2015 LEGISLATIVE AD-HOC COMMITTEE
CALL TO ORDER
Mr. Bolduc, Chair of the Committee, called the meeting to order at 9:10 a.m.

Members Present
Tim Bolduc
Rick Holmes

Others Present
Robyn Barineau, Executive Director
Mark Miller, Assistant General Counsel, OGC, DBPR

Mr. Bolduc reminded the members of the suggested legislative proposals discussed from the last Committee meeting and reviewed the established timeline for submission of legislative proposals to the Department.

Supervision by provisional building code administrators
The Committee discussed the suggested revisions below:

468.609(7)(d) Direct supervision of a provisionally licensed plans examiner or building code inspector may only be performed by a building code administrator who holds a standard certification. A provisionally certified building code administrator shall not directly supervise any provisionally certified plans examiner or building code inspector unless said building code administrator holds a standard certification in the category of the employee being supervised.

468.609(7)(e) A newly employed or hired person may perform the duties of a plans examiner or building code inspector for 120 days if a provisional certificate application has been submitted if such person is under the direct supervision of a certified building code administrator who holds a standard certification and who has found such person qualified for a provisional certificate. Direct supervision and the determination of qualifications may also be provided by a building code administrator who holds a limited or provisional certificate in a county having a population of fewer than 75,000 and in a municipality located within such county.

There was discussion regarding the need to define “direct supervision” at the last committee meeting. Mr. Bolduc researched this issue and indicated that he did not
believe there was a need to define “direct supervision.” Mr. Mark Miller, Assistant General Counsel, indicated that the proposed language is clear and could be enforced. Mr. Bolduc will work on an analysis of this language.

Records retention
The Committee agreed that often there are issues with the prosecution of disciplinary cases due to the lack of record retention requirements. Discussion ensued about where such a requirement should be included - in the Florida Building Code or in the board’s practice act.

The Committee agreed that it is the responsibility of the Building Code Administrator to ensure that proper records are kept in a building department. Mr. Holmes provided a comprehensive list of records he would suggest should be required and maintained by the building department.

The Committee agreed that the language should be included in 468.604(1), Florida Statutes. Mr. Bolduc will draft language for this initiative and provide his draft to the Committee at the next meeting.

ADJOURNMENT
There being no further business to come before the Committee, the meeting was adjourned at 9:45 a.m.
