• Chair Magda will contact the National Association of Barber Boards of America (NABBA) regarding reciprocity as this topic was discussed in detail at their recent annual conference.
• The Department of Education commented on the board’s proposal relating to an apprenticeship program and indicated an apprenticeship program would need to be controlled by their agency; that apprentices cannot be paid for services while performing apprentice duties; and suggested the board consider amending their legislation to restructure their proposal as an internship program rather than an apprenticeship program so that they could control the internship requirements.
• Mr. Jackie Lombardi, Florida Barber Academy, informed the board that federal funds are available for workforce programs.
• Ms. Julie Malone Garofalo, Executive Director, informed the board that they will need to seek an independent sponsor of their apprenticeship legislative initiative as the department will only pursue legislation that affects the entire department during the 2005 legislative session unless legislation is filed which would be detrimental to the board.
• Ms. Guillemette and Mr. Biggins will work on a proposal regarding apprenticeship/internship and present their proposal to the board at the next board meeting.
• Ms. Malone Garofalo mentioned the financial report for years ending June 30, 2004, and June 30, 2003, and added that a financial report for the quarter ending September 30, 2004, should be available at the next board meeting.
• Ms. Malone Garofalo referred the board of the operating account statement of revenues, expenses and changes in net assets for the years ended June 30, 2001, through June 30, 2009, and added that so long as the board’s financial position stays as it is currently running, the board should be in a sound financial situation through June 30, 2009.
• Ms. Malone Garofalo mentioned an anonymous complaint received relating to fees charged for barber renewal fees.
• Ms. Guillemette distributed copies of some independent school inspection reports as previously requested by the board.

• Ms. Erath added that the department is attempting to completely fill all spaces in the first three practical examination administrations to shorten or eliminate a required fourth session.
• Ms. Erath indicated that with the recent rule changes, two exam items have been eliminated from the restricted barber written examination due to inappropriate item content.
• Ms. Erath informed the board that Ms. Char Feliciano provided the names of two potential south Florida examiners and one is currently being contracted.
• Ms. Erath informed the board that a quarterly pass/fail report is being created and further information on this report will be provided at a later date.
