II. Major Issues/Actions

- The primary purpose of the meeting was to review continuing education provider and course applications.
- Mr. Davis informed the board that he and Ms. Marshall-Beasley attended the Council of Landscape Architectural Registration Board (CLARB) annual meeting and was pleased with the turn-out and information provided. Ms. Walter asked that Mr. Davis give a report at the next board meeting.
- Mr. Jeff Castor informed the board that he has had individuals inquire as to when a certificate of authorization is required and suggested that it be a newsletter article. Ms. Guillemette agreed to prepare an article for the next newsletter.
- Mr. Castor also commented that grading and drainage storm water was a front burner issue at the Department of Environmental Protection. They seem to question how well landscape architects are trained and educated to do storm water plans. Mr. Castor suggested perhaps an audit of the examination to see how many questions concern storm water. Ms. Guillemette commented that the statutes allow it and landscape architects should be allowed to design them.

III. Legislation/Rule Promulgation

- None

IV. Action Required

- The next meeting of the board is scheduled for October 27, 2006 in Orlando.
