WHEREAS, Novel Coronavirus Disease 2019 (COVID-19) is a severe acute respiratory illness that can spread among humans through respiratory transmission and presents with symptoms similar to those of influenza; and

WHEREAS, all counties in Florida have positive cases for COVID-19, and COVID-19 poses a risk to the entire state of Florida; and

WHEREAS, the Governor, in Executive Order Number 20-52, authorized each State agency to suspend the provisions of any regulatory statute of that agency, if strict compliance with that statute would in any way prevent, hinder, or delay necessary action in coping with this emergency; and

WHEREAS, on May 19, 2020, the Florida Real Estate Commission adopted its Order Establishing Hardship Exemption and Extending Deadline for End of Course Examinations and determined this emergency has presented numerous, extraordinary hardships to those persons who are either candidates for licensure or currently licensed as Real Estate Professionals in Florida; and

WHEREAS, in its Order, the Commission determined the existence of a universal hardship situation affecting the ability of all persons enrolled in Pre- or Post- Licensure

Education Courses to take final end-of-course examinations, such examinations being necessary for the successful completion of the course and for eligibility for state licensure or licensure renewal; and

WHEREAS, in its Order, the Commission provided that students may attempt the final end-of-course examination at any time between completion of the instructional portion of the course and December 31, 2020; and

WHEREAS, for the Department of Business and Professional Regulation (“the Department”) to implement the Commission’s Order, it is necessary to extend the related renewal deadlines for the affected licensees;

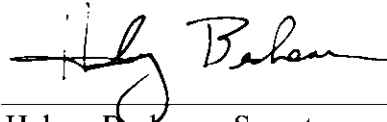

NOW, THEREFORE, I, HALSEY BESHEARS, Secretary of Florida’s Department of Business and Professional Regulation, pursuant to the authority granted by Executive Order No. 20-52, find the timely execution of the mitigation, response, and recovery aspects of the State’s emergency management plan, as it relates to COVID-19, is negatively impacted by the application of certain regulatory provisions related to the Department.
