Doug Beach

**Discussion**

Statutory Rewrite

Ms. Grigsby commented that she was questioned all of the time about where in the statutes it reflects that an individual must be licensed to do commercial work. She commented that the definition of interior design applies to residential work as well.

Mr. Schreiber commented that he understood that the definition included both commercial and residential and under the exemptions allowed for residential work not requiring licensure.

Ms. Clark commented that residential was exempt from licensure even though it was still the practice of interior design. She commented that there was no exemption for commercial work and therefore an individual must be licensed for commercial work.

Mr. Manausa commented that they should not go line by line for a telephone conference call.

The board discussed the need to allow time for further review of the minutes of the previous meeting and the new document with changes.

Motion: Mr. Hall moved to accept the changes as presented.

Motion failed for lack of a second.

Ms. Grigsby suggested that they go over the document and e-mail comments to the board office. Mr. Gonzalez requested that everyone review the information and send their comments back to the board office.

The board discussed scheduling a telephone conference call November 22, 2004 at 2:00 p.m.

Mr. Manausa commented that Florida AIA would not support all of the changes because they were too extensive.

Mr. Johnson recommended that the board review Chapter 481.207, F.S. regarding the fees. He commented that the minutes were not clear as to the decision of the board.

#### Definition of Interior Design

Ms. Del Bianco commented that she would review the definition and provide comments back to board staff.

Mr. Manausa asked if Florida AIA did not support the language would the department support and push it through. Ms. Chastain commented that she could not make that commitment for the department especially since they had not seen the language the board was proposing.

Ms. Long with Florida AIA joined the conference call at 2:23 p.m.

Ms. Long commented that the Blue Ribbon Panel met briefly via telephone conference call and had just begun working on the language. She commented that they were planning to meet November 9<sup>th</sup> at 1:00 p.m. and review the proposed language again and meet with Mr. Manausa and Mr. Minacci.

The board determined to have their comments to the board office by close of business November 1<sup>st</sup>.

Mr. Johnson requested assistance from Ms. Clark regarding the fees. Mr. Manausa commented that they needed to review the examination and certificate of authorization fees.

Comments are due to board staff by November 1<sup>st</sup>, Mr. Johnson and Mr. Manausa will update the language for the Florida AIA meeting on November 9<sup>th</sup>, then staff will distribute a summary to the board prior to the telephone conference call scheduled November 22<sup>nd</sup>.
