Mr. Harrell announced that Professional Licensure Services, Inc. is challenging a rule. Mr. Del Vecchio had a sit down with Kevin Trimm, President of Professional Licensure Services and his attorney, Tim Atkinson, on this issue. Mr. Harrell announced this was after the Division of Administrative Hearings dismissed Mr. Trimm's challenge of the rule based on Mr. Trimm's lack of standing. Mr. Atkinson followed up with the challenge and forwarded an offer to reinstate the net worth requirement listed in the rule. Mr. Harrell stated Mr. Biggins would follow up with more information on that in his report.

Mr. Harrell announced the travel vouchers had been sent to the board members.

Mr. Harrell also announced that the document imaging system is still being implemented and is making sure that the software is easy to use and suits the board members needs. The Secretary decided that the Construction Board would be the first Board under the department to have a paperless meeting, and that this is being implemented in CIU, OGC, etc, throughout the entire Department.

Mr. Harrell also announced the Secretary Benson is leaving the Department in the coming weeks and is joining the Agency for Healthcare Administration.

Mr. Del Vecchio stated that last month the Secretary came to the meeting and handed out information on an audit that was being performed to check into experience verification. Mr. Del Vecchio asked Mr. Harrell if he knew the status of that audit. Mr. Harrell responded that Mr. John Washington, the Director of the Division of Regulation, is who distributed that report, but he did not know of any progress, and he would ask Mr. Washington when he returned to Tallahassee. Mr. Harrell also stated that some of those cases should be reaching Mr. Kelly, and he may be able to provide some information at future meetings.
