Board Attorney Report

2021-2022 Annual Regulatory Plan

The Board approved and ratified the annual regulatory plan for 2021-2022.

Rule 61G5-18.00015, (FAC) – Cosmetologist and Compensation Defined (definitions)

Ms. Lynette Norr, Assistant Attorney General, provided proposed language for the Board to review. The Board and other members of the public provided clarification and insight into the proposed language. After discussion, the Board approved the following language.

(1) A cosmetologist is a person who is licensed to perform the mechanical or chemical treatment of the head, face, and scalp for aesthetic rather than medical purposes, including, but not limited to, hair shampooing, hair cutting, hair arranging, hair braiding, hair coloring, permanent waving, and hair relaxing, for compensation. Cosmetologists and full and facial specialists may also perform skin care services and non-invasive hair removals, including wax treatments but not including electrolysis as that term is defined in Chapter 478, F.S. Nail and full specialists may perform, manicures, and pedicures that include hand and foot massages.

(a) For the purposes of this act “compensation” is defined as the payment of money or valuable consideration directly or indirectly paid or promised, expressly or impliedly, or the intent to collect or receive payment of money or the intent to collect or receive anything of value in exchange for cosmetology services.

(b) For the purposes of this act “medical purposes” is defined as any form of bodily intrusion into the orifices, skin, muscles, or any other tissues of the body. Bodily intrusion includes but is not limited to skin perforation by any means, including the application of permanent makeup, the use of laser and intense pulsed light (IPL) treatments, ultrasound and high intensity focused ultrasound (HIFU) treatments, radiation, plasma pen, Hyaluron pen, injections, and the use of FDA approved medical devices, all of which are beyond the scope of a cosmetology license and full and facial registrations.

(2) Practice Definitions: In the practice of cosmetology and its specialties, the following definitions apply:

(a) “Microblading” is a form of semi-permanent tattooing that involves using tiny, fine-point needles that make up a small disposable blade and handle that deposit pigment simultaneously under your skin. Microblading is beyond the scope of a Florida cosmetology license or full or facial specialist registration.

(b) “Manual exfoliation” is the physical removal of dead skin cells through light abrasion using a sponge or cloth with or without the use of a granulated scrub, or using a dermaplaning #10 blade. All sharps must be disposed of in a biohazard sharps container.

(c) “Chemical exfoliation” is the use of products containing chemicals that either loosen or dissolve dead cell buildup. Examples of exfoliating chemicals are alpha hydroxy acids (AHAs), which are gentle, naturally occurring acids that remove dead skin cells.

(d) “Mechanical exfoliation” is the physical removal of surface epidermal cells by means that include but are not limited to brushing machines, granulated scrubs, peel-off masques, peeling creams or drying preparations that are rubbed off, and microdermabrasion. Microdermabrasion is a type of mechanical exfoliation that involves using a closed vacuum to shoot aluminum oxide or other crystals at the skin with a hand-held device that exfoliates dead cells.

(e) “Semipermanent lashes” are lash extensions that are applied directly onto existing eyelashes with a glue that is specially formulated to not damage the lash or irritate the eyes. This process generally takes about 2 hours to apply and must be maintained. A cosmetology license or a, full or facial specialist registration, or facial specialist license is required to apply these lashes to a client.

(f) “Strip lashes” and “individual lashes” are full, partial, or small clusters of false lashes applied with an adhesive. This process takes very little time to apply, and, as they are not long-lasting, they are usually applied for a specific event.

(g) “Makeup application” includes makeup primer, face paint, lipstick, eyeliner, eye shadow, foundation, rouge or cheek color, mascara, strip lashes, individual lashes, face powder, corrective stick, and makeup remover. Makeup application does not require a cosmetology license or a full or facial specialist registration.

(h) “Massaging” in the practice of cosmetology is limited to the face, scalp, neck, hands, and feet and includes manipulation of the skin for the application of creams or lotions for aesthetic purposes with the hands or a smooth object such as a small stone for aesthetic purposes. Manipulation of an

individual's soft body tissue for the purposes of improving health or well-being, therapeutic massages, reflexology massages, and massaging the torso are outside the scope of a cosmetology license or a full and facial specialist registration.

(i) "Microneedling" or "collagen induction treatment or therapy" is a procedure that uses a multi-needled device to create microchannels in the skin 0.25 – 2.5 mm deep to stimulate the body's natural wound healing process while minimizing cellular damage. This piercing of the skin is beyond the scope of a Florida licensed cosmetologist or registered full or facial specialist.

(j) "Lash lift" or "Eyelash perm" is a treatment where chemical products are applied to natural lashes, lifting or curling the lashes to make them look longer and fuller. A tint is sometimes also applied. Florida licensed cosmetologists and full and facial specialists may provide lash lifting and perming services provided the chemical products used are a gel form of ammonium thioglycolate.

Rule 61G5-29.001 (3)(A), (FAC) – Definitions

After discussion, the Board approved the following language.

(a) The massaging or treating of the face, neck or scalp with or without the use of mechanical devices using oils, creams, lotions or other cosmetic products which are used to cleanse and condition the skin, to prevent or correct problems or conditions of the face, neck, and scalp and to color and beautify the face, neck and scalp or enhance their features, and as additionally set forth in rule 61G5-18.00015; and,

(b) Skin care services for the body as defined in Section 477.013(13), F.S.

Facials shall be performed only by individuals licensed pursuant to Sections 477.019 and 477.0201, F.S., and performed in schools licensed pursuant to Chapter 1005, F.S., or salons licensed pursuant to Section 477.025, F.S.

Rule 61G5-20.0015, (FAC) – Performance of Cosmetology or Specialty Services Outside a Licensed Salon

After discussion, the Board approved the following language.

(1) "Special events" are weddings, fashion shows, and other organized public or private events with a duration of no more than three consecutive days, and where cosmetology services are essential to the event, and the cosmetologist does not provide services to the general public.

(2) Cosmetology or specialty services may be performed by a licensed cosmetologist or specialist in a location other than a licensed salon, including a hospital, nursing home, residence, or similar facility, when a client for reasons of ill health is unable to go to a licensed salon. Such services are not to be performed upon employees or person who do not reside in the facility, or any other non-qualified persons. Arrangements for the performance of cosmetology services pursuant to this subsection shall be made only through a licensed salon.

(3) Cosmetology services may only be performed in a photography studio salon subject to the following requirements:

(a) Only hair-arranging services and the application of cosmetic products may be performed in a photography studio salon, and only for the purpose of preparing a model or client of the photography studio for a photographic session. Shampooing the hair, hair cutting, hair coloring, permanent waving of the hair, hair relaxing, hair removal, manicuring, pedicuring, and the performance of any other service defined as cosmetology may not be performed in a photography studio salon.

(b) All hair-arranging services and applications of cosmetic products to be performed in the photography studio salon shall be performed by a licensed Florida cosmetologist or under the supervision of a licensed cosmetologist employed by the salon. "Under the supervision of a licensed cosmetologist" shall mean that an individual who then holds a current, active Florida license as a cosmetologist shall be physically present at the photography studio salon at all times when hair-arranging services or applications of cosmetic products are being performed.

(c) When performing hair-arranging services, the photography studio salon shall use either disposable hair-arranging implements or shall use a wet or dry sanitizing system approved by the federal Environmental Protection Agency.

(4) Hair shampooing, hair cutting, hair arranging, nail polish removal, nail filing, nail buffing, and nail cleansing may be performed in a location other than a licensed salon when the service is performed by a person who holds the proper license. The licensee shall use either disposable implements or a wet or dry sanitizing system approved by the federal Environmental Protection Agency.

(5) The following procedures shall be followed when performing cosmetology services outside of a licensed salon:

(a) Information as to the name and contact information of the client and the address at which the services are to be performed shall be recorded in an appointment book.

(b) For services required to be scheduled through a salon, the appointment book shall remain at the salon and be made available upon request to any investigator or inspector of the Department.

(c) For services in subsection (4) that have been scheduled directly with the licensed cosmetologist or specialist, the appointment book shall remain with the provider.
