REVIEW OF RULE 61G19-5.002, F.A.C. - DISCIPLINARY GUIDELINES

MOTION: Mr. Nagin made a motion that Mr. Jones proceed with making the change to Rule 61G19-5.002, F.A.C.
SECOND: Mr. Franklin seconded the motion and it passed unanimously.

DISCUSSION OF RULE 61G19-9.004(9), F.A.C. – APPROVAL OF COURSES
Ms. Barineau commented that this rule was on the agenda as the Board had requested, at the last meeting, to address who long continuing education course completion certificates should be kept by licensees. She stated that the rule does not currently address this issue.

Mr. Nagin responded that they should be kept for at least three years. Mr. McCormick agreed as that was consistent with the provider rule.

MOTION: Mr. Franklin made a motion that Mr. Jones proceed with the rule making process for Rule 61G19-9.004, F.A.C.
SECOND: Mr. McCormick seconded the motion and it passed unanimously.

Mr. Nagin asked Mr. Jones to provide a draft of the rule at the next meeting.

Mr. Jones stated that he had been asked to research the possibility of board members auditing continuing education classes and if there was a need for rulemaking. He stated that he reviewed the rules and there are currently provisions related to board member compensation in Rule 61G19-2.007(f), F.A.C., regarding auditing continuing education courses. He stated that members would have to be approved prior to attending a course.

Mr. Nagin stated that he would like to have the prior approval portion removed so members could audit classes without prior approval. Mr. Jones responded that the rule would require an amendment to effectuate such a change. Mr. Jones informed the Committee that he would draft the rules and bring them to the next meeting for the committee’s review.

DISCUSSION OF PROPOSED RULE REGARDING NULL AND VOID APPLICATIONS – JEFF JONES
Mr. Jones informed the Committee that the rule has not been finalized at this time.

OLD BUSINESS
Mr. Sasso voiced concern over the fines that the Board can impose. He felt that the Board should have the ability to fine a licensee up to $5000 for a first occurrence.

Ms. Jessica Leigh, Prosecuting Attorney, expressed concern over the penalty for a first offense being the maximum amount. Mr. Sasso responded that the penalties should be higher to be a deterrent to licensees violating the law.

NEW BUSINESS
Mr. Nagin suggested that the Board define the laws and rules portion of the continuing education requirement to pertain to BCAIB laws and rules and BCAIB
licensees. He stated that this change was made in the rules to delete the requirement for taking the principles and practice examination every 2 years and he would like better direction as to what the Board would accept. Mr. Nagin commented that Chapters 468, 553, 471, 481, 489, and 713, Florida Statutes, were some suggestions that could be inserted in the rule further defining what would be required for the 2 hour laws and rules continuing education requirement.

Mr. McCormick stated that it should be related to the reference list for the principles and practice examination.

Mr. Jones responded that this approach would put them in a box, and they would be taking away their flexibility.

Mr. McCormick stated that the market place would take care of the courses that were not relevant to the laws and rules. He suggested that the Board review the courses and determine if they are appropriate.

Following discussion, the following action was taken.

MOTION: Mr. Franklin made a motion that Mr. Jones draft language regarding the laws and rules continuing education for consideration at the next meeting.
SECOND: Mr. Kymalainen seconded the motion and it passed unanimously.

There being no further business to come before the Committee, the meeting was adjourned at 12:18 p.m.

Ms. Leigh stated that a copy of the resume for this Board’s expert with the Department was provided in the agenda materials. Mr. Sasso thanked Ms. Leigh for providing the resume and commented that he felt the expert should be licensed as building code administrator.

REQUEST FROM PAUL OCHMAN FOR EXTENSION OF HIS PROVISIONAL LICENSES
MOTION: Mr. Franklin made a motion that the Board deny the request for the extension.
SECOND: Mr. McCormick seconded the motion and it passed unanimously.

PRESENTATION ON BOAF SAFETY ACADEMY – JOHN O’CONNOR
Mr. John O’Connor informed the Board that legislation was drafted and filed by BOAF to have a bill presented during the 2006 legislative session. He stated that they have a senate sponsor but no house sponsor. Mr. O’Connor stated that the language was preliminary, and they want to find language that is satisfactory to the Board.

Mr. Don Fuchs informed the Board that this would not be for individuals that were currently working for a jurisdiction. It would be set up as an apprenticeship type program prior to performing the job. Mr. Fuchs said that they wanted to consider this program as a method for an associates degree. The training program would offer 400 hours of training and then trainees would also be required to have two years of experience to qualify for examination.

Mr. O’Connor commented that they envisioned a week of training for various areas, such as, principles and practice, how to be inspector and plans examiner, three weeks of in-field training, a week of review and examination. He also stated that they proposed that the individuals would take the examination before applying for a license.
Mr. Jones stated that the Board does not feel comfortable with the current structure. He commented that in looking at the proposed language, the concept allows the Board to establish rules in conjunction with BOAF.

Mr. Fuchs responded that BOAF would like to work with the Board to develop the program and assumed that the members of the Board would have a trust factor with BOAF. He stated that it was not a problem to have BOAF named.

Ms. Pass stated that she is concerned with the way the language is written. She stated that she did not think BOAF should be included in the statute.

Mr. McCormick commented that he thought something needed to happen with respect to training. He stated that they hear talk about how difficult it is to find someone that has training and for that reason, something needs to happen. Mr. McCormick stated that it appears the qualifications may be reduced, however, that could be solved by changing the language to delete the reference to BOAF.

Following discussion, Mr. Fuchs stated BOAF wanted a proposal that the majority of the Board felt comfortable with; they could delete the two year requirement, the reference to BOAF, and bring back a new proposal.

Mr. Sheridan commented that they already have authority and the proposed language was taking away from what is already in the statute. Mr. Sasso agreed that they already have rule making authority.

Following discussion, Mr. Kymalainen stated that he would like to see the proposed language dropped this year and the time taken to work on the language for future presentation to the Legislature. He stated that the concept is acceptable, however BOAF is pushing too fast and they need to wait at least a year.

Mr. Franklin agreed and stated he supports the concept but wants to make sure the program is done properly. He suggested that workshops be held to review the language.

Mr. McCormick asked for a straw poll to determine the thoughts of each member. Ms. Pass did not understand the urgency. Mr. Franklin supported the program and holding workshops. He preferred they take their time with this process. Mr. Kymalainen was not pleased that this went to the Legislature and had concerns with the proposed language. Mr. Nagin felt the concept was good, but at this point, this language was not acceptable. Mr. Sasso felt that the Board had gone above and beyond in working with BOAF on this and did not want the Board to write the language.

MOTION: Mr. Nagin made a motion that the Board arrange to have a workshop in conjunction with the April meeting.

SECOND: Mr. Franklin seconded the motion and it passed unanimously.
Mr. Fuchs stated that one of the legislative changes was to delete the requirement for the building code training program.

MOTION: Mr. Nagin made a motion that the Board approve only the proposal to strike the requirement regarding the building code training program for the core curriculum course to be taken and that Southern Building Code Congress International and the Council of American Building Officials be changed to International Code Council.

SECOND: Mr. McCormick seconded the motion and it passed with Ms. Pass and Mr. Sheridan voting against the motion.

Executive Committee – Charles Sheridan
Mr. Sheridan requested Mr. Jones provide direction for the Board at the next meeting regarding the new language for the gift law.

Mr. Sheridan asked if there was any information on the bill regarding home inspectors. Mr. Nagin responded that he had seen the proposal and it was a compromise from last year. He stated that currently it was not under this Board but said DBPR. Mr. Nagin indicated he would provide Ms. Barineau with the bill number.

Board Counsel – Jeffrey Jones
Mr. Jones informed the Board that he had provided a handout which related to denials based on an individual’s lack of restoration of civil rights. He stated that because of a recent decision of the Fifth District Court of Appeals, they have rejected the analysis of civil rights not being restored as a reason to deny an application. He recommended that the Board not use civil rights restoration as the only basis of denial.
Executive Director – Robyn Barineau
Ms. Barineau informed the Board that one of the initiatives of the Department was to have all board member vacancies filled as soon as possible. She suggested that should an Board member know of an individual that might be interested in serving to have them submit an application to the Governor’s Appointments Office. Ms. Barineau informed the Board that appointment applications were provided on the sign-in table.

Ms. Barineau reported that the continuing education project letters were mailed last week to licensees that did not have their continuing education for the renewal period. She will keep the Board informed of the progress of this initiative.
