Major Issues/Actions

- The council members discussed the privatization efforts that it is trying to pursue. The council is currently discussing the aspects of doing a study to determine if it is feasible for the council to privatize. Questions that the council posed to Ms. Edwards was whether the council has the authority to enter into a private contract with a vendor to do the study on privatization. Ms. Edwards will report back to the council at its November meeting on this matter.
- The council would like to see a draft of a proposed newsletter at its next meeting. Council members were advised to submit ideas or information for articles in the newsletter. Additionally council members would like to have a hard copy format of the newsletter mailed instead of placing it on the website. here was consensus among the council members that more people will be prone to read the newsletter if it was a hard copy as opposed to reading the newsletter on the website.
- Rule 61-20.504(11), F.A.C. will be changed to reflect the proper funding amount for a change in status fee on a license. Currently the rule states \$10.00 and should be \$15.00
- The council meeting will meet via telephone conference on November 4, 2005.
