Application Review

Jeffrey C. Alband – Architect State Endorsement Application

Ms. Alband was present. The application was before the board based on the consultant's recommendation to deny the application. Mr. Alband has a four year Bachelor of Science in Architecture from the Lawrence Institute. Mr. Alband was initially licensed in Michigan in 1975. Based on the initial date of licensure; Michigan's licensure requirements were not substantially equivalent to or more stringent than those that existed in Florida.

Mr. Alband requested that the board consider his examinations, education, and 40 years of experience. He requested that the board license efficiently and regulate fairly. He commented that he applied to NCARB and was told that he needed to return to school. Ms. Clark commented that the board did not have the ability to waive the education requirement as required by statute.

Motion: Mr. Emo moved that the board deny the application based on Chapter 481.213(3) (b), Florida Statutes, based on the fact that Michigan's requirements were not substantially equivalent to or more stringent than those that existed in Florida at the time of licensure.
