November 1, 2010

The Honorable Charlie Crist  
Governor, State of Florida  
Executive Office of the Governor  
400 South Monroe Street  
PL-05, The Capitol  
Tallahassee, FL 32399-0001

Dear Governor Crist:

Please find attached a copy of the department's Annual Report for fiscal year 2009-2010 pursuant to sections 455.204 and 455.2285, Florida Statutes.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Charlie Liem  
Secretary  
Department of Business and Professional Regulation

Regulation**

## Message from Secretary Charlie Liem

Dear Friends,

Fiscal Year 2009/2010 was an exciting time at the Department of Business and Professional Regulation. Since Governor Crist appointed me as Secretary of DBPR last November, I have had the privilege of leading a driven team to making improvements for our licensees and Florida's consumers.

The most important aspect of the job we do here at DBPR is customer service. We are here to serve more than one million licensees and all of Florida's consumers, and we take their input seriously. That is why I seek continuous input from professional associations, board members, consumer groups and our customers, with programs such as "On the Road 2 Better Business, Part 2." The insight gained from these meetings is where we get our raw material for improvements.

We have heard from our licensees about the impact that unlicensed activity has had on their businesses. In response, the Division of Regulation continues to conduct unlicensed sweeps and stings statewide. We have reached out to local government, law enforcement and state attorneys for joint operations to ensure unlicensed individuals are also charged with criminal violations. For consumers, we launched a new unlicensed activity Web page with important tips for how consumers can protect themselves from unlicensed individuals.

We have also made improvements to our licensing processes based on input from our customers. This year we launched a pilot program that gives select applicants the ability to upload required documents, complete and submit their applications all online. In addition to saving time and paper, this system ensures that documents are kept together and processed more efficiently. We are planning to expand services, such as this one, to all professions.

We made great strides last year in streamlining processes and eliminating unnecessary regulation while continuing to keep the public safe, but there is always more work to be done. The department can continue to make improvements with the valuable input and direction provided by our customers and partners.

Sincerely,

Charlie Liem  
Secretary

# **DBPR Information**

## Executive Summary

This report, prepared pursuant to sections 455.204 and 455.2285, Florida Statutes, details the Department of Business and Professional Regulation's long-range planning and monitoring process, and provides statistics regarding its enforcement and discipline of the professions it regulates. The report includes estimates of each profession's revenues, expenditures, cash balances, and performance statistics for the next five years.

During FY 2009-10, the department continued to demonstrate its commitment to fulfilling its mission to *"License efficiently. Regulate fairly."* The department demonstrates its commitment to Governor Crist's directive to improve customer service and reduce regulatory barriers by implementing a new "You Save the Day" Program. The program ensures that each member of the department has the power to provide extra assistance to its customers who are in the middle of an emergency or are experiencing problems that require special attention.

The department also began the process of improving online license applications. Applicants will now have the ability to upload required documents and fully complete and submit an application online. These enhancements will ensure that applications and supporting documentation submitted online will remain together. The online system will allow for faster processing times, thus helping our licensees to begin working sooner. Other features of the new online application system include:

- Secure user registration and login;
- Forgotten password retrieval;
- Pre-application eligibility questions;
- An application "save" function to allow applicants to come back to partially completed applications;
- An application summary e-mailed to the applicant following submission; and
- Ability to check application status.

The department also reviewed its statutes to determine where it could make improvements to its business processes to assist its customers and the citizens of Florida. The department's efforts resulted in House Bill 713, which reduced regulatory requirements for individuals who are licensed or apply for licensure with the department. Details regarding House Bill 713 are provided in this report.

The department remains committed to its mission. The department will continue its efforts to protect the public, improve customer service and assist individuals and businesses who wish to enter Florida's workforce.

## Florida Department of Business and Professional Regulation

### OUR MISSION

License efficiently. Regulate fairly.

### OUR VISION

We will make DBPR and Florida great places to do business. To that end we will invest in our employees, treat our licensees as valued customers and partners, and uphold laws that protect the public and Florida's competitive marketplace.

### OUR VALUES

**Accountability** - We hold ourselves to the highest standards on behalf of our customers and the public.

**Innovation** - We foster an environment that encourages everyone to seek ways to make DBPR and Florida great places to do business without the constraints of fear of change or long held practices.

**Integrity** - We are fair and honest in all that we do so that our employees and customers trust our decisions.

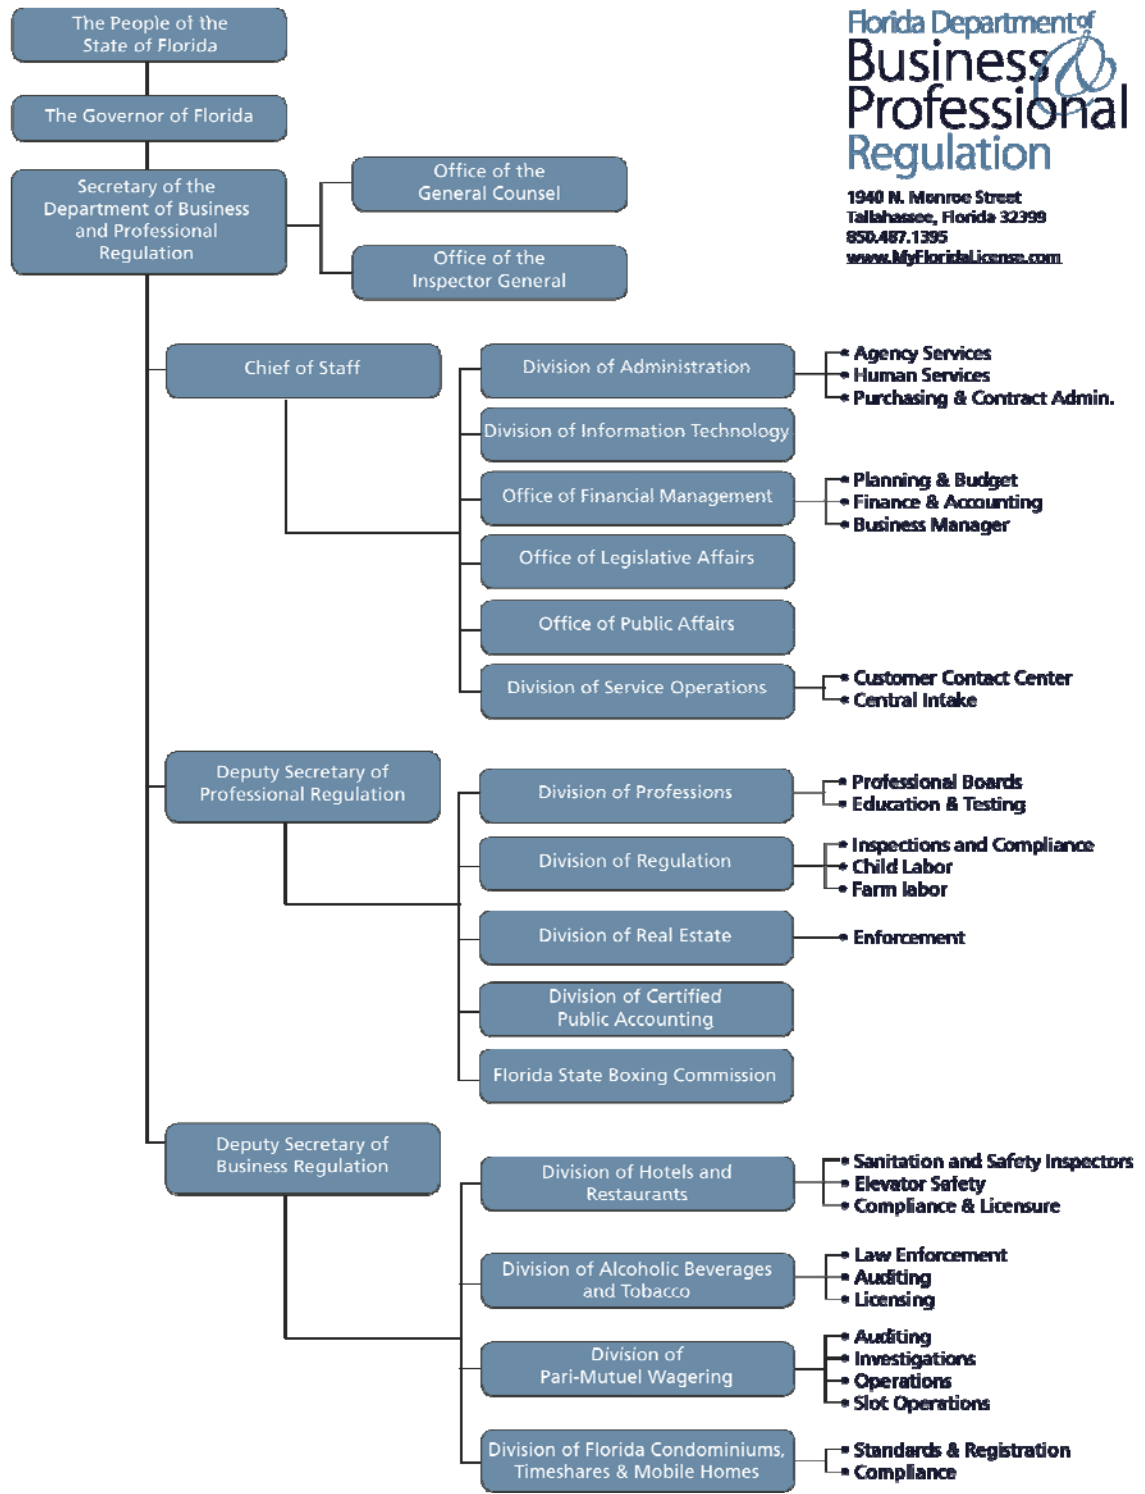

**Ownership** - We embrace our responsibility to serve and see things through to resolution.

**Responsiveness** - We are approachable and empathetic, we provide timely, accurate, and consistent information, and we offer alternative solutions when available.

**Respect** - We treat our employees and customers with fairness and courtesy and appreciate each person's viewpoint.

**Teamwork** - We understand, rely upon and cultivate the talents of our colleagues and customers to help us reach our goals.

## Department of Business and Professional Regulation Mission

## Department Accomplishments: You Save the Day

The “You Save the Day” is an internal initiative aimed at empowering employees to break through bureaucratic processes to help customers who need immediate assistance.

By definition, government is bureaucracy. While defined procedures are necessary to run an efficient organization, they should never prevent an employee from providing fast relief to a customer who needs help. This initiative is based on a simple foundation: our customers are people, people who are sometimes in extreme circumstances, and employees have a responsibility to step in and fix these situations. Sometimes this can make the difference between a business surviving or failing.

The department initiative comes on the heels of an employee who elevated a real estate broker’s issue and, in doing so, prevented two sales associates from losing their jobs. An employee in the Customer Contact Center noted that a real estate broker had made errors on his application. The normal process would be for a deficiency letter to go out and wait their response. The broker was going to be put in the position of laying off two sales associates since they could not work under his inactive license.

“You Save the Day” was implemented department wide, and immediately divisions were submitting their nominations. Division of Regulation inspector Deborah Philmon was contacted by a citizen who had recently moved to Florida. The citizen was frantic as she had not received word on her application to receive a Cosmetology license. The inspector contacted the Division of Service Operations and discovered that there was a simple solution to the problem: the information had been sent to her last known address in Tennessee. With an updated mailing address, the license information was promptly sent, and the citizen was able to get started with a new career in Florida.

“You Save the Day” encourages employees to view every transaction as an opportunity to identify and respond to a customer in an extenuating circumstance. This culture shift at DBPR begins with “You Save the Day.”

## Department Accomplishments: Versa Online

The Department of Business and Professional Regulation has improved online applications for new licensees. The first applications to go live with the improved online format are:

- Initial Cosmetology License by Exam;
- Real Estate Sales Associate License by Exam; and
- Real Estate Sales Associate License by Mutual Recognition (Non-Florida Residents Only).

Applicants will now have the ability to upload required documents, allowing them to fully complete and submit the above listed applications online. This enhancement will ensure that applications and supporting documentation submitted online will remain together. The online system will allow for faster processing times, thus getting our licensees to work more quickly. Other features of the new online application system include:

- Secure user registration and login;
- Forgotten password retrieval;
- Pre-application eligibility questions;
- An application “save” function to allow applicants to come back to partially completed applications;
- An application summary e-mailed to the applicant following submission; and
- Ability to check application status.

The improved online applications will be available to new applicants within the professions listed below in late March 2011. At this time, the change will only affect the license types listed below. All other professional and license types will continue to apply using our existing services. The department will notify affected parties when additional professions and license types are added to the new system.

Accountancy	Cosmetology
Alcoholic Beverages & Tobacco	Electrical Contractors
Architecture & Interior Design	Employee Leasing Companies
Asbestos	Geologists
Athlete Agents	Harbor Pilots
Auctioneers	Landscape Architects
Barbers	Real Estate
Building Code Administrators & Inspectors	Real Estate Appraisers
Community Association Managers	Veterinary Medicine

## Legislative Accomplishments FY 2009-2010

### House Bill 713

Governor Charlie Crist signed House Bill 713, which will provide improvements to department business processes and will assist its customers and the citizens of Florida. A summary of legislative highlights are provided below.

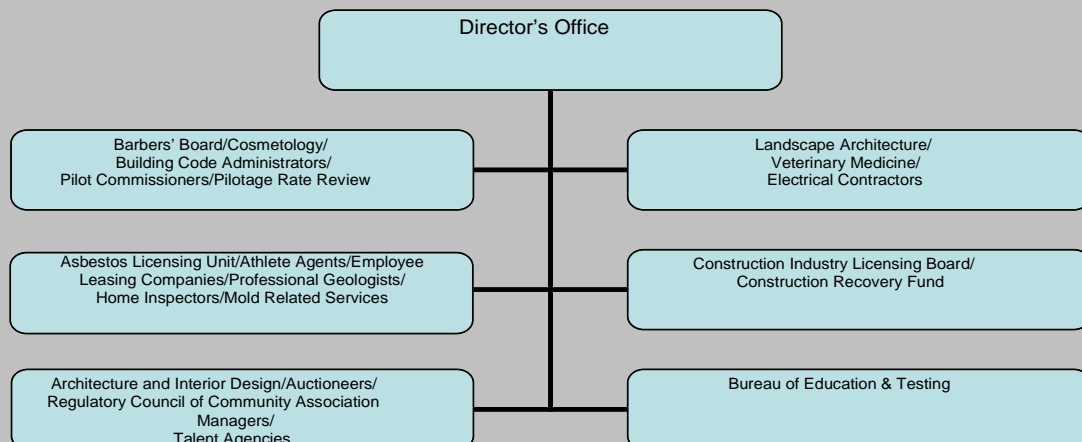

- Modifies provisions of the home inspection and mold-related services licensing programs, including clarification of grandfathering requirements, authorizing applicants to take the licensure examinations without having to obtain department approval, requirement of a criminal history check for applicants, and providing disciplinary action for failure to meet standards of practice adopted by the department.
- Allows for a member of the Florida Real Estate Commission to hold an active real estate school permit, chief administrator permit, school instructor permit, or a combination of these permits and to offer, conduct or teach any course prescribed or approved by the commission or department. It revises qualifications of members of the Florida Real Estate Appraisal Board and allows a member of the board who is a licensed or certified appraiser and holds an active appraiser instructor permit to offer, conduct, or teach any course approved by the board or the department.
- Allows the Florida State Boxing Commission to issue and deliver a notice to cease and desist for violations of Chapter 548, Florida Statutes.
- Creates a temporary license for spouses of active duty members of the Armed Forces of the United States who have been assigned to a duty station in Florida based upon their spouse's official active duty military orders.
- Prohibits an examinee whose exam materials were confiscated based upon suspicion of theft or unlawful reproduction from taking another exam until the criminal investigation determines if a violation occurred.
- It also requires our boards, or the department, when there is no board, to approve distance learning as an option to classroom hours to satisfy pre- and post-licensure education and continuing education for certain professions. The bill prohibits requiring centralized examinations for pre- and post-licensure education and continuing education for certain professions.

## Division of Professions

The department's Division of Professions is responsible for the licensing of nearly 370,000 professionals (see Appendix A). The division administers 12 professional boards, one council, and five department-regulated professions. These professionals include: architects and interior designers, asbestos consultants and contractors, athlete agents, auctioneers, barbers, building code administrators and inspectors, community association managers, the construction industry, cosmetologists, electrical contractors, employee leasing companies, geologists, landscape architects, harbor pilots, talent agencies and veterinarians. Effective October 1, 2009, the Board of Professional Surveyors and Mappers and its financial resources transferred to the Department of Agriculture and Consumer Services. Effective July 1, 2010, the division assumed responsibility for the licensure of home inspectors and mold-related services professionals. Pursuant to HB 1271, effective July 1, 2010, the Pilotage Rate Review Board was replaced by the Pilotage Rate Review Committee, established within the Board of Pilot Commissioners.

The Division of Professions' organizational structure includes the Director's Office, the Board/Council Offices, and the Bureau of Education and Testing.

- The Director's Office provides for the overall management and supervision of the division as well as handling administrative functions.
- The Board/Council Offices consist of five offices, each staffed by an executive director, two government analysts and an administrative assistant. Each office provides direct support to their respective boards/council by scheduling meetings, preparing application and disciplinary files for board review, attending and providing support during board/council meetings, and tracking discipline. In addition, the department is responsible for issuing licenses and taking disciplinary action for the athlete agent, talent agency, asbestos, community association management, home inspector and mold professions. The board/council offices also prepare newsletters for each profession, provide industry education through speaking engagements, and assist applicants and licensees with complex licensing issues that are referred from the department's Customer Contact Center.
- Bureau of Education and Testing. Effective July 2009, the division assumed supervision of the department's Bureau of Education and Testing, which is responsible for exam development and administration, processing continuing education provider and course applications, as well as monitoring our licensees' continuing education compliance.

## Division of Certified Public Accountants

The Division of Certified Public Accounting is responsible for the licensing of over 34,100 active and inactive Certified Public Accountants (CPAs), and 4,863 accounting firms pursuant to Chapters 455 and 473, Florida Statutes (See Appendix A). The division also provides administrative support to the Florida Board of Accountancy, which consists of nine members: seven CPAs and two consumer members. The board makes final decisions in areas that affect the practice of public accounting, which includes qualifying applicants for the CPA examination, issuing licenses, taking disciplinary action and promulgating rules as needed. Headquartered in Gainesville, as required by Section 20.165, Florida Statutes, the mission of the division is to promote consumer protection by ensuring that CPAs and CPA firms meet and adhere to the statutory requirements for licensure.

The Division of Certified Public Accounting organizational structure includes the Director's Office, Application/Licensure, and Enforcement.

- Director's Office – is responsible for the overall management and supervision of the division, as well as handling administrative functions such as processing verification of licensure and exam grades for other states, publishing quarterly newsletters for licensees, tracking discipline, providing industry education through speaking engagements, scheduling meetings, preparing agendas and materials for board and committee meetings, as well as attending and providing support during board meetings.
- Application/Licensure Section – is responsible for processing all first-time CPA exam applications, credit transfer CPA exam applications, licensure by endorsement applications, and reactivation applications, as well as acting as subject matter experts for licensure applications processed by the Division of Service Operations. This section is also responsible for assisting applicants and licensees with complex licensing issues that are referred from the department's Customer Contact Center.
- Enforcement Section – is responsible for the compliance of licensees and protecting the public by performing timely and efficient investigations of complaints. The section investigates applicable complaints regarding the CPA profession, as well as unlicensed activity. Violations that warrant additional actions are processed through the department's Office of the General Counsel (OGC). The OGC presents investigated complaints before the Probable Cause Panel of the Board of Accountancy for a determination as to whether there has been a violation of law or rule. If probable cause is found, the OGC prosecutes the case before the full Board.

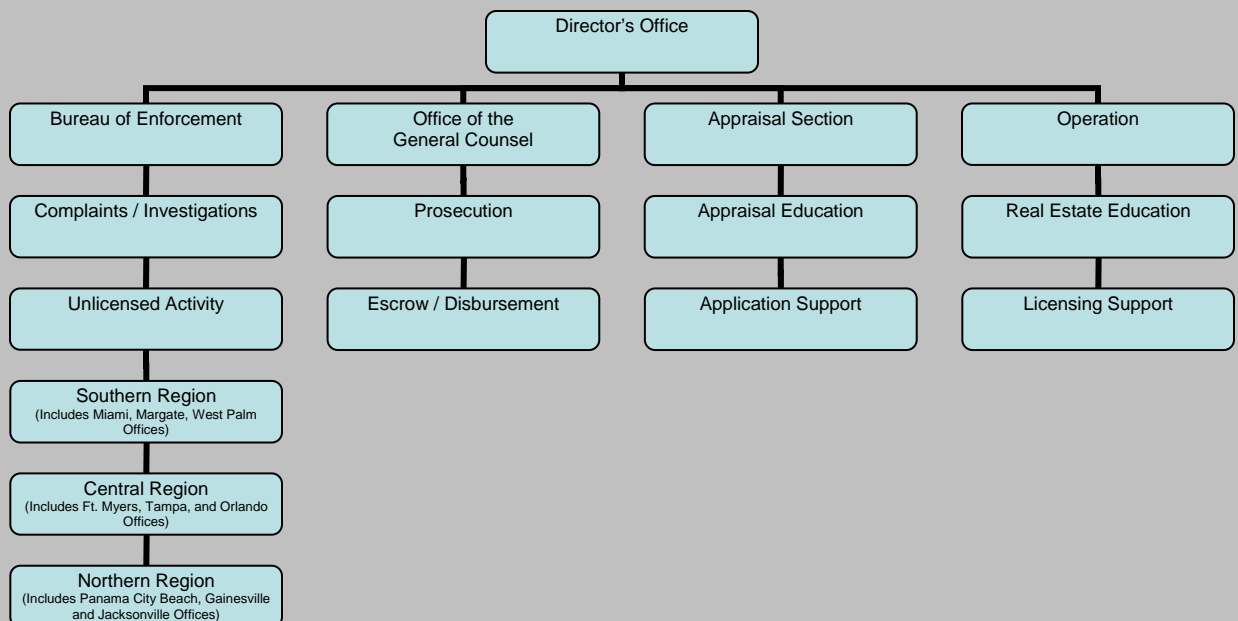

## Division of Real Estate

The Division of Real Estate (DRE) is responsible for the examination, licensing and regulation of over 300,000 real estate professionals, real property appraisal professionals including corporations, real estate schools and real estate/appraiser instructors pursuant to Chapters 455 and 475, Florida Statutes (See Appendix A). Additionally, the division provides administrative support to the Florida Real Estate Commission (FREC) and the Florida Real Estate Appraisal Board (FREAB).

The Division of Real Estate's organizational structure includes the Director's Office, the Bureau of Enforcement, the Office of the General Counsel (OGC), and the Licensing Support Section.

- The Director's Office provides for the overall management and supervision of the division, as well as handling the administrative functions. The director of the division is appointed by the department Secretary and approved by a majority vote of the Florida Real Estate Commission.
- The Bureau of Enforcement is responsible for the compliance of licensees and protecting the public by performing timely and efficient investigations of complaints. The bureau investigates applicable complaints regarding the real estate and appraisal professions, as well as, unlicensed activity. Violations that warrant additional action are processed through the department's Office of the General Counsel.
- The Office of the General Counsel (OGC) is responsible for processing complaints once an investigation has been completed. The OGC may present investigated complaints before the Probable Cause Panel of the Real Estate Commission or the Real Estate Appraisal Board for a determination as to whether there has been a violation of law or rule. If the probable cause is found, the OGC prosecutes the case before the full Commission or Board.
- The Licensing Support Section is responsible for processing non-routine applications and licensee inquiries that have been forwarded to the division from the department's Division of Service Operations. In most instances, applications sent to DRE require the applicant to appear before the FREC or the FREAB for a determination as to whether or not the applicant will be approved to take the requisite exam for licensure.

The Division of Real Estate headquarters is located in Orlando as required by Section 20.165, Florida Statutes. The division's field offices are located in: Tallahassee, Jacksonville, Tampa, Miami, West Palm Beach, Margate, Ft. Myers, Gainesville and Panama City Beach.

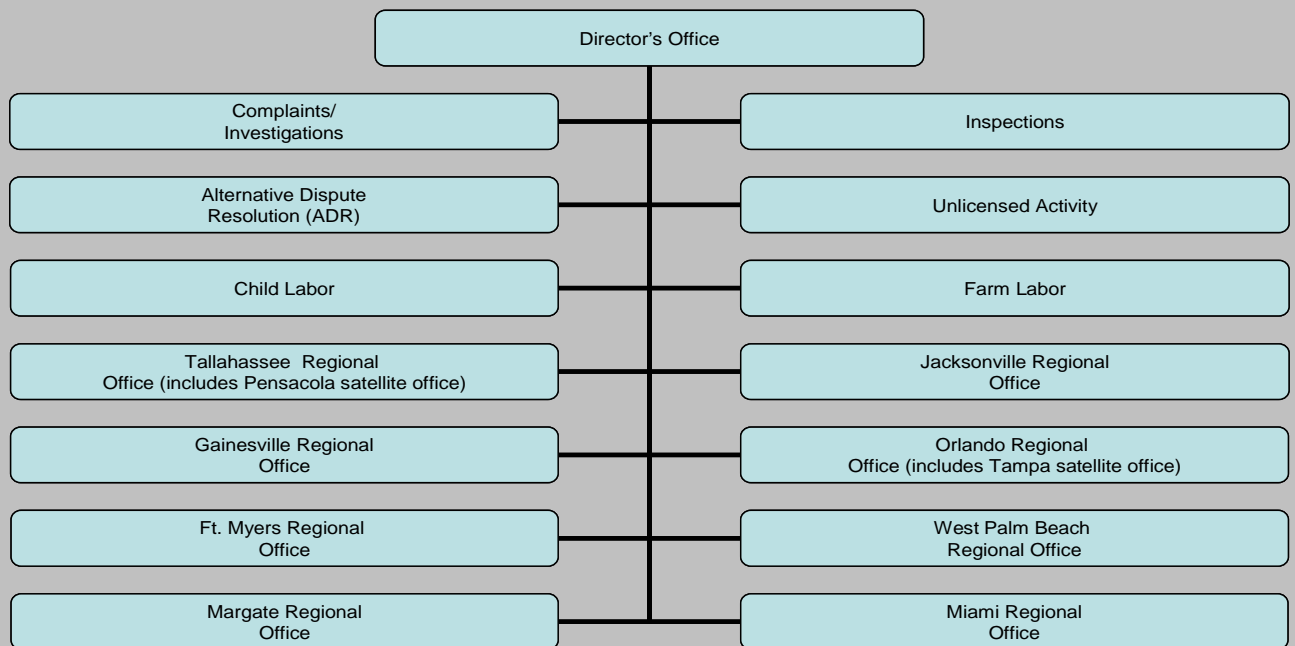

## Division of Regulation

The Division of Regulation is responsible for regulation and enforcement of the statutes and rules set for the nearly 370,000 individuals who hold professional licenses under the Division of Professions and the Farm and Child Labor Programs administered by the department (see Appendix A). Enforcement is carried out through complaint intake, analysis, investigations, and inspections through the authority of Chapters 310, 455, 468, Parts VI, VII, VIII, IX, XI, XII, XV, XVI, 469, 472, 474, 476, 477, 481, Part II, 489, Parts I & II, 492, and 548, Florida Statutes. The Division of Regulation is fully funded by the Professional Regulation Trust Fund through fees paid by its licensees with the exception of the Farm and Child Labor Program which is subsidized by fees, fines and the Workers' Compensation Trust Fund.

The division's organizational structure includes: the Director's Office; eight regional and two satellite offices; and six specialized program areas including: Complaints/Investigations, Alternative Dispute Resolution, Unlicensed Activity, Inspections, Child Labor, and Farm Labor.

The division is comprised of 130 employees throughout the state, which includes 77 investigators and 16 inspectors. The division has its headquarters in Tallahassee. Statewide operations are divided among regional offices located in Tallahassee, Jacksonville, Gainesville, Orlando, Fort Myers, West Palm Beach, Margate, Miami and two satellite offices located in Pensacola and Tampa.

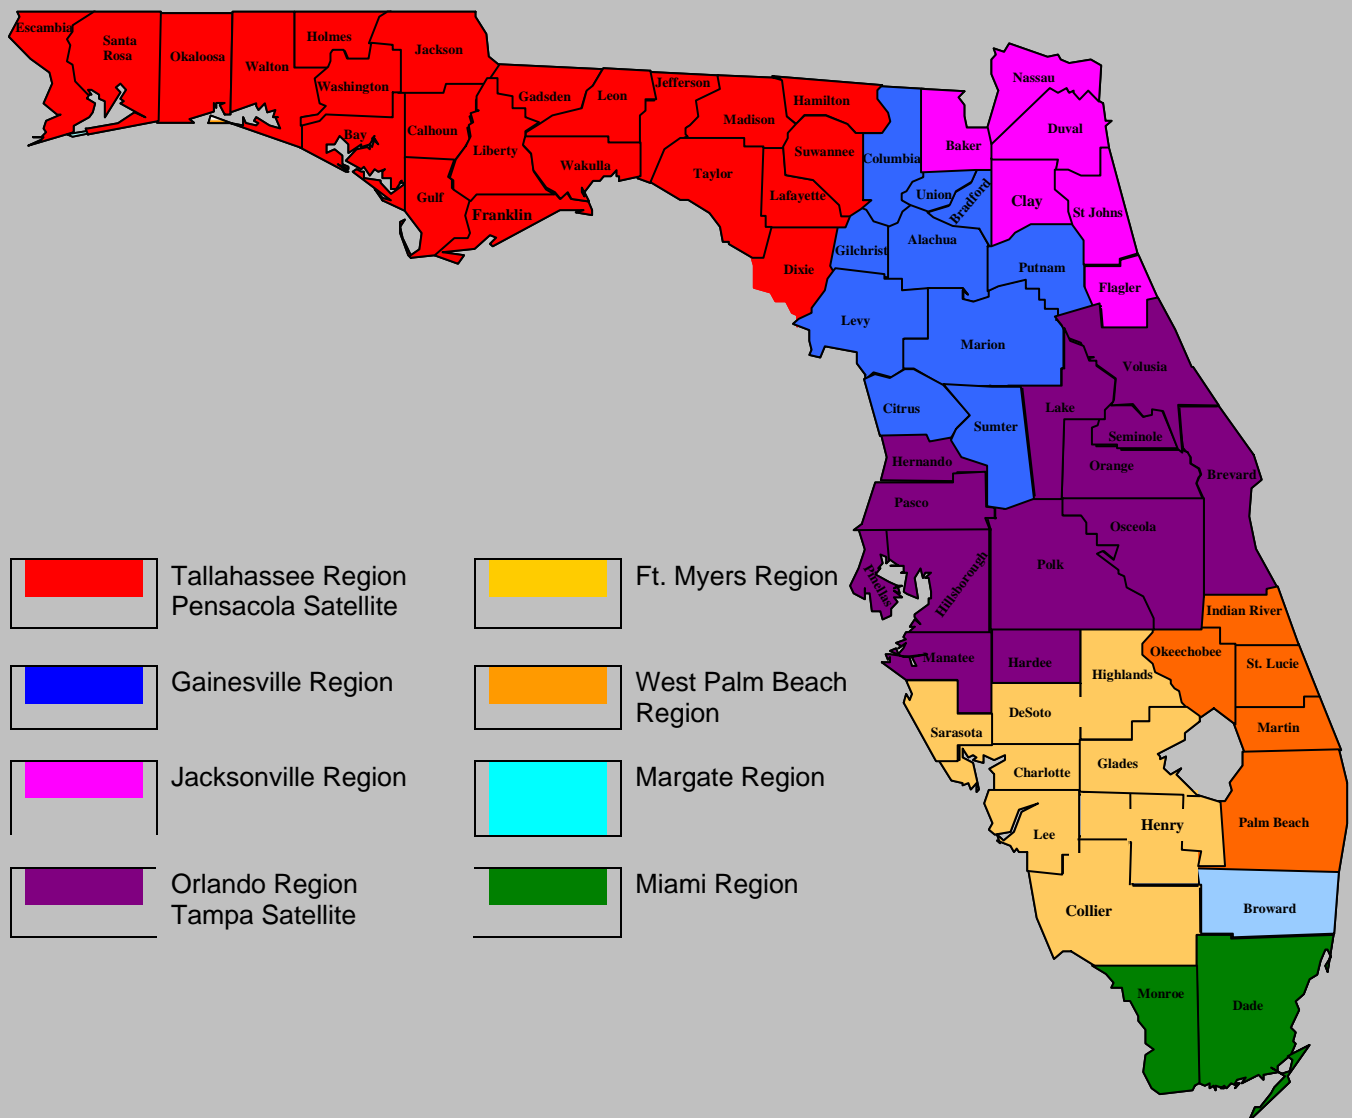

## Division of Regulation cont.

- The Director's Office provides for the overall management, policy making and supervision of the division as well as the handling of administrative functions.
- The Alternative Dispute Resolution Program (ADR) This 2009 Davis Award Winning unit is responsible for resolving consumer complaints by helping disputing parties reach a mutually acceptable resolution through mediation. This form of resolution greatly reduces the associated costs of processing complaints and investigations. In 2009-2010, over \$442,100 was saved by mediating complaints, thus avoiding investigative and legal costs. The ADR Program has been in operation since 1999 and is highly successful in facilitating the efficient resolution of complaints, while lowering investigative and legal costs.
- The Complaints/Investigations Program Area is responsible for intake and initial analysis of all profession-regulated complaints for the determination of legal sufficiency. Investigations are referred to the department's Office of the General Counsel for prosecution and where appropriate, to the State Attorney's Office for criminal prosecution.
- The Unlicensed Activity Program Area is responsible for coordinating and providing quality control for both consumer complaints of unlicensed activity as well as proactive outreach and enforcement actions. The deterrence of unlicensed activity regarding our regulated professions and related businesses has been given a high priority. Such activity is criminal in nature and has considerable potential for consumer harm. Proactive measures included the increase of compliance and enforcement sweep and sting operations, placement of public service announcement, partnerships with professional organizations and associations, and the production of consumer/licensee brochures.
- The Inspections Program Area is responsible for performing the statutorily mandated and complaint driven inspections of establishments licensed by the Boards of Cosmetology, Barbers, and Veterinary Medicine.
- The Farm Labor and Child Labor Programs help protect two of Florida's most vulnerable populations: children and farm labor workers. The two programs verify compliance with statutes through regulatory efforts which include licensing, testing, education, routine inspections, investigations and enforcement. These programs strive to keep Florida's Farm Labor Contractors and those businesses that employ minors in compliance with the requirements set forth in Florida Statutes.

## Division of Regulation cont.

### Division of Regulation Regional and Satellite Offices

- The Regional and Satellite offices are strategically located across the state to facilitate the performance of the department's mission to "*License efficiently. Regulate fairly*". Through coordination with headquarters in Tallahassee, these offices are responsible for conducting inspections, investigations, alternative dispute resolutions and sweeps and sting operations.

# Long-Range Program Planning & Monitoring

Section 455.204, Florida Statutes, requires the department and the boards, where appropriate, to develop and implement a long-range policy planning and monitoring process, including estimates of revenues, expenditures, cash balances, and performance statistics for each profession. The period covered shall not be less than five years. The department is required to monitor compliance with the approved long-range plan and provide concise management reports to the boards quarterly. Detailed copies of each profession's financial management reports and five-year projections are included in Appendix B.

As part of its long range plan the department shall evaluate:

- Whether the department, including the boards and the various functions performed by the department, is operating efficiently and effectively and if there is a need for a board or council to assist in cost-effective regulation. 455.204 (1), F.S.
- How and why the various professions are regulated. 455.204 (2), F.S.
- Whether there is a need to continue regulation, and to what degree. 455.204 (3) F.S.
- Whether or not consumer protection is adequate, and how it can be improved. 455.204 (4), F.S.
- Whether there is consistency between the various practice acts. 455.204 (5) F.S.
- Whether unlicensed activity is adequately enforced. 455.204 (6), F.S.

#### **Efficient and Effective Operation**

- Section 455.204(1), F.S. requires the department to evaluate whether the boards are operating efficiently and effectively.

The Divisions of Professions, Regulation, Real Estate and Certified Public Accountants provide services and oversight to 21 professions\*, and the Child and Farm Labor programs. The department is charged with evaluation of applications, licensing, license renewals, monitoring of continued education, investigations, inspections and other duties deemed appropriate.

As part of its monitoring process, the department evaluates whether its professions are operating in an efficient and cost-effective manner. The department has developed a formal Cost Allocation Plan that uses actual levels of service provided to allocate cost overhead to the various professions and businesses.

Most fees are adequate to cover both direct and indirect costs. The department acknowledges that some professions have actual or projected negative cash balances while others have actual or projected cash surpluses. All fees are set by rule and some are capped by statute. With this being the case, it is often a lengthy process to implement a fee increase or decrease when needed. The department has provided financial projections to the boards to allow for fees to be more timely adjusted and the department conducts an annual review of all professions at the end of each fiscal year. Those professions in a deficit or having excessive surpluses are reviewed for appropriate fee adjustments, and recommendations are made to the board for a course of action necessary to eliminate the actual or projected deficit or surplus. The ultimate decision to decrease fees is determined by the boards, or the department where there is no board. The department can take action to increase fees when there are deficits to correct projected long-term deficits.

\*On October 1, 2009, the licensing and regulation of surveyors and mappers transferred to the Department of Agriculture and Consumer Services.

On June 30, 2010, there were five (5) professions with negative cash balances.

- Electrical Contractors
- Talent Agencies
- Real Estates Appraisers
- Community Association Managers
- Pilot Commissioners

The Electrical Contractors' Licensing Board approved a one-time assessment of \$75 effective August 31, 2010, to eliminate its deficit.

Due to the small number of licensees, Talent Agencies do not generate sufficient funds to cover the department's cost of regulation. The program was created in 1986. The department issued the first licenses during FY 1987-1988 at the statutory cap of \$400 per license. The program has operated in a deficit since that time. The department anticipates that the deficit will continue.

The Florida Real Estate Appraisal Board ended fiscal year June 30, 2010 with a negative cash balance. It is likely that the Board will have a recurring problem which will be dealt with by a fee increase, a one time assessment, or a combination of both during the current fiscal year.

The Community Association Managers ended fiscal year June 30, 2010 with a negative cash balance. This negative cash balance should dissipate during the current fiscal year.

The Board of Pilot Commissioners ended fiscal year June 30, 2010 with a negative cash balance. This negative cash balance should dissipate during the current fiscal year.

#### **Regulation and Consumer Protection**

- Section 455.204(2)–(4), Florida Statutes requires the department to evaluate how and why various professions are regulated; whether there is a need to continue regulation and to what degree; and whether consumer protection is adequate and how it can be improved.

Section 11.62(2), Florida Statutes, provides that the intention of the Florida Legislature is that no profession or occupation be subject to regulation by the state unless the regulation is necessary to protect the public health, safety, or welfare from significant and discernible harm or damage, and that the police power of the state be exercised only to the extent necessary for that purpose. The statute also provides that no profession or occupation be regulated by the state in a manner that unnecessarily restricts entry into the practice of the profession or occupation or adversely affects the availability of the professional or occupational services to the public.

## Regulation and Consumer Protection cont.

The department's regulatory activities are designed to protect the public health, safety, and welfare. The regulatory oversight is appropriate to enforce the specific qualifications for each license type, accept and investigate complaints against licensees and to provide support to Boards in rulemaking and disciplinary procedures. The department is continuously working to improve customer service and to reduce regulatory barriers, while maintaining a high standard of consumer protection. The charts below show the department's current and projected performance in consumer protection.

The purpose of these measures is to show that the department is communicating with consumers promptly (Table 2.1), that every establishment providing cosmetology, barber and veterinary services is inspected in accordance with the laws and rules for the profession (Table 2.2) and that over 99% of all licensees regulated under Chapter 455, F.S. are in compliance with all the laws and rules for their profession. This percentage comes from dividing the total number of licensees by the number of disciplinary actions and it shows that almost all licensees are in compliance (Table 2.3).

The information provided in the tables below reflect the measures as outlined in previous submissions of the Long Range Program Planning provided to the legislature as required by Chapter 216, Florida Statute. The projections below indicate anticipated compliance with Long Range Program Planning measures.

**Table 2.1**      **Division of Regulation**  
**Percentage of complaints acknowledged in writing within 30 days**

Baseline FY 2006-07	FY 2010-11	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15
100%	100%	100%	100%	100%	100%

**Table 2.2**      **Division of Regulation**  
**Percentage of required inspections completed**

Baseline FY 2006-07	FY 2010-11	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15

**Percentage of licensees in compliance with all laws and regulations**

Baseline FY 2006-07	FY 2010-11	FY 2011-12	FY 2012-13	FY 2013-14	FY 2014-15
99.8%	99.0%	99.0%	99.0%	99.0%	99.0%

## Regulation and Consumer Protection cont. Complaints / Investigations Program

The Complaints/Investigations Program Area is charged with the receipt and analysis of complaints for the determination of legal sufficiency. A complaint is legally sufficient when it contains ultimate facts that a violation of the practice act has occurred. Complaint Analysts also supply Investigators and Inspectors in the field offices with vital background information on the person or business they are investigating or inspecting. The Complaint Section is responsible for the maintenance of all complaint records. The division has investigators and inspectors in each of the eight regional offices and they are charged with investigating complaints of possible statutory violations.

The department successfully streamlined its processes and reallocated staff and resources resulting in a significant decrease in the average number of days for the time a complaint is received until it is under investigation. The average number of days to complete the investigation phase of a case has also decreased during this fiscal year. Once an investigation is complete, it is forwarded to the department's Office of the General Counsel for possible prosecution. The processing time reductions have resulted in an increase in customer service allowing us to promptly address the needs of our consumers.

Tables 2.4 - 2.6 detail the monthly Complaints and Investigations processing statistics. Appendix C details complaint statistics by board.

Table 2.4

**Legally Sufficient** refers to the total number of complaints reviewed by the division that met the standard of legal sufficiency established in section 455.225 (1), Florida Statutes; However, the number of "Complaints Legally Sufficient" may not include all "Complaints Received" during a reporting period and can include complaints from previous quarters.

Regulation and Consumer Protection cont.  
Complaints / Investigations Program  
Table 2.5

Table 2.6

## Regulation and Consumer Protection cont. Alternative Dispute Resolution Program

The division's Alternative Dispute Resolution Program received its 11<sup>th</sup> Davis Productivity Award during FY 09-10. This program facilitates agreements between professionals and consumers, and may provide economic recovery to the consumer without the time and expense of an enforcement action against the professional. Section 455.2235, Florida Statutes, gives the division authority to resolve complaints through mediation, which has been proven to be especially beneficial after hurricanes and storms.

A department study determined that mediation in lieu of the investigative process saved \$1,014.00 per successful mediation in associated legal and investigative costs.

ADR has the authority to mediate complaints involving the following professions:

- CILB
- Barbers
- Cosmetology
- Auctioneers
- ECLB
- Landscape
- Employee Leasing
- Veterinarians

Table 2.7

Mediation Eligible	Cases Successfully Mediated	Mediation Cost Savings	Mediation Cases Closed	Mediation Cases Forwarded for Investigation
2,091	436	\$442,104.00		356

**Mediation Eligible:** Case that meets the requirements for mediation and will be assigned to a mediator.

**Successfully Mediated:** Cases where both parties have mutually agreed to a settlement relating to the outstanding issues in a complaint.

**Mediation Cost Savings:** The amount of legal and investigative costs that are saved by utilizing the mediation process in lieu of an investigation.

**Mediation Cases Forwarded for Investigation:** Cases where mediation has not been successful and investigation is required or requested by either party.

**Regulation and Consumer Protection cont.**  
**Division of Regulation Inspections Program**

The Inspections Program is responsible for performing the statutorily mandated and complaint driven inspections of establishments licensed by the Board of Cosmetology, Barbers Board, and the Board of Veterinary Medicine under Section 455.243, Florida Statutes. The two main functions of the Inspection Program are to protect the consuming public by inspecting licensed establishments and to actively seek out unlicensed activity relating to these professions. To increase efficiency, inspectors employ Personal Digital Assistants (PDAs) to conduct their inspections. Inspectors issue on-site discipline in the form of Notices of Non-Compliance (NNC) and Citations and may also initiate formal investigations.

Table 2.8

<b>Inspection Statistics 2009-2010</b>	
Percentage of required inspections completed	100%

## **Regulation and Consumer Protection cont. Farm and Child Labor Program**

The Farm and Child Labor Programs verify compliance of statutes through regulatory efforts which include licensing, testing, education, routine inspections, investigations and enforcement. These programs help protect the health, education and welfare of farm workers and working minors in Florida.

Farm Labor enforcement is conducted through an inspection process by investigators who verify proper licensing, transportation, sanitation and payroll. There are 16 investigators in agriculturally significant areas of the State to efficiently regulate and ensure compliance with all applicable State and Federal laws. Through the department's efforts, a better work environment for the farm worker is realized.

The Farm Labor Program issues certificates of registration to farm labor contractors who operate in Florida. Chapter 450, Part III, Florida Statutes defines a farm labor contractor as any person who, for a fee or other valuable consideration, recruits, transports into or within the state, supplies, or hires at any one time in any calendar year one or more farm workers to work for, or under the direction, supervision, or control of, a third person; or any person who recruits, transports into or within the state, supplies, or hires at any one time in any calendar year one or more farm workers and who, for a fee or other valuable consideration, directs, supervises, or controls all or any part of the work of such workers.

The Child Labor program enforces two primary components within its mission; (1) the law limits the amount of hours that minors may work, so that minors will be able and available for school; and (2) the law restricts the types of jobs minors may perform for safety reasons.

The Child Labor program enforces the provisions of the Florida Child Labor Law, Chapter 450, Part I, Florida Statutes, and its governing rule 61L-2, Florida Administrative Code. The Florida Child Labor Law, and the Federal Fair Labor Standards Act, which are federal laws that govern labor and employment practices in the United States, provide the basic rules and regulations governing the working relationship between minors and their employers. The law limits the amount of hours that minors may work, so that they will be able and available for school, and restricts the types of jobs they may perform for safety reasons. The program also evaluates and approves waivers of the Florida child labor law as requested, and issues "Permits-to-Hire" to employers when minors are employed in the entertainment industry. Educating employers, public school officials, students, parents, and the general public is also an integral part of proactive enforcement activities that help prevent future incidences of child labor law violations.

Tables 2.10-2.12 provide details on the Farm and Child Labor Program statistics.

## Regulation and Consumer Protection cont.

### Farm and Child Labor Statistics

Table 2.10

Total Number of Enforcement Contacts	Total Number of Disciplinary Actions	Total Number of Field Sanitation Inspections	% of Farm labor Contractor Inspected and In Compliance	% of Investigations and Inspections Performed to Annual Goal*
4,275	141	2,906	96%	129%

Statistics time frame: July 1, 2009-June 1, 2010

\* The department exceeded annual goal by 29%

Table 2.11

Licenses Issued	Exams Administered	Enforcement Contacts	Farm Labor Cases Opened	Administrative complaints
3,050	334	4,275	43	27

**Licenses Issued:** Number of farm labor contractor licenses issued and renewed.

**Exams Administered:** Number of initial and retake exams administered.

**Enforcement Contacts:** Number of inspections performed.

**Farm Labor Cases Opened:** When a case is created prior to the investigation of the employer.

**Administrative Complaints:** An administrative complaint is the charging document that details for the Respondent the violations of statute and/or rule upon which probable cause was found.

**Enforcement Contacts:** Any contact made by an investigator while performing a field inspection, complaint investigation, farmworker accident investigation, payroll audit or interview of an exempt entity.

**Disciplinary Actions:** Issuance of warnings, civil money penalty assessments, administrative complaints or final orders.

**Field Sanitation Inspections:** Onsite inspections by investigator to ensure presence of toilets, toilet paper, handwashing water, soap, paper towels, drinking water and single use cups.

**In Compliance:** No violations of Chapter 450, Part III, Florida Statutes found.

Table 2.12

Total Permits and Waivers	Investigations and Inspections	Child Labor Cases Opened	Administrative complaints
624	12,430	344	3

**Permit to Hire:** An entertainment industry permit to employ minors for a specific event and time.

**Waiver:** A waiver is a case by case release of certain Child Labor laws based on extenuating circumstance when it can be determined it is in the best interest of the minor. A waiver of Florida Child Labor law can not exceed the requirements of Federal law.

**Investigations/Inspections:** The total number of investigations/inspections completed

**Child Labor Cases Opened:** When a case is created prior to the investigation of the employer.

**Administrative Complaints:** An administrative complaint is the charging document that details for the Respondent the violations of statute and/or rule upon which probable cause was found.

**In Compliance:** No violations of Chapter 450, Part III, Florida Statutes found.

### **Consistency Between Practice Acts**

- Section 455.204(5), F.S. requires the department to evaluate whether there is consistency between the various practice acts.

Each of the department's professions is governed by Chapter 455, Florida Statutes, and individual practice acts. The department has determined that the practice acts are consistent with regard to a profession's unique qualification for licensure. The practice acts establish qualifications for licensure, which in most cases include some combination of education, experience, and examination. The practice acts establish standards of practice, disciplinary action, and prohibited acts that carry administrative and criminal penalties. Most professions include a governing professional board responsible for ultimate licensing and disciplinary decisions. The exceptions are community association managers, athlete agents, talent agencies, asbestos consultants and contractors, home inspectors and mold related professionals. The department is responsible for licensing and regulation of those professions. The Regulatory Council of Community Association Managers is responsible for adopting rules relating to the licensure examination, continuing education requirements, continuing education providers, fees, and professional practice standards to assist the department in carrying out its duties.

### **Unlicensed Activity Program**

- Section 455.204 (6), F.S. requires the department to evaluate whether unlicensed activity is adequately enforced.

Through educational outreach programs, and robust sweep and sting operations, the Unlicensed Activity Program (ULA Program) aggressively fights against unlicensed activity throughout Florida helping to maintain the integrity of the professions we regulate.

The department focuses on three levels of outreach: Consumer, Professional, and Licensee. Consumer outreach efforts help educate citizens about the dangers of unlicensed activity. Professional outreach efforts serve to encourage networking, strengthen agency relationships and provide information about the department's role in unlicensed activity. Finally, Licensee Outreach efforts inform licensees about the mission of the department as well as solicit assistance from them in identifying unlicensed activity.

In addition to outreach, the department has stepped up its enforcement efforts. The department conducts sweeps as a pre-emptive enforcement action performed in areas of known or suspected unlicensed activity. Staff generally perform sweeps in conjunction with other state agencies, law enforcement or local municipal agencies. Stings are an enforcement action in which the department pursues known unlicensed persons by providing the unlicensed subject the opportunity to offer services that require a license. These operations ensure that unlicensed activity is adequately enforced resulting in arrests, issuance of Cease and Desist orders, citations or investigative cases.

**Unlicensed Activity Program cont.**  
**Sweeps, Stings and Outreach**

**Sweeps** refer to the pre-emptive or proactive enforcement actions performed in areas of known or suspected unlicensed activity. Division staff, generally performs these enforcement actions in conjunction with other state agencies, law enforcement or local municipal agencies. Cease and Desist Orders, Citations, or the opening of cases are enforcement actions taken during Division of Regulation Sweeps.

**Stings** refer to enforcement actions in which the division pursues suspected unlicensed persons by providing the unlicensed subject the opportunity to offer services that require licensure through bids, proposals or performance of the service to undercover investigators and/or law enforcement personnel. The resulting enforcement action may include arrest, issuance of Cease and Desist Orders, Citations or investigative cases. The object is to curtail unlicensed activity in efforts to protect the public.

**Outreach** refers to an opportunity for a department representative to meet with the public, community leaders, licensees or other

## Unlicensed Activity Sweep and Sting Results FY 06-07, FY 07-08, FY 08-09, 09-10

**Table 2.13**  
(See Appendix D for Sweep Statistics per Region)

**Table 2.14**  
(See Appendix E for Sting Statistics per Region)

**Table 2.15**

### **Unlicensed Activity Secretary's Sweep and Sting Initiative**

During "On the Road to Better Business," both former Secretary Charles W. Drago and current Secretary Charlie Liem hit the road and worked from district offices across the state providing opportunities for customers to meet with them. They shared their experiences with the department and offered suggestions on how to enhance business. Many licensees raised concerns that unlicensed activity was creating serious harm to their professions by allowing unfair competition and unprofessional workmanship, among other issues. The department introduced the idea of a statewide Sweep and Sting Initiative. This would provide a statewide push for finding and preventing unlicensed activity and call attention to the department's effort to combat this harmful practice. The operations were very successful resulting in arrests, issuance of Cease and Desist orders, citations, and cases.

Beginning March 2010, the Unlicensed Activity Program reached out to consumers, licensees and unlicensed persons who used the internet networking site, [www.Craigslist.org](http://www.Craigslist.org) for construction related work advertisements. Unlicensed contractors often use this site to advertise their services to the unsuspecting public. The Unlicensed Activity team posted educational information to encourage consumers to verify a contractor's license before hiring someone to do work on their home. The messages included the information about the department's website and tips on hiring licensed professions. Between March and July 2010, members of the Unlicensed Activity enforcement team posted 477 different messages reaching every Craigslist posting area in the state. In addition, the department was able to flag and remove approximately 200 postings by unlicensed contractors who used the site. The department was also successful in asking Craigslist.org to provide a link to the department's website so that consumers could use our site to verify a contractor's license.

### **Report Unlicensed Activity**

The department encourages everyone to help us fight unlicensed activity and has made every effort to make this process easy. We have provided several avenues in which consumers can report unlicensed activity. Complaints can be filed by: accessing complaint forms online at [www.myfloridalicense.com](http://www.myfloridalicense.com), emailing our unlicensed activity inbox at [ula@dbpr.state.fl.us](mailto:ula@dbpr.state.fl.us); mailing and faxing complaints to headquarters, or calling our toll free hotline at 1.866.532.1440.

# Finances, Administrative Complaints, & Disciplinary Actions

Section 455.2285, Florida Statutes, requires the department to submit an annual report which is detailed in the following sections:

**Revenues, Expenditures, and Cash Balances**

- The revenues, expenditures, and cash balances for the prior year, and a review of the adequacy of existing fees pursuant to section 455.2285 (1), F.S.

Section 455.2285 (1), F.S., requires the department to submit revenues, expenditures, and cash balances for the prior year, and a review of the adequacy of existing fees.

Appendix B addresses includes detailed copies of each profession's financial management reports and five-year projections. The management reports and projections provide total revenues, expenditures, and cash balances for the prior year. The Long Range Planning and Monitoring section also addresses the adequacy of existing fees.

**Probable Cause, Administrative Complaints and Discipline**

- The number of complaints received and investigated pursuant to 455.2285 (2), F.S.
- The number of findings of probable cause made pursuant to section 455.2285 (3), F.S.
- The number of findings of no probable cause made pursuant to section 455.2285 (4), F.S.
- The number of administrative complaints filed pursuant to section 455.2285 (5), F.S.
- The disposition of all administrative complaints pursuant to section 455.2285 (6), F.S.
- A description of disciplinary actions taken pursuant to section 455.2285 (7), F.S.

Section 455.2285 (2-7), F.S., requires the department to report the number of complaints received and investigated; the number of findings of probable cause made; the number of findings of no probable cause made; the number of administrative complaints filed; the disposition of all administrative complaints; and a description of disciplinary actions taken.

Appendix C includes data regarding findings of probable cause, findings of no probable cause, the number and disposition of administrative complaints, and description of disciplinary action taken.

### **Department Efforts to Reduce Year-Old Investigations and Discipline**

- A description of any effort by the department, for any disciplinary cases under its jurisdiction, to reduce or otherwise close any investigation or disciplinary proceeding not before the Division of Administrative Hearings under chapter 120 or otherwise not completed within 1 year after the initial filing of a complaint under this chapter pursuant to section 455.2285 (8), F.S.

The department conducts monthly reviews of cases to ensure compliance with our goal to resolve cases within one year from the date of receipt. In order to manage this goal, a time management guideline was established to move cases through the system. The timeline for the department includes:

- Review of all complaints within 30 days and notify the person filing the complaint of the results. The current average in the Division of Regulation is 13 days.
- The goal in the Division of Regulation is to complete all investigations in 120 days. The current average is under 100 days.
- Within 30 days of receipt by legal - review and draft recommendations on each case and close, as necessary (if appropriate and the department has closing authority)
- Within following 60 days – (if the department does not have closing authority) cases heard by probable cause panel
- Within following 10 days – cases are filed with agency clerk and after 10 days, becomes public (if probable cause was found). Community Association Manager and ULA cases are public during all stages of the complaint process.
- Within following 60 days – administrative complaint is served upon respondent
- Within following 21 days – respondent chooses election of rights
- Election of rights - choices:
  - If settlement agreement – placed on board agenda in following 60 days
  - If informal hearing – placed on board agenda in following 60 days
  - If formal hearing:
    - Wants to negotiate – additional 30 days to resolve before sending to Division of Administrative Hearings (DOAH)
    - If wants a formal hearing – additional 15 days to send to DOAH
- Following Board meeting – additional 30 days for receipt of Final Order from Attorney General's office

In all cases, it is assumed that investigation will take no longer than 120 days from the receipt of the complaint until the complaint is provided to the Office of the General Counsel. Including the time for case resolution the department works to meet the following aspirational goals.

#### **Closure by department (where department has closing authority)**

- 120 days – investigation
- 30 days – review and draft closing orders
- **Total = 150 days**

#### **Closure by board (where department has no closing authority)**

- 120 days – investigation
- 30 days – review and draft closing orders
- 60 days – heard by probable cause panel
- 20 days – case closed & closure paperwork
- **Total = 230 days**

### **Probable Cause found by Panel (Various scenarios – minus cases requesting Department of Administrative Hearings)**

- 120 days – investigation
- 30 days – review and draft administrative complaint
- 60 days – administrative complaint presented the by probable cause panel
- 10 days – administrative complaint is filed with agency clerk if Probable Cause is found
- 60 days – administrative complaint is served on respondent
- 21 days – election of rights received from the respondent in a timely manner
  - 45 days– if negotiation followed by settlement stipulation to board
  - 60 days – if settlement stipulation to board without additional negotiation
  - 30 days + 60 days – if negotiation and then informal hearing before board
  - 60 days – if informal hearing to board without additional negotiation
- 30 days - receipt of final order from Attorney General's office following board meeting
- 30 days – case closed & closure paperwork
- **Totals = Various scenarios**
  - 411 days – administrative complaint is settled by stipulation without further negotiation
  - 411 days – administrative complaint is resolved through informal hearing without further negotiation
  - 466 days– Case resolved by stipulation following negotiation
  - 441 days – Case resolved following informal hearing after negotiation

The guidelines above have to be modified for those cases that appear before a board that does not meet every month. However, the basic goal of resolving cases within one year remains in place. If it appears the guideline will not be met, the department works out a plan to get those cases resolved as quickly as possible. Cases requiring an in-depth investigation, prosecution, or in which criminal prosecution is on-going will likely fall outside the desired one year time frame.

### **Status of Rule Development Providing for Disciplinary Guidelines**

- The status of the development and implementation of rules providing for disciplinary guidelines pursuant to sections 455.2273 and 455.2285 (9), F.S.

Section 455.2285 (9), F.S., requires the department to report the status of the development and implementation of rules providing for disciplinary guidelines pursuant to section 455.2273, F.S. The department is continually reviewing disciplinary guidelines, discussing proposed changes if necessary, and either entering into rulemaking or working with the boards to do rulemaking, to make sure the disciplinary guidelines are utilized in the least restrictive manner while protecting the health, safety, and welfare of the public.

### **Recommendations for Administrative and Statutory Changes**

- Recommendations for administrative and statutory changes necessary to facilitate efficient and cost-effective operation of the department and the various boards pursuant to section 455.2285 (10), F.S.

Section 455.2285 (10), F.S., requires the department to provide recommendations for administrative and statutory changes necessary to facilitate efficient and cost-effective operation of the department and the various boards. The department continues to review its processes to determine where it can improve customer service and reduce regulatory barriers. The department will continue to explore administrative and statutory changes that improve our services.

**Complaints Received** refers to the total number of complaints actually received and entered into the department's single licensing computer system during the reporting period.

**Legally Sufficient** refers to the total number of complaints reviewed by the division that met the standard of legal sufficiency established in section 455.225 (1), Florida Statutes. However, the number of "Complaints Legally Sufficient" may not include all "Complaints Received" during a reporting period and can include complaints from previous quarters.

**Findings of Probable Cause** refers to the total number of cases that have been presented either to a probable cause panel, or the department when there is no board or the finding of probable cause has been delegated to the department by the board during the reporting period and probable cause has been found. However, the number of "Findings of Probable Cause" may not include all "Prosecution Cases Opened" during the reporting period and may include cases from previous quarters. Probable cause means that there is some evidence considered by the panel, or the department, that would reasonably indicate that a violation by Respondent of the practice act or rules occurred.

**Findings of No Probable Cause** refers to the total number of cases that were presented either to a probable cause panel of the board, or the department when there is no board or the finding of probable cause has been delegated to the department by the board, during the reporting period and probable cause has not been found. However, the number of "Findings of No Probable Cause" may not include all "Prosecution Cases Opened" during the reporting period and may include cases from previous quarters.

**Number of Administrative Complaints Filed** refers to the total number of administrative complaints filed during the reporting period. An administrative complaint is the charging document that details for the Respondent the violations of statute and/or rule upon which probable cause was found. However, the "Number of Administrative Complaints Filed" may not include all "Prosecution Cases Opened" during the reporting period and may include cases from previous quarters.

**Files Closed / Orders of Closure** refers to the disposition of a case where probable cause is found and yet the case is not prosecuted due to evidentiary or other legal reasons.

**Number of Disciplinary Actions** refers to the total number of disciplinary actions that were entered against Respondents on cases during the reporting period. Disciplinary actions may include any combination of the following: permanent revocation or suspension of Respondent's license, restriction of practice, imposition of an administrative fine, imposition of investigative costs, issuance of a reprimand, placement of Respondent on probation, corrective action, and/or any other relief the board, or department when there is no board, deems appropriate. However, the "Number of Disciplinary Actions" may not include all "Prosecution Cases Opened" during the reporting period and may include cases from previous quarters.

**Number of Dispositions** refers to the cases disposed of without a finding of probable cause, the number of files closed/orders of closure, and the number of disciplinary actions.

**License Check:** During a sweep or sting, investigators will approach individuals and ask to see their license when licensure is required. This number is the total number of times these requests are made.

**Site Visited:** This is the total number of locations visited by investigators during a sweep or sting.

**Notice of Non-Compliance (NNC):** Licensees may be provided with this document, which is a written warning to correct the violation within 15 days if the violation is an initial offense that is minor in nature.

**Citations:** In lieu of an investigative case, investigators may issue citations in both licensed and unlicensed cases where the board or department has determined by administrative rule that those types of violations pose no substantial threat to the public health, safety, or welfare.

**Case Opened:** This represents the total number of investigative cases opened since July 1, 2008 in connection with a sweep or a sting.

**Cease and Desist (C & D):** A Notice to Cease and Desist may be issued by an investigator upon probable cause that unlicensed activity has occurred. This document is similar to a warning advising the unlicensed person to discontinue the unlicensed activity.

**Arrests:** An Arrest for this purpose is a technical or physical arrest by a law enforcement officer present at the sweep or sting of an individual who may have been charged with violating state or local licensing requirements and is charged with unlicensed activity as a result of the department's involvement with the sweep or sting.
