LEGISLATIVE REPORT
Mr. Gathright discussed legislation that had been filed at this time.

Mr. McCormick stated that he was not in favor of the language giving building code licensees continuing education credit for completing fire marshal courses. Mr. Doug Harvey, Building Officials Association of Florida, stated that they had been working on this for number of years, trying to establish a reciprocal agreement as many building code licensees are fire safety inspectors. BOAF is in support of the agreement.

Mr. Dudley informed the board of the bills that had been filed, and that none have been heard or referred to committees.

DISCUSSION OF CRIMINAL SELF-REPORTING DOCUMENT
Ms. Barineau informed the board that there was a new form that has been posted on the department’s web site for a licensee to report a criminal conviction within 30 days. She stated that Mr. Jerry Wilson, Director of the Division of Regulation, needs to know how to handle the ones that were not filed timely.

Mr. Biggins asked if the board wanted to handle the late reporting issue as a minor issue. He stated that if a violation was not related to the practice, then it would not go any further, and that will be the department’s decision. He further commented that the board was not being asked to look at the seriousness of the charge, but only the timeframe in which it is reported.

The committee decided to table this in order for Ms. Barineau to see how other boards were handling this issue because they felt it should be uniform across all boards.

JERRY WILSON, DIRECTOR, DIVISION OF REGULATION

Mr. Wilson introduced Ms. Cecilia Jefferson, Deputy Director, Division of Regulation. He stated that she had recently been hired and informed the board of her background.

Mr. Wilson discussed the statistics for Regulation and informed the board that they were looking at the smaller cities and counties to make sure they are in compliance. He stated that if they found that they did not have properly licensed individuals, they should have an inter-local agreement for assistance.

Vice-Chair Sasso thanked Mr. Wilson for Regulation trying to enter the compliant incident date on the system. Mr. Wilson responded that sometimes it was difficult to determine the incident date, however, when they can, they will include it.

Chair McCormick informed Mr. Wilson that they discussed the issue of self reporting yesterday, and he would personally like to be consistent with what other boards are doing. Mr. Wilson responded that he has not heard from other boards, however, he should have some information by their next meeting. He also informed the board that citations can be sent out via certified mail rather than by hand service.

Mr. Wilson discussed the filing of complaints by board members and e-mail complaints. He stated that they treat e-mails as complaints, and he is concerned that when they receive an e-mail complaint, these have to be furnished to the person that the complaint
is filed against. He asked that if individuals send in an e-mail, then they need to indicate if they plan on being the person filing the complaint.

Mr. Wilson informed the board that he would provide some suggestions for minor violations for their review at the next meeting.
