LEGISLATIVE REPORT – ROB NAGIN
Mr. Nagin informed the Committee that SB404 had not yet been presented to the Governor for signature. He stated that as soon as he had any information, it would be reported to the Building Officials Association of Florida and they would put the information on their web page.

Mr. Dudley reported that SB404 also provided new requirements for CILB applicants to complete a criminal history records check as a condition for licensure consideration. He asked if this Board would be interested in having this added to their requirements. Mr. Dudley said that he thought it should be considered during the Rules and Legislative Committee and a recommendation could be made to the full Board. He suggested that the Board have the Department look at a CILB parallel for the new legislation. Ms. Barineau responded that she would relay this information to the Department.

MOTION: Mr. Dudley made a motion that the Committee request the Department consider legislation for the Building Code Administrators and Inspectors Board requiring a criminal history report from the Florida Department of Law Enforcement for initial licensees.
SECOND: Mr. Sasso seconded the motion and it passed unanimously.

Mr. Dudley commented that there was no definition regarding good moral character in their practice act. He asked Mr. Jones to review this and report back at the August meeting if there would be any value to have a similar definition as the Construction Industry Licensing
Board. Mr. Jones responded that he would review this, discuss the issue with Ms. Leigh, and report at next meeting.

RULES REPORT – JEFFREY JONES
Mr. Jones informed the Committee that his report was in the handout folder. He added that should SB2836 become law, the allowance of 90 days to work, once an application for a provisional license is submitted, will have to be changed to 120 days. He stated that he would proceed with rulemaking if this happens.

PROPOSED CHANGES TO RULE 61G19-6.017, FLORIDA ADMINISTRATIVE CODE, ONE AND TWO FAMILY DWELLING INSPECTOR CERTIFICATION – NICK SASSO
Mr. Sasso stated that this was a suggestion from the Application Review Committee. He stated that some of the applicants have education that they are trying to use to qualify for licensure that is not in a related field. The Committee’s understanding is that in order for education to qualify it must be related to the category sought. Mr. Sasso stated that he and Mr. McCormick wanted to further clarify this issue and add to Rule 61G19-6.017, Florida Administrative Code, “in the category sought.”

MOTION: Mr. Dudley made a motion that the Committee recommend to the Board that Rule 61G19-6.017, Florida Administrative Code, be amended to add “in the category sought.”
SECOND: Mr. Kymalainen seconded the motion and it passed unanimously

Mr. Nagin asked Mr. Jones to move forward with rule development.

Mr. Sasso stated that it is getting harder to approve applications as the language for a job superintendent does not have the same level of experience as a contractor. Mr. Kymalainen commented that he personally never sees the contractor. The superintendents are the ones that gain the knowledge. Mr. Nagin agreed and stated that he would not like to see this section deleted. Mr. Dudley stated that he understood their concern and suggested that they strike “managerial.”

Following discussion the following action was taken.

MOTION: Mr. Kymalainen made a motion that the Committee recommend to the Board that Rule 61G19-6.017(a) and (b), Florida Administrative Code, be amended by deleting the words “managerial or.”

Rule to Codify Procedure to Review Licensure Applications Update – Jeffrey Jones

Mr. Jones informed the Board that the case of Harden vs. Department of Business was still in the briefing stage and there was no decision on the case at this time. Mr. Jones informed the Committee that he will continue to watch this case and will keep the Board informed. Mr. Dudley suggested that Mr. Jones, if the process is upheld in this case, be aware of any rules that will need to be changed.

NEW BUSINESS

Mr. Nagin asked if the Committee wanted to reconsider the experience rule that was developed previously.

MOTION: Mr. Kymalainen made a motion that the Committee reconsider the experience rule.
SECOND: Mr. Dudley seconded the motion and it passed unanimously.

Mr. Nagin stated that the proposed rule defined the experience by category. He stated that this was brought up at the BOAF meeting and would perhaps give current licensees and potential licensees an idea of what the Board considers as qualifying experience. Mr. Sasso stated that he was opposed to this proposal in the past because the list only had certain items. He stated that he did not want to "box them in" where you only have to have certain experience or they are not qualified.

Mr. Nagin stated that the Committee would discuss this proposal at the next meeting.
