468.403 License requirements.—

(1) A person may not own, operate, solicit business, or otherwise engage in or carry on the occupation of a talent agency in this state unless the person first procures a license for the talent agency from the department. A license is not required for a person who acts as an agent for herself or himself, a family member, or exclusively for one artist. However, a person may not advertise or otherwise hold herself or himself out as a “talent agency” or “talent agent” unless the person is licensed under this section as a talent agency.

(2) Each application for a license must be accompanied by an application fee set by the department not to exceed \$300, plus the actual cost for fingerprint analysis for each owner application, to cover the costs of investigating the applicant. Each application for a change of operator must be accompanied by an application fee of \$150. These fees are not refundable.

(3)(a) Each owner of a talent agency if other than a corporation and each operator of a talent agency shall submit to the department with the application for licensure of the agency a full set of fingerprints and a photograph of herself or himself taken within the preceding 2 years. The department shall conduct an examination of fingerprint records and police records.

(b) Each owner of a talent agency that is a corporation shall submit to the department, with the application for licensure of the agency, a full set of fingerprints of the principal officer signing the application form and the bond form, and a full set of fingerprints of each operator, and a photograph of each taken within the preceding 2 years. The department shall conduct an examination of fingerprint records and police records.

(4) Each application must include:

(a) The name and address of the owner of the talent agency.

(b) Proof of at least 1 year of direct experience or similar experience of the operator of such agency in the talent agency business or as a subagent, casting director, producer, director, advertising agency, talent coordinator, or musical booking agent.

(c) The street and number of the building or place where the talent agency is to be located.

(5) The department shall investigate the owner of an applicant talent agency only to determine her or his ability to comply with this part and shall investigate the operator of an applicant talent agency to determine her or his employment experience and qualifications.

(6) If the applicant is other than a corporation, the application shall also include the names and addresses of all persons, except bona fide employees on stated salaries, financially interested, either as partners, associates, or profit sharers, in the operation of the talent agency in question, together with the amount of their respective interest.

(7) If the applicant is a corporation, the application shall include the corporate name and the names, residential addresses, and telephone numbers of all persons actively participating in the business of the corporation and shall include the names of all persons exercising managing responsibility in the applicant’s or licensee’s office.

(8) The application must be accompanied by affidavits of at least five reputable persons, other than artists, who have known or have been associated with the applicant for at least 3 years,

stating that the applicant is a person of good moral character or, in the case of a corporation, has a reputation for fair dealing.

(9) If any information in the application supplied to the department by the applicant or licensee changes in any manner whatsoever, the applicant or licensee shall submit such changes to the department within 30 days after the date of such change or after the date such change is known or should have been known to the applicant or licensee.

History.—ss. 3, 15, ch. 86-292; s. 2, ch. 87-325; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 24, ch. 91-220; s. 4, ch. 91-429; s. 22, ch. 94-119; s. 307, ch. 97-103; s. 5, ch. 2009-195.

468.404 License; fees; renewals.—

(1) The department shall establish biennial fees for initial licensing, renewal of license, and reinstatement of license, none of which fees shall exceed \$400. The department may establish a delinquency fee of no more than \$50. The fees shall be adequate to proportionately fund the expenses of the department which are allocated to the regulation of talent agencies and shall be based on the department's estimate of the revenue required to administer this part.

(2) If one or more individuals on the basis of whose qualifications a talent agency license has been obtained cease to be connected with the agency for any reason, the agency business may be carried on for a temporary period, not to exceed 90 days, under such terms and conditions as the department provides by rule for the orderly closing of the business or the replacement and qualifying of a new owner or operator. The licensee's good standing under this part shall be contingent upon the department's approval of any such new owner or operator.

(3) No license shall be valid to protect any business transacted under any name other than that designated in the license, unless consent is first obtained from the department, unless written consent of the surety or sureties on the original bond required by s. 468.408 is filed with the department, and unless the license is returned to the department for the recording thereon of such changes. A charge of \$25 shall be made by the department for the recording of authorization for each change of name or change of location.

(4) No license issued under this part shall be assignable.

History.—ss. 4, 15, ch. 86-292; s. 3, ch. 87-325; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429; s. 23, ch. 94-119; s. 50, ch. 2003-399; s. 40, ch. 2004-269; s. 14, ch. 2006-2; s. 42, ch. 2015-4.

468.405 Qualification for talent agency license.—

(1) Each person designated in an application under this part as an owner or operator shall be of good moral character as determined by the department.

(2) In addition to the foregoing qualification, each application shall show whether or not the agency, any person, or any owner of the agency is financially interested in any other business of like nature and, if so, shall specify such interest or interests.

History.—ss. 5, 15, ch. 86-292; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429.

468.406 Fees to be charged by talent agencies; rates; display.—

(1) Each applicant for a license shall file with the application an itemized schedule of maximum fees, charges, and commissions which it intends to charge and collect for its services. This schedule may thereafter be raised only by filing with the department an amended or supplemental schedule at least 30 days before the change is to become effective. The schedule shall be posted in a conspicuous place in each place of business of the agency and shall be

printed in not less than a 30-point boldfaced type, except that an agency that uses written contracts containing maximum fee schedules need not post such schedules.

(2) All money collected by a talent agency from an employer for the benefit of an artist shall be paid to the artist, less the talent agency's fee, within 5 business days after the receipt of such money by the talent agency. No talent agency is required to pay money to an artist until the talent agency receives payment from the employer or buyer.

History.—ss. 6, 15, ch. 86-292; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429; s. 24, ch. 94-119.

468.407 License; content; posting.—

(1) The talent agency license shall be valid for the biennial period in which issued and shall be in such form as may be determined by the department, but shall at least specify the name under which the applicant is to operate, the address of the place of business, the expiration date of the license, the full names and titles of the owner and the operator, and the number of the license.

(2) The talent agency license shall at all times be displayed conspicuously in the place of business in such manner as to be open to the view of the public and subject to the inspection of all duly authorized officers of the state and county.

(3) If a licensee desires to cancel his or her license, he or she must notify the department and forthwith return to the department the license so canceled. No license fee may be refunded upon cancellation of the license.

History.—ss. 7, 15, ch. 86-292; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429; s. 25, ch. 94-119; s. 308, ch. 97-103.

468.408 Bond required.—

(1) There shall be filed with the department for each talent agency license a bond in the form of a surety by a reputable company engaged in the bonding business and authorized to do business in this state. The bond shall be for the penal sum of \$5,000, with one or more sureties to be approved by the department, and be conditioned that the applicant conform to and not violate any of the duties, terms, conditions, provisions, or requirements of this part.

(a) If any person is aggrieved by the misconduct of any talent agency, the person may maintain an action in his or her own name upon the bond of the agency in any court having jurisdiction of the amount claimed. All such claims shall be assignable, and the assignee shall be entitled to the same remedies, upon the bond of the agency or otherwise, as the person aggrieved would have been entitled to if such claim had not been assigned. Any claim or claims so assigned may be enforced in the name of such assignee.

(b) The bonding company shall notify the department of any claim against such bond, and a copy of such notice shall be sent to the talent agency against which the claim is made.

(2) Any remedies provided in this section shall not be exclusive of any other remedy. This relief shall be cumulative to any other remedies the aggrieved person may have.

History.—ss. 8, 15, ch. 86-292; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429; s. 309, ch. 97-103.

468.409 Records required to be kept.—Each talent agency shall keep on file the application, registration, or contract of each artist. In addition, such file must include the name and address of each artist, the amount of the compensation received, and all attempts to procure engagements

for the artist. No such agency or employee thereof shall knowingly make any false entry in applicant files or receipt files. Each card or document in such files shall be preserved for a period of 1 year after the date of the last entry thereon. Records required under this section shall be readily available for inspection by the department during reasonable business hours at the talent agency's principal office. A talent agency must provide the department with true copies of the records in the manner prescribed by the department.

History.—ss. 9, 15, ch. 86-292; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429; s. 26, ch. 94-119; s. 6, ch. 2009-195.

468.410 Prohibition against registration fees; referral.—

(1) A talent agency may not charge a registration fee.

(2) No talent agency shall, as a condition to registering or obtaining employment for any applicant or artist, require the applicant or artist to subscribe to, purchase, or attend any publication, postcard service, advertisement, resume service, photography service, school, acting school, workshop, acting workshop, or video or audiotapes.

(3) A talent agency shall give each applicant a copy of a contract, within 24 hours after the contract's execution, which lists the services to be provided and the fees to be charged. The contract shall state that the talent agency is regulated by the department and shall list the address and telephone number of the department.

History.—ss. 10, 15, ch. 86-292; s. 2, ch. 90-202; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429; s. 27, ch. 94-119; s. 7, ch. 2009-195.

468.411 Labor disputes; statements required.—No talent agency shall knowingly send any person who has received a motion picture or videotape engagement or any other engagement to any place where a strike, lockout, or other labor dispute is in active progress, without first notifying that person of such conditions.

History.—ss. 11, 15, ch. 86-292; s. 63, ch. 91-137; s. 13, ch. 91-156; s. 4, ch. 91-429.

468.412 Talent agency regulations; prohibited acts.—

(1) A talent agency shall maintain a record sheet for each booking. This shall be the only required record of placement and shall be kept for a period of 1 year after the date of the last entry in the buyer's file.

(2) Each talent agency shall keep records in which shall be entered:

(a) The name and address of each artist employing such talent agency;

(b) The amount of fees received from each such artist;

(c) The employment in which each such artist is engaged at the time of employing such talent agency and the amount of compensation of the artist in such employment, if any, and the employments subsequently secured by such artist during the term of the contract between the artist and the talent agency and the amount of compensation received by the artist pursuant thereto; and

(d) Other information which the department may require from time to time.

(3) All books, records, and other papers kept pursuant to this act by any talent agency shall be open at all reasonable hours to the inspection of the department and its agents. Each talent agency shall furnish to the department, upon request, a true copy of such books, records, and papers, or any portion thereof, and shall make such reports as the department may prescribe from time to time.

(4) Each talent agency shall post in a conspicuous place in the office of such talent agency a printed copy of this part and of the rules adopted under this part. Such copies shall also contain the name and address of the officer charged with enforcing this part. The department shall furnish to talent agencies printed copies of any statute or rule required to be posted under this subsection.

(5)(a) No talent agency may knowingly issue a contract for employment containing any term or condition which, if complied with, would be in violation of law, or attempt to fill an order for help to be employed in violation of law.

(b) A talent agency must advise an artist, in writing, that the artist has a right to rescind a contract for employment within the first 3 business days after the contract's execution. Any engagement procured by the talent agency for the artist during the first 3 business days of the contract remains commissionable to the talent agency.

(6) No talent agency may publish or cause to be published any false, fraudulent, or misleading information, representation, notice, or advertisement. All advertisements of a talent agency by means of card, circulars, or signs, and in newspapers and other publications, and all letterheads, receipts, and blanks shall be printed and contain the licensed name, department license number, and address of the talent agency and the words "talent agency." No talent agency may give any false information or make any false promises or representations concerning an engagement or employment to any applicant who applies for an engagement or employment.

(7) No talent agency may send or cause to be sent any person as an employee to any house of ill fame, to any house or place of amusement for immoral purposes, to any place resorted to for the purposes of prostitution, to any place for the modeling or photographing of a minor in the nude in the absence of written permission from the minor's parents or legal guardians, the character of which places the talent agency could have ascertained upon reasonable inquiry.

(8) No talent agency, without the written consent of the artist, may divide fees with anyone, including, but not limited to, an agent or other employee of an employer, a buyer, a casting director, a producer, a director, or any venue that uses entertainment. For purposes of this subsection, to "divide fees" includes the sharing among two or more persons of those fees charged to an artist for services performed on behalf of that artist, the total amount of which fees exceeds the amount that would have been charged to the artist by the talent agency alone.

(9) If a talent agency collects from an artist a fee or expenses for obtaining employment for the artist, and the artist fails to procure such employment, or the artist fails to be paid for such employment if procured, such talent agency shall, upon demand therefor, repay to the artist the fee and expenses so collected. Unless repayment thereof is made within 48 hours after demand therefor, the talent agency shall pay to the artist an additional sum equal to the amount of the fee.

(10) Each talent agency must maintain a permanent office and must maintain regular operating hours at that office.

(11) A talent agency may assign an engagement contract to another talent agency licensed in this state only if the artist agrees in writing to the assignment. The assignment must occur, and written notice of the assignment must be given to the artist, within 30 days after the artist agrees in writing to the assignment.

468.413 Legal requirements; penalties.—

(4) In the event the department or any state attorney shall have probable cause to believe that a talent agency or other person has violated any provision of subsection (1), an action may be brought by the department or any state attorney to enjoin such talent agency or any person from continuing such violation, or engaging therein or doing any acts in furtherance thereof, and for such other relief as to the court seems appropriate. 455.201 Professions and occupations regulated by department; legislative intent; requirements.—

(1) It is the intent of the Legislature that persons desiring to engage in any lawful profession regulated by the department shall be entitled to do so as a matter of right if otherwise qualified.

(2) The Legislature further believes that such professions shall be regulated only for the preservation of the health, safety, and welfare of the public under the police powers of the state. Such professions shall be regulated when:

(a) Their unregulated practice can harm or endanger the health, safety, and welfare of the public, and when the potential for such harm is recognizable and clearly outweighs any anticompetitive impact which may result from regulation.

(b) The public is not effectively protected by other means, including, but not limited to, other state statutes, local ordinances, or federal legislation.

(c) Less restrictive means of regulation are not available.

(3) It is further legislative intent that the use of the term "profession" with respect to those activities licensed and regulated by the department shall not be deemed to mean that such activities are not occupations for other purposes in state or federal law.

(4)(a) Neither the department nor any board may create unreasonably restrictive and extraordinary standards that deter qualified persons from entering the

various professions. Neither the department nor any board may take any action that tends to create or maintain an economic condition that unreasonably restricts competition, except as specifically provided by law.

(b) Neither the department nor any board may create a regulation that has an unreasonable effect on job creation or job retention in the state or that places unreasonable restrictions on the ability of individuals who seek to practice or who are practicing a given profession or occupation to find employment.

(c) The Legislature shall evaluate proposals to increase regulation of already regulated professions or occupations to determine their effect on job creation or retention and employment opportunities.

(5) Policies adopted by the department shall ensure that all expenditures are made in the most cost-effective manner to maximize competition, minimize licensure costs, and maximize public access to meetings conducted for the purpose of professional regulation. The long-range planning function of the department shall be implemented to facilitate effective operations and to eliminate inefficiencies.

Fees for such renewal shall not exceed the fee caps for individual professions on an annualized basis as authorized by law.

(2) Appoint the executive director of each board, subject to the approval of the board.

(3) Submit an annual budget to the Legislature at a time and in the manner provided by law.

(4) Develop a training program for persons newly appointed to membership on any board. The program shall familiarize such persons with the substantive and procedural laws and rules and fiscal information relating to the regulation of the appropriate profession and with the structure of the department.

(5) Adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this chapter.

(6) Establish by rule procedures by which the department shall use the expert or technical advice of the appropriate board for the purposes of investigation, inspection, evaluation of applications, other duties of the department, or any other areas the department may deem appropriate.

(7) Require all proceedings of any board or panel thereof and all formal or informal proceedings conducted by the department, an administrative law judge, or a hearing officer with respect to licensing or discipline to be electronically recorded in a manner sufficient to assure the accurate transcription of all matters so recorded.

(8) Select only those investigators, or consultants who undertake investigations, who meet criteria established with the advice of the respective boards.

(9) Work cooperatively with the Department of Revenue to implement an automated method for periodically disclosing information relating to current licensees to the Department of Revenue. The purpose of this subsection is to promote the public policy of this state as established in s. 409.2551. The department shall, when directed by the court or the Department of Revenue pursuant to s. 409.2598, suspend or deny the license of any licensee found not to be in compliance with a support order, subpoena, order to show cause, or written agreement entered into by the licensee with the Department of Revenue. The department shall issue or reinstate the license without additional charge to the licensee when notified by the court or the Department of Revenue that the licensee has complied with the terms of the support order. The department shall not be held liable for any license denial or suspension resulting from the discharge of its duties under this subsection.

(10) Have authority to:

(a) Close and terminate deficient license application files 2 years after the board or the department notifies the applicant of the deficiency; and

(b) Approve applications for professional licenses that meet all statutory and rule requirements for licensure.

455.2035 Rulemaking authority for professions not under a board.—The department may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the regulatory requirements of any profession within the department's jurisdiction which does not have a statutorily authorized regulatory board.

History.—s. 136, ch. 99-251.

455.204 Long-range policy planning; plans, reports, and recommendations.—To facilitate efficient and cost-effective regulation, the department and the board, where appropriate, shall develop and implement a long-range policy planning and monitoring process to include recommendations specific to each profession. Such process shall include estimates of revenues, expenditures, cash balances, and performance statistics for each profession. The period covered shall not be less than 5 years. The department, with input from the boards, shall develop the long-range plan and must obtain the approval of the secretary. The department shall monitor compliance with the approved long-range plan and, with input from the boards, shall annually update the plans for approval by the secretary. The department shall provide concise management reports to the boards quarterly. As part of the review process, the department shall evaluate:

(1) Whether the department, including the boards and the various functions performed by the department, is operating efficiently and effectively and if there is a need for a board or council to assist in cost-effective regulation.

(2) How and why the various professions are regulated.

(3) Whether there is a need to continue regulation, and to what degree.

(4) Whether or not consumer protection is adequate, and how it can be improved.

(5) Whether there is consistency between the various practice acts.

(6) Whether unlicensed activity is adequately enforced.

Such plans should include conclusions and recommendations on these and other issues as appropriate. Such plans shall be provided to the Governor and the Legislature by November 1 of each year.

History.—s. 8, ch. 92-149.

455.205 Contacting boards through department.—Each board under the jurisdiction of the department may be contacted through the headquarters of the department in the City of Tallahassee or at any regional office of the department.

455.207 Boards; organization; meetings; compensation and travel expenses.—

(1) Each board within the department shall comply with the provisions of this section.

(2) The board shall annually elect from among its number a chairperson and vice chairperson.

(3) The board shall meet at least once annually and may meet as often as is necessary. The chairperson or a quorum of the board shall have the authority to call other meetings. A quorum shall be necessary for the conduct of official business by the board or any committee thereof. Unless otherwise provided by law, 51 percent or more of the appointed members of the board or any committee, when applicable, shall constitute a quorum. The membership of committees of the board, except as otherwise authorized pursuant to this chapter or the applicable practice act, shall be composed of currently appointed members of the board. The vote of a majority of the members of the quorum shall be necessary for any official action by the board or committee. Three consecutive unexcused absences or absences constituting 50 percent or more of the board's meetings within any 12-month period shall cause the board membership of the member in question to become void, and the position shall be considered vacant. The board, or the department when there is no board, shall, by rule, define unexcused absences.

(4) Unless otherwise provided by law, a board member or former board member serving on a probable cause panel shall be compensated \$50 for each day in attendance at an official meeting of the board and for each day of participation in any other business involving the board. Each board shall adopt rules defining the phrase "other business involving the board," but the phrase may not routinely be defined to include telephone conference calls. A board member also shall be entitled to reimbursement for expenses pursuant to s.

112.061. Travel out of state shall require the prior approval of the secretary.

(5) When two or more boards have differences between them, the boards may elect to, or the secretary may request that the boards, establish a special committee to settle those differences. The special committee shall consist of three members designated by each board, who may be members of the designating board or other experts designated by the board, and of one additional person designated and agreed to by the members of the special committee. In the event the special committee cannot agree on the additional designee, upon request of the special committee, the secretary may select the designee. The committee shall recommend rules necessary to resolve the differences. If a rule adopted pursuant to this provision is challenged, the participating boards shall share the costs associated with defending the rule or rules. The department shall provide legal representation for any special committee established pursuant to this section.

455.208 Publication of information.—The department and the boards shall have the authority to advise licensees periodically, through the publication of a newsletter, about information that the department or the board determines is of interest to the industry. Unless otherwise prohibited by law, the department and the boards shall publish a summary of final orders resulting in fines, suspensions, or revocations, and any other information the department or the board determines is of interest to the public.

455.209 Accountability and liability of board members.—

(1) Each board member shall be accountable to the Governor for the proper performance of duties as a member of the board. The Governor shall investigate any legally sufficient complaint or unfavorable written report received by the Governor or by the department or a board concerning the actions of the board or its individual members. The Governor may suspend from office any board member for malfeasance, misfeasance, neglect of duty, drunkenness, incompetence, permanent inability to perform the member's official duties, or commission of a felony.

(2) Each board member and each former board member serving on a probable cause panel shall be exempt from civil liability for any act or omission when acting in the member's official capacity, and the department shall defend any such member in any action against any board or member of a board arising from any such act or omission. In addition, the department may defend the member's company or business in any action against the company or business if the department determines that the actions from which the suit arises are actions taken by the member in the member's official capacity and were not beyond the member's statutory authority. In providing such defense, the department may employ or utilize the legal services of

the Department of Legal Affairs or outside counsel retained pursuant to s. 287.059. Fees and costs of providing legal services provided under this subsection shall be paid from the Professional Regulation Trust Fund, subject to the provisions of ss. 215.37 and 455.219.

455.211 Board rules; final agency action; challenges.—

(1) The secretary of the department shall have standing to challenge any rule or proposed rule of a board under its jurisdiction pursuant to s. 120.56. In addition to challenges for any invalid exercise of delegated legislative authority, the administrative law judge, upon such a challenge by the secretary, may declare all or part of a rule or proposed rule invalid if it:

(a) Does not protect the public from any significant and discernible harm or damages;

(b) Unreasonably restricts competition or the availability of professional services in the state or in a significant part of the state; or

(c) Unnecessarily increases the cost of professional services without a corresponding or equivalent public benefit.

However, there shall not be created a presumption of the existence of any of the conditions cited in this subsection in the event that the rule or proposed rule is challenged.

(2) In addition, either the secretary or the board shall be a substantially interested party for purposes of s. 120.54(7). The board may, as an adversely affected party, initiate and maintain an action pursuant to s. 120.68 challenging the final agency action.

(3) No board created within the department shall have standing to challenge a rule or proposed rule of another board. However, if there is a dispute between boards concerning a rule or proposed rule, the boards may avail themselves of the provisions of s. 455.207(5).

(4) Any proposed board rule that has not been modified to remove proposed committee objections of the Administrative Procedures Committee must receive approval from the department prior to filing the rule with the Department of State for final adoption. The department may repeal any rule enacted by the board which has taken effect without having met proposed committee objections of the Administrative Procedures Committee.

455.212 Education; substituting demonstration of competency for clock-hour requirements.—Any board, or the department when there is no board, that requires student completion of a specific number of clock hours of classroom instruction for initial licensure purposes shall establish the minimal competencies that such students must demonstrate in order to be licensed. The demonstration of such competencies may be substituted for specific classroom clock-hour requirements established in statute or rule which are related to instructional programs for licensure purposes. Student

demonstration of the established minimum competencies shall be certified by the educational institution. The provisions of this section shall not apply to boards for which federal licensure standards are more restrictive or stringent than the standards prescribed in statute.

History.—s. 63, ch. 92-136; s. 30, ch. 92-321.

455.2121 Education; accreditation.—Notwithstanding any other provision of law, educational programs and institutions which are required by statute to be accredited, but which were accredited by an agency that has since ceased to perform an accrediting function, shall be recognized until such programs and institutions are accredited by a qualified successor to the original accrediting agency, an accrediting agency recognized by the United States Department of Education, or an accrediting agency recognized by the board, or the department when there is no board.

History.—s. 4, ch. 94-119.

455.2122 Education.—A board, or the department where there is no board, shall approve distance learning courses as an alternative to classroom courses to satisfy prelicensure or postlicensure education requirements provided for in part VIII of chapter 468 or part I of chapter 475. A board, or the department when there is no board, may not require centralized examinations for completion of prelicensure or postlicensure education requirements for those professions licensed under part VIII of chapter 468 or part I of chapter 475.

History.—s. 6, ch. 2010-106; s. 4, ch. 2010-176.

455.2123 Continuing education.—A board, or the department when there is no board, may provide by rule that distance learning may be used to satisfy continuing education requirements. A board, or the department when there is no board, shall approve distance learning courses as an alternative to classroom courses to satisfy continuing education requirements provided for in part VIII, part XV, or part XVI of chapter 468 or part I or part II of chapter 475 and may not require centralized examinations for completion of continuing education requirements for the professions licensed under part VIII, part XV, or part XVI of chapter 468 or part I or part II of chapter 475.

455.2124 Proration of or not requiring continuing education.—A board, or the department when there is no board, may:

(1) Prorate continuing education for new licensees by requiring half of the required continuing education for any applicant who becomes licensed with more than half the renewal period remaining and no continuing education for any applicant who becomes licensed with half or less than half of the renewal period remaining; or

(2) Require no continuing education until the first full renewal cycle of the licensee.

These options shall also apply when continuing education is first required or the number of hours required is increased by law or the board, or the department when there is no board.

History.—s. 138, ch. 99-251.

455.2125 Consultation with postsecondary education boards prior to adoption of changes to training requirements.—Any state agency or board that has jurisdiction over the regulation of a profession or occupation shall consult with the Commission for Independent Education, the Board of Governors of the State University System, and the State Board of Education prior to adopting any changes to training requirements relating to entry into the profession or occupation. This consultation must allow the educational board to provide advice regarding the impact of the proposed changes in terms of the length of time necessary to complete the training program and the fiscal impact of the changes. The educational board must be consulted only when an institution offering the training program falls under its jurisdiction.

History.—s. 23, ch. 95-243; s. 34, ch. 98-421; s. 71, ch. 2004-5; s. 13, ch. 2004-41; s. 53, ch. 2007-217.

455.213 General licensing provisions.—

(1) Any person desiring to be licensed shall apply to the department in writing. The application for licensure shall be submitted on a form prescribed by the department and must include the applicant's social security number. Notwithstanding any other provision of law, the department is the sole authority for determining the contents of any documents to be submitted for initial licensure and licensure renewal. Such documents may contain information including, as appropriate: demographics, education, work history, personal background, criminal history, finances, business information, complaints, inspections, investigations, discipline, bonding, photographs, performance periods, reciprocity, local government approvals, supporting documentation, periodic reporting requirements, fingerprint requirements, continuing education requirements, and ongoing education monitoring. The application shall be supplemented as needed to reflect any material change in any circumstance or condition stated in the application which takes place between the initial filing of the application and the final grant or denial of the license and which might affect the decision of the department. In order to further the economic development goals of the state, and notwithstanding any law to the contrary, the department may enter into an agreement with the county tax collector for the purpose of appointing the county tax collector as the department's agent to accept applications for licenses and applications for renewals of licenses. The agreement must specify the time within which the tax collector must forward any applications and accompanying application fees to the department. In cases where a person applies or schedules directly with a national examination organization or examination vendor to take an examination required for licensure, any organization- or vendor-related fees associated with the examination may be paid directly to the organization or vendor. An application is received for purposes of s. 120.60 upon the department's receipt of the application submitted in the format prescribed by the department; the application fee set by the board or, if there is no board, set by the department; and any other fee required by law or rule to be remitted with the application.

(2) Before the issuance of any license, the department may charge an initial license fee as determined by rule of the applicable board or, if no such board exists, by rule of the department. Upon receipt of the appropriate license fee, except as provided in subsection (3), the department shall issue a license to any person certified by the appropriate board, or its designee, or the department when there is no board, as having met the applicable requirements imposed by law or rule. However, an applicant who is not otherwise qualified for licensure is not entitled to licensure solely based on a passing score on a required examination. Upon a determination by the department that it erroneously issued a license, or upon the revocation of a license by the applicable board, or by the department when there is no board, the licensee must surrender his or her license to the department.

(3) The board, or the department when there is no board, may refuse to issue an initial license to any applicant who is under investigation or prosecution in any jurisdiction for an action that would constitute a violation of this chapter or the professional practice acts administered by the department and the boards, until such time as the investigation or prosecution is complete.

(4) When any administrative law judge conducts a hearing pursuant to the provisions of chapter 120 with respect to the issuance of a license by the department, the administrative law judge shall submit his or her recommended order to the appropriate board, which shall thereupon issue a final order. The applicant for a license may appeal the final order of the board in accordance with the provisions of chapter 120.

(5) A privilege against civil liability is hereby granted to any witness for any information furnished by the witness in any proceeding pursuant to this section, unless the witness acted in bad faith or with malice in providing such information.

(6) Any board that currently requires continuing education for renewal of a license shall adopt rules to establish the criteria for continuing education courses. The rules may provide that up to a maximum of 25 percent of the required continuing education hours can be fulfilled by the performance of pro bono services to the indigent or to underserved populations or in areas of critical need within the state where the licensee practices. The board, or the department when there is no board, must require that any pro bono services be approved in advance in order to receive credit for continuing education under this section. The standard for determining indigency shall be that recognized by the Federal Poverty Income Guidelines produced by the United States Department of Health and Human Services. The rules may provide for approval by the board, or the department when there is no board, that a part of the continuing education hours can be fulfilled by performing research in critical need areas or for training leading to advanced professional certification. The board, or the department when there is no board, may make rules to define underserved and critical need areas. The department shall adopt rules for the administration of continuing education requirements

adopted by the boards or the department when there is no board.

(7) Notwithstanding anything to the contrary, any elected official who is licensed pursuant to any practice act within the purview of this chapter may hold employment for compensation with any public agency concurrent with such public service. Such dual service shall be disclosed according to any disclosure required by applicable law.

(8) In any instance in which a licensee or applicant to the department is required to be in compliance with a particular provision by, on, or before a certain date, and if that date occurs on a Saturday, Sunday, or a legal holiday, then the licensee or applicant is deemed to be in compliance with the specific date requirement if the required action occurs on the first succeeding day which is not a Saturday, Sunday, or legal holiday.

(9) Pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, each party is required to provide his or her social security number in accordance with this section. Disclosure of social security numbers obtained through this requirement shall be limited to the purpose of administration of the Title IV-D program for child support enforcement and use by the Department of Business and Professional Regulation, and as otherwise provided by law.

(10) For any profession requiring fingerprints as part of the registration, certification, or licensure process or for any profession requiring a criminal history record check to determine good moral character, the fingerprints of the applicant must accompany all applications for registration, certification, or licensure. The fingerprints shall be forwarded to the Division of Criminal Justice Information Systems within the Department of Law Enforcement for processing to determine whether the applicant has a criminal history record. The fingerprints shall also be forwarded to the Federal Bureau of Investigation to determine whether the applicant has a criminal history record. The information obtained by the processing of the fingerprints by the Department of Law Enforcement and the Federal Bureau of Investigation shall be sent to the department to determine whether the applicant is statutorily qualified for registration, certification, or licensure.

(11) Any submission required to be in writing may otherwise be required by the department to be made by electronic means. The department is authorized to contract with private vendors, or enter into interagency agreements, to collect electronic fingerprints where fingerprints are required for registration, certification, or the licensure process or where criminal history record checks are required.

(12) The department shall waive the initial licensing fee, the initial application fee, and the initial unlicensed activity fee for a military veteran or his or her spouse at the time of discharge, if he or she applies to the department for a license, in a format prescribed by the department, within 60 months after the veteran is discharged from any branch of the United States Armed Forces. To qualify for this waiver, the veteran must have been honorably discharged.

455.214 Limited licenses.—

(1) It is the intent of the Legislature that, absent a threat to the health, safety, and welfare of the public, the use of retired professionals in good standing to serve the indigent, underserved, or critical need populations of this state should be encouraged. To that end, the board, or the department when there is no board, may adopt rules to permit practice by retired professionals as limited licensees under this section.

(2) Any person desiring to obtain a limited license, when permitted by rule, shall submit to the board, or the department when there is no board, an application and fee, not to exceed \$300, and an affidavit stating that the applicant has been licensed to practice in any jurisdiction in the United States for at least 10 years in the profession for which the applicant seeks a limited license. The affidavit shall also state that the applicant has retired or intends to retire from the practice of that profession and intends to practice only pursuant to the restrictions of the limited license granted pursuant to this section. If the applicant for a limited license submits a notarized statement from the employer stating that the applicant will not receive monetary compensation for any service involving the practice of his or her profession, the application and all licensure fees shall be waived.

(3) The board, or the department when there is no board, may deny limited licensure to an applicant who has committed, or is under investigation or prosecution for, any act which would constitute the basis for discipline pursuant to the provisions of this chapter or the applicable practice act.

(4) The recipient of a limited license may practice only in the employ of public agencies or institutions or nonprofit agencies or institutions which meet the requirements of s. 501(c)(3) of the Internal Revenue Code, and which provide professional liability coverage for acts or omissions of the limited licensee. A limited licensee may provide services only to the indigent, underserved, or critical need populations within the state. The standard for determining indigency shall be that recognized by the Federal Poverty Income Guidelines produced by the United States Department of Health and Human Services. The board, or the department when there is no board, may adopt rules to define underserved and critical need areas and to ensure implementation of this section.

(5) A board, or the department when there is no board, may provide by rule for supervision of limited licensees to protect the health, safety, and welfare of the public.

(6) Each applicant granted a limited license is subject to all the provisions of this chapter and the respective practice act under which the limited license is issued which are not in conflict with this section.

(7) This section does not apply to chapter 458 or chapter 459.

History.—s. 14, ch. 92-149; s. 189, ch. 97-103; s. 11, ch. 97-261; s. 27, ch. 2000-160.

455.217 Examinations.—This section shall be read in conjunction with the appropriate practice act associated with each regulated profession under this chapter.

(1) The Division of Professions of the Department of Business and Professional Regulation shall provide, contract, or approve services for the development, preparation, administration, scoring, score reporting, and evaluation of all examinations. The division shall seek the advice of the appropriate board in providing such services.

(a) The department, acting in conjunction with the Division of Service Operations, the Division of Professions, and the Division of Real Estate, as appropriate, shall ensure that examinations adequately and reliably measure an applicant's ability to practice the profession regulated by the department. After an examination developed or approved by the department has been administered, the board or department may reject any question which does not reliably measure the general areas of competency specified in the rules of the board or department, when there is no board. The department shall use qualified outside testing vendors for the development, preparation, and evaluation of examinations, when such services are economically and viably available and approved by the department.

(b) For each examination developed by the department or contracted vendor, to the extent not otherwise specified by statute, the board or the department when there is no board, shall by rule specify the general areas of competency to be covered by the examination, the relative weight to be assigned in grading each area tested, the score necessary to achieve a passing grade, and the fees, where applicable, to cover the actual cost for any purchase, development, and administration of the required examination. However, statutory fee caps in each practice act shall apply. This subsection does not apply to national examinations approved and administered pursuant to paragraph (d).

(c) If a practical examination is deemed to be necessary, rules shall specify the criteria by which examiners are to be selected, the grading criteria to be used by the examiner, the relative weight to be assigned in grading each criterion, and the score necessary to achieve a passing grade. When a mandatory standardization exercise for a practical examination is required by law, the board may conduct such exercise. Therefore, board members may serve as examiners at a practical examination with the consent of the board.

(d) A board, or the department when there is no board, may approve by rule the use of any national examination which the department has certified as meeting requirements of national examinations and generally accepted testing standards pursuant to department rules. Providers of examinations, which may be either profit or nonprofit entities, seeking certification by the department shall pay the actual costs incurred by the department in making a determination regarding the certification. The department shall use any national examination which is available, certified by the department, and approved by the board. The name and number of a candidate may be provided to a national contractor for the limited purpose of preparing the grade

tape and information to be returned to the board or department or, to the extent otherwise specified by rule, the candidate may apply directly to the vendor of the national examination. The department may delegate to the board the duty to provide and administer the examination. Any national examination approved by a board, or the department when there is no board, prior to October 1, 1997, is deemed certified under this paragraph. Any licensing or certification examination that is not developed or administered by the department in-house or provided as a national examination shall be competitively bid.

(e) The department shall adopt rules regarding the security and monitoring of examinations. In order to maintain the security of examinations, the department may employ the procedures set forth in s. 455.228 to seek fines and injunctive relief against an examinee who violates the provisions of s. 455.2175 or the rules adopted pursuant to this paragraph. The department, or any agent thereof, may, for the purposes of investigation, confiscate any written, photographic, or recording material or device in the possession of the examinee at the examination site which the department deems necessary to enforce such provisions or rules.

(f) If the professional board with jurisdiction over an examination concurs, the department may, for a fee, share with any other state's licensing authority an examination developed by or for the department unless prohibited by a contract entered into by the department for development or purchase of the examination. The department, with the concurrence of the appropriate board, shall establish guidelines that ensure security of a shared exam and shall require that any other state's licensing authority comply with those guidelines. Those guidelines shall be approved by the appropriate professional board. All fees paid by the user shall be applied to the department's examination and development program for professions regulated by this chapter. All fees paid by the user for professions not regulated by this chapter shall be applied to offset the fees for the development and administration of that profession's examination. If both a written and a practical examination are given, an applicant shall be required to retake only the portion of the examination for which he or she failed to achieve a passing grade, if he or she successfully passes that portion within a reasonable time of his or her passing the other portion.

(2) For each examination developed by the department or a contracted vendor, the board or the department when there is no board, shall make rules providing for reexamination of any applicants who fail an examination developed by the department or a contracted vendor. If both a written and a practical examination are given, an applicant shall be required to retake only the portion of the examination for which he or she failed to achieve a passing grade, if the applicant successfully passes that portion within a reasonable time, as determined by rule of the board, or department when there is no board, of his or her passing the other portion.

(3) Except for national examinations approved and administered pursuant to paragraph (1)(d), the department shall provide procedures for applicants who have taken and failed an examination developed by the

department or a contracted vendor to review their most recently administered examination questions, answers, papers, grades, and grading key for the questions the candidate answered incorrectly or, if not feasible, the parts of the examination failed. Applicants shall bear the actual cost for the department to provide examination review pursuant to this subsection. An applicant may waive in writing the confidentiality of his or her examination grades.

(4) For each examination developed or administered by the department or a contracted vendor, an accurate record of each applicant's examination questions, answers, papers, grades, and grading key shall be kept for a period of not less than 2 years immediately following the examination, and such record shall thereafter be maintained or destroyed as provided in chapters 119 and 257. This subsection does not apply to national examinations approved and administered pursuant to paragraph (1)(d).

(5) Meetings and records of meetings of any member of the department or of any board or commission within the department held for the exclusive purpose of creating or reviewing licensure examination questions or proposed examination questions are confidential and exempt from ss. 119.07(1) and 286.011. However, this exemption shall not affect the right of any person to review an examination as provided in subsection (3).

(6) For examinations developed by the department or a contracted vendor, each board, or the department when there is no board, may provide licensure examinations in an applicant's native language. Applicants for examination or reexamination pursuant to this subsection shall bear the full cost for the department's development, preparation, administration, grading, and evaluation of any examination in a language other than English or Spanish. Requests for translated examinations, except for those in Spanish, must be on file in the board office, or with the department when there is no board, at least 6 months prior to the scheduled examination. When determining whether it is in the public interest to allow the examination to be translated into a language other than English or Spanish, the board, or the department when there is no board, shall consider the percentage of the population who speak the applicant's native language.

(7) In addition to meeting other requirements for licensure by examination or by endorsement, an applicant may be required by a board, or by the department, if there is no board, to pass an examination pertaining to state laws and rules applicable to the practice of the profession regulated by that board or by the department. This subsection does not apply to persons regulated under chapter 473.

Note.—Former s. 455.007(2).

455.2171 Use of professional testing services. Notwithstanding any other provision of law to the contrary, the department may use a professional testing

service to prepare, administer, grade, and evaluate any computerized examination, when that service is available and approved by the board, or the department when there is no board.

History.—s. 6, ch. 94-119.

455.2175 Penalty for theft or reproduction of an examination.—In addition to, or in lieu of, any other discipline imposed pursuant to s. 455.227, the theft of an examination in whole or in part or the act of reproducing or copying any examination administered by the department, whether such examination is reproduced or copied in part or in whole and by any means, constitutes a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. An examinee whose examination materials are confiscated is not permitted to take another examination until the criminal investigation reveals that the examinee did not violate this section.

455.2177 Monitoring of compliance with continuing education requirements.—

(1) The department shall establish a system to monitor licensee compliance with applicable continuing education requirements and to determine each licensee's continuing education status. As used in this section, the term "monitor" means the act of determining, for each licensee, whether the licensee was in full compliance with applicable continuing education requirements as of the time of the licensee's license renewal.

(2) The department may refuse renewal of a licensee's license until the licensee has satisfied all applicable continuing education requirements. This subsection does not preclude the department or boards from imposing additional penalties pursuant to the applicable practice act or rules adopted pursuant thereto.

(3) The department may waive the continuing education monitoring requirements of this section for any profession that demonstrates to the department that the monitoring system places an undue burden on the profession. The department shall waive the continuing education monitoring requirements of this section for any profession that has a program in place which measures compliance with continuing education requirements through statistical sampling techniques or other methods and can indicate that at least 95 percent of its licensees are in compliance.

(4) The department may adopt rules under ss. 120.536(1) and 120.54 to implement this section.

History.—s. 157, ch. 99-251; s. 17, ch. 2001-278; s. 43, ch. 2002-207; s. 2, ch. 2004-292; s. 82, ch. 2005-2.

455.2178 Continuing education providers.—

(1) Each continuing education provider shall provide to the department such information regarding the continuing education status of licensees as the department determines is necessary to carry out its duties under s. 455.2177, in an electronic format determined by the department. After a licensee's completion of a course, the information must be submitted to the

department electronically no later than 30 calendar days thereafter. However, the continuing education provider shall electronically report to the department completion of a licensee's course within 10 business days beginning on the 30th day before the renewal deadline or prior to the renewal date, whichever occurs sooner. The foregoing applies only if the profession has not been granted a waiver from the monitoring requirements under s. 455.2177. Upon the request of a licensee, the provider must also furnish to the department information regarding courses completed by the licensee.

(2) Each continuing education provider shall retain all records relating to a licensee's completion of continuing education courses for at least 4 years after completion of a course.

(3) A continuing education provider may not be approved, and the approval may not be renewed, unless the provider agrees in writing to provide such cooperation under this section and s. 455.2177 as the department deems necessary or appropriate.

(4) The department may fine, suspend, or revoke approval of any continuing education provider that fails to comply with its duties under this section. Such fine may not exceed \$500 per violation. Investigations and prosecutions of a provider's failure to comply with its duties under this section shall be conducted pursuant to s. 455.225.

(5) For the purpose of determining which persons or entities must meet the reporting, recordkeeping, and access provisions of this section, the board of any profession subject to this section, or the department if there is no board, shall, by rule, adopt a definition of the term "continuing education provider" applicable to the profession's continuing education requirements. The intent of the rule shall be to ensure that all records and information necessary to carry out the requirements of this section and s. 455.2177 are maintained and transmitted accordingly and to minimize disputes as to what person or entity is responsible for maintaining and reporting such records and information.

(6) The department may adopt rules under ss. 120.536(1) and 120.54 to implement this section.

History.—s. 158, ch. 99-251; s. 3, ch. 2004-292; s. 2, ch. 2007-86.

455.2179 Continuing education provider and course approval; cease and desist orders.—

(1) If a board, or the department if there is no board, requires completion of continuing education as a requirement for renewal of a license, the board, or the department if there is no board, shall approve the providers and courses for the continuing education. Notwithstanding this subsection or any other provision of law, the department may approve continuing education providers or courses even if there is a board. If the department determines that an application for a continuing education provider or course requires expert review or should be denied, the department shall forward the application to the appropriate board for review and approval or denial. The approval of continuing education providers and courses must be for a specified period of time, not to exceed 4 years. An approval that does not include such a time limitation

may remain in effect pursuant to the applicable practice act or the rules adopted under the applicable practice act. Notwithstanding this subsection or any other provision of law, only the department may determine the contents of any documents submitted for approval of a continuing education provider or course.

(2) The board, or the department if there is no board, shall issue an order requiring a person or entity to cease and desist from offering any continuing education programs for licensees, and fining, suspending, or revoking any approval of the provider previously granted by the board, or the department if there is no board, if the board, or the department if there is no board, determines that the person or entity failed to provide appropriate continuing education services that conform to approved course material. Such fine may not exceed \$500 per violation. Investigations and prosecutions of a provider's failure to comply with its duties under this section shall be conducted under s. 455.225.

(3) Each board authorized to approve continuing education providers, or the department if there is no board, may establish, by rule, a fee not to exceed \$250 for anyone seeking approval to provide continuing education courses and may establish, by rule, a biennial fee not to exceed \$250 for the renewal of providership of such courses. The Florida Real Estate Commission, authorized under the provisions of chapter 475 to approve prelicensure, precertification, and postlicensure education providers, may establish, by rule, an application fee not to exceed \$250 for anyone seeking approval to offer prelicensure, precertification, or postlicensure education courses and may establish, by rule, a biennial fee not to exceed \$250 for the renewal of such courses. Such postlicensure education courses are subject to the reporting, monitoring, and compliance provisions of this section and ss. 455.2177 and 455.2178.

(4) The department and each affected board may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this section.

History.—s. 159, ch. 99-251; s. 7, ch. 2000-356; s. 4, ch. 2004-292; s. 4, ch. 2012-72.

455.218 Foreign-trained professionals; special examination and license provisions.—

(1) When not otherwise provided by law, the department shall by rule provide procedures under which exiled professionals may be examined within each practice act. A person shall be eligible for such examination if the person:

(a) Immigrated to the United States after leaving the person's home country because of political reasons, provided such country is located in the Western Hemisphere and lacks diplomatic relations with the United States;

(b) Applies to the department and submits a fee;

(c) Was a Florida resident immediately preceding the person's application;

(d) Demonstrates to the department, through submission of documentation verified by the applicant's respective professional association in exile, that the applicant was graduated with an appropriate professional or occupational degree from a college or university; however, the department may not require

receipt of any documentation from the Republic of Cuba as a condition of eligibility under this section;

(e) Lawfully practiced the profession for at least 3 years;

(f) Prior to 1980, successfully completed an approved course of study pursuant to chapters 74-105 and 75-177, Laws of Florida; and

(g) Presents a certificate demonstrating the successful completion of a continuing education program which offers a course of study that will prepare the applicant for the examination offered under subsection (2). The department shall develop rules for the approval of such programs for its boards.

(2) Upon request of a person who meets the requirements of subsection (1) and submits an examination fee, the department, for its boards, shall provide a written practical examination that tests the person's current ability to practice the profession competently in accordance with the actual practice of the profession. Evidence of meeting the requirements of subsection (1) shall be treated by the department as evidence of the applicant's preparation in the academic and preprofessional fundamentals necessary for successful professional practice, and the applicant shall not be examined by the department on such fundamentals.

(3) The fees charged for the examinations offered under subsection (2) shall be established by the department, for its boards, by rule and shall be sufficient to develop or to contract for the development of the examination and its administration, grading, and grade reviews.

(4) The department shall examine any applicant who meets the requirements of subsections (1) and (2). Upon passing the examination and the issuance of the license, a licensee is subject to the administrative requirements of this chapter and the respective practice act under which the license is issued. Each applicant so licensed is subject to all provisions of this chapter and the respective practice act under which the license was issued.

(5) Upon a request by an applicant otherwise qualified under this section, the examinations offered under subsection (2) may be given in the applicant's native language, provided that any translation costs are borne by the applicant.

(6) The department, for its boards, shall not issue an initial license to, or renew a license of, any applicant or licensee who is under investigation or prosecution in any jurisdiction for an action which would constitute a violation of this chapter or the professional practice acts administered by the department and the boards until such time as the investigation or prosecution is complete, at which time the provisions of the professional practice acts shall apply.

455.2185 Exemption for certain out-of-state or foreign professionals; limited practice permitted.

(1) A professional of any other state or of any territory or other jurisdiction of the United States or of any other nation or foreign jurisdiction is exempt from the requirements of licensure under this chapter and the

applicable professional practice act under the agency with regulatory jurisdiction over the profession if that profession is regulated in this state under the agency with regulatory jurisdiction over the profession and if that person:

(a) Holds, if so required in the jurisdiction in which that person practices, an active license to practice that profession.

(b) Engages in the active practice of that profession outside the state.

(c) Is employed or designated in that professional capacity by a sports entity visiting the state for a specific sporting event.

(2) A professional's practice under this section is limited to the members, coaches, and staff of the team for which that professional is employed or designated and to any animals used if the sporting event for which that professional is employed or designated involves animals. A professional practicing under authority of this section shall not have practice privileges in any licensed veterinary facility without the approval of that facility.

History.—s. 1, ch. 94-96; s. 15, ch. 97-261; s. 30, ch. 2000-160.

455.219 Fees; receipts; disposition; periodic management reports.—

(1) Each board within the department shall determine by rule the amount of license fees for its profession, based upon department-prepared long-range estimates of the revenue required to implement all provisions of law relating to the regulation of professions by the department and any board; however, when the department has determined, based on the long-range estimates of such revenue, that a profession's trust fund moneys are in excess of the amount required to cover the necessary functions of the board, or the department when there is no board, the department may adopt rules to implement a waiver of license renewal fees for that profession for a period not to exceed 2 years, as determined by the department. Each board, or the department when there is no board, shall ensure license fees are adequate to cover all anticipated costs and to maintain a reasonable cash balance, as determined by rule of the department, with advice of the applicable board. If sufficient action is not taken by a board within 1 year of notification by the department that license fees are projected to be inadequate, the department shall set license fees on behalf of the applicable board to cover anticipated costs and to maintain the required cash balance. The department shall include recommended fee cap increases in its annual report to the Legislature. Further, it is legislative intent that no regulated profession operate with a negative cash balance. The department may provide by rule for the advancement of sufficient funds to any profession or the Florida State Boxing Commission operating with a negative cash balance. Such advancement may be for a period not to exceed 2 consecutive years and shall require interest to be paid by the regulated profession. Interest shall be calculated at the current rate earned on Professional Regulation Trust Fund investments. Interest earned shall be allocated to the various funds in accordance with the

allocation of investment earnings during the period of the advance.

(2) Each board, or the department if there is no board, may, by rule, assess and collect a one-time fee from each active and each voluntary inactive licensee in an amount necessary to eliminate a cash deficit or, if there is not a cash deficit, in an amount sufficient to maintain the financial integrity of such professions as required in this section. No more than one such assessment may be made in any 4-year period without specific legislative authorization.

(3) All moneys collected by the department from fees or fines or from costs awarded to the department by a court shall be paid into the Professional Regulation Trust Fund, which fund is created in the department. The department may contract with public and private entities to receive and deposit revenue pursuant to this section. The Legislature shall appropriate funds from this trust fund sufficient to carry out the provisions of this chapter and the provisions of law with respect to professions regulated by the department and any board within the department. The department shall maintain separate accounts in the Professional Regulation Trust Fund for every profession within the department. To the maximum extent possible, the department shall directly charge all expenses to the account of each regulated profession. For the purpose of this subsection, direct charge expenses shall include, but not be limited to, costs for investigations, examinations, and legal services. For expenses that cannot be charged directly, the department shall provide for the proportionate allocation among the accounts of expenses incurred by the department in the performance of its duties with respect to each regulated profession. The department shall not expend funds from the account of a profession to pay for the expenses incurred on behalf of another profession. The department shall maintain adequate records to support its allocation of department expenses. The department shall provide any board with reasonable access to these records upon request. Each board shall be provided an annual report of revenue and direct and allocated expenses related to the operation of that profession. These reports and the department's adopted long-range plan shall be used by the board to determine the amount of license fees. A condensed version of this information, with the department's recommendations, shall be included in the annual report to the Legislature prepared pursuant to s. 455.2285.

(4) A condensed management report of budgets, finances, performance statistics, and recommendations shall be provided to each board at least once a quarter. The department shall identify and include in such presentations any changes, or projected changes, made to the board's budget since the last presentation.

(5) If a duplicate license is required or requested by the licensee, the board or, if there is no board, the department may charge a fee as determined by rule not to exceed \$25 before issuance of the duplicate license.

(6) The department or the appropriate board shall charge a fee not to exceed \$25 for the certification of a public record. The fee shall be determined by rule of the department. The department or the appropriate board

shall assess a fee for duplication of a public record as provided in s. 119.07(4).

455.221 Legal and investigative services.—

(1) The department shall provide board counsel for boards within the department by contracting with the Department of Legal Affairs, by retaining private counsel pursuant to s. 287.059, or by providing department staff counsel. The primary responsibility of board counsel shall be to represent the interests of the citizens of the state. A board shall provide for the periodic review and evaluation of the services provided by its board counsel. Fees and costs of such counsel shall be paid from the Professional Regulation Trust Fund, subject to the provisions of ss. 215.37 and 455.219. All contracts for independent counsel shall provide for periodic review and evaluation by the board and the department of services provided.

(2) The Department of Business and Professional Regulation may employ or utilize the legal services of outside counsel and the investigative services of outside personnel. However, no attorney employed or used by the department shall prosecute a matter and provide legal services to the board with respect to the same matter.

(3) Any person retained by the department under contract to review materials, make site visits, or provide expert testimony regarding any complaint or application filed with the department relating to a profession under the jurisdiction of the department shall be considered an agent of the department in determining the state insurance coverage and sovereign immunity protection applicability of ss. 284.31 and 768.28.

Note.—Former s. 455.007(3), (4).

455.2228 Barbers and cosmetologists; instruction on HIV and AIDS.—

(1) The board, or the department where there is no board, shall require each person licensed or certified under chapter 476 or chapter 477 to complete a continuing educational course approved by the board, or the department where there is no board, on human immunodeficiency virus and acquired immune deficiency syndrome as part of biennial relicensure or recertification. The course shall consist of education on modes of transmission, infection control procedures, clinical management, and prevention of human immunodeficiency virus and acquired immune deficiency syndrome, with an emphasis on appropriate behavior and attitude change.

(2) When filing fees for each biennial renewal, each licensee shall submit confirmation of having completed said course, on a form provided by the board or by the department if there is no board. At the time of the subsequent biennial renewal when coursework is to be completed, if the licensee has not submitted confirmation which has been received and recorded by the board, or department if there is no board, the department shall not renew the license.

(3) The board, or the department where there is no board, shall have the authority to approve additional equivalent courses that may be used to satisfy the requirements in subsection (1).

(4) As of December 31, 1992, the board, or the department where there is no board, shall require, as a condition of granting a license under any of the chapters or parts thereof specified in subsection (1), that an applicant making initial application for licensure complete an educational course acceptable to the board, or the department where there is no board, on human immunodeficiency virus and acquired immune deficiency syndrome. An applicant who has not taken a course at the time of licensure shall, upon an affidavit showing good cause, be allowed 6 months to complete this requirement.

(5) The board, or the department where there is no board, shall have the authority to adopt rules to carry out the provisions of this section.

(6) Any professional holding two or more licenses subject to the provisions of this section shall be permitted to show proof of having taken one board-approved course, or one department-approved course where there is no board, on human immunodeficiency virus and acquired immune deficiency syndrome, for purposes of relicensure or recertification for additional licenses.

455.223 Power to administer oaths, take depositions, and issue subpoenas.—For the purpose of any investigation or proceeding conducted by the department, the department shall have the power to administer oaths, take depositions, make inspections when authorized by statute, issue subpoenas which shall be supported by affidavit, serve subpoenas and other process, and compel the attendance of witnesses and the production of books, papers, documents, and other evidence. The department shall exercise this power on its own initiative or whenever requested by a board or the probable cause panel of any board. Challenges to, and enforcement of, the subpoenas and orders shall be handled as provided in s. 120.569.

History.—s. 5, ch. 79-36; s. 32, ch. 81-302; s. 4, ch. 86-90; s. 5, ch. 91-137; s. 52, ch. 92-33; s. 23, ch. 93-129; s. 77, ch. 94-218; s. 210, ch. 96-410; s. 19, ch. 97-261.

455.2235 Mediation.—

(1) Notwithstanding the provisions of s. 455.225, the board, or the department when there is no board, shall adopt rules to designate which violations of the applicable professional practice act are appropriate for mediation. The board, or the department when there is no board, may designate as mediation offenses those complaints where harm caused by the licensee is economic in nature or can be remedied by the licensee.

(2) After the department determines a complaint is legally sufficient and the alleged violations are defined as mediation offenses, the department or any agent of the department may conduct informal mediation to resolve the complaint. If the complainant and the subject of the complaint agree to a resolution of a complaint within 14 days after contact by the mediator,

the mediator shall notify the department of the terms of the resolution. The department or board shall take no further action unless the complainant and the subject each fail to record with the department an acknowledgment of satisfaction of the terms of mediation within 60 days of the mediator's notification to the department. In the event the complainant and subject fail to reach settlement terms or to record the required acknowledgment, the department shall process the complaint according to the provisions of s. 455.225.

(3) Conduct or statements made during mediation are inadmissible in any proceeding pursuant to s. 455.225. Further, any information relating to the mediation of a case shall be subject to the confidentiality provisions of s. 455.225.

(4) No licensee shall go through the mediation process more than three times without approval of the department. The department may consider the subject and dates of the earlier complaints in rendering its decision. Such decision shall not be considered a final agency action for purposes of chapter 120.

(5) If any board fails to adopt rules designating which violations are appropriate for resolution by mediation by January 1, 1995, the department shall have exclusive authority to, and shall, adopt rules to designate the violations which are appropriate for mediation. Any board created on or after January 1, 1995, shall have 6 months to adopt rules designating which violations are appropriate for mediation, after which time the department shall have exclusive authority to adopt rules pursuant to this section. A board shall have continuing authority to amend its rules adopted pursuant to this section.

History.—s. 19, ch. 92-149; s. 8, ch. 94-119.

455.224 Authority to issue citations.—

(1) Notwithstanding s. 455.225, the board or the department shall adopt rules to permit the issuance of citations. The citation shall be issued to the subject and shall contain the subject's name and address, the subject's license number if applicable, a brief factual statement, the sections of the law allegedly violated, and the penalty imposed. The citation must clearly state that the subject may choose, in lieu of accepting the citation, to follow the procedure under s. 455.225. If the subject disputes the matter in the citation, the procedures set forth in s. 455.225 must be followed. However, if the subject does not dispute the matter in the citation with the department within 30 days after the citation is served, the citation becomes a final order and constitutes discipline. The penalty shall be a fine or other conditions as established by rule.

(2) The board, or the department when there is no board, shall adopt rules designating violations for which a citation may be issued. Such rules shall designate as citation violations those violations for which there is no substantial threat to the public health, safety, and welfare.

(3) The department shall be entitled to recover the costs of investigation, in addition to any penalty provided according to board or department rule, as part of the penalty levied pursuant to the citation.

(4) A citation must be issued within 6 months after the filing of the complaint that is the basis for the citation.

(5) Service of a citation may be made by personal service or certified mail, restricted delivery, to the subject at the subject's last known address.

(6) Within its jurisdiction, the department has exclusive authority to, and shall adopt rules to, designate those violations for which the licensee is subject to the issuance of a citation and designate the penalties for those violations if any board fails to incorporate this section into rules by January 1, 1992. A board created on or after January 1, 1992, has 6 months in which to enact rules designating violations and penalties appropriate for citation offenses. Failure to enact such rules gives the department exclusive authority to adopt rules as required for implementing this section. A board has continuous authority to amend its rules adopted pursuant to this section.

History.—s. 6, ch. 91-137; s. 53, ch. 92-33; s. 20, ch. 92-149; s. 23, ch. 93-129; s. 313, ch. 94-119; s. 78, ch. 94-218; s. 20, ch. 97-261; s. 161, ch. 99-251.

455.225 Disciplinary proceedings.—Disciplinary proceedings for each board shall be within the jurisdiction of the department.

(1)(a) The department, for the boards under its jurisdiction, shall cause to be investigated any complaint that is filed before it if the complaint is in writing, signed by the complainant, and legally sufficient. A complaint is legally sufficient if it contains ultimate facts that show that a violation of this chapter, of any of the practice acts relating to the professions regulated by the department, or of any rule adopted by the department or a regulatory board in the department has occurred. In order to determine legal sufficiency, the department may require supporting information or documentation. The department may investigate, and the department or the appropriate board may take appropriate final action on, a complaint even though the original complainant withdraws it or otherwise indicates a desire not to cause the complaint to be investigated or prosecuted to completion. The department may investigate an anonymous complaint if the complaint is in writing and is legally sufficient, if the alleged violation of law or rules is substantial, and if the department has reason to believe, after preliminary inquiry, that the violations alleged in the complaint are true. The department may investigate a complaint made by a confidential informant if the complaint is legally sufficient, if the alleged violation of law or rule is substantial, and if the department has reason to believe, after preliminary inquiry, that the allegations of the complainant are true. The department may initiate an investigation if it has reasonable cause to believe that a licensee or a group of licensees has violated a Florida statute, a rule of the department, or a rule of a board.

(b) When an investigation of any subject is undertaken, the department shall promptly furnish to the subject or the subject's attorney a copy of the complaint or document that resulted in the initiation of the investigation. The subject may submit a written response to the information contained in such complaint or document within 20 days after service to the subject of the complaint or document. The subject's written response shall be considered by the probable cause

panel. The right to respond does not prohibit the issuance of a summary emergency order if necessary to protect the public. However, if the secretary, or the secretary's designee, and the chair of the respective board or the chair of its probable cause panel agree in writing that such notification would be detrimental to the investigation, the department may withhold notification. The department may conduct an investigation without notification to any subject if the act under investigation is a criminal offense.

(2) The department shall allocate sufficient and adequately trained staff to expeditiously and thoroughly determine legal sufficiency and investigate all legally sufficient complaints. When its investigation is complete and legally sufficient, the department shall prepare and submit to the probable cause panel of the appropriate regulatory board the investigative report of the department. The report shall contain the investigative findings and the recommendations of the department concerning the existence of probable cause. At any time after legal sufficiency is found, the department may dismiss any case, or any part thereof, if the department determines that there is insufficient evidence to support the prosecution of allegations contained therein. The department shall provide a detailed report to the appropriate probable cause panel prior to dismissal of any case or part thereof, and to the subject of the complaint after dismissal of any case or part thereof, under this section. For cases dismissed prior to a finding of probable cause, such report is confidential and exempt from s. 119.07(1). The probable cause panel shall have access, upon request, to the investigative files pertaining to a case prior to dismissal of such case. If the department dismisses a case, the probable cause panel may retain independent legal counsel, employ investigators, and continue the investigation and prosecution of the case as it deems necessary.

(3)(a) As an alternative to the provisions of subsections (1) and (2), when a complaint is received, the department may provide a licensee with a notice of noncompliance for an initial offense of a minor violation. A violation is a minor violation if it does not demonstrate a serious inability to practice the profession, result in economic or physical harm to a person, or adversely affect the public health, safety, or welfare or create a significant threat of such harm. Each board, or the department if there is no board, shall establish by rule those violations which are minor violations under this provision. Failure of a licensee to take action in correcting the violation within 15 days after notice may result in the institution of regular disciplinary proceedings.

(b) The department may issue a notice of noncompliance for an initial offense of a minor violation, notwithstanding a board's failure to designate a particular minor violation by rule as provided in paragraph (a).

(4) The determination as to whether probable cause exists shall be made by majority vote of a probable cause panel of the board, or by the department, as appropriate. Each regulatory board shall provide by rule that the determination of probable cause shall be made by a panel of its members or by the department. Each

board may provide by rule for multiple probable cause panels composed of at least two members. Each board may provide by rule that one or more members of the panel or panels may be a former board member. The length of term or repetition of service of any such former board member on a probable cause panel may vary according to the direction of the board when authorized by board rule. Any probable cause panel must include one of the board's former or present consumer members, if one is available, willing to serve, and is authorized to do so by the board chair. Any probable cause panel must include a present board member. Any probable cause panel must include a former or present professional board member. However, any former professional board member serving on the probable cause panel must hold an active valid license for that profession. All proceedings of the panel are exempt from s. 286.011 until 10 days after probable cause has been found to exist by the panel or until the subject of the investigation waives his or her privilege of confidentiality. The probable cause panel may make a reasonable request, and upon such request the department shall provide such additional investigative information as is necessary to the determination of probable cause. A request for additional investigative information shall be made within 15 days from the date of receipt by the probable cause panel of the investigative report of the department. The probable cause panel or the department, as may be appropriate, shall make its determination of probable cause within 30 days after receipt by it of the final investigative report of the department. The secretary may grant extensions of the 15-day and the 30-day time limits. In lieu of a finding of probable cause, the probable cause panel, or the department when there is no board, may issue a letter of guidance to the subject. If, within the 30-day time limit, as may be extended, the probable cause panel does not make a determination regarding the existence of probable cause or does not issue a letter of guidance in lieu of a finding of probable cause, the department, for disciplinary cases under its jurisdiction, must make a determination regarding the existence of probable cause within 10 days after the expiration of the time limit. If the probable cause panel finds that probable cause exists, it shall direct the department to file a formal complaint against the licensee. The department shall follow the directions of the probable cause panel regarding the filing of a formal complaint. If directed to do so, the department shall file a formal complaint against the subject of the investigation and prosecute that complaint pursuant to chapter 120. However, the department may decide not to prosecute the complaint if it finds that probable cause had been improvidently found by the panel. In such cases, the department shall refer the matter to the board. The board may then file a formal complaint and prosecute the complaint pursuant to chapter 120. The department shall also refer to the board any investigation or disciplinary proceeding not before the Division of Administrative Hearings pursuant to chapter 120 or otherwise completed by the department within 1 year after the filing of a complaint. The department, for disciplinary cases under its jurisdiction, must establish a uniform reporting system to quarterly

refer to each board the status of any investigation or disciplinary proceeding that is not before the Division of Administrative Hearings or otherwise completed by the department within 1 year after the filing of the complaint. A probable cause panel or a board may retain independent legal counsel, employ investigators, and continue the investigation as it deems necessary; all costs thereof shall be paid from the Professional Regulation Trust Fund. All proceedings of the probable cause panel are exempt from s. 120.525.

(5) A formal hearing before an administrative law judge from the Division of Administrative Hearings shall be held pursuant to chapter 120 if there are any disputed issues of material fact. The administrative law judge shall issue a recommended order pursuant to chapter 120. If any party raises an issue of disputed fact during an informal hearing, the hearing shall be terminated and a formal hearing pursuant to chapter 120 shall be held.

(6) The appropriate board, with those members of the panel, if any, who reviewed the investigation pursuant to subsection (4) being excused, or the department when there is no board, shall determine and issue the final order in each disciplinary case. Such order shall constitute final agency action. Any consent order or agreed settlement shall be subject to the approval of the department.

(7) The department shall have standing to seek judicial review of any final order of the board, pursuant to s. 120.68.

(8) Any proceeding for the purpose of summary suspension of a license, or for the restriction of the license, of a licensee pursuant to s. 120.60(6) shall be conducted by the Secretary of Business and Professional Regulation or his or her designee, who shall issue the final summary order.

(9) The department shall periodically notify the person who filed the complaint of the status of the investigation, whether probable cause has been found, and the status of any civil action or administrative proceeding or appeal.

(10) The complaint and all information obtained pursuant to the investigation by the department are confidential and exempt from s. 119.07(1) until 10 days after probable cause has been found to exist by the probable cause panel or by the department, or until the regulated professional or subject of the investigation waives his or her privilege of confidentiality, whichever occurs first. However, this exemption does not apply to actions against unlicensed persons pursuant to s. 455.228 or the applicable practice act. Upon completion of the investigation and pursuant to a written request by the subject, the department shall provide the subject an opportunity to inspect the investigative file or, at the subject's expense, forward to the subject a copy of the investigative file. The subject may file a written response to the information contained in the investigative file. Such response must be filed within 20 days, unless an extension of time has been granted by the department. This subsection does not prohibit the department from providing such information to any law enforcement agency or to any other regulatory agency.

(11) A privilege against civil liability is hereby granted to any complainant or any witness with regard to

information furnished with respect to any investigation or proceeding pursuant to this section, unless the complainant or witness acted in bad faith or with malice in providing such information.

Note.—Former s. 455.013.

455.2255 Classification of disciplinary actions.

(1) A licensee may petition the department to review a disciplinary incident to determine whether the specific violation meets the standard of a minor violation as set forth in s. 455.225(3). If the circumstances of the violation meet that standard and 2 years have passed since the issuance of a final order imposing discipline, the department shall reclassify that violation as inactive if the licensee has not been disciplined for any subsequent minor violation of the same nature. After the department has reclassified the violation as inactive, it is no longer considered to be part of the licensee's disciplinary record, and the licensee may lawfully deny or fail to acknowledge the incident as a disciplinary action.

(2) The department may establish a schedule classifying violations according to the severity of the violation. After the expiration of set periods of time, the department may provide for such disciplinary records to become inactive, according to their classification. After the disciplinary record has become inactive, the department may clear the violation from the disciplinary record and the subject person or business may lawfully deny or fail to acknowledge such disciplinary actions.

(3) Notwithstanding s. 455.017, this section applies to the disciplinary records of all persons or businesses licensed by the department.

History.—s. 143, ch. 99-251; s. 71, ch. 2013-18.

455.227 Grounds for discipline; penalties; enforcement.—

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(a) Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee's profession.

(b) Intentionally violating any rule adopted by the board or the department, as appropriate.

(c) Being convicted or found guilty of, or entering a plea of guilty or nolo contendere to, regardless of adjudication, a crime in any jurisdiction which relates to the practice of, or the ability to practice, a licensee's profession.

(d) Using a Class III or a Class IV laser device or product, as defined by federal regulations, without having complied with the rules adopted pursuant to s. 501.122(2) governing the registration of such devices.

(e) Failing to comply with the educational course requirements for human immunodeficiency virus and acquired immune deficiency syndrome.

(f) Having a license or the authority to practice the regulated profession revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of any jurisdiction, including its agencies or subdivisions, for a violation that would constitute a violation under Florida law. The licensing authority's acceptance of a relinquishment of licensure, stipulation, consent order, or other settlement, offered in response to or in anticipation of the filing of charges against the licensee, shall be construed as action against the licensee.

(g) Having been found liable in a civil proceeding for knowingly filing a false report or complaint with the department against another licensee.

(h) Attempting to obtain, obtaining, or renewing a license to practice a profession by bribery, by fraudulent misrepresentation, or through an error of the department or the board.

(i) Failing to report to the department any person who the licensee knows is in violation of this chapter, the chapter regulating the alleged violator, or the rules of the department or the board.

(j) Aiding, assisting, procuring, employing, or advising any unlicensed person or entity to practice a profession contrary to this chapter, the chapter regulating the profession, or the rules of the department or the board.

(k) Failing to perform any statutory or legal obligation placed upon a licensee.

(l) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, or willfully impeding or obstructing another person to do so. Such reports or records shall include only those that are signed in the capacity of a licensee.

(m) Making deceptive, untrue, or fraudulent representations in or related to the practice of a profession or employing a trick or scheme in or related to the practice of a profession.

(n) Exercising influence on the patient or client for the purpose of financial gain of the licensee or a third party.

(o) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities the licensee knows, or has reason to know, the licensee is not competent to perform.

(p) Delegating or contracting for the performance of professional responsibilities by a person when the licensee delegating or contracting for performance of such responsibilities knows, or has reason to know, such person is not qualified by training, experience, and authorization when required to perform them.

(q) Violating any provision of this chapter, the applicable professional practice act, a rule of the department or the board, or a lawful order of the department or the board, or failing to comply with a lawfully issued subpoena of the department.

(r) Improperly interfering with an investigation or inspection authorized by statute, or with any disciplinary proceeding.

(s) Failing to comply with the educational course requirements for domestic violence.

(t) Failing to report in writing to the board or, if there is no board, to the department within 30 days after the licensee is convicted or found guilty of, or entered a plea of nolo contendere or guilty to, regardless of adjudication, a crime in any jurisdiction. A licensee must report a conviction, finding of guilt, plea, or adjudication entered before the effective date of this paragraph within 30 days after the effective date of this paragraph.

(u) Termination from a treatment program for impaired practitioners as described in s. 456.076 for failure to comply, without good cause, with the terms of the monitoring or treatment contract entered into by the licensee or failing to successfully complete a drug or alcohol treatment program.

(2) When the board, or the department when there is no board, finds any person guilty of the grounds set forth in subsection (1) or of any grounds set forth in the applicable practice act, including conduct constituting a substantial violation of subsection (1) or a violation of the applicable practice act which occurred prior to obtaining a license, it may enter an order imposing one or more of the following penalties:

(a) Refusal to certify, or to certify with restrictions, an application for a license.

(b) Suspension or permanent revocation of a license.

(c) Restriction of practice.

(d) Imposition of an administrative fine not to exceed \$5,000 for each count or separate offense.

(e) Issuance of a reprimand.

(f) Placement of the licensee on probation for a period of time and subject to such conditions as the board, or the department when there is no board, may specify. Those conditions may include, but are not limited to, requiring the licensee to undergo treatment, attend continuing education courses, submit to be reexamined, work under the supervision of another licensee, or satisfy any terms which are reasonably tailored to the violations found.

(g) Corrective action.

(3)(a) In addition to any other discipline imposed pursuant to this section or discipline imposed for a violation of any practice act, the board, or the department when there is no board, may assess costs related to the investigation and prosecution of the case excluding costs associated with an attorney's time.

(b) In any case where the board or the department imposes a fine or assessment and the fine or assessment is not paid within a reasonable time, such reasonable time to be prescribed in the rules of the board, or the department when there is no board, or in the order assessing such fines or costs, the department or the Department of Legal Affairs may contract for the collection of, or bring a civil action to recover, the fine or assessment.

(c) The department shall not issue or renew a license to any person against whom or business against which the board has assessed a fine, interest, or costs associated with investigation and prosecution until the person or business has paid in full such fine, interest, or costs associated with investigation and prosecution or until the person or business complies with or satisfies all terms and conditions of the final order.

(4) In addition to, or in lieu of, any other remedy or criminal prosecution, the department may file a proceeding in the name of the state seeking issuance of an injunction or a writ of mandamus against any person who violates any of the provisions of this chapter, or any provision of law with respect to professions regulated by the department, or any board therein, or the rules adopted pursuant thereto.

(5) In the event the board, or the department when there is no board, determines that revocation of a license is the appropriate penalty, the revocation shall be permanent. However, the board may establish, by rule, requirements for reapplication by applicants whose licenses have been permanently revoked. Such requirements may include, but shall not be limited to, satisfying current requirements for an initial license.

455.2273 Disciplinary guidelines.—

(1) Each board, or the department when there is no board, shall adopt, by rule, and periodically review the disciplinary guidelines applicable to each ground for disciplinary action which may be imposed by the board, or the department when there is no board, pursuant to this chapter, the respective practice acts, and any rule of the board or department.

(2) The disciplinary guidelines shall specify a meaningful range of designated penalties based upon the severity and repetition of specific offenses, it being the legislative intent that minor violations be distinguished from those which endanger the public health, safety, or welfare; that such guidelines provide reasonable and meaningful notice to the public of likely penalties which may be imposed for proscribed conduct; and that such penalties be consistently applied by the board.

(3) A specific finding of mitigating or aggravating circumstances shall allow the board to impose a penalty other than that provided for in such guidelines. If applicable, the board, or the department when there is no board, shall adopt by rule disciplinary guidelines to designate possible mitigating and aggravating circumstances and the variation and range of penalties permitted for such circumstances.

(4) The department must review such disciplinary guidelines for compliance with the legislative intent as set forth herein to determine whether the guidelines establish a meaningful range of penalties and may also challenge such rules pursuant to s. 120.56.

(5) The administrative law judge, in recommending penalties in any recommended order, must follow the penalty guidelines established by the board or department and must state in writing the mitigating or aggravating circumstances upon which the recommended penalty is based.

(6) Notwithstanding s. 455.017, this section applies to disciplinary guidelines adopted by all boards or divisions within the department.

455.2274 Criminal proceedings against licensees; appearances by department representatives.

A representative of the department may voluntarily appear in a criminal proceeding brought against a person licensed by the department to practice a profession regulated by the state. The department's representative is authorized to furnish pertinent information, make recommendations regarding specific conditions of probation, and provide other assistance to the court necessary to promote justice or protect the public. The court may order a representative of the department to appear in a criminal proceeding if the crime charged is substantially related to the qualifications, functions, or duties of a licensee regulated by the department.

History.—s. 3, ch. 2009-195; s. 115, ch. 2014-17.

455.2275 Penalty for giving false information.

In addition to, or in lieu of, any other discipline imposed pursuant to s. 455.227, the act of knowingly giving false information in the course of applying for or obtaining a license from the department, or any board thereunder, with intent to mislead a public servant in the performance of his or her official duties, or the act of attempting to obtain or obtaining a license from either the department, or any board thereunder, to practice a profession by knowingly misleading statements or knowing misrepresentations constitutes a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

History.—s. 31, ch. 85-175; s. 12, ch. 89-124; s. 9, ch. 91-137; s. 57, ch. 92-33; s. 24, ch. 92-149; s. 23, ch. 93-129; s. 82, ch. 94-218; s. 190, ch. 97-103; s. 24, ch. 97-261.

455.2277 Prosecution of criminal violations.—

The department or the appropriate board shall report any criminal violation of any statute relating to the practice of a profession regulated by the department or appropriate board to the proper prosecuting authority for prompt prosecution.

History.—s. 25, ch. 92-149.

455.228 Unlicensed practice of a profession; cease and desist notice; civil penalty; enforcement; citations; allocation of moneys collected.—

(1) When the department has probable cause to believe that any person not licensed by the department, or the appropriate regulatory board within the department, has violated any provision of this chapter or any statute that relates to the practice of a profession regulated by the department, or any rule adopted pursuant thereto, the department may issue and deliver to such person a notice to cease and desist from such violation. In addition, the department may issue and deliver a notice to cease and desist to any person who aids and abets the unlicensed practice of a profession by employing such unlicensed person. The issuance of a notice to cease and desist shall not constitute agency action for which a hearing under ss. 120.569 and 120.57 may be sought. For the purpose of enforcing a cease and desist notice, the department may file a proceeding in the name of the state seeking issuance of an injunction or a writ of mandamus against any person who violates any provisions of such notice. In addition to

the foregoing remedies, the department may impose an administrative penalty not to exceed \$5,000 per incident pursuant to the provisions of chapter 120 or may issue a citation pursuant to the provisions of subsection (3). If the department is required to seek enforcement of the notice for a penalty pursuant to s. 120.569, it shall be entitled to collect its attorney's fees and costs, together with any cost of collection.

(2) In addition to or in lieu of any remedy provided in subsection (1), the department may seek the imposition of a civil penalty through the circuit court for any violation for which the department may issue a notice to cease and desist under subsection (1). The civil penalty shall be no less than \$500 and no more than \$5,000 for each offense. The court may also award to the prevailing party court costs and reasonable attorney fees and, in the event the department prevails, may also award reasonable costs of investigation.

(3)(a) Notwithstanding the provisions of s. 455.225, the department shall adopt rules to permit the issuance of citations for unlicensed practice of a profession. The citation shall be issued to the subject and shall contain the subject's name and any other information the department determines to be necessary to identify the subject, a brief factual statement, the sections of the law allegedly violated, and the penalty imposed. The citation must clearly state that the subject may choose, in lieu of accepting the citation, to follow the procedure under s. 455.225. If the subject disputes the matter in the citation, the procedures set forth in s. 455.225 must be followed. However, if the subject does not dispute the matter in the citation with the department within 30 days after the citation is served, the citation shall become a final order of the department. The penalty shall be a fine of not less than \$500 or more than \$5,000 or other conditions as established by rule.

(b) Each day that the unlicensed practice continues after issuance of a citation constitutes a separate violation.

(c) The department shall be entitled to recover the costs of investigation, in addition to any penalty provided according to department rule as part of the penalty levied pursuant to the citation.

(d) Service of a citation may be made by personal service or certified mail, restricted delivery, to the subject at the subject's last known address.

(4) All fines, fees, and costs collected through the procedures set forth in this section shall be allocated to the professions in the manner provided for in s. 455.2281 for the allocation of the fees assessed and collected to combat unlicensed practice of a profession.

(5) The provisions of this section apply only to the provisions of s. 455.217 and the professional practice acts administered by the department.

History.—s. 3, ch. 84-271; s. 6, ch. 90-228; s. 58, ch. 92-33; s. 26, ch. 92-149; s. 23, ch. 93-129; s. 11, ch. 94-119; ss. 83, 84, ch. 94-218; s. 213, ch. 96-410; s. 25, ch. 97-261; s. 34, ch. 2000-160; s. 13, ch. 2010-106.

455.2281 Unlicensed activities; fees; disposition.—In order to protect the public and to ensure a consumer-oriented department, it is the intent of the Legislature that vigorous enforcement of regulation for all professional activities is a state priority. All enforcement costs should be covered by professions regulated

by the department. Therefore, the department shall impose, upon initial licensure and each subsequent renewal, a special fee of \$5 per licensee, in addition to all other fees imposed, to fund efforts to combat unlicensed activity. However, the department may not impose this special fee on a license renewal for any profession whose unlicensed activity account balance, at the beginning of the fiscal year before the renewal, totals more than twice the total of the expenditures for unlicensed activity enforcement efforts in the preceding 2 fiscal years. This waiver applies to all licensees within the profession, and assessment of the special fee may not begin or resume until the renewal cycle subject to the waiver has ended for all of the licensees in that profession. This waiver does not apply to a profession that has a deficit in its operating account or that is projected to have such a deficit in the next 5 fiscal years. Any profession regulated by the department which offers services that are not subject to regulation when provided by an unlicensed person may use funds in its unlicensed activity account to inform the public of such situation. The board with concurrence of the department, or the department when there is no board, may earmark \$5 of the current licensure fee for this purpose, if such board, or profession regulated by the department, is not in a deficit and has a reasonable cash balance. A board or profession regulated by the department may authorize the transfer of funds from the operating fund account to the unlicensed activity account if the operating fund account is not in a deficit and has a reasonable cash balance. The department shall make direct charges to this fund by profession and may not allocate indirect overhead. The department shall seek board advice regarding enforcement methods and strategies prior to expenditure of funds; however, the department may, without board advice, allocate funds to cover the costs of continuing education compliance monitoring under s. 455.2177. The department shall directly credit, by profession, revenues received from the department's efforts to enforce licensure provisions. The department shall include all financial and statistical data resulting from unlicensed activity enforcement and from continuing education compliance monitoring as separate categories in the quarterly management report provided for in s. 455.219. The department may not charge the account of any profession for the costs incurred on behalf of any other profession. With the concurrence of the applicable board and the department, any balance that remains in an unlicensed activity account at the end of a renewal cycle may be transferred to the operating fund account of that profession.

455.2285 Annual report concerning finances, administrative complaints, disciplinary actions, and recommendations.—The department is directed to prepare and submit a report to the President of the Senate and Speaker of the House of Representatives by November 1 of each year. In addition to finances and any other information the Legislature may require, the report shall include statistics and relevant information, profession by profession, detailing:

(1) The revenues, expenditures, and cash balances for the prior year, and a review of the adequacy of existing fees.

(2) The number of complaints received and investigated.

(3) The number of findings of probable cause made.

(4) The number of findings of no probable cause made.

(5) The number of administrative complaints filed.

(6) The disposition of all administrative complaints.

(7) A description of disciplinary actions taken.

(8) A description of any effort by the department, for any disciplinary cases under its jurisdiction, to reduce or otherwise close any investigation or disciplinary proceeding not before the Division of Administrative Hearings under chapter 120 or otherwise not completed within 1 year after the initial filing of a complaint under this chapter.

(9) The status of the development and implementation of rules providing for disciplinary guidelines pursuant to s. 455.2273.

(10) Such recommendations for administrative and statutory changes necessary to facilitate efficient and cost-effective operation of the department and the various boards.

455.2286 Automated information system.—By November 1, 2001, the department shall implement an automated information system for all certificateholders and registrants under part XII of chapter 468, chapter 471, chapter 481, or chapter 489. The system shall provide instant notification to local building departments and other interested parties regarding the status of the certification or registration. The provision of such information shall consist, at a minimum, of an indication of whether the certification or registration is active, of any current failure to meet the terms of any final action by a licensing authority, of any ongoing disciplinary cases that are subject to public disclosure, whether there are any outstanding fines, and of the reporting of any material violations pursuant to s. 553.781. The system shall also retain information developed by the department and local governments on individuals found to be practicing or contracting without holding the applicable license, certification, or registration required by law. The system may be Internet-based.

History.—s. 6, ch. 98-287; s. 31, ch. 2000-141.

455.229 Public inspection of information required from applicants; exceptions; examination hearing.—

(1) All information required by the department of any applicant shall be a public record and shall be open to public inspection pursuant to s. 119.07, except financial information, medical information, school transcripts, examination questions, answers, papers, grades, and grading keys, which are confidential and exempt from s. 119.07(1) and shall not be discussed with or made accessible to anyone except members of the board, the department, and staff thereof, who have a bona fide need to know such information. Any information

supplied to the department by any other agency which is exempt from the provisions of chapter 119 or is confidential shall remain exempt or confidential pursuant to applicable law while in the custody of the department.

(2) The department shall establish by rule the procedure by which an applicant, and the applicant's attorney, may review examination questions and answers. Examination questions and answers are not subject to discovery but may be introduced into evidence and considered only in camera in any administrative proceeding under chapter 120. If an administrative hearing is held, the department shall provide challenged examination questions and answers to the administrative law judge. The examination questions and answers provided at the hearing are confidential and exempt from s. 119.07(1), unless invalidated by the administrative law judge.

(3) Unless an applicant notifies the department at least 5 days prior to an examination hearing of the applicant's inability to attend, or unless an applicant can demonstrate an extreme emergency for failing to attend, the department may require an applicant who fails to attend to pay reasonable attorney's fees, costs, and court costs of the department for the examination hearing.

455.232 Disclosure of confidential information.

(1) No officer, employee, or person under contract with the department, or any board therein, or any subject of an investigation shall convey knowledge or information to any person who is not lawfully entitled to such knowledge or information about any public meeting or public record, which at the time such knowledge or information is conveyed is exempt from the provisions of s. 119.01, s. 119.07(1), or s. 286.011.

(2) Any person who willfully violates any provision of this section is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083, and may be subject to discipline pursuant to s. 455.227, and, if applicable, shall be removed from office, employment, or the contractual relationship.

However, the required statement shall not be necessary as an accompaniment

to an advertisement of a licensed health care provider defined by this section if the advertisement appears in a classified directory the primary purpose of which is to provide products and services at free, reduced, or discounted prices to consumers and in which the statement prominently appears in at least one place.

455.242 Veterinarians; disposition of records of deceased practitioners or practitioners relocating or terminating practice.—Each board created under the provisions of chapter 474 shall provide by rule for the disposition, under that chapter, of the records that are in existence at the time the practitioner dies, terminates practice, or relocates and is no longer available and which records pertain to the practitioner's patients. The rules shall provide that the records be retained for at least 2 years after the practitioner's death, termination of practice, or relocation. In the case of the death of the practitioner, the rules shall provide for the disposition of such records by the estate of the practitioner.

455.243 Authority to inspect.—Duly authorized agents and employees of the department shall have the power to inspect in a lawful manner at all reasonable hours any establishment at which the services of a licensee authorized to prescribe controlled substances specified in chapter 893 are offered, for the purpose of determining if any of the provisions of this chapter or any practice act of a profession or any rule adopted thereunder is being violated; or for the purpose of securing such other evidence as may be needed for prosecution.

455.271 Inactive and delinquent status.—

(1) A licensee may practice a profession only if the licensee has an active status license. A licensee who practices a profession without an active status license is in violation of this section and s. 455.227, and the board, or the department when there is no board, may impose discipline on the licensee.

(2) Each board, or the department when there is no board, shall permit a licensee to choose, at the time of licensure renewal, an active or inactive status.

(3) Each board, or the department when there is no board, shall, by rule, impose a fee for an inactive status license which is no greater than the fee for an active status license.

(4) An inactive status licensee may change to active status at any time, provided the licensee meets all

requirements for active status, pays any additional licensure fees necessary to equal those imposed on an active status licensee, pays any applicable reactivation fees as set by the board, or the department when there is no board, and meets all continuing education requirements as specified in this section.

(5) A licensee shall apply with a complete application, as defined by rule of the board, or the department when there is no board, to renew an active or inactive status license before the license expires. Failure of a licensee to renew before the license expires shall cause the license to become delinquent in the license cycle following expiration.

(6)(a) A delinquent status licensee must affirmatively apply with a complete application, as defined by rule of the board, or the department if there is no board, for active or inactive status during the licensure cycle in which a licensee becomes delinquent. Failure by a delinquent status licensee to become active or inactive before the expiration of the current licensure cycle shall render the license void without any further action by the board or the department.

(b) Notwithstanding the provisions of the professional practice acts administered by the department, the department may, at its discretion, reinstate the license of an individual whose license has become void if the department determines that the individual failed to comply because of illness or economic hardship. The individual must apply to the department for reinstatement and pay an applicable fee in an amount determined by rule. The department shall require that such individual meet all continuing education requirements prescribed by law, pay appropriate licensing fees, and otherwise be eligible for renewal of licensure under this chapter.

This subsection does not apply to individuals subject to regulation under chapter 473.

(7) Each board, or the department when there is no board, shall, by rule, impose an additional delinquency fee, not to exceed the biennial renewal fee for an active status license, on a delinquent status licensee when such licensee applies for active or inactive status.

(8) Each board, or the department when there is no board, shall, by rule, impose an additional fee, not to exceed the biennial renewal fee for an active status license, for processing a licensee's request to change licensure status at any time other than at the beginning of a licensure cycle.

(9) Each board, or the department when there is no board, may, by rule, impose reasonable conditions, excluding full reexamination but including part of a national examination or a special purpose examination to assess current competency, necessary to ensure that a licensee who has been on inactive status for more than two consecutive biennial licensure cycles and who applies for active status can practice with the care and skill sufficient to protect the health, safety, and welfare of the public. Reactivation requirements may differ depending on the length of time licensees are inactive. The costs to meet reactivation requirements shall be borne by licensees requesting reactivation.

(10) The board, or the department if there is no board, may not require an inactive or delinquent licensee, except for a licensee under chapter 473 or chapter 475, to complete more than one renewal cycle of continuing education to reactivate a license.

(11) The status or a change in status of a licensee shall not alter in any way the board's, or the department's when there is no board, right to impose discipline or to enforce discipline previously imposed on a licensee for acts or omissions committed by the licensee while holding a license, whether active, inactive, or delinquent.

(12) This section does not apply to a business establishment registered, permitted, or licensed by the department to do business or to a person licensed, permitted, registered, or certified pursuant to chapter 310 or chapter 475.

History.—s. 14, ch. 94-119; s. 1, ch. 2005-249; s. 2, ch. 2009-54; s. 3, ch. 2012-61; s. 5, ch. 2012-72; s. 8, ch. 2012-208.

455.273 Renewal and cancellation notices.—At least 90 days before the end of a licensure cycle, the department shall:

(1) Forward a licensure renewal notification to an active or inactive licensee at the licensee's last known address of record or e-mail address provided to the department.

(2) Forward a notice of pending cancellation of licensure to a delinquent status licensee at the licensee's last known address of record or e-mail address provided to the department.

History.—s. 15, ch. 94-119; s. 6, ch. 2012-72.

455.275 Address of record.—

(1) Each licensee of the department is solely responsible for notifying the department in writing of the licensee's current mailing address, e-mail address, and place of practice, as defined by rule of the board or the department when there is no board. A licensee's failure to notify the department of a change of address constitutes a violation of this section, and the licensee may be disciplined by the board or the department when there is no board.

(2) Notwithstanding any other provision of law, service by regular mail or e-mail to a licensee's last known mailing address or e-mail address of record with the department constitutes adequate and sufficient notice to the licensee for any official communication to the licensee by the board or the department except when other service is required pursuant to s. 455.225.

(3)(a) Notwithstanding any provision of law, when an administrative complaint is served on a licensee of the department, the department shall provide service by regular mail to the licensee's last known address of record, by certified mail to the last known address of record, and, if possible, by e-mail.

(b) If service, as provided in paragraph (a), does not provide the department with proof of service, the department shall call the last known telephone number of record and cause a short, plain notice to the licensee to be posted on the front page of the department's website and shall send notice via e-mail to all newspapers of general circulation and all news departments

of broadcast network affiliates in the county of the licensee's last known address of record.

455.32 Management Privatization Act.—

(1) This section shall be known by the popular name the "Management Privatization Act."

(2) The purpose of this section is to create a model for contracting with nonprofit corporations to provide services for the regulation of Florida's professionals which will ensure a consistent, effective application of regulatory provisions and appropriate budgetary oversight to achieve the most efficient use of public funds. Nonprofit corporations may be established pursuant to this section to provide administrative, examination, licensing, investigative, and prosecutorial services to any board created within the department pursuant to chapter 20 in accordance with the provisions of this chapter and the applicable practice act. No additional entities may be created to provide these services.

(3) As used in this section, the term:

(a) "Board" means any board, commission, or council created within the department pursuant to chapter 20.

(b) "Corporation" means any nonprofit corporation with which the department contracts pursuant to subsection (14).

(c) "Department" means the Department of Business and Professional Regulation.

(d) "Contract manager" means an employee of the department who serves as a liaison between the department, the board, and the corporation and is responsible for ensuring that the police powers of the state are not exercised by the corporation, while also serving as the contract monitor.

(e) "Business case" means a needs assessment, financial feasibility study, and corporate financial model as specified in paragraph (4).

(f) "Performance standards and measurable outcomes" shall include, but not be limited to, timeliness and qualitative criteria for the activities specified in paragraph (6)(o).

(g) "Secretary" means the Secretary of Business and Professional Regulation.

(4) Based upon the request of any board, the department is authorized to establish and contract with a nonprofit corporation to provide administrative, examination, licensing, investigative, and prosecutorial services to that board, in accordance with the provisions of this chapter and the applicable practice act and as specified in a contract between the department and the corporation. The privatization request must contain a business case that includes a needs assessment and financial feasibility study performed by the board or an entity commissioned by a majority vote of the board. The needs assessment must contain specific performance standards and measurable outcomes and an evaluation of the department's current and projected performance in regard to those standards. The feasibility study must include the financial status of the board for the current fiscal year and the next 2 fiscal years. A financial model for the corporation must also be developed which includes projected costs and

expenses for the first 2 years of operation and specific performance standards and measurable outcomes. The business case for privatization shall be submitted by the board to the department for inclusion in its legislative budget request to the Executive Office of the Governor and the Legislature pursuant to s. 216.023. The board shall proceed with the privatization only if such privatization is specifically authorized by general law.

(5) Any such corporation may hire staff as necessary to carry out its functions.
