PROPOSED RULE FOR DISCUSSION REGARDING THE BOARD’S DISCIPLINARY AUTHORITY PURSUANT TO SB442
AMENDMENT TO RULE 61G19-6.016, F.A.C.
Mr. Jones stated that these were updates from the last meeting. The rules have been filed and are progressing through the adoption process.

DISCUSSION OF PROPOSED RULE 61G19-X.OOX REQUIRED EXPERIENCE OF STANDARD INSPECTOR
Mr. Nagin stated that a proposal was included in the agenda and which suggested minimum experience requirements for each classification of licensure.

Mr. Jones stated that this was written as a rule, however in the alternative, it could be used only as a guide to aid staff in processing applications.

Following discussion, the following action was taken.

MOTION: Mr. McCormick made a motion that the Committee table this discussion until feedback has been received from various groups to see what recommendations they have for this proposal.
SECOND: Mr. Kymalainen seconded the motion and it passed unanimously.

Mr. McCormick volunteered to contact various individuals for their input and bring the information back to the Board for discussion.

DISCUSSION OF RULE TO ALLOW MEMBERS TO AUDIT CONTINUING EDUCATION COURSES – JEFFREY JONES
Mr. Jones stated that this was not really an issue. Mr. Nagin stated that the Construction Industry Licensing Board has a rule for board members to audit CE courses and he did not know if this Board wanted to adopt a similar rule.

Mr. Jones stated that he was not sure they would need a rule. He added that if a board member wanted to review a course, there should not be a problem.

MOTION: Mr. Franklin made a motion that Mr. Jones prepare a draft rule to allow Board members to audit continuing education courses.
SECOND: Mr. Weber seconded the motion which passed with Ms. Pass voting against the motion.
ADJOURNMENT
There being no further business to come before the Committee, the meeting was adjourned at 12:03 p.m.

3. FBC: Advanced Training - Termites (2 hrs)
4. FBC: Plumbing/Fuel Gas Summary (1 hr)
5. FBC: Mechanical/Energy Technical Core Summary (1 hr)
Mr. McCormick stated that courses #1 through #5 all imply that they are advanced core courses. He stated that the Committee could approve them as general education courses but would not recommend that they approve them as advanced courses because those courses have to be submitted to DCA.

MOTION: Mr. Sasso made a motion that the Committee table these courses until this afternoon when Ms. Jones is present.
SECOND: Mr. McCormick seconded the motion and it passed unanimously.

MOTION: Mr. McCormick made a motion that the Committee approve the courses for general credit and that “advanced” be removed from the title of the courses.
SECOND: Mr. Weber seconded the motion and it passed unanimously.

Mr. Nagin stated that these courses were not relevant.

MOTION:  Mr. McCormick made a motion that the Committee deny all of the courses submitted as they were not relevant.
SECOND:  Mr. Sasso seconded the motion and it passed unanimously.

**PERFORMANCE OF THE P&P EXAMINATION – BET**

Ms. Barineau stated that information regarding the examination performance was included in the handout folders. She stated that the reference list had been updated recently, and she was told that the Bureau of Education and Testing (BET) is reviewing the sample questions to see if they need to be updated.

**ICC UPDATE**

Mr. Robert von Kampen was present. He informed the Board that the contract was being finalized with Promissor. Mr. von Kampen stated that Promissor has 21 computer-based test sites in Florida and 277 nationwide. He stated that the pen and paper examination will be given four (4) times next year.

Mr. von Kampen stated that ICC would be willing to assist with the examination for roofing however they have not taken any action on the letter received from John O’Connor. He stated that the Modular exams will be updated at the February meeting.

Ms. Ila Jones was present at this time.

**DISCUSSION REGARDING THE ADVANCED CORE COURSES REQUIREMENT**

Ms. Jones discussed the core courses and the advanced courses. She stated that the Department of Community Affairs developed advanced courses and also some private providers developed advanced courses. Boards were required to develop rules regarding the number of hours they would require for the advanced courses. She stated that the statute requires all licensees to compete the core course within two (2) years from the date of initial licensure.
Ms. Jones stated that the advanced courses were set up differently and as a part of the CE for license renewal, however, the building section is different in that it says prior to licensure. Ms. Jones explained the reason for this was because of the provisional licenses and that the intent was that individuals take the course prior to taking the examination for licensure.

Ms. Jones stated that the advanced courses were to cover specialized areas. The advanced course requirement developed by the Florida Building Commission and they were encouraging private providers to develop courses. She stated that the Commission was the only approved provider for the core course, however, the advanced courses are submitted by the provider directly to DBPR.

Ms. Jones informed the Board that some advanced courses had been approved by the Commission and have been submitted to the individual boards for approval. She stated that the Commission courses are for sale to all, including private providers. The course is submitted by the Commission and then they get a certificate that is submitted to the board.

Mr. Nagin commented that they did not have a requirement for the advanced courses. He stated that the requirement was still in effect and advanced courses are required under other boards, not just this board. He asked Ms. Barineau and Mr. Don Fuchs to include information on this issue in the next newsletter.

**ADJOURNMENT**
There being no further business to come before the Committee, the meeting was adjourned at 2:57 p.m.

**EXECUTIVE COMMITTEE**

**CALL TO ORDER**
Mr. Kymalainen, Vice-Chair, called the meeting to order at 2:57 p.m.

MEMORANDUM FROM DENNIS FRANKLIN
Mr. Franklin apologized for not notifying staff to postpone this item at the last meeting. He stated that there had been previous discussion regarding the elimination of the provisional building code administrator license, and he wanted to know the outcome. Mr. Jones responded that there was no motion to take any action. He stated that the statute speaks to provisional licenses and says “may” so there is flexibility if the Board decided to do anything.

LETTER FROM JOHN O’CONNOR REGARDING ROOFING INSPECTOR EXAMINATION AND TRAINEE CERTIFICATION PROPOSAL
Mr. O’Connor stated that a contractor’s license is required to obtain the voluntary category for roofing. He commented that there is no examination for this license and that is the reason for the requirement to have the contractor’s license. He thought, however, that requiring the test would be a good alternative.

Mr. McCormick commented that he supported the concept of the examination. He added that the requirement for a contractor’s license should not be removed but that an examination could be another option.

Ms. Barineau stated that the idea could be explored and see what could be done with the contract with ICC.

MOTION: Mr. Weber made a motion that the Committee table the issue until the February meeting.
SECOND: Mr. McCormick seconded the motion and it passed unanimously.

Ms. Pass commented that the requirements did not need to be watered down; they would still have to have 5 years hands-on experience. Mr. McCormick stated that the roofing license should remain a voluntary category.

Mr. O’Connor informed the Board that language had been developed for the upcoming Legislative session to allow for training in lieu of experience and would apply only to inspectors and plans examiners. Mr. Kymalainen asked what kind of background would be required to enter the training program. Mr. O’Connor responded the requirement would be two (2) years experience – 1 year in the field and a minimum of 300 hours of course work.
Following discussion, Mr. Kymalainen stated that the requirement was less stringent than the statute currently requires. Mr. Jones informed the Board that if the statute was changed, this could be done.

Mr. McCormick stated that the Board could require more than the proposed 300 hours. He stated that they also needed to discuss how this would apply to both public and private entities. Mr. O’Connor responded that the proposal was not written to exclude anyone. Mr. McCormick commented that he could see where it can be used in public sector, however, he had a greater concern on how the structure would be done in the private sector. Mr. Franklin stated that the Board needs to take a strong look at this regarding the licensees and not whether it is public or private.

Ms. Pass stated that she was against the program because it diluted the current requirements. She stated that she also had concerns with the private industry as well.

Mr. Sasso commented that he was probably in favor of the language, however, it states that a “training certificate” will be issued, and he did not like the word “training.”

Mr. McCormick questioned Mr. O’Connor if he was going to say the board supports the proposed language. Mr. O’Connor responded that he would not say that the Board supports this since they have not yet, but if the Board was supportive, he would like a letter of their support.

Following discussion, Mr. McCormick stated that he was supportive of the concept, but he did not support the current language. Ms. Pass stated that she could not support the training program; individuals need to have 5 years of experience in order to sign off on any inspection. Mr. Sasso stated that he thought the hours could be changed to address Ms. Pass’s concerns. Ms. Pass responded that the basic concept of the training is what she opposed.

Mr. Kymalainen commented that the proposal dilutes the current requirements, and he did not support the concept as it was too weak and it was a step backwards.

Mr. Franklin stated that he liked the concept as they need to look at new, innovative ways to get younger individuals in the profession. Mr. Weber commented that he was fine with the program and agreed with Mr. McCormick’s comments.

ADJOURNMENT
There being no further business to come before the Committee, the meeting was adjourned at 4:18 p.m.

APPLICATION REVIEW COMMITTEE
The Application Review Committee reconvened at 4:18 p.m. to review the remaining applications.

APPROVAL OF THE OCTOBER 12, 13 & 14, 2005 MINUTES OF THE MEETING
MOTION: Mr. Franklin made a motion that the Board approve the minutes of the October 12, 13 & 14, 2005, meeting as submitted.
SECOND: Mr. McCormick seconded the motion and it passed unanimously.

JESSICA LEIGH, PROSECUTING ATTORNEY’S REPORT
Ms. Leigh provided the Board with a copy of her report.

Mr. Sasso asked Ms. Leigh if she had the resumes for the experts he had requested. Ms. Leigh responded that she would provide a copy to the members at the next meeting.
OPPAGA RECOMMENDATIONS FOR ALTERNATIVE DISPUTE RESOLUTION (ADR)—RONALD SAFFORD, DBPR COORDINATOR

Mr. Safford was present at the meeting. He informed the Board that an audit was conducted by OPPAGA and they liked the Department’s ADR Program. OPPAGA did suggest the Department expand their ADR Program. He will attend board meetings to see if/how the ADR Program can be expanded. Mr. Safford provided an activity report for the Board’s review.

Mr. Safford was requested to provide additional information to the members which he stated he would do electronically.

REPORTS

Chair’s Report – Charles Sheridan

Mr. Sheridan was not present and no report was presented.

Application Committee – Margaret Pass

- Ratification and Denial List

Ms. Pass stated that the ratification list was included in the handout materials and asked that the Board approve the applications reviewed by the Committee.

MOTION: Mr. McCormick made a motion that the Board approve the actions of the Committee.
SECOND: Mr. Franklin seconded the motion and it passed unanimously.

Ms. Pass informed the Board that she met with the Central Intake Staff and took them on a field trip to visit building sites to see actual building construction. Ms. Pass thanked Ronnie Spooner, City of Tallahassee, for allowing the visit their building department. She stated that this will help the processors to understand what they are looking for when reviewing applications. Ms. Pass commented that she thought they had a good group, and they were doing a good job.

Ms. Barineau commended Ms. Pass for volunteering to do the field trip.

Mr. Kymalainen stated that the Board would amend the agenda at this time. Ms. Barineau introduced Mr. Dennis Yecke, Deputy Secretary for Professions and Regulation.

Mr. Yecke thanked the members for their service and commented that he heard about the late night application reviews. He provided the board with his background and stated that it was a pleasure to be in Florida. He commented that he had a tremendous staff and would be looking at things that could be improved. He stated that the Secretary’s goal is to improve Department customer service. Deputy Secretary Yecke solicited suggestions and comments from the Board members and asked that they send them to Ms. Barineau for forwarding to him.
Rules and Legislation Committee – Rob Nagin
Mr. Nagin reported that the Committee met yesterday. He stated that Ila Jones was present at the meeting, and they discussed the advanced core courses. He stated that language will be drafted to delete some language regarding the core courses. He reported that the rule amendments were moving forward.

Mr. Nagin reported that they discussed SB552 regarding discipline of building officials and inspectors and BOAF was taking an active part in following the bill.

Mr. McCormick commented that he was out of the room during the discussion with John O’Connor regarding the building code academy and wanted to make sure he understood the positions of the members. He stated that language was being written at this time and Mr. O’Connor had asked for support from the Board. There were four members that offered support for the concept and two who did not support the initiative.

Mr. Nagin commented that he was in favor of the concept, however, the language was not strong enough.

Mr. Franklin stated that some of his concerns were that the current licensure requirements and responsibilities should not be lowered as they move forward with the training program. He stated that they also needed to recognize that many in the industry will be retiring in the next 10-15 years and they will need some new blood in the profession. Mr. Franklin stated that they have to be cautious in how they proceed.

Examination and Continuing Education Committee – Dennis Franklin
Mr. Franklin reported that the Committee met yesterday and reviewed courses for continuing education.

Board Counsel - Jeffrey Jones
• CS for SB1012
Mr. Jones informed the members that in the handouts was the null and void language that was discussed at the last meeting that created a null and void license. The consensus of the Board was not to pursue reinstatement of a null and void license. Mr. Jones stated that to make the Board compliant with the requirements of CS for SB102 he created rule language. An application and a fee will need to be created. He stated that he was asking the Board to allow him to initiate the (rule making) process, and he will develop the language. He informed the Board that he would not submit the language he proposed because the Department was looking at creating a single form for all boards. He stated that he would bring the language to the next meeting for discussion.

MOTION: Mr. Franklin made a motion that the Board authorize Mr. Jones to begin the (rule making) process.
SECOND: Mr. Nagin seconded the motion and it passed unanimously.
Executive Director – Robyn Barineau
Ms. Barineau stated that the renewal cycle concluded 11/30/05, and the Department will move forward with 100% CE compliance. She will update the Board at the February meeting on this initiative. She advised the members that if they knew someone who would like to serve on a professional board to ask them to complete a Gubernatorial Appointments Questionnaire and submit it to the Governor’s Office for consideration.

CORRESPONDENCE
Letter From Bill Weber
Mr. Kymalainen informed the Board that Mr. Weber was resigning from the Board as of this meeting and it will be difficult to replace him. Mr. Weber said that it had been a pleasure to serve. Mr. Kymalainen presented Mr. Weber with a plaque of appreciation.

OLD BUSINESS
There was no old business at this time.

NEW BUSINESS
Mr. Sasso asked for an opinion from the Board. He stated that he had reviewed the BOAF training program and did not see anything to preclude the private sector from participating. Mr. Kymalainen responded that this was a BOAF issue, not a Board issue. Mr. McCormick stated that the training program was developed without the private providers in mind and it states in the objectives the requirements.

Mr. Franklin stated that he believed this was a BOAF issue because they are the only organization that is approved for the course. Therefore, you have to assume that it is their issue and not a Board issue.

Mr. McCormick stated the private sector could address this issue with BOAF or develop a parallel program.

Mr. Sasso responded that when this was developed it was not with private providers in mind, but he could not find in the statutes or rules where they are excluded.

Mr. O’Connor commented that he would invite Mr. Sasso to speak to the committee that oversees the training program and discuss the issue with them.

Mr. Fuchs commented that BOAF applied and submitted a program to the Board. He commented that anyone could apply for approval of a training program.

Mr. Kymalainen commented that the issue is not with the Board. The problem is that the industry has not submitted a course.
