II. Major Issues/Actions

- The board agreed to issue a temporary certificate to Henry Arnold and Arnold Associates for a four month period.
- The board reviewed a November 9, 2006 letter from Paul Martin, Executive Director, Board of Professional Engineers, indicating the Board of Professional Engineers is concerned that Ms. Guillemette's letter to Douglas Fry, Department of Environmental Protection, stating that landscape architects can design stormwater systems, failed to address and honor a protocol the boards established in 1988. The board asked Ms. Chastain to invite Mr. Martin to the February board meeting to discuss the scope of practice concerns involving stormwater design issues.
- The board asked Ms. Chastain to write a letter to Florida International University (FIU) and invite them to the February meeting in an effort to encourage student attendance at the board meeting.
