APPLICATION REVIEW

Additional Business Applications

See attachment for a list of applicants that were present during this portion of the meeting:

The Court Reporter swore in, as a group, the applicants and those persons providing testimony on behalf of the applicant. During the review each applicant and their respective designees were interviewed in turn and answered general questions concerning the business entity they wished to qualify and direct questions concerning their understanding of their responsibilities and obligations as primary qualifying agent.

Mr. Echarri asked of the second business applicants collectively as a group:

“Do you understand that you will be legally responsible for every job undertaken by this business?”

“Do you understand that you will be financially responsible for every job undertaken by this business?”

“Do you understand that you are required to approve the work done on every job undertaken by this business?”

“Do you understand that your license is dependent upon how seriously you take these responsibilities?”

Each applicant answered affirmatively to each of the preceding questions.

PROBATION COMMITTEE REPORT

Mr. Echarri reported he reviewed the reports and all were in order.

MOTION: Mr. Tibbs made a motion to accept the probation reports of Joseph Brasher, Kevin Brock, Anthony Taylor Davis, Julio R. Guerrero, Karen King, Beatriz Llano, Ramon Lorentz, Johan Ortiz, Casto Rios and Ram Schatter.

SECOND: Mr. Smith.
Motion passed unanimously.

LEGISLATIVE REPORT

Ms. Christie announced that Mr. Flaherty has resigned from the Board.

Ms. Christie also reported there is SB 334 which limits using crimes related to the practice of certain professions as grounds for denial of an application. She also stated licensees of this Board are included.

RULES REPORT

Draft Language for 61G6-7.001, F.A.C., Specialty Electrical Contractors

The Board discussed the language and after some minor changes the following language was approved:

61G6-7.001 Specialty Electrical Contractors.

The following types of specialty electrical contractors may apply to be certified under the provisions of Chapter 489, Part II, F.S., and Chapter 61G6-5, F.A.C., above. In order to be admitted to a specialty contractor examination, the person must show 6 years of comprehensive training, technical education, or broad experience on the type of electrical or alarm system work for which certification is desired.

(1) Lighting Maintenance Specialty Electrical Contractor. The scope of certification of a lighting maintenance specialty contractor is limited to the installation, repair, alteration, or replacement of lighting fixtures in or on buildings, signs, billboards, roadways, streets, parking lots and other similar structures. However, the scope of the certification does not include the provision of, or work beyond, the last electrical supplying source, outlet, or disconnecting means.

(2) Sign Specialty Electrical Contractor. The scope of certification includes the structural fabrication including concrete foundation, erection, installation, alteration, repair, service and wiring of electrical signs and outline lighting. The scope of certification shall not include the provision of, or any electrical work beyond, the last disconnect mean or terminal points. However, a contractor certified under this section may provide the electrical entrance requirements for metering and main disconnect of remote billboards or signs which are independent of any structure or building and which require no more than twenty-five (25) kilowatts at two hundred fifty (250) volts maximum.

(3) Residential Electrical Contractor. The scope of certification includes installation, repair, alteration, addition to, replacement of or design of electrical wiring, fixtures, appliances, apparatus, raceways, conduit, or any part thereof, in a 1, 2, 3, or 4 family residence not exceeding 2 stories in height, and accessory use structures in connection with the residence. The electrical service installed or worked upon is limited to single phase, 400 ampere single service.

(4) Limited Energy Systems Specialty. The scope of certification of a limited energy systems specialty contractor includes the installation, repair, fabrication, erection, alteration, addition to, or design of electrical wiring, fixtures, appliances, thermostats, apparatus, raceways, conduit, and fiber optics (transmission of light over stranded glass) or any part thereof not to exceed 98 volts, (RMS). The scope of work of this license does not include installation, repair, fabrication, erection, alteration, addition to, or design of electrical wiring, fixtures, appliances, thermostats, apparatus, raceways, conduit, that are part of an alarm system.

(a) The scope of certification is limited to electrical circuits and equipment as set forth in Section 489.505(7), F.S.

(b) The scope of certification shall not include work performed by public utilities exempt under the terms of Section 489.503(4), F.S., or exempt due to the regulatory jurisdiction of the Florida Public Service Commission.

(c) The scope of work of this license may also be performed by the following certified and registered license categories: Unlimited Electrical Contractor, Alarm System Contractor I, Alarm System Contractor II, and Residential Electrical Contractor.

(5) Utility Line Electrical Contractor. The scope of certification of a utility line electrical contractor means a utility contractor whose business includes all types of transmission electrical circuits, distribution electrical circuits, and substation construction done for investor owned electrical utilities, city municipal electrical utilities, and cooperatives under the rural electric authority between point of origin and point of delivery.

(6) Two-Way Radio Communications Enhancement Systems Specialty. The scope of certification of a two-way radio communications enhancement system specialty contractor includes the installation, repair, alteration, addition to, testing, replacement and design of electrical wiring, fixtures, antennae, amplifiers, applicances, apparatus, raceways, conduit, or any part thereof, for two-way radio communications enhancement systems in all structures. The scope of this license does not include the connection of a system to a fire alarm panel. The scope of work of this license may also be performed by the following license categories: Certified Unlimited Electrical Contractor; Certified Alarm System Contractor I; and Registered Alarm System Contractor I.

MOTION: Mr. Tibbs made a motion to approve the draft language and to open this rule for development.

SECOND: Mr. Botknecht.

Motion passed unanimously.

MOTION: Mr. Tibbs made a motion there was no adverse financial impact in excess of \$200,000 in one year or \$500,000 over five years and no Statement of Estimated Regulatory Costs was required.

SECOND: Mr. Botknecht.

Motion passed unanimously.

The Board stated that this rule would not be a minor violation pursuant to Section 120.695, F.S.

FINANCIAL BUDGET LIAISON REPORT

There was no report at this time.

UNLICENSED ACTIVITY (ULA) REPORT

There was no ULA report.

EXAMINATION REPORT

The Board reviewed the Examination Performance Summary for November 1 – December 31, 2018.
