Declaratory Statement
Mr. Jones informed the Board that the Declaratory Statement had been published in the Administrative Weekly and was ready for consideration by the Board. Mr. Dumbaugh was present.

Mr. Dumbaugh stated that the situation is that some companies turn to engineers for inspections and they want to send authorized representatives to do the inspections. Mr. Dumbaugh stated that building departments feel the representative cannot do this. Only someone who is a licensed engineer, architect or licensed under Chapter 468, Florida Statutes, can perform the inspections.
Chair Kymalainen stated that they can require that they have licensed individuals performing the inspections. Mr. Nagin agreed.

Chair Kymalainen stated that a private provider who is an engineer has to have individuals that are licensed under Building Code Administrators & Inspectors Board to do the inspections.

Mr. Jones stated that there was an exception in the Statutes. The question was whether or not an engineer or architect can send a delegate. The Board indicated that a delegate can not perform inspections unless properly licensed. Mr. Jones stated that he will draft a response from the Board that will be published in the Administrative Weekly, however, if he is not comfortable with his response, he will bring it back for review by the Board before publishing.
