PETITION OF DECLARATORY STATEMENT
Manatee County Building and Development Services
Mr. Carroll Dupre, Building Official, Manatee County Building and Development Services, and Patrick L. Wenzel, Construction Review/Inspections Manager, were present and sworn in by the court reporter. The Board reviewed the Petition for Declaratory Statement. After discussion, the following action was taken.

Mr. Bolduc made a motion that the requestor has standing to petition for a Declaratory Statement. Mr. Lopresto seconded the motion. The motion passed unanimously.

The Board received comments from the audience related to the Petition for Declaratory Statement and public records.

After discussion, the following action was taken.

The Petitioner amended the Declaratory Statement to reflect that the video will not be deleted, but will maintain their records in accordance with the Florida Statutes and that the video procedure will be used only for AC change outs.

Question #1 states:
Does a mechanical inspection done by a person properly licensed in the mechanical field under Chapter 468, XII, Florida Statutes, employed by Manatee County which serves as the issuing authority, using recorded video violate Section 468.604(2), Florida Statutes by failing to “ensure compliance with the Florida Building Code or technical amendments thereto, if the inspections are performed under the direction of the building code administrator or building official?”

Question #1 was amended to state, does a mechanical inspection done by a person properly licensed in the mechanical field under Chapter 468, XII, F.S., employed by Manatee County which serves as the issuing authority, using recorded video (pursuant to the procedures for AC change outs specifically described in this petition) violate s.468.604 (2), Fla. Stat. by failing to "ensure compliance with the Florida Building Code" or technical amendments thereto, if the inspections are performed under the direction of the building code administrator or building official?

Mr. Bolduc stated that the answer to Question #1 is no, with added language to be worked out with Manatee County attorney addressing the deletion of the video recording. Chair McCormick suggested that the language mirror the other two Petitions for Declaratory Statements.

Mr. Bolduc made a motion that the answer to Question #1 is that the Board finds that the use of a video recording by an individual other than licensed professional of this Board in accordance with the procedure provided does not in and of itself provide a violation of s.468.604(2), Florida Statutes.
Mr. Bolduc amended his motion to answer Question #1 is no. The use of or the performance of an inspection using a video recording by an individual other than a licensee by this Board according to the procedure provided does not in and of itself provide a violation of Section 468.604(2), Florida Statutes and that all records must be kept in accordance with Florida law.

After further discussion, Mr. Bolduc amended the motion to state that in reference to Question #1, the Board finds the answer to be no. The purpose is performing inspections by viewing a video recorded by someone other than a licensee by this Board in accordance with the procedure provided does not in and of itself does not violate s.468.604(2), Florida Statutes, and the Petitioner must maintain the video recordings in accordance to the Florida Statute.

After more discussion, Mr. Bolduc amended the motion to state that the answer of Question #1, is that the Board finds the answer to be no that a mechanical inspection performed using a recorded video provided by an individual other than a licensee of the Board according to the procedure provided does not in and of itself violate the requirements of s. 468.604(2), Florida Statutes, to ensure with the understanding that the retention of the records are maintained in accordance with the Florida Statutes.

Mr. Lopresto accepted the amendment.

Mr. Milne read into the record language used in a previous declaratory statement, which states that it is the opinion of the Board that a licensed building inspector operating as a private provider under the provisions of s.553.791(1)(i), F.S. who conducts a virtual inspection of the type specifically identified above utilizing the smartphone application, web based, video guided, biometrically protected program as specifically described in the Petition and by sworn testimony of the Petitioner is not, ipso facto failing to lawfully execute the duties and responsibilities of their license nor are they failing to ensure compliance with applicable building codes or requirements. None of this is to imply that the utilization of the aforementioned technique will shield the licensed building inspector from discipline for failing to perform a competent inspection or for violating any provision of Chapter 468 Part XII, F.S.

Mr. Milne stated that the above mentioned language may be included in the final order.

Mr. Raines seconded Mr. Bolduc’s amended motion. The motion passed with Mr. Leuzinger voting against the motion.

Question #2 states:
Does a mechanical inspection done by a person properly licensed in the mechanical field under Chapter 468, XII, Florida Statutes, employed by Manatee County which serves as the issuing authority using recorded video violate Section 468.621(2), Florida Statutes, subject the inspectors license to disciplinary action for “failing to properly enforce applicable building codes or permit requirements within this state which the certificate hold knows are applicable”?

Mr. Bolduc made the same motion for Question #2 that the answer of the Board is no to s.468.621(2),F.S., and that it is the Petitioner’s responsibility to maintain the records pursuant to the Florida Statutes, and the recordings are performed by an individual not licensed by this Board. Mr. Raines seconded the motion. The motion passed with Mr. Leuzinger voting against the motion.
Question #3 states:
Does a mechanical inspection done by a person properly licensed in the mechanical field under
Chapter 468, XII, Florida Statutes, employed by Manatee County which serves as the issuing
authority using recorded video violate Section 468.621(1)(i), Florida Statutes, subject the
inspectors license to disciplinary action for “failing to lawfully execute the duties and
responsibilities specified in Chapter 468, XII, Florida Statutes and Section 553.73, Florida
Statutes.

Answer: Mr. Bolduc made the same motion for Question #3 that the answer of the Board is no
to s.468.621(1)(i), F.S., and it is the Petitioner’s responsibility to maintain the records pursuant
to the Florida Statutes, and the recordings are performed by an individual not licensed by this
Board. Mr. Lopresto seconded the motion. The motion passed with Mr. Leuzinger voting against
the motion.

Mr. Milne will draft language for review by the Chair, Vice Chair and the Petitioner’s attorney
prior to filing the final order.
