

ANNUAL REPORT

2014-2015

Division of Professions
Division of Certified Public Accounting
Division of Real Estate
Division of Regulation

Message from the Secretary

Dear Fellow Floridians,

Throughout Fiscal Year 2014-2015, the Department of Business and Professional Regulation (DBPR) continued to improve processes and reduce burdensome regulations for the more than one million businesses and professionals licensed by the Department. We achieved this by encouraging DBPR employees to look for areas of improvement and by partnering with industry stakeholders to create policies and processes that make good business sense.

One of the processes we streamlined in Fiscal Year 2014-2015 was creating a self-printing method for the more than 350,000 real estate professionals to obtain their licenses online. By eliminating printing and postage costs and delays, Florida's licensed real estate professionals are able to get to work 7-10 days quicker and start earning an income for their families sooner. With an average of more than 4,300 new real estate applications received each month, Florida's growing real estate industry can continue to thrive.

The Department continued to make significant changes focused on improving the services we provide. We can now process an application in a quarter of the time it took in 2010; on average, applications are processed in less than three days despite a 20 percent increase in applications each year. Additionally, the Department updated its phone system and hired additional bilingual call agents to make it easier for Florida's Spanish speaking population to contact the Department. Because of these improvements, the average hold time for Spanish speaking callers has decreased from almost two and a half minutes to just under a minute and a half.

License fee reductions and renewal fee holidays allowed Florida's licensed professionals to keep more of their hard-earned money and reinvest it in their business. DBPR; along with the Florida Board of Professional Engineers introduced several fee reductions which impacted landscape architecture, cosmetology, athlete agent, asbestos unit, real estate, and professional engineers licensees. Additionally, one-time fee renewal holidays were issued for mold-related, home inspector, construction industry and architecture and interior design licensees. Lower fees allow these industries to flourish and continue providing jobs for Florida families.

In addition to treating our licensees as valued partners and reducing unnecessary processes and regulations, DBPR's mission also includes protecting the safety of Florida's consumers. In Fiscal Year 2014-2015, Department staff conducted more than 650 outreach events and presentations to educate Floridians about the dangers unlicensed individuals pose and the importance of hiring licensed professionals. In conjunction with proactive enforcement efforts and investigations, the Department spread awareness to help curb unlicensed activity and to maintain the integrity of the professions we license.

At DBPR, we are always asking ourselves how we can make it easier for Floridians to get to work. By streamlining processes and maintaining a balance of fair, but not excessive, regulations, we are able to create an environment where businesses are able to grow. I am honored to work with a team that is dedicated to serving our licensees as well as protecting Florida's consumers and I look forward to what we will be able to accomplish in the next fiscal year!

Sincerely,

Ken Lawson

Executive Summary

This report prepared pursuant to sections 455.204 and 455.2285, Florida Statutes, details the Department of Business and Professional Regulation's long-range planning and monitoring process and provides statistics regarding its enforcement and discipline of the professions it regulates.

During FY 2014-2015, the Department continued to prioritize the development of process improvements that benefit Florida's licensed professionals and consumers. Primary efforts included:

Military Support: The Department developed a video which highlights and explains the benefits available to active duty military personnel and veterans. The video includes information regarding the administration of certain licensure examinations for active duty military personnel at military bases throughout the United States and overseas, and waiver of the initial licensing fee, the initial application fee, and the initial unlicensed activity fee for military veterans and their spouses. The video also provides information about exemption from renewals and temporary spouse licensure for active duty military and their spouses. The video was presented at the Florida Base Commanders meeting and is posted on the Department's Military Services webpage.

Consumer Recovery: The Florida Homeowners' Construction Recovery Fund (Recovery Fund) continued to see increased funding generated by the improvement of Florida's housing market and with the assistance of legislative funding changes passed in 2010 and 2012. The increased funding allowed Governor Rick Scott and the Florida Legislature to approve a \$5.5 million dollar annual appropriation for payment of Recovery Fund claims. A total of \$4,006,391 in recovery payments was approved during the 2014-2015 Fiscal Year, assisting an additional 157 financially injured consumers. As of May 2015, the Recovery Fund resolved the prior recession-era backlog of consumer claims, allowing the Department to provide newly completed claims directly to the Recovery Fund upon receipt of all documentation substantiating the claim.

Improvements for Licensees: Licensure and renewal fees for cosmetology, asbestos, athlete agent, real estate, and engineer licensees were reduced by 20-50%, resulting in a cost-savings of \$5,689,841. Fee holidays for mold-related service, home inspection, construction, and architecture and interior design licensees were implemented, resulting in a cost-savings of \$10,505,860. Examinations for seven construction licensure categories were migrated to a computer-based testing platform: roofing, underground utilities, sheet metal, gypsum, specialty structure, gas line and pollutant storage. This allows better flexibility in scheduling for examinations while also increasing the number of examination sites throughout the state.

Additional Frequently Asked Questions (FAQs) were created based on call analyses to assist Customer Contact Center agents with complex issues for professions regulated by the Department. These new FAQs enabled Customer Contact Center agents to immediately respond to customer concerns without transferring the call.

The Department is committed to meeting the needs of Florida citizens. It is the needs of Florida's consumers and licensed professionals that drive our process improvement efforts.

Section One: Department Information

Mission

License efficiently. Regulate fairly.

Our Vision

We will make DBPR and Florida great places to do business. To that end, we will invest in our employees, treat our licensees as valued customers and partners and uphold laws that protect the public and Florida's competitive marketplace.

Our Values

Accountability

We hold ourselves to the highest standards on behalf of our customers and the public.

Innovation

We foster an environment that encourages everyone to seek ways to make DBPR and Florida great places to do business without the constraints of fear of change or long held practices.

Integrity

We are fair and honest in all that we do so that our employees and customers trust our decisions.

Ownership

We embrace our responsibility to serve and see things through to resolution.

Responsiveness

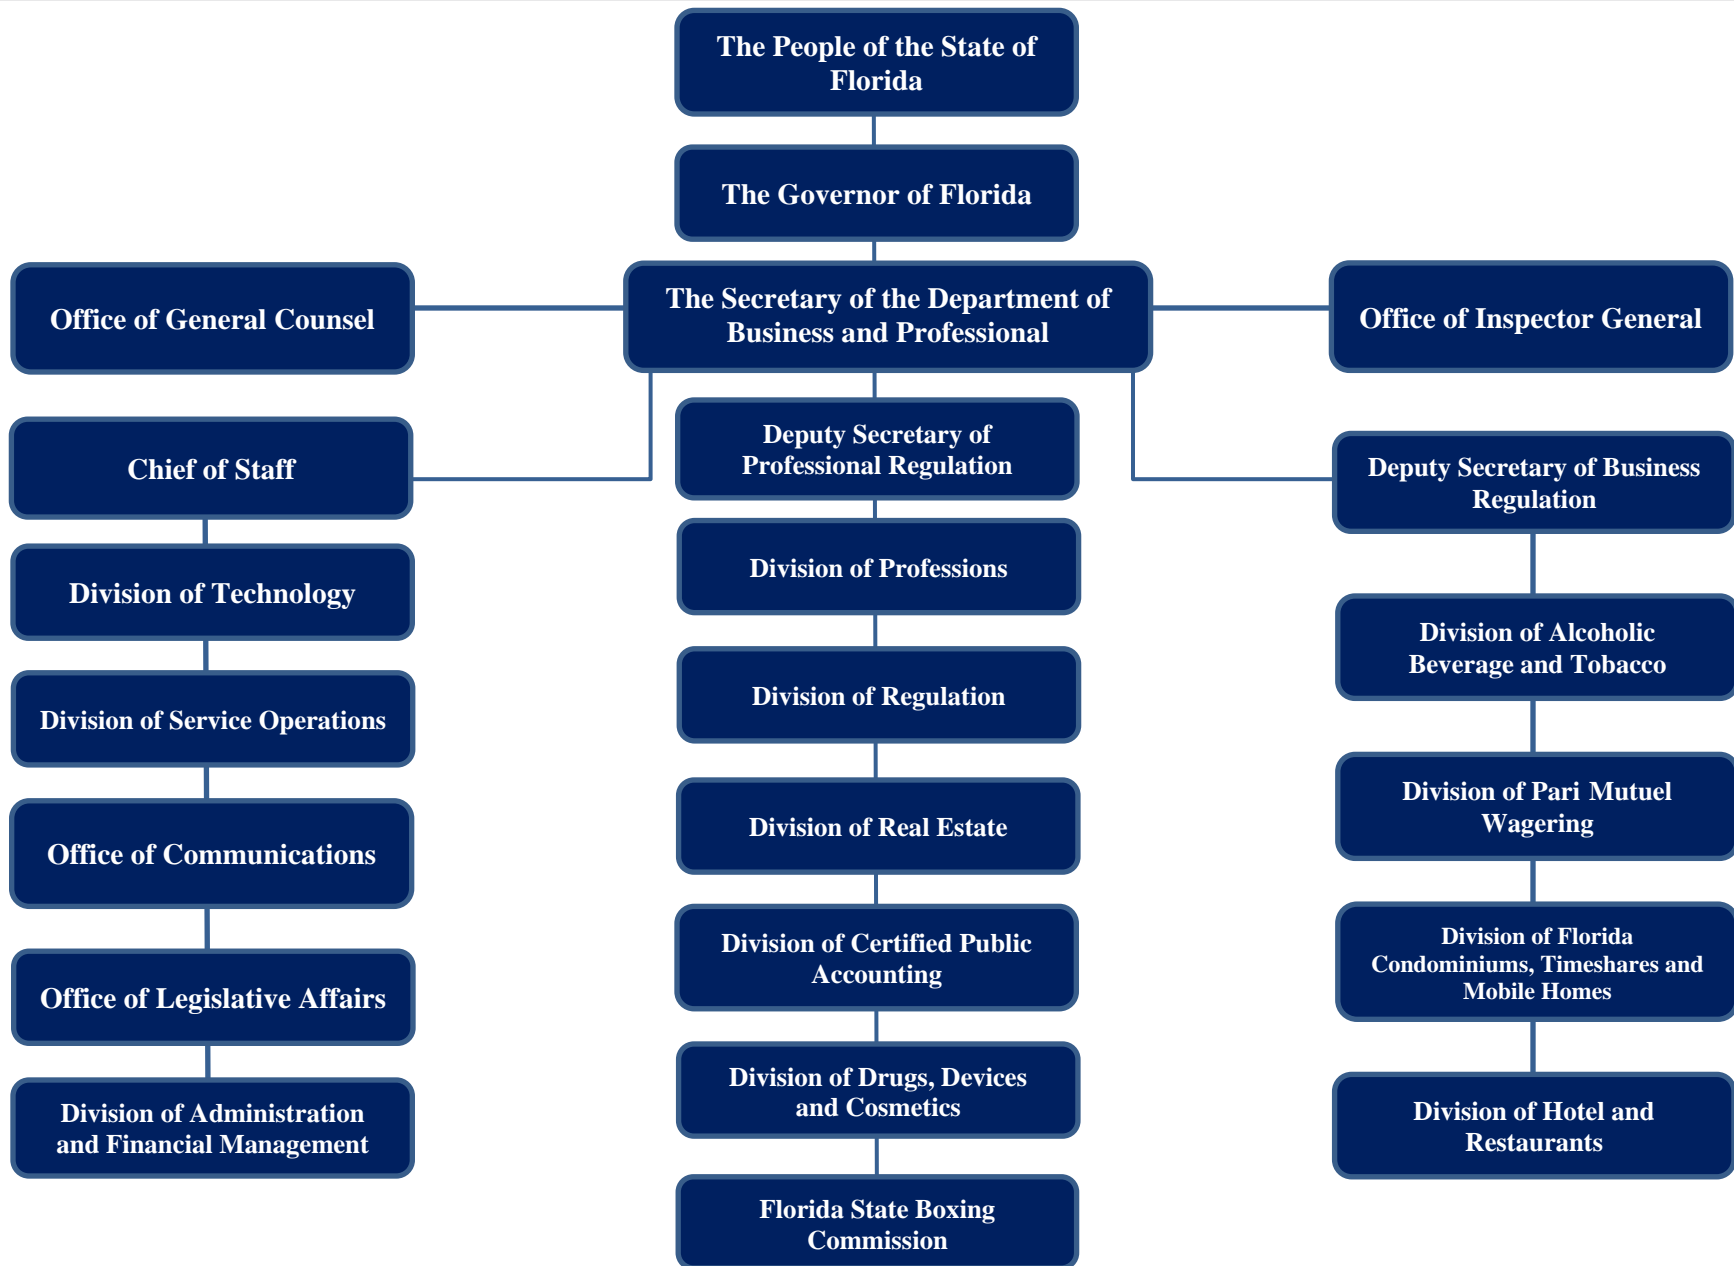

We are approachable and empathetic, we provide timely, accurate and consistent information and we offer alternative solutions when available.

Respect

We treat our employees and customers with fairness and courtesy and appreciate each person's viewpoint.

Teamwork

We understand, rely upon and cultivate the talents of our colleagues and customers to help us reach our goals.

Department Accomplishments

Military Services Video

The Department developed a video which highlights and explains the benefits available to active duty military personnel and veterans. The video was presented at the Florida Base Commanders meeting and is posted on the Department's Military Services webpage

CustomerSuccess!

CustomerSuccess! is a quality control process designed to enhance and engrain our cultural focus on determining what processes make our customers successful, measuring those processes, and improving their performance. CustomerSuccess! provides a permanent means to build upon the gains achieved through the ApplyNow! Project and reinforces our commitment to the success of our customers. The CustomerSuccess! project is in its third year and has been expanded to include all of the professional regulation divisions.

While ApplyNow! was a project aimed at improving applications, CustomerSuccess! has a much wider scope; seeking to improve internal performance measures; improving business processes and streamlining work flow; improving the online application process and accessibility; and improving performance metrics and employee training. Performance Action Teams have been established for each division and meet monthly to review performance metrics, identify issues, and discuss solutions. The teams develop and execute specific work plans for solutions; develop customer satisfaction surveys to obtain customer feedback and identify issues; and produce structured quarterly reports that contain the metrics for that quarter, comments on trends, issues, solutions, accomplishments, and status reports for pending work plans.

Notable Achievements:

- A new Industrial Facilities specialty contractor category for construction licensees was developed. This new category meets the needs of many contractors who did not qualify for broader licensure categories.
- The Department's online application portal was enhanced to clarify the current application fees due for professions with varying fees throughout the biennial.
- Examinations for seven construction licensure categories were migrated to a computer-based testing platform: roofing, underground utilities, sheet metal, gypsum, specialty structure, gas line and pollutant storage. This allows better flexibility in scheduling for examinations while also increasing the number of examination sites throughout the state.
- A geologist-in-training program was implemented to allow geology students to enter the profession in a limited capacity before graduation from their educational program.
- Additional FAQs were created based on call analyses to assist the Customer Contact Center agents with complex issues for professions regulated by the Department. These new FAQs enabled Customer Contact Center agents to immediately respond to customer concerns without transferring the call.

- The Product Approval section of the Building Code Information System website was enhanced to provide easier access to information.
- Licensure and renewal fees for cosmetology, asbestos, athlete agents, real estate, and engineer licensees were reduced by 20-50%, resulting in a cost-savings of \$5,689,841.
- Fee holidays for mold-related service, home inspection, construction, and architecture and interior design licensees were implemented, resulting in a cost-savings of \$10,505,860.
- The Division of Regulation's Unlicensed Activity Program exceeded its goals for the number of outreaches and sweeps conducted. The Division exceeded that goal by conducting 658 outreaches, 654 compliance checks, and 38 undercover sting operations in FY 14-15.
- The licensing section of the Division of Certified Public Accounting converted its deficiency notification process from physical mail to email, which expedited the notification process for all applicants and eliminated the need to print and mail more than 60,000 pages per year.
- The Division of Certified Public Accounting completed an overhaul to its deficiency notification system using standard language that allowed division staff to concisely determine the most common causes of application deficiencies, which allowed staff to put together an action plan aimed at reducing the Division's current average application deficiency rate.
- The Division of Certified Public Accounting and the Customer Contact Center began meeting on a monthly basis to analyze the complex nature of the call center's escalation reports and to create new FAQs and action plans that provide resolution for uncommon, highly-detailed customer inquiries, which increased the Department's ability to provide a single point of resolution for the customer. This has led to a substantial reduction in the number of calls that need to be escalated to the board office for further assistance.

Legislative Impacts

The Department was affected by legislation during the 2015 session of the Florida Legislature including the following:

House Bill 373

House Bill 373 clarified the definition of a licensed firm or public accounting firm who must hold a license issued under Florida law. The bill clarified under which circumstances a licensed firm or public accounting firm must hold a Florida Certified Public Accounting firm license. The bill defined “quality review”, to include a peer review and required that all licensees enroll in a peer review program. The bill also clarified the practice requirements for partnerships, corporations, and limited liability companies.

Senate Bill 608

Senate Bill 608 made changes to chapter 475, F.S., which covers regulation of real estate and appraisal licensees by the Florida Real Estate Commission (FREC) and the Florida Real Estate Appraisal Board (FREAB).

Rulemaking authority was granted to the FREC to allow a brokerage to register a broker on a temporary, emergency basis if a sole broker is temporarily or permanently incapacitated.

The bill exempted applicants for a real estate licenses from post licensure education if they have a four year degree or higher, in real estate. Formerly, only one with a four year degree was exempt from the post licensure education requirement.

The bill granted FREC the ability to reinstate the license of an individual whose license has become null and void if the FREC determines that the individual failed to comply with licensure requirements because of illness or economic hardship.

To comply with federal requirements, the bill provided that only certified appraisers may supervise trainees. The bill also provided for the Department to collect from appraisers and transmit to the appraisal subcommittee, an annual fee to perform appraisals on federally related transactions. The bill required individual appraisers and Appraisal Management Corporations (AMCs) to create and maintain a work file and other specified documents when creating an appraisal in order to meet federal requirements.

Finally, the bill provided that out-of-state appraisers are only required to complete a 40-question Florida Supplemental exam on Florida’s laws when seeking Florida licensure.

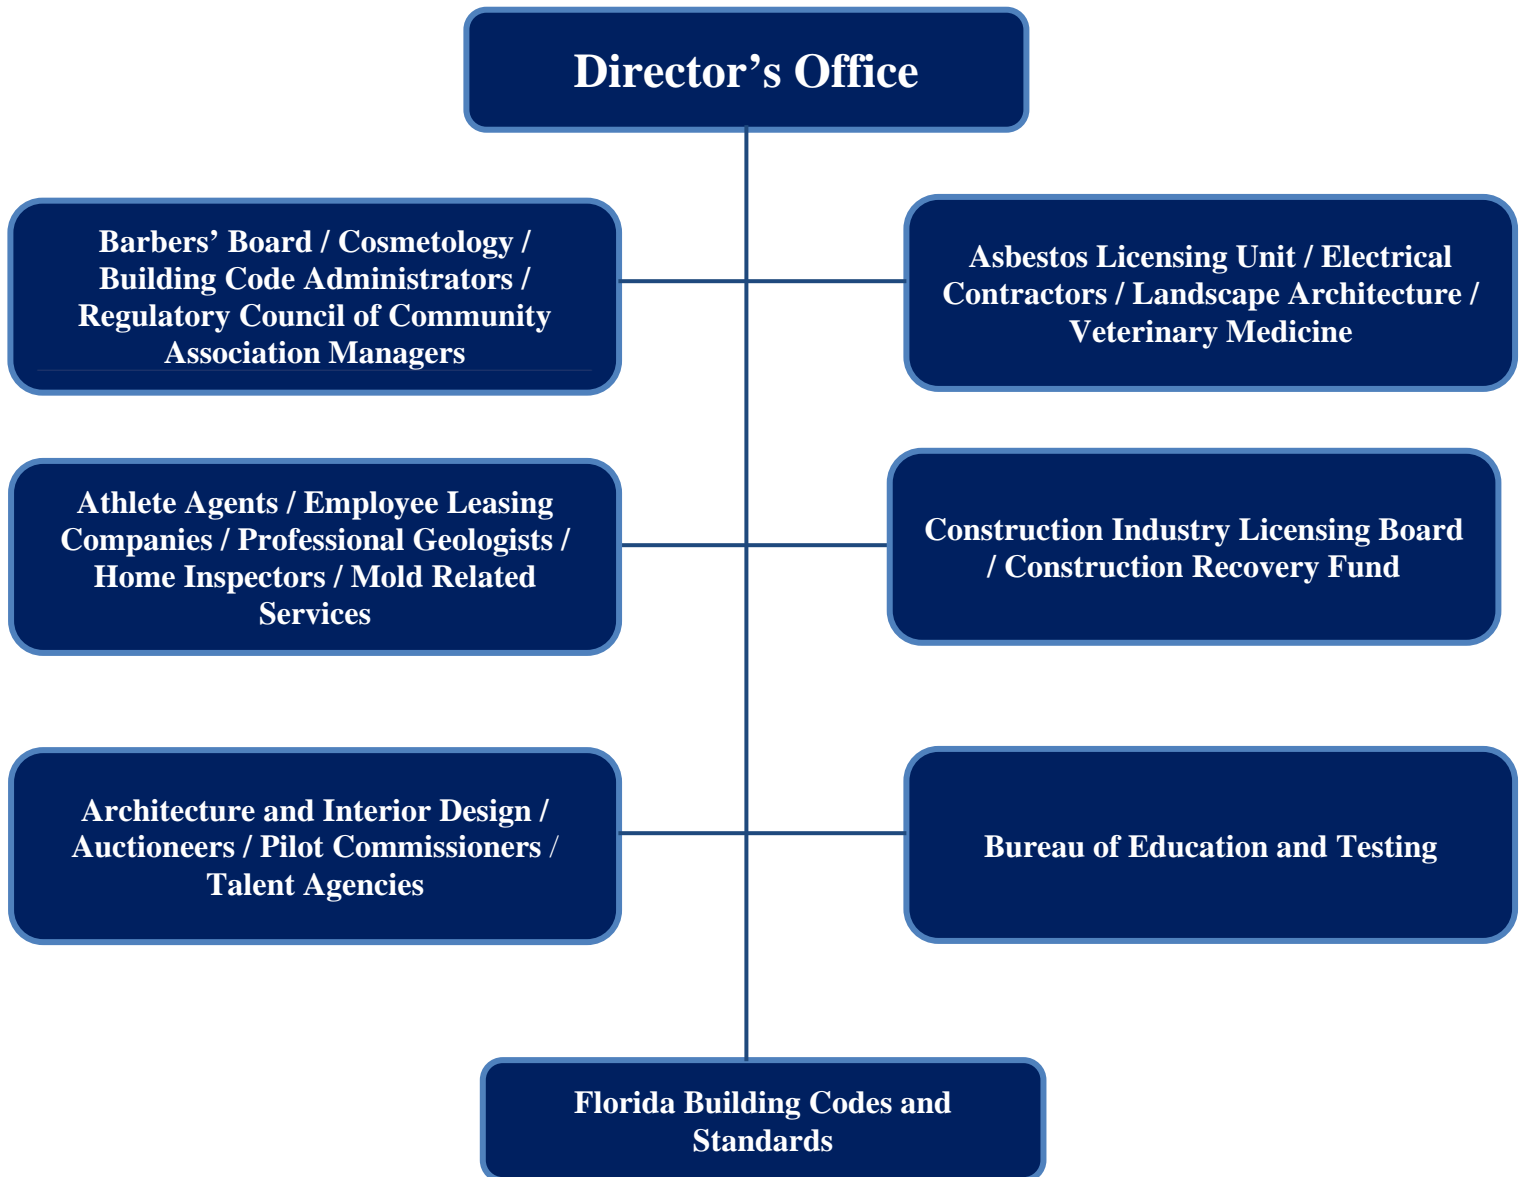

Division of Professions

The Department's Division of Professions is responsible for the licensing of more than 415,000 professionals (see Table 1 on page 21). The Division administers 12 professional boards, one council, one commission and five department-regulated professions. These professionals include: architects and interior designers, asbestos consultants and contractors, athlete agents, auctioneers, barbers, building code administrators and inspectors, community association managers, the construction industry, cosmetologists, electrical contractors, employee leasing companies, geologists, home inspectors, landscape architects, harbor pilots, mold related services, talent agencies and veterinarians. Pursuant to 2011-142, Laws of Florida; the Florida Building Codes and Standards program was transferred from the Department of Community Affairs to the Division of Professions within the Department of Business and Professional Regulation, effective October 1, 2011.

The Division of Professions' organizational structure includes the Director's Office, the Board/Council Offices, Florida Building Codes and Standards and the Bureau of Education and Testing.

- **The Director's Office** provides for the overall management and supervision of the Division as well as handling administrative functions.
- **The Board/Council Offices** consist of five offices, each staffed by an executive director, two government analysts and an administrative assistant. Each office provides direct support to its respective boards/council by scheduling meetings, preparing application and disciplinary files for board review, attending and providing support during board/council meetings and tracking discipline. Additionally, the Department is responsible for issuing licenses and taking disciplinary action for the athlete agent, talent agency, asbestos, community association management, home inspector and mold-related professions. The board/council offices also provide industry education through speaking engagements and assist applicants and licensees with complex licensing issues that are referred from the Department's Customer Contact Center.
- **The Florida Building Codes and Standards Program** was transferred from the Department of Community Affairs to the Division of Professions within the Department of Business and Professional Regulation effective October 1, 2011. This program includes the Florida Building Commission, the Florida Building Code, the statewide product approval system and the Manufactured (Modular) Building Program.
- **The Bureau of Education and Testing** is responsible for exam development and administration, processing continuing education provider and course applications and monitoring our licensees' continuing education compliance.

Division of Professions

Division of Certified Public Accounting

The Division of Certified Public Accounting is responsible for the licensing of over 33,000 active and inactive Certified Public Accountants (CPAs) and nearly 5,500 accounting firms pursuant to Chapters 455 and 473, Florida Statutes (See Table 1 on page 21). The Division also provides administrative support to the Florida Board of Accountancy, which consists of nine members: seven CPAs and two consumer members. The Board makes final decisions in areas that affect the practice of public accounting, which includes qualifying applicants for the CPA examination, issuing licenses, taking disciplinary action and promulgating rules as needed. The Division is headquartered in Gainesville, as required by Section 20.165, Florida Statutes.

The Division of Certified Public Accounting organizational structure includes the Director's Office, Application/Licensure and Enforcement.

- **The Director's Office:** Responsible for the overall management and supervision of the Division, as well as handling administrative functions such as processing verification of licensure and exam grades for other states, tracking discipline, providing industry education through speaking engagements, scheduling meetings, preparing agendas and materials for board and committee meetings and attending and providing support during board meetings.
- **The Application Processing Section:** Responsible for processing applications to sit for the CPA examination, for licensure as ethics continuing professional education providers, and for individual and firm CPA licensure. The unit also processes applications for refunds, licensure maintenance requests, conducts background checks on all individual examination and licensure applications, and serves as liaison to CPA Examination Services.
- **The Enforcement Section:** Responsible for compliance of licensees and protecting the public by performing timely and efficient analysis of and investigations of complaints. The section reviews complaints to determine legal sufficiency and investigates applicable complaints regarding the CPA profession, as well as unlicensed activity. Violations that warrant additional actions are processed through the Division's legal section.
- **Legal Section:** Responsible for processing complaints after investigations are concluded. The legal section presents all licensed complaints before the Board of Accountancy's Probable Cause Panel for a determination as to whether there has been a violation of law or rule. In the event probable cause is found, the legal section prosecutes the case before the full board. The legal section also prosecutes unlicensed activity cases.

Division of Real Estate

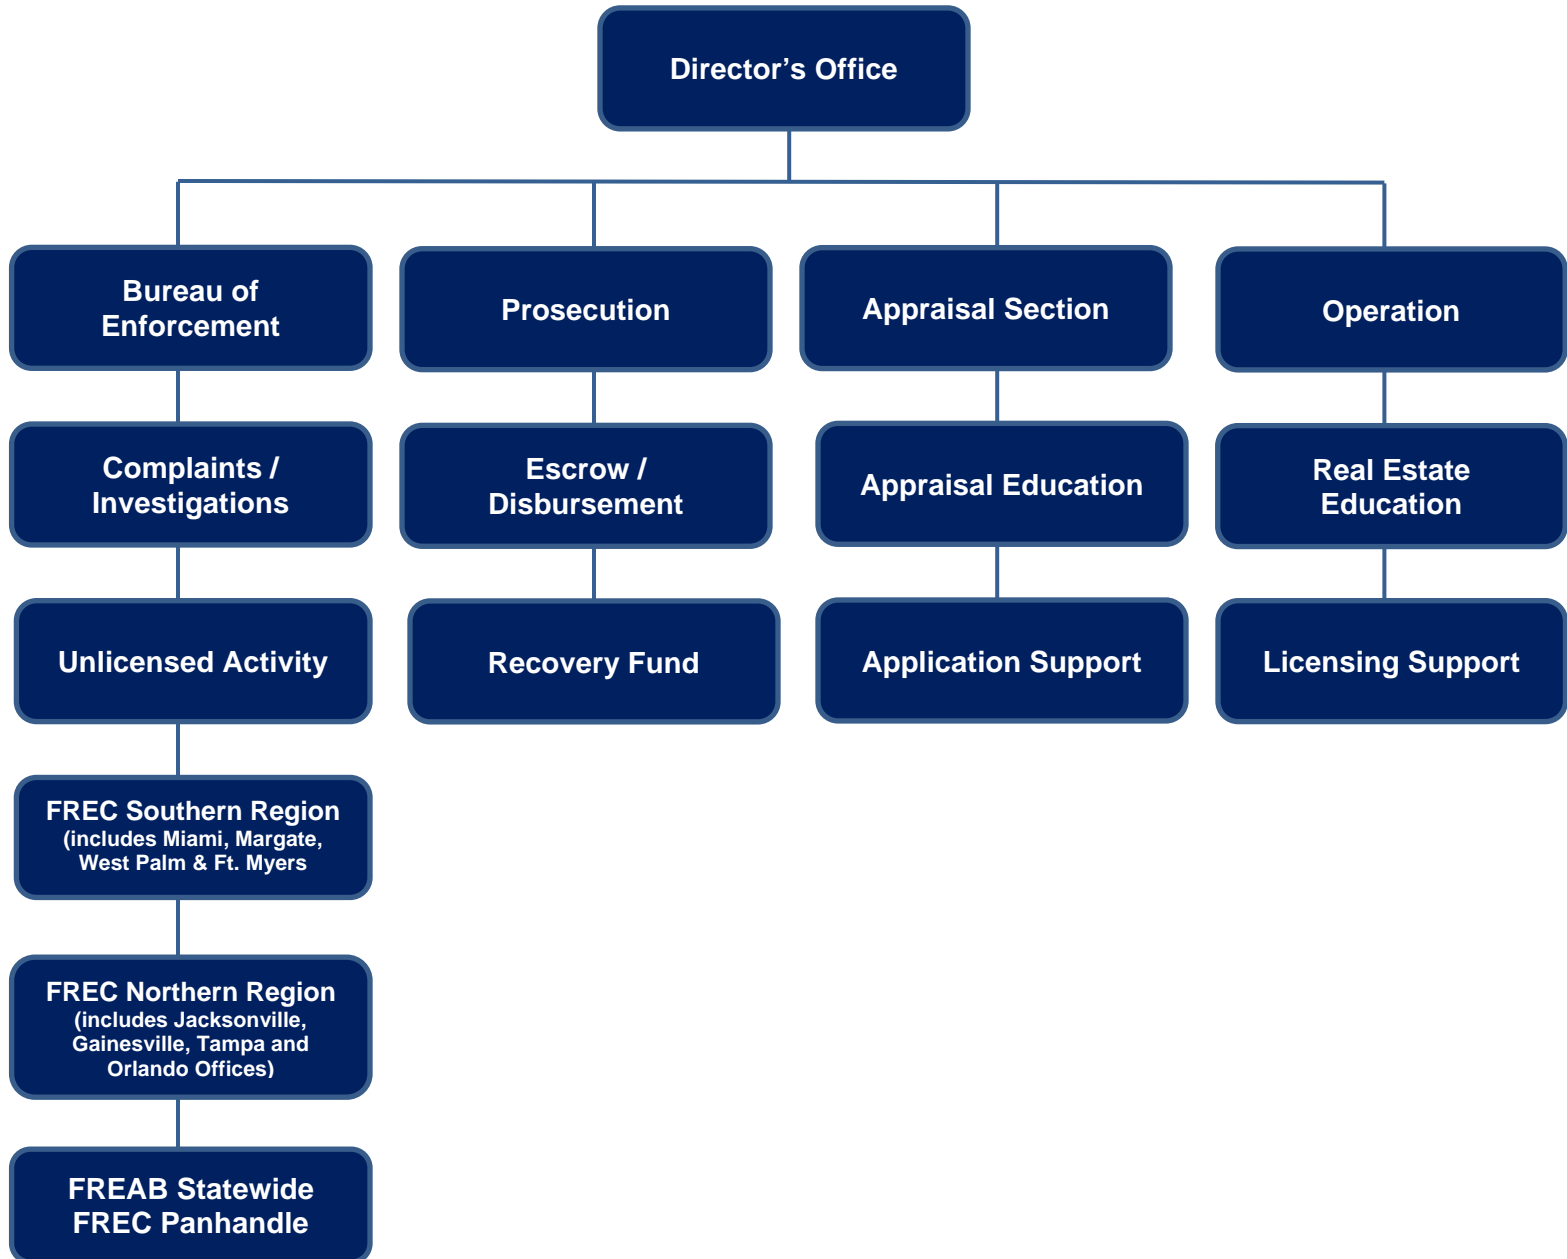

The Division of Real Estate (DRE) is responsible for the examination, licensing and regulation of more than 330,000 real estate professionals, real property appraisal professionals including corporations, real estate schools and real estate/appraiser instructors (see Table 1 on page 21) pursuant to Chapters 455 and 475, Florida Statutes. Additionally, the Division provides administrative support to the Florida Real Estate Commission (FREC) and the Florida Real Estate Appraisal Board (FREAB).

The Division of Real Estate's organizational structure includes the Director's Office, the Bureau of Enforcement, the Office of the General Counsel (OGC) and the Licensing Support Section.

- **The Director's Office** provides for the overall management and supervision of the Division as well as handling the administrative functions. The Director of the Division is appointed by the Department Secretary and approved by a majority vote of the Florida Real Estate Commission.
- **The Bureau of Enforcement** is responsible for the compliance of licensees and protecting the public by performing timely and efficient investigations of complaints. The Bureau investigates applicable complaints regarding the real estate and appraisal professions as well as unlicensed activity. Violations that warrant additional action are processed through the Department's Office of the General Counsel.
- **The Office of the General Counsel (OGC)** is responsible for processing complaints once an investigation has been completed. The OGC may present investigated complaints before the Probable Cause Panel of the Real Estate Commission or the Real Estate Appraisal Board for a determination as to whether there has been a violation of law or rule. If probable cause is found, the OGC prosecutes the case at the Department of Administrative Hearings or before the board. The OGC also assists citizens with escrow disbursement orders and recovery fund claims.
- **The Licensing Support Section** is responsible for processing non-routine applications and licensee inquiries that have been forwarded to the DRE from the Department's Division of Service Operations. In most instances, applications sent to the DRE require a determination by the FREC or the FREAB as to whether the applicant will be approved to take the requisite examination for licensure.

The Division of Real Estate headquarters is located in Orlando as required by Section 20.165, Florida Statutes. The Division has personnel in the Tallahassee, Pensacola, Panama City Beach and Gainesville area and maintains field offices in Jacksonville, Tampa, Miami, West Palm Beach, Margate, and Ft. Myers.

Division of Real Estate

Division of Regulation

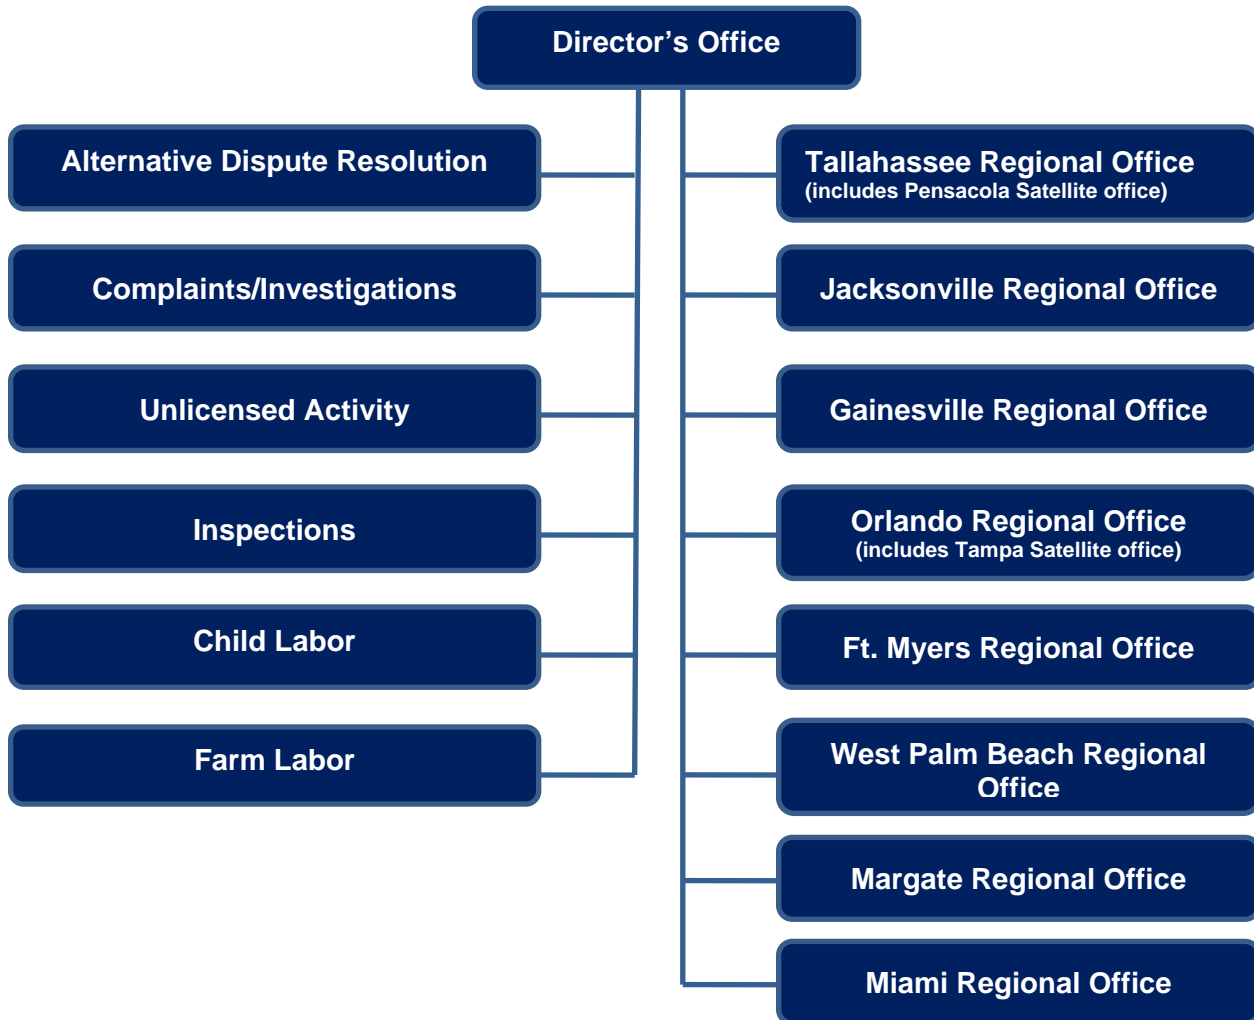

The Division of Regulation oversees the governmental administration necessary to healthy business operations in many industries of importance to Florida's economy and value to consumers' standard of living including barbering and cosmetology, community association managers and firms, construction and contracting, and veterinary medicine. On behalf of the Department of Business and Professional Regulation, the Division of Regulation is delegated the responsibility to regulate and enforce Florida Statutes and rules put in place for over 415,000 individuals and firms who hold professional licenses under the Division of Professions (See Table 1 on page 21 for a complete list). This also includes the Farm and Child Labor Programs and the Florida State Boxing Commission administered by the Department. Enforcement is carried out through complaint intake, analysis, investigations and regular inspections through the authority of Chapters 310, 455, 468, Parts VI, VII, VIII, IX, XI, XII, XV, XVI, 469, 474, 476, 477, 481, Part II, 489, Parts I & II, 492 and 548, Florida Statutes. The Division of Regulation is fully funded by the Professional Regulation Trust Fund through fees paid by its licensees, with the exception of the Farm and Child Labor Programs which are partially subsidized by the Workers' Compensation Trust Fund.

The Division's organizational structure includes the Director's Office located in Tallahassee headquarters, eight regional offices, two satellite offices, and six specialized program areas including: Complaints/Investigations, Alternative Dispute Resolution, Unlicensed Activity, Inspections, Child Labor and Farm Labor. The Division is comprised of 154 employees throughout the state, which includes 37 Compliance and Enforcement Investigators and 16 Inspectors responsible for compliance and enforcement initiatives. There are 20 enforcement personnel in Child and Farm Labor. Statewide operations are divided among regional offices located in Tallahassee, Pensacola, Jacksonville, Gainesville, Orlando, Tampa, Fort Myers, West Palm Beach, Margate, and Miami.

- **The Director's Office:** Provides for the overall management, policy making and supervision of the Division as well as the handling of administrative functions.
- **The Alternative Dispute Resolution Program (ADR):** This program is a multi – Prudential-Davis Productivity Award winning unit responsible for resolving consumer complaints by helping disputing parties reach a mutually acceptable resolution through mediation. This form of resolution greatly reduces the associated costs of processing complaints and investigations. During Fiscal Year 2014-2015, the ADR program completed 235 successful mediations. These 235 mediations represent a cost savings to the Department of \$238,290 and consumer recoveries of \$3,653,033.28 (see Table 2.6 on page 29).
- **The Complaints/Investigations Program:** Responsible for intake and initial analysis of all regulated complaints for the determination of legal sufficiency. Investigations are conducted by the appropriate office and referred to the Department's Office of the General Counsel for review and, when necessary, to the State Attorney Offices for criminal review.

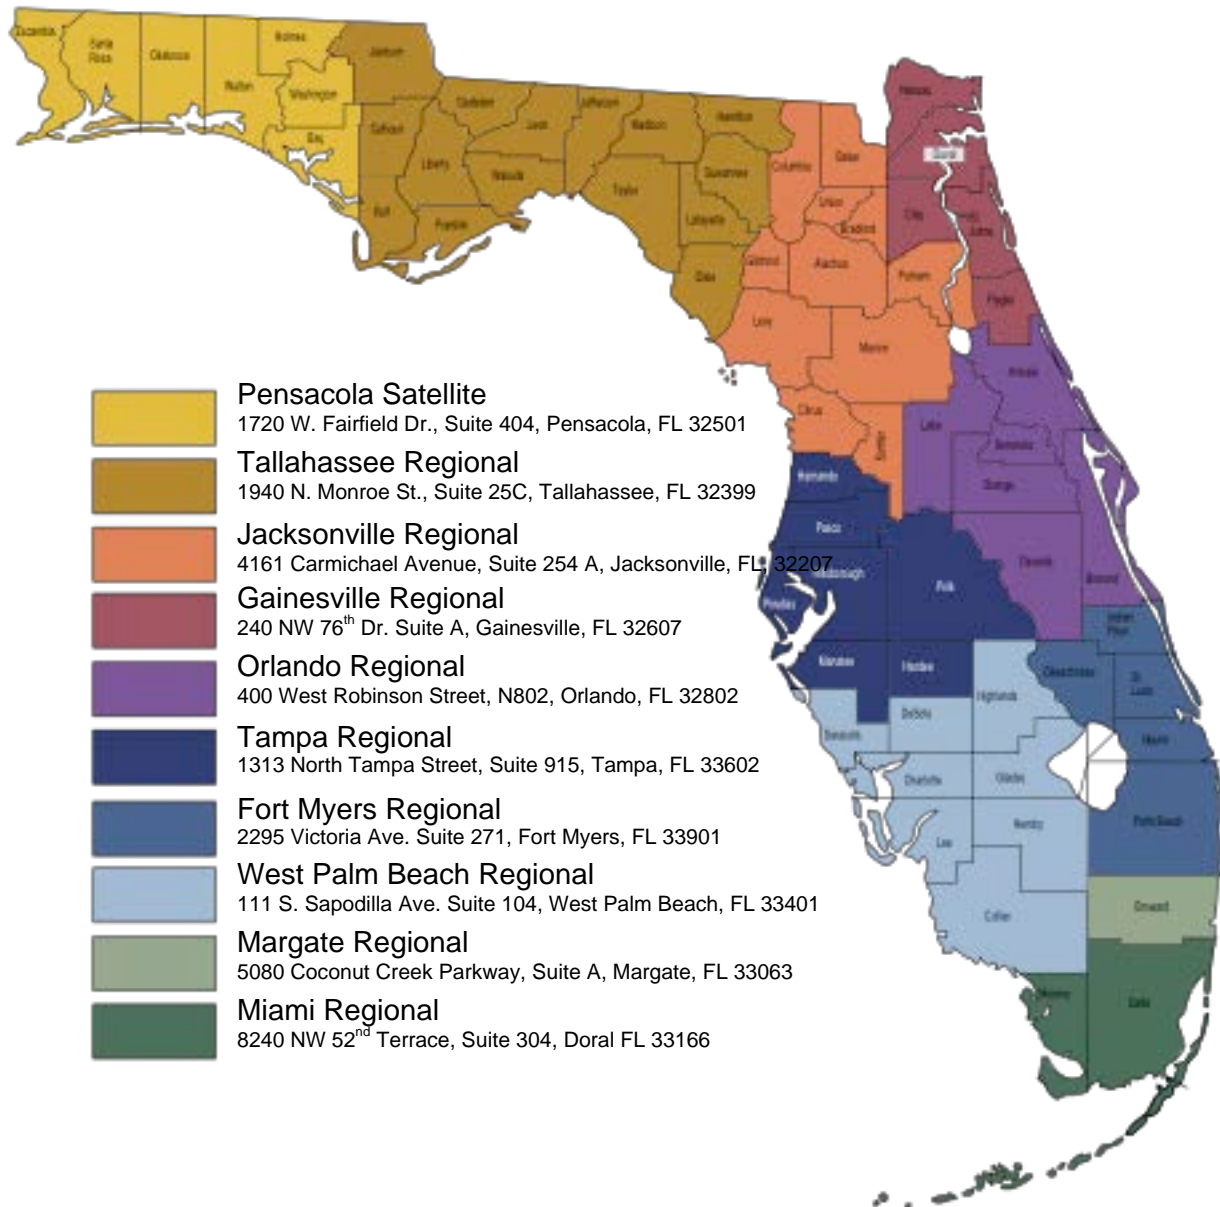

- **The Unlicensed Activity Program Area:** Responsible for coordinating and providing quality control for both consumer complaints of unlicensed activity as well as proactive outreach and enforcement actions. The deterrence of unlicensed activity regarding Department-regulated professions and related businesses is given a high priority. Proactive measures for Fiscal Year 2014-2015 included the increase of educational outreach, a media campaign, partnerships with professional organizations and associations, and the production of marketing items and brochures. More information can be found at the Unlicensed Activity Program's website at <http://www.myfloridalicense.com/dbpr/reg/UnlicensedActivity.html>
- **The Inspections Program Area:** Responsible for performing the statutorily mandated and complaint driven inspections of establishments licensed by the Boards of Cosmetology, Barbers and Veterinary Medicine.
- **The Farm Labor and Child Labor Programs:** These programs help to protect two of Florida's most vulnerable populations: children and farm labor workers. The two programs verify compliance with statutes through regulatory efforts which include licensing, testing, education, routine inspections, investigations and enforcement. These programs strive to keep Florida's farm labor contractors and those businesses that employ minors in compliance with the requirements set forth in Chapter 450, Part I, Florida Statutes and Chapter 450, Part III, Florida Statutes.

Division of Regulation

Division of Regulation Regional and Satellite Offices

The regional and satellite offices are strategically located across the state to facilitate the performance of the Department's mission to "License efficiently. Regulate fairly". Through coordination with headquarters in Tallahassee, these offices are responsible for conducting inspections, investigations, alternative dispute resolutions and sweeps and sting operations.

Section Two: Long Range Program Planning and Monitoring

Table 1

**Division of Professions, Certified Public Accounting and Real Estate Licensee Data
Fiscal Year 2014-2015**

Profession	Active	Inactive	Total
Accountancy	36,334	2,344	38,678

Geologists	2,216	90	2,306
Home Inspectors	6,501	617	7,118
Landscape Architecture	1,491	136	1,627
Mold-Related Services	2,962	878	3,840
Pilot Commissioners	115	0	115

Real Estate Appraisal	6,901	255	7,156
Real Estate Commission	240,556	82,853	323,409
Talent Agencies	404	0	404
Veterinarians	10,056	278	10,334
Total	714,479	106,807	821,286
Totals By Division			
Division of Accountancy	36,334	2,344	38,678
Division of Real Estate	247,457	83,108	330,565
Division of Professions	392,641	22,566	415,207
Florida Board of Professional Engineers	57,423	333	57,756

The licensure data includes current, probationary and suspended licenses in a status of active or inactive. Licenses in a status of delinquent or null/void are not included.

Long Range Program Planning and Monitoring

Section 455.204, Florida Statutes, requires the Department and the boards, where appropriate, to develop and implement a long-range policy planning and monitoring process, including estimates of revenues, expenditures, cash balances and performance statistics for each profession. The period covered shall not be less than five years. The Department is required to monitor compliance with the approved long-range plan and provide concise management reports to the boards quarterly. Detailed copies of each profession's financial management reports and five-year projections are included in Section 3.

As part of its long range plan the Department shall evaluate:

- Whether the Department, including the boards and the various functions performed by the Department, is operating efficiently and effectively and if there is a need for a board or council to assist in cost-effective regulation. 455.204 (1), F.S.
- How and why the various professions are regulated. 455.204 (2), F.S.
- Whether there is a need to continue regulation and to what degree. 455.204 (3) F.S.
- Whether or not consumer protection is adequate and how it can be improved. 455.204 (4), F.S.
- Whether there is consistency between the various practice acts. 455.204 (5) F.S.
- Whether unlicensed activity is adequately enforced. 455.204 (6), F.S.

Efficient and Effective Operation

- Section 455.204(1), F.S. requires the Department to evaluate whether the boards are operating efficiently and effectively.

The Divisions of Professions, Regulation, Real Estate and Certified Public Accounting provide services and oversight to 21 professions and the Child and Farm Labor programs. The Department is charged with the evaluation of applications, licensing, license renewals, monitoring of continued education, investigations, inspections and other duties deemed appropriate.

As part of its monitoring process, the Department evaluates whether its professions are operating in an efficient and cost-effective manner. The Department has developed a formal Cost Allocation Plan that uses actual levels of service provided to allocate cost overhead to the various professions and businesses.

Most fees are adequate to cover both direct and indirect costs. The Department acknowledges that some professions have actual or projected negative cash balances while others have actual or projected cash surpluses. All fees are set by rule and some are capped by statute. The Department conducts an annual review of all professions at the end of each fiscal year. Those professions in a deficit or having excessive surpluses are reviewed for appropriate fee adjustments, and options are presented to the boards for a course of action necessary to eliminate the actual or projected deficit or surplus. The ultimate decision to decrease fees is determined by the boards, or the Department where there is no board.

On June 30, 2015, there were five professions with negative cash balances:

- Board of Auctioneers;
- Community Association Managers;
- Employee Leasing Companies;
- Professional Geologists; and
- Talent Agencies.

The Board of Auctioneers is in a deficit for the fiscal year ended June 30, 2015. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

The Regulatory Council of Community Association Managers is in a deficit for the fiscal year ended June 30, 2015. The Council will have a plan in place by the end of the current fiscal year to eliminate the deficit.

The Board of Employee Leasing Companies is in a deficit for the fiscal year ended June 30, 2015. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

The Board of Professional Geologists is in a deficit for the fiscal year ended June 30, 2015. The Board will have a plan in place by the end of the current fiscal year to eliminate the deficit.

Due to the small number of licensees, Talent Agencies do not generate sufficient funds to cover the Department's cost of regulation. The program was created in 1986. The Department issued the first licenses during FY 1987-1988 at the statutory cap of \$400 per license. The program has operated in a deficit since that time. The Department anticipates that the deficit will continue.

Regulation and Consumer Protection

- Section 455.204(2)–(4), Florida Statutes, requires the Department to evaluate how and why various professions are regulated; whether there is a need to continue regulation and to what degree; and whether consumer protection is adequate and how it can be improved.

Section 11.62(2), Florida Statutes, provides that the intention of the Florida Legislature is that no profession or occupation be subject to regulation by the state unless the regulation is necessary to protect the public health, safety or welfare from significant and discernible harm or damage and that the police power of the state be exercised only to the extent necessary for that purpose. The statute also provides that no profession or occupation be regulated by the state in a manner that unnecessarily restricts entry into the practice of the profession or occupation or adversely affects the availability of the professional or occupational services to the public.

The Department's regulatory activities are designed to protect the public health, safety and welfare. The regulatory oversight is appropriate to enforce the specific qualifications for each license type, accept and investigate complaints against licensees and to provide support to boards in rulemaking and disciplinary procedures. The Department is continuously working to improve customer service and to reduce regulatory barriers while maintaining a high standard of consumer protection. The charts below show the Department's current and projected performance in consumer protection.

The information provided in the tables below reflect the measures as outlined in previous submissions of the Long Range Program Plan provided to the Legislature as required by Chapter 216, Florida Statutes. The projections below indicate anticipated compliance with Long Range Program Plan measures.

Table 2.1

Complaints/Investigations Program

The Complaints/Investigations Program is charged with the receipt and analysis of complaints for the determination of legal sufficiency. A complaint is legally sufficient when it contains ultimate facts that a violation of the practice act has occurred. Complaint analysts also supply investigators and inspectors in the field offices with vital background information on the person or business they are investigating or inspecting. The Complaint Section is responsible for the maintenance of all complaint records. The Department has investigators and inspectors in each of the eight regional offices, and they are charged with investigating complaints of possible statutory violations.

The average number of days for the time a complaint is received until it is under investigation has decreased during this fiscal year. The average number of days to complete the investigation phase of a case has also decreased. Once an investigation is complete, it is forwarded to the Department's Office of the General Counsel for possible prosecution. The processing time reductions have resulted in an increase in customer service, allowing us to promptly address the needs of our consumers.

Table 2.3

DIVISION OF REGULATION COMPLAINTS AND INVESTIGATIONS PROCESSING STATISTICS

Legally Sufficient refers to the total number of complaints reviewed by the Division that met the standard of legal sufficiency established in section 455.225 (1), Florida Statutes; However, the number of "Complaints Legally Sufficient" may not include all "Complaints Received" during a reporting period and can include complaints from previous quarters.

COMPLAINTS AND INVESTIGATIONS PROCESSING STATISTICS**

Alternative Dispute Resolution Program

The Division of Regulation's Alternative Dispute Resolution Program (ADR) facilitates agreements between professionals and consumers and may provide economic recovery to the consumer without the time and expense of an enforcement action against the professional. Section 455.2235, Florida Statutes, gives the Division authority to resolve complaints through mediation, which has been proven to be especially beneficial after hurricanes and storms.

The Division of Regulation's mediation process in lieu of the investigative process saved \$1,014.00 per successful mediation in associated legal and investigative costs.

The Alternative Dispute Resolution Program has the authority to mediate complaints involving the following professions:

- Construction Industry
- Electrical Contractors
- Barbers
- Landscape Architects
- Cosmetology
- Employee Leasing
- Auctioneers
- Veterinarians

Table 2.6
ALTERNATIVE DISPUTE RESOLUTION
PROGRAM STATISTICS FY 2014-2015

Mediation Eligible	Successfully Mediated	Mediation Cost Savings	Cases to Investigation	Investigative Reports Completed	Total Recovered Money
490	235	\$238,290	39	336	\$3,653,033.28

Mediation Eligible: Case that meets the requirements for mediation and will be assigned to a mediator.

Successfully Mediated: Cases where both parties have mutually agreed to a settlement relating to the outstanding issues in a complaint.

Mediation Cost Savings: The amount of legal and investigative costs that are saved by using the mediation process in lieu of an investigation.

Cases to Investigation: Cases where mediation has not been successful and investigation is required or requested by either party.

Investigative Reports Completed: Reports completed after an investigation is conducted that are sent to Legal for review. ADR generally completes investigative reports for cosmetology and barber unpaid citation cases and construction cases dealing with a 489.129(1)(q), Florida Statutes violation.

Total Recovered Money: The amount of money or value of services returned to the consumer by the Professional, or the amount of money returned to the Department for unpaid citations, as a result of successful mediation.

Division of Regulation Inspection Program

The Inspection Program's objective is to protect the consuming public by inspecting licensed barber, cosmetology and veterinary establishment to ensure that the sanitation and safety requirements for these establishments are adhered to; that those practicing these professions are duly licensed; and to actively seek out unlicensed activity relating to these professions. This objective is accomplished by performing statutorily mandated and complaint driven inspections of establishments licensed by the Board of Cosmetology, Barbers' Board, and the Board of Veterinary Medicine under Section 455.243, Florida Statutes. Inspectors issue on-site discipline in the form of Notices of Non-Compliance (NNC) and Citations and may also initiate formal investigations. Inspections are conducted on a two-year cycle which allows the inspector to focus on violators and perform re-inspections of establishments not meeting minimum standards within 120 days.

Inspectors distribute a licensee "Bill of Rights" card to establishments during inspections. The card provides information regarding the licensees' rights including their right to know the reason for the inspection and the right to be fairly treated in all dealings with the Department. The card includes the name of the inspector and contact information of the Field Manager or Regional Program Administrator.

Citations	101	77	110	92	85	59	69	97	87	77	92	66

Notice of Non-Compliance: This notice is issued as a first response to a minor violation of a regulatory law in any instance in which it is reasonable to assume that the violator was unaware of such a law or unclear as to how to comply with it. A violation of a regulatory law is a "minor violation" if it does not result in economic or physical harm to a person or adversely affect the public health, safety, or welfare or create a significant threat of such harm.

Citation: This is a monetary penalty imposed on a subject for violations of Florida laws and rules.

Consistency Between Practice Acts

- Section 455.204(5), F.S., requires the Department to evaluate whether there is consistency between the various practice acts.

Each of the Department's professions is governed by ch. 455, F.S., and individual practice acts. The Department has determined that the practice acts are consistent with regard to a profession's unique qualifications for licensure. The practice acts establish qualifications for licensure, which in most cases include some combination of education, experience and examination. The practice acts establish standards of practice, disciplinary action and prohibited acts that carry administrative and criminal penalties. Most professions include a governing professional board responsible for ultimate licensing and disciplinary decisions. The exceptions are community association managers, athlete agents, talent agencies, asbestos consultants and contractors, home inspectors and mold-related professionals. The Department is responsible for licensing and regulating those professions. The Regulatory Council of Community Association Managers is responsible for adopting rules relating to the licensure examination, continuing education requirements, continuing education providers, fees and professional practice standards to assist the Department in carrying out its duties.

UNLICENSED ACTIVITY PROGRAM EFFORTS

Section 455.204(6), F.S., requires the Department to evaluate whether unlicensed activity is adequately enforced. The Unlicensed Activity Program has a duty to protect the health, safety and welfare of Florida citizens and visitors; the Department placed great emphasis on unlicensed activity through proactive efforts and investigations.

Division of Certified Public Accounting

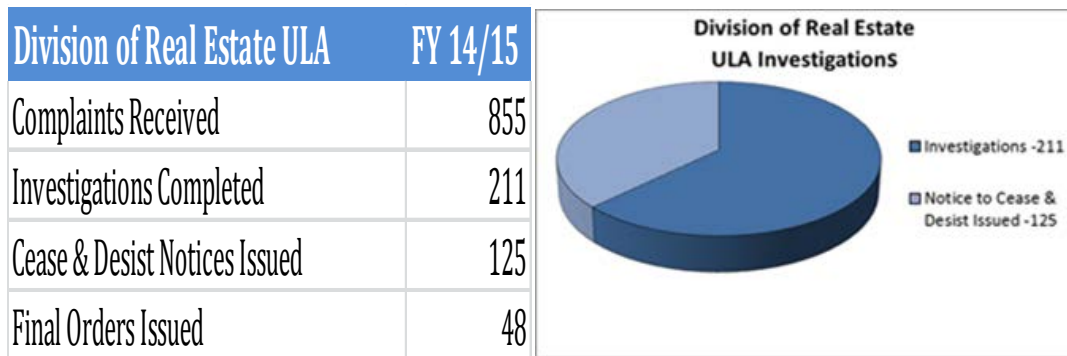

During fiscal year 2014-2015, the division focused its efforts on raising public awareness by providing education through media, at industry tradeshows and speaking engagements. The majority of the unlicensed activity complaints concerned the improper use of the “certified public accountant” designation. These complaints were received from consumers and licensees, social media, and proactive searches by Board staff searching various websites and Google Alert reviews. This fiscal year, 180 unlicensed complaints were received, which represents a slight increase from last year’s total of 175.

Another tool utilized by the division to combat unlicensed activity is the issuance of a Notice to Cease and Desist, pursuant to Section 455.228 (1), Florida Statutes. A Notice to Cease and Desist is issued once probable cause exists of practicing public accounting without the professional license or certification required by Florida law, specifically Chapter 473, Florida Statutes. For this reporting period, 95 Cease and Desist notifications were issued, compared to 138 being issued for the fiscal year 2013-2014.

Division of Real Estate

In fiscal year 2014-2015, the division focused considerable attention on educating our licensees via various brokerage association presentations throughout the state, Great American Realtor Days in Tallahassee, the Florida Realtor Convention in Orlando and at four division sponsored real estate instructor seminars. The goal was to familiarize licensees with the complaint process and provide education regarding the severity of unlicensed activity and its effect on the public’s welfare. At many of these events, licensees were given a demonstration on how easy it is to verify a license in real time by using the Florida DBPR’s licensing app for smartphones.

The Division of Real Estate’s unlicensed activity investigative unit is staffed by employees located in Miami, Orlando and Jacksonville. Complaints containing facts that a violation of statute may have occurred are investigated and considered high priority. Investigations may result in a Notice to Cease and Desist, fines and/ or prosecution for violating Florida real estate law. Completed investigations are presented to the Office of the General Counsel and the appropriate State Attorney’s Office for consideration of criminal prosecution. The division routinely collaborates with other governmental agencies to help “spearhead” prosecutorial consideration for unlicensed activity offenders.

Division of Regulation

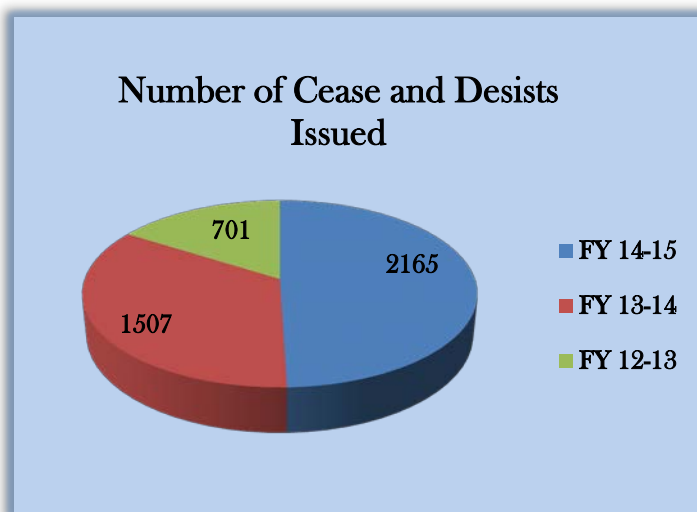

Outreach and Education: The Division continues to see the importance of increasing public awareness of the dangers of unlicensed activity. Investigators collaboratively work with outside agencies and associations to broaden awareness of unlicensed activity. Investigators attend trade shows and home shows to spread awareness. In FY 2014-2015, the Division conducted a total of 658 outreaches which included 157 building department outreaches and 24 State Attorney outreaches.

Proactive Enforcement: The Division engages in proactive enforcement efforts such as sweep and sting operations in order to combat unlicensed activity. During sweep operations, investigators scope out a specific region looking for unlicensed activity and verifying licenses of anyone found to be performing work regulated by the department. Sting operations are undercover operations which most often involve law enforcement personnel and sometimes may include local code enforcement. During a sting operation, the unlicensed individual provides a bid, proposal, or performance of the service to an undercover investigator and/or law enforcement personnel.

FY 2014 2015 Sweeps	FY 2014 2015 Stings
Total Sweeps Conducted: 654	Total Stings Conducted: 38
Cases Opened as a Result: 111	Cases Opened as a Result: 185

Complaints and Investigations: The Division reviews unlicensed activity complaints through the complaint/investigations process. There are numerous ways in which a complaint can be received; by emailing the unlicensed activity unit, calling the toll-free unlicensed activity hotline, using the new DBPR Mobile App. or by traditional mail or fax. Once received, complaints are analyzed and may be sent for investigation. Investigations of unlicensed activity may result in a Notice to Cease and Desist, a citation or fines. All unlicensed activity cases are forwarded to a criminal prosecuting authority once the investigation is complete.

Fiscal Year 2014 2015
Total ULA cases opened: 5042
Notices to Cease and Desist Issued: 2165
Number of ULA Citations Issued: 266
ULA Citations and Fines Assessed: \$1,272,683.65

Section Three: Finances Revenues, Expenditures and Cash Balances

Revenues, Expenditures, and Cash Balances

- Section 455.2285 (1), F.S., requires the Department to submit an annual report that details revenues, expenditures and cash balances for the prior year and a review of the adequacy of existing fees.

The following pages are detailed copies of each profession's financial management reports and five-year projections. The management reports and projections provide total revenues, expenditures and cash balances for the prior year. The Long Range Planning and Monitoring section also addresses the adequacy of existing fees.

Section Four: Administrative Complaints and Disciplinary Actions

Probable Cause, Administrative Complaints and Discipline

Section 455.2285, F.S., also requires the Department's annual report to include the following:

- The number of complaints received and investigated pursuant to 455.2285 (2), F.S.;
- The number of findings of probable cause made pursuant to section 455.2285 (3), F.S.;
- The number of findings of no probable cause made pursuant to section 455.2285 (4), F.S.;
- The number of administrative complaints filed pursuant to section 455.2285 (5), F.S.;
- The disposition of all administrative complaints pursuant to section 455.2285 (6), F.S.; and
- A description of disciplinary actions taken pursuant to section 455.2285 (7), F.S.

Table 3 includes data regarding findings of probable cause, findings of no probable cause, the number and disposition of administrative complaints and description of disciplinary action taken.

Table 3
COMPLAINT STATISTICS FISCAL YEAR 2014-2015

	Accountancy	Asbestos	Athlete Agents	Auctioneers	Barbers	Building Code Admin. and Inspectors	Community Assn. Mgrs. Final Orders	43	0	0	0	129	6	24	471	192	64	107	0	2	0	0	1	248	34	2	59	1,382

- **Complaints Received** refers to the total number of complaints actually received and entered into the Department's single licensing computer system during the reporting period.
- **Legally Sufficient** refers to the total number of complaints reviewed by the Division that met the standard of legal sufficiency established in section 455.225 (1), Florida Statutes.
- **Findings of Probable Cause** refers to the total number of cases that have been presented either to a probable cause panel, or the Department when there is no board or the finding of probable cause has been delegated to the Department by the Board during the reporting period and probable cause has been found. Probable cause means that there is some evidence considered by the panel, or the Department, that would reasonably indicate that a violation by Respondent of the practice act or rules occurred. This includes the issuance of Notices to Cease and Desist and Filed Citations.
- **Findings of No Probable Cause** refers to the total number of cases that were presented either to a probable cause panel of the Board, or the Department when there is no board or the finding of probable cause has been delegated to the Department by the Board, during the reporting period and probable cause has not been found.
- **Number of Administrative Complaints Filed** refers to the total number of administrative complaints filed during the reporting period. An administrative complaint is the charging document that details for the Respondent the violations of statute and/or rule upon which probable cause was found.
- **Final Orders** refers to the disposition of a case where probable cause is found and disciplinary action has been taken.

* These statistics may not be all inclusive of the reporting period and may include information from previous quarters. Therefore, the numbers should not be added.

Department Efforts to Increase Disposition of Open Cases

Section 455.2285 (8), F.S., requires the Department to provide a description of any effort by the Department, for any disciplinary cases under its jurisdiction, to reduce or otherwise close any investigation or disciplinary proceeding not before the Division of Administrative Hearings (DOAH) under ch. 120, F.S. or otherwise not completed within one year after the initial filing of a complaint under this Chapter pursuant to s. 455.2285 (8), F.S. Cases remain open for a variety of reasons, including continuing investigation, subsequent violations by the party in question and ongoing settlement negotiations. As cases progress, they are aggressively forwarded to DOAH for final hearing or settled upon agreement by the parties. Cases are not closed simply due to the length of time they have been at the Department.

The Department also works with the various boards to expeditiously resolve minor cases that do not involve consumer harm.

Status of Rule Development Providing for Disciplinary Guidelines

Section 455.2285 (9), F.S., requires the Department to report the status of the development and implementation of rules providing for disciplinary guidelines pursuant to s. 455.2273, F.S. The Department is continually reviewing disciplinary guidelines, discussing proposed changes if necessary, and either entering into rulemaking or working with the boards to enter rulemaking, to make sure the disciplinary guidelines are utilized in the least restrictive manner while protecting the health, safety, and welfare of the public.

Recommendations for Administrative and Statutory Changes

Section 455.2285 (10), F.S., requires the Department to provide recommendations for administrative and statutory changes necessary to facilitate efficient and cost-effective operation of the Department and the various boards. The Department continues to review its processes to determine where it can improve customer service and reduce regulatory barriers. The Department will continue to explore administrative and statutory changes that improve our services.
