Board Attorney Report

Rule 61G3-21.001, Florida Administrative Code – Normal Penalty Ranges
The Board approved the following language and agreed that there would be no negative impact on small business nor would there likely be any increase in regulatory costs in excess of $200,000 in the aggregate within one year after implementation. They also agreed that a violation of this rule, or any part of this rule, would not be designated as a minor violation.

The following guidelines shall be used in disciplinary cases, absent aggravating or mitigating circumstances and subject to the other provisions of this chapter. The disciplinary guidelines are based on a single count violation of each provision listed. When multiple counts of a violation of the same provision in the same administrative complaint occur, one of the counts will be treated as a first violation and the remaining counts will be treated as second and subsequent violations. All penalties at the upper range of the sanctions set forth in the guidelines, such as suspension and revocation, include lesser penalties such as fine, probation or reprimand. Penalties increase with the severity of the violation and number of repeat violations. For the purposes of this rule, the descriptions of the violations in the table below are abbreviated and the statute or rule cited should be consulted for a complete description of the prohibited conduct.
