

Air A Contractors Trade Knowledge Exam Reference List

Valid January 2021 – December 2021

The answers to the examination questions will be based on the editions listed below. Some of the questions will also be based on field experience and knowledge of trade practices. Editions earlier or later than those listed below can be brought to the examination site but **AT YOUR OWN RISK**. However, only one copy of each reference will be allowed into the examination site.

Only original edition reference materials will be allowed for use at the site, except for the references specifically indicated on the reference list as available as PDF.

All reference materials and PDF copies **MUST** be bound and remain bound during the exam. Bound refers to materials permanently bound, as by stitching or glue, and materials securely fastened in their covers by fasteners that penetrate all papers. PDF copies of references **MUST** be bound with ring binders, brads, plastic snap binders, spiralbound notebooks, and screw posts, but not with staples. Writing or electronic tablets are not allowed.

References containing underlining with pen or highlighter may be used. Handwritten and typewritten notes are **NOT** allowed. Existing handwritten notes must be blackened out or removed completely, by the candidate, prohibiting legibility. Moveable tabs (e.g., Post-it® Flags) are **NOT** allowed. Candidates will not be permitted to make any marks in the references during the examination administration.
