

Department of Business and Professional Regulation  
Board of Veterinary Medicine  
Declaratory Statements

last updated January 20, 2015

Subject	Issue presented	Conclusion	Number	Petitioner	File Date
Veterinarian working in private Florida veterinary diagnostic laboratories.	Petitioner asked the board if a veterinary pathologist working in a private Florida veterinary diagnostic laboratory must be a Florida licensed veterinarian.	The Board issues a declaratory statement that veterinary pathologists working in a private Florida veterinary diagnostic laboratory must be Florida licensed veterinarians.	<a href="#">2011-056</a>	Maron B. Calderwood Mays, DVM	9/23/2011
Business arrangement for sell of veterinary products and non-veterinary products.	Petitioner is considering entering into a business arrangement where a duly licensed pharmacy sells veterinary products and non-veterinary products to petitioner who in turn directs the pharmacy to deliver the purchased products to either the veterinary clinic or the homes of clients. Petitioner will sell the product to his clients and wanted the board's opinion if the arrangement would be a violation of Florida Statutes.	The Board issues a declaratory statement that the Petitioner would not be subject to discipline under the Statute for engaging in the business arrangement described in the petition.	<a href="#">2005-033</a>	Hansel Leavengod, DVM	9/28/2005
