Ms. Edwards advised the board that the proposed language was drafted using the Board of Engineers disciplinary language.

If the panel finds probable cause the case is referred to the board for consideration. Ms. Edwards stated that the licensee has appeal rights and that there are different levels of appeal processes.
Ms. Edwards asked the board if the board had appointed a probable cause panel. Dr. Scott advised Ms. Edwards there were three appointed and that that Ms. Francisco, Dr. Kwader and himself.
