Mr. Oglo informed the board that the amendment to Rule 61G3-16.009(1), Florida Administrative Code, Display of License, requiring licensees to laminate a picture on their license for posting at their workstations is progressing through the rulemaking process.

Mr. Oglo introduced an amendment to Rule 61G3-16.0092, Florida Administrative Code, to mirror the recent amendment to Chapter 455, Florida Statutes,
for electronic reporting of continuing education courses. Mr. Oglo presented the board with the amended language as follows:

“(6) Providers shall maintain a system of recordkeeping which provides for storage of approved courses. Providers must electronically provide to the Department a list of attendees taking the course for continuing education purposes within 30 business days of the completion of the course or prior to the licensee’s renewal date, whichever occurs sooner. However, the continuing education provider shall electronically report to the Department completion of a licensee’s course within 10 business days beginning on the 30th day before the renewal deadline or prior to the renewal date, whichever occurs sooner. The list of attendees submitted electronically to the Department shall not include applicants taking the course for initial licensure. For home study courses, the provider must electronically supply the list of those individuals successfully completing the course by the 5th of the month following the calendar month in which the provider received documentation and was able to determine the successful completion of the course by the licensee. This list shall include the provider’s name and provider number, the name and license number of the attendee, the date the course was completed and the course number. Failure to comply with the time and form requirements will result in disciplinary action taken against the provider.”

Rule 61G3-16.010, Florida Administrative Code, - Supervised Practice Exception

Mr. Oglo mentioned that Vice Chair Troup had previously spoken with several employees in the Tampa Bureau of Investigative Services Regional Office who suggested that the supervised practice exception rule be more narrowly defined. A copy of the proposed draft was included in the agenda. The board agreed that all members need to review the language more closely for further discussion at the next meeting.
