Honorable Millard F. Caldwell
Governor of Florida
Tallahassee, Florida

Sir:

Pursuant to the requirement of Section 550.02, Florida Statutes, 1941, the Florida State Racing Commission respectfully submits this report of its activities, receipts and disbursements for the fiscal year ended June 30, 1947, being the Sixteenth Annual Report of this Commission.

The members of this Commission, originally appointed and confirmed by the State Senate for terms expiring January 2, 1947, were, upon the expiration of such terms reappointed and confirmed for two year terms ending January 2, 1949. Thus the personnel of the Commission has remained unchanged since January 2, 1945, and consists of the following members:

Tom B. Swann, Winter Haven..................First District
William B. Watson, Jr., Gainesville........Second District
James D. Johnson, Pensacola...............Third District
Charles F. Baldwin, Miami...............Fourth District
Emil Yde, Leesburg............................Fifth District

Charles F. Baldwin and William B. Watson, Jr., were again selected as Chairman and Secretary, respectively, of this Commission, having served in these positions since January 2, 1945.

The Commission held formal meetings upon the following dates and at the following places during the fiscal year covered by this report:

July 29 and 30, 1946, held at Miami, Florida.
August 12, 1946, held at Miami, Florida.

It will be noted that since the last Annual Report of this Commission permit for an additional running horse track has been issued by the Commission and such permit ratified by the voters of Hillsborough County, Florida. Such track, known as Sunshine Park Racing Association, conducted its first meeting at Oldsmar, Florida, from January 23, 1947, through March 22, 1947, under the management of Messrs. John W. Kane and C. C. Vega, Jr., the permittees. A total attendance of 72,029 persons wagered the sum of $4,814,529.00 upon the races conducted at
this track during its first season of operation. Such operation resulted in state revenue in the amount of $433,671.73 and it is hoped that these operators will be able to continue the development of horse racing as a sport on the west coast of Florida.

In addition to the new running horse track at Tampa mentioned above, the Commission granted further conditional permits for the operation of harness tracks to be located in Palm Beach County and St. Johns County. Special elections were thereafter held in each of these counties and such permits granted Palm Beach Jockey Club, Inc., and Ponce De Leon Raceways, Inc., were duly ratified by the voters of their respective counties. While these permittees have not yet commenced the actual construction of their racing plants due to the present governmental restrictions and regulations relating to building, it is anticipated that they will do so in the near future and thus for the first time in the history of pari-mutuel racing in Florida, harness racing with pari-mutuel betting will be offered to its visitors and its citizens as an additional attraction as well as a further revenue producer for the various counties and the old age assistance program.

The 1947 Florida State Legislature undertook the consideration of a large number of proposed bills relating to nearly all aspects of pari-mutuel wagering, horse racing, both running and harness, dog racing and the operation of jai-alai frontons. Passed and becoming a law of Florida were acts defining and prescribing penalties for the offenses of touting and bookmaking. These laws should be very helpful in connection with the constant efforts on the part of the track operators and the State of Florida to eliminate these offenses.

Further legislation has resulted in finally making the State of Florida a year round racing state. Only three other states in the Union conduct legalized pari-mutuel wagering in connection with dog racing. In these three states there are now in operation only five dog racing associations, while in Florida at the present time we have twelve licensed and regularly operating dog tracks at which pari-mutuel wagering is conducted. The legislature first authorized the conduct of summer dog racing in the area located west of the Apalachicola River and prescribed the season as beginning March 15th and ending October 31st in that area. Pensacola Kennel Club, Inc., was at the time of the passage of this act the only licensed dog track in the area affected but thereafter the Commission received application for a permit for the conduct of dog racing in Bay County, Florida, and has tentatively authorized the granting of such permit subject to certain required amendments and additional data. When and if such permit is finally granted same must be ratified and approved at a special election to be held in Bay County.

The legislature likewise authorized summer dog racing meetings to be held in the area East of the St. Johns River and South of the Matanzas Inlet and application has been made and permit granted to Volusia County Kennel Club, Inc., for the operation of a dog track to conduct summer meetings near Daytona Beach. This permit will not become effective until ratified by a special election to be held in Volusia County on August 28, 1947.

Section 550.05, Florida Statutes, 1941, which provided that no permit might be issued to conduct dog racing at a location within twenty
miles of another dog racing plant was amended by the 1947 legislature so as to increase the distance limitation from twenty miles to one hundred miles and to extend the type of racing to include dog tracks, and horse tracks, conducting both running- and harness racing. Express exception was contained in this amendment, however, so as to eliminate the area South of Matanzas Inlet and East of the St. Johns River wherein summer dog racing has been authorized.

In view of the fact that a permit has been granted to Palm Beach Jockey Club, Inc., for the conduct of harness horse racing, the legislature, by further act, provided that the existing requirement that horse tracks situated within one hundred air miles of each other might not operate upon the same dates should relate to horse tracks conducting running races and specifically provided that horse tracks conducting harness racing within such one hundred air mile area might likewise be granted a season of forty days. Thus the additional harness track within the one hundred mile area including Dade and Broward Counties will have no effect upon the division of the present one hundred and twenty day horse racing season and will be authorized to run forty days as are each of the present permit holders conducting running horse racing in that area.

A further legislative act which has become law eliminates all discretion on the part of the Racing Commission in awarding dates annually to the three operators of running horse races in the South Florida area. This law provides that the track producing the most state revenue each year shall be accorded the first selection of dates with provision that the other two tracks be granted a choice of the dates remaining in accordance with revenue produced by each during the past year.

The provision that the holder of a ratified permit shall construct a track suitable for the conduct of race meetings within twelve months after the ratification of said permit by the electors of the county of location was amended so as to provide for additional time for the construction of tracks in view of the present government regulations and restrictions on certain types of building.

The members of this Commission have maintained their affiliation with the National Association of State Racing Commissioners. This organization is made up from the membership of racing commissioners from all of the States of the United States which have authorized pari-mutuel betting and includes as well, members from Mexico and Canada. It is hoped that eventually this Association can perfect a central licensing bureau for the purpose of acting as a clearing house for information relating to owners, trainers, jockeys, jockey agents, grooms, and all other persons engaged by the racing industry for the benefit of the various state commissions. Chairman Baldwin of this Commission was recently elected to the office of First Vice-President of the National Association of State Racing Commissioners.

This Commission has continued and intensified its past efforts to provide clean racing, free from fraud and questionable practices, in the State of Florida. The Stewards employed by the tracks and those appointed by this Commission have done a splendid job in their particular field, promptly and fairly dealing with all violations of the rules which

Detailed figures are hereafter included in this report relating to the attendance, the pari-mutuel sales, the taxes paid and the amount distributed to the public by the individual racing associations operating during the time covered by this report, together with a statement of receipts and disbursements by this Commission. Further information is set out relating to the officers and operations of the associations.

The members of this Commission are very grateful for the continued co-operation on the part of all license permit holders, the owners, trainers, jockeys and others engaged in the activity of racing. Particular appreciation is hereby expressed for the co-operation and assistance of Thoroughbred Racing Protective Bureau, Inc., and Mr. Spencer J. Drayton, its President and Director. The agents and investigators of this organization have been of material assistance to this Commission and the activities of this organization in racing generally have been of great benefit to the sport throughout the nation.
