**Florida Laws and Rules Examination**

The Laws and Rules examination is a requirement for licensure for all applicants. The exam is a computer based test and is administered by a vendor contracted by the department to conduct the exam. There is no deadline required in submitting an application before you are eligible to sit for the exam. Once your application and all documents are received, you will be notified in writing that you are eligible to sit for the exam. At that time, you will be provided further information on scheduling yourself for the exam.

The exam is given **daily** at various locations around the state. If you are located outside Florida and you would like to take the exam in your home state, you will need to talk to the vendor’s out-of-state coordinator for information regarding out-of-state testing locations.
North American Veterinary Licensing Examination (NAVLE) Candidates (Graduate Candidates)

All NAVLE candidates applying through the Florida Board of Veterinary Medicine will be approved directly by the National Board of Veterinary Medical Examiners (NBVME) office, not by the Florida Board.

Florida NAVLE candidates will need to complete a NAVLE application and pay the NAVLE fee directly to the NBVME. Applications are available at www.nbvme.org.

The above process is only available to NAVLE candidates taking the examination for purposes of being licensed in Florida. All other NAVLE candidates must contact the state licensing board in the state where they wish to be licensed.

NAVLE Exam Dates
Exam dates are located on the NBVME website at www.nbvme.org.

Senior Student Candidates
Students attending a college of veterinary medicine that has been accredited by the American Veterinary Medical Association (AVMA) may take the Laws and Rules Exam during their senior year. Senior applicants must have the dean of the accredited school submit a letter of good standing stating they are seniors and indicating the expected date of graduation.

Please note that the final transcripts showing proof of graduation and NAVLE scores from the AAVSB must be submitted and received prior to licensure. Candidates must instruct the school or college to send final transcripts directly to the department. A license to practice veterinary medicine in Florida cannot be issued to successful senior graduates until final transcripts are received and the initial licensure fee has been paid.

Endorsement Candidates
Licensure by endorsement applies to those persons who hold and have held for at least three years, a current license in good standing as a veterinarian in another state of the United States, the District of Columbia or a territory of the United States, provided that the requirements for licensure in the issuing state, district or territory are equivalent to or more stringent than the requirements of Florida. Please refer to Section 474.217, Florida Statutes.

Foreign Graduate Candidates
Foreign candidates who have graduated from a college of veterinary medicine not accredited by the AVMA must be enrolled in or have completed the ECFVG program or demonstrate to the board, through the submission of documentation verified by the applicant’s respective professional association, that she or he received a professional degree in veterinary medicine from a college or university located in the country from which he or she emigrated, 474.207(3)(b)(2), Florida Statutes, before they are eligible to apply to take the Laws and Rules exam. A letter of enrollment from the ECFVG program or a copy of the completion certificate must be submitted to the board office to be certified as eligible to sit for the exam.

If a foreign graduate has already completed the ECFVG program, a copy of the national board scores will need to be submitted to the Department from the AAVSB. Foreign graduates that may already be licensed in other states will also need to have a letter of verification mailed from each state.

Documents in a Foreign Language
A certified translator who is not a relative of the applicant must translate any document that is in a language other than English.
