Major Issues/Actions

- Mr. David Poorman's application was on the agenda for review for licensing as an architectural business; however he voluntarily withdrew the application prior to the meeting.
- Mr. Glogau updated the board regarding the lawsuit against the licensing of interior designers in Florida. Mr. Glogau informed the board that the plaintiffs have hired the services of an expert witness to opine against the licensing of interior designers in Florida. Mr. Glogau has asked Dr. Waxman of Florida State University to review the report from the expert witness. A report will be provided to the board at a later date. Currently, the trial for the lawsuit is on Judge Hinkle's calendar during the two week period starting February 1, 2010.
