APPLICATION REVIEW
Additional Business Applications

See attachment for a list of applicants that were present during this portion of the meeting:

The Court Reporter swore in, as a group, the applicants and those persons providing testimony on behalf of the applicant. During the review, each applicant and their respective designees were interviewed in turn and answered general questions concerning the business entity they wished to qualify and direct questions concerning their understanding of their responsibilities and obligations as primary qualifying agent.

Mr. Smith asked of the second business applicants collectively as a group:

- “Do you understand that you will be legally responsible for every job undertaken by this business?”*
- “Do you understand that you will be financially responsible for every job undertaken by this business?”*
- “Do you understand that you are required to approve the work done on every job undertaken by this business?”*
- “Do you understand that your license is dependent upon how seriously you take these responsibilities?”*

Each applicant answered affirmatively to each of the preceding questions.

Meeting Minutes
July 2014

61G6-9.006 Approval of Continuing Education Courses.

(1)(a) Any registered course provider may submit an application, on a form provided by the Department, for approval of a continuing education course. Copies of which may be obtained from the Board office.

(b) Those courses offered by a university or college which is regionally accredited by an accrediting agency recognized by the United States Department of Education (USDOE); and which university or college offers courses in the contracting areas specified in Part II, Chapter 489, F.S., and pursuant to Rule Chapter 61G6-9, F.A.C., shall be approved upon receipt of a completed course application and the Board shall not charge a fee for such approval.

(2) Upon receipt of a course application and the appropriate fee, the Board shall approve any seminar or conference in the electrical or alarm system contracting area provided by any university, community college, vocational-technical center, public or private school, firm, association, organization, person, corporation, or entity which meets the criteria provided in this rule.

(3) Any course approved for the continuing education requirements for persons certified under Chapter 468, Part XII, F.S., shall be accepted for continuing education for renewal under this rule, for persons who are certified under Part XII and who are certified or registered under this part.

(4) The application shall include the total number of classroom hours, the course syllabus, a detailed outline of the contents of the course, the name and qualifications of all instructors known at the time of the application and the minimum qualifications of any instructors not known at the time of application.

(5) The Board shall approve continuing education courses which appropriately relate to the general business skills or the technical skills required of certificateholders or registrants, and which is taught by qualified instructors.

(6) A continuing education course which addresses specific technical materials or trade knowledge shall be approved if applicable to a specific category or categories of contractor as defined in Section 489.505, F.S.

(7) Continuing education course approval is valid until May 31st of odd numbered years, provided no substantial change is made in the course.

(8) The Board shall approve or deny any application for a continuing education course at the next regularly scheduled Board meeting, provided the application is filed with the agency within forty five (45) days of that meeting. If the application is denied, the Board shall identify the specific reasons for the denial in writing.

(9) A course which has been denied may be resubmitted to the Board with modifications.

(10) The Board shall not deny nor withdraw approval for any course on the basis that another course provider is conducting the same or similar course approved by the Board.

(11) Of the required 14 continuing education hours, a licensee may earn two (2) three business hours credit, one (1) laws and rules hour credit, and one (1) general hour credit by attending, up to ~~for at least four (4) three~~ hours, a meeting of the Board wherein disciplinary cases are considered. Licensees must attend the complete agenda of disciplinary cases to receive the continuing education hours. The licensee must check in with the Clerk of the Board prior to the beginning of disciplinary proceedings. Credit hours may not be earned when the licensee attends a disciplinary case session as a party to a disciplinary action. A licensee may receive continuing education credit for attending the Board meeting only if he or she is attending on that date solely for continuing education credit; he or she may not receive continuing education credit if appearing at the Board meeting for any other purpose.

(12) The Board shall grant a maximum of seven (7) continuing education credits to any licensee who participates in examination development with the approval of the Board upon submission of documentation of such participation by the Department or a testing provider under contract with the Department. The licensee shall use such credits for the current renewal cycle and provide documentation of participation at least ninety days prior to the end of the renewal cycle.

(13) Providers shall use the following prefixes to designate the number of approved hours in each of the four statutorily mandated categories: "T" for technical subjects, "C" for workers' compensation, "S" for workplace safety, ~~and~~ "B" for business practices, and "L" for laws and rules.

(14) The Board shall grant a maximum of four (4) continuing education credits to any licensee who participates as a member of any technical advisory committee to the Florida Building Code Commission within the Department of Community Affairs. The licensee shall use such credits for the current renewal cycle and provide documentation of participation at least ninety days prior to the end of the renewal cycle.

(15) Board members may receive all fourteen (14) required ~~three (3)~~ hours of ~~general~~ continuing education credit per

61G6-9.004 Continuing Education Requirements for Renewal for Certificateholders and Registrants.

(1) Each person who is certified or registered by the Board must, as a condition of each renewal of the certificate or registration, provide proof of completion of at least 14 classroom hours of continuing education in one or more courses approved by the Board.

(2) A person who holds more than one certificate or registration issued by the Board is required to complete the continuing education requirements only once during each biennial period. Proof of completion by any such person must be submitted with each renewal application.

(3) A person certified or registered by the Board who is also certified under Chapter 468, Part XII, F.S., as a building official, inspector, or plans examiner shall be required to complete the continuing education requirements only once during each biennial period.

(4) A person initially licensed 12 or more months prior to the end of a biennial period is required to complete 7 hours of continuing education as a condition of renewal. Of the 7 hours of continuing education, 6 of the hours must be in the following areas: 2 hours technical, 1 hour business, 1 hour worker's compensation, 1 hour work place safety, and 1 hour laws and rules. For alarm system and electrical contractors, the remaining 1 hour shall be in false alarm prevention. For all other license holders, the remaining 1 hour shall be a general continuing education credit .

(5) A person initially licensed for less than 12 months prior to the end of a biennial period need not complete any continuing education as a condition of renewal.

(6) A licensee may obtain a maximum of 7 hours of continuing education credits by taking a home study course. A minimum passing score of 75% must be obtained to receive the required CE credits.

(7)(a) A minimum of one of the 14 required classroom hours of continuing education must be obtained by completing an approved provider's specialized or advanced module course, approved by the Florida Building Commission, on any portion of the Florida Building Code, relating to the contractor's respective discipline.

(b) Beginning on September 1, 2014, no less than one (1) of the 14 required classroom hours of continuing education shall be in the area of the laws and rules related to electrical and alarm contracting in the State of Florida. For the purposes of this rule, the laws and rules governing the practice of electrical and alarm contracting are Chapters 455 and 489, Part II, F.S. and Rule Title 61G6, F.A.C.

(8) During any biennial period, a licensee may obtain credit for taking a particular approved continuing education course only once.
