House Evil prohibitions in Section 561.42, F.S., allowing distributors to give branded single-serving glassware to vendors licensed for the sale of malt beverages for on-premises consumption, up to 10 cases of glassware per calendar year per licensed premises. Rulemaking by the Division is not necessary to implement.

Division of Alcoholic Beverages and Tobacco

565.02, F.S.	NO	NO						<p>This bill exempts operators of intrastate railroads or sleeping cars from the statutory size restrictions pertaining to liquor on passenger trains, which in current law require that liquor purchased or offered for sale on the train be in miniature bottles of not more than two ounces. The exception created by the bill is consistent with the exception granted for alcoholic beverages sold within the licensed premises of a railroad transit station under current law. Rulemaking by the Division is not necessary to implement.</p>
