Introduction

The Department of Business and Professional Regulation has contracted with Professional Testing, Inc., to register candidates, develop, and score professional examinations for the Construction Industry Licensing Board. Individuals desiring to sit for construction examinations are required to apply directly with Professional Testing, Inc.

To apply online: http://www.floridaexam.com/
To apply by phone: 407.264.0562

All construction examinations, except Plumbing Contractor, are administered in computer-based testing format. After a candidate has been approved by Professional Testing, Inc., they may schedule to sit for their examination(s) by contacting the department’s examination vendor, Pearson VUE.

The Department of Business and Professional Regulation has retained the services of Pearson VUE to schedule, administer, score and report the results for computer based testing (CBT). Pearson VUE is a provider of assessment services and provides testing and support services to regulatory agencies, national associations, state agencies, and private industries.

Your examination(s) will be administered on computer. The CBT system eliminates the use of paper, pencil and answer sheets. Before you begin the examination, you will have an opportunity to go through a tutorial on the computer. The computer is very simple to operate; it should only take you a few minutes to learn how to use it.

The screen features a variety of function buttons to help candidates navigate through the examination. The function buttons are located in the same position throughout the test. Candidates can mark a question for review, move forward or backward one question at a time, or move to a specific question. The summary screen, which can be accessed at any time during the examination, shows candidates the following:

- Number of questions answered
- Number of questions unanswered and/or skipped
- Time remaining for the examination

Testing Locations and Reservations

To locate a Pearson VUE Test Center near you, as well as to check that site’s availability, use this link to view the vendor website for more details: https://home.pearsonvue.com/fl/construction.

Making your Test Reservations

Candidates that already know their candidate identification number are reminded that they do not have to wait for a “Confirmation”/ “Authorization” letter to make their reservation.

Telephone or Internet Reservations

Call 1.888.204.6230 and a Pearson VUE Customer Care Associate will help you to select a convenient examination date and location and answer any questions you may have. The best times to
call for a reservation are: Monday – Friday (8am – 11pm), Saturday (8am – 5pm), and Sunday (10am – 4pm). You may register as far in advance as you would like to test based on seat availability. However, it is strongly recommended you call at least five (5) business days before the examination date desired since reservations are made on a first-come, first-served basis.

Candidates may register via the Internet. You may submit a request via the Internet to Pearson VUE website at https://home.pearsonvue.com/ twenty-four (24) hours a day, seven (7) days a week, provided you include a credit card number, electronic check or voucher, and valid email address. A reservation confirmation will be returned to you via email. Examination reservations may be canceled or changed via the Internet.

Please have the following information when you call to make an examination reservation:

- Your authorization notice
- Candidate Identification number listed on your authorization notice
- Your full name, address and a daytime telephone number
- The location of the test center you desire
- The name of the examination you will be taking
- Credit card number, check, or voucher

The Examination

The Department of Business and Professional Regulation issues various construction licenses. Visit the Construction Industry Licensing Board website to find out more about the categories: http://www.myfloridalicense.com/DBPR/construction-industry/.

This Candidate Information Booklet (CIB) provides general information common to all of the examinations. Specific information describing the content areas tested and references materials for each examination can be found in the “Examination Content Information” and “Reference List” documents for each trade. In addition to the specific content areas listed for each examination, knowledge of basic mathematics is required for each part of the examination. All questions will be multiple-choice with four (4) alternative answers and will be equally weighted.

It is your responsibility to obtain the Examination Content Information and Reference List for the examination you are scheduling. You can contact the Department or refer to our web site for the most current information. Visit this link on the web for current examination information: http://www.myfloridalicense.com/DBPR/examination-information/construction-examinations/.

Candidates must pass all required examinations to be licensed. The examinations you take will depend upon which license you are seeking and whether you already hold another construction license. Passing candidates applying for examination in an additional category may be exempt from retaking the Business and Financial Management portion of the examination.

Examinations at a Glance

This chart provides you with information about each of the construction industry examinations. In order to obtain a license you must pass all of the required examinations for your specialty. Division I
Contractors (General, Building, and Residential) must pass three examinations: Business & Finance, Contract Administration, and Project Management. Division II contractors (all other specialties) must pass two examinations: Business and Finance and General Trade Knowledge.

References

- **ONLY materials and books on the approved reference list may be brought to the test center.** Reference books must remain as published. References containing underlining with pen or highlighter may be used. Only original edition reference materials will be allowed for use at the examination, with the exception of the references specifically indicated on the reference list as a PDF file. These materials must be printed and bound in a spiral notebook or a three or more hole punched binder in order to be allowed in the examination room.
• Photocopies will not be allowed unless written authorization has been granted prior to the examination by the appropriate authorities (publishers and the Bureau of Education and Testing).
• Permanently attached book tabs with only normal chapter or page headings are permitted. To avoid delays at the examination site, Post-it® notes, pull-off labels, or removable tabs must be removed from the reference books prior to arriving at the examination site. **If tabs can be removed without damage to the page, then they are considered removable and WILL NOT be accepted.**

**Pilot Testing**

The Examination may contain a small number of experimental or “pilot test” questions. The purpose of including pilot test questions within the examination is to expand and improve the bank of questions from which future examinations will be drawn. This is a common practice used by many national and state examination programs and is a critical step in ensuring the continued reliability and validity of these examinations.

In the event that pilot test questions are included within the examination, these questions will NOT be counted when computing scores. Additional time will be given for answering the pilot test questions. The time allowed for testing has been evaluated to ensure there is adequate time for completing test questions and pilot questions.

Pilot questions are NOT identified. If the pilot questions were identified, many of the candidates would skip them, and the results would not be valid. The development of a good examination requires accurate candidate response information for the pilot questions.

**Test Taking Advice**

The advice offered here is presented primarily to help you demonstrate knowledge and maximize your chances of passing the examination.

- Read all instructions carefully.
- For best results, pace yourself by periodically checking your progress. This will allow you to make any necessary adjustments.
- Be sure to record an answer for each question, even the items about which you are not completely sure. You can note the questions you wish to reconsider on the computer testing system and return to them later.
- Alert a Proctor or Test Center Manager to any problems that may occur during the examination. Do not wait until the examination is over to inform someone about a problem.

**Supplies**

It is expressly understood by each candidate that the State of Florida, and/or the Department of Business and Professional Regulation, and the Department’s staff hereby assume absolutely no liability of any nature whatsoever for any items of the candidate’s personal property which may have been brought to, left at, or left outside the examination site.
It is further understood that the candidate’s admission to the examination shall hereby constitute the candidate’s full, knowing, and complete waiver of any and all such claims against the State of Florida, and/or the Department of Business and Professional Regulation, and the Department’s staff.

What to Bring

All candidates will be required to bring the following items to the testing center on the day of the examination:

- Personal items are not permitted in the examination room. Any personal items such as toiletries, snacks, etc. must be encased in a clear plastic bag, no larger than 8” X 11” in size and kept in the locker provided by the vendor.
- Two forms of valid signature identification, one of which is government issued: driver’s license, state identification card, passport or military identification card. **Student or employment I.D. cards and photo bearing credit cards are not acceptable as picture bearing identification.** Candidates will not be admitted without showing proper identification. Your name and address must match what was submitted on your application.
- Calculators are permitted if they are silent, hand-held, battery-operated, nonprinting, and without an alphabetic keypad. Solar calculators are not recommended.
- To better serve our “English as a second language” candidates, the Bureau of Education and Testing is permitting the use of foreign language translation dictionaries during the examination. Translation dictionaries shall contain word-for-word or phrase translations ONLY. Dictionaries that contain definitions of words, explanations of words, or handwritten notes may NOT be used.
- Electronic translation dictionaries are NOT recommended as most will have more than word-for-word or phrase translations, an alphabetic keypad, have mathematical formulas and stored memory capabilities. Should these electronic translation devices have these capabilities; these devices WILL be rejected by the Proctor or Test Center Manager in NOT being suitable for the test site environment.
- Testing Center staff will inspect and approve each dictionary before it can be used during the examination. In order to maintain security and to ensure fairness to all candidates, candidates are limited to the use of a single dictionary.
- If you have any questions concerning acceptable translation dictionaries, please contact the Bureau of Education and Testing at 850.487.1395.

What not to Bring

Unauthorized supplies, those not listed in this Candidate Information Booklet, will be subject to removal by the Department’s representative at the examination site.

The following items are NOT allowed in the examination room:

- Cameras, tape recorders, or computers
- Pagers, electronic transmitting devices, or telephones (watches with alarms or beepers should be set so that they will NOT sound or go off during the examination administration)
- Any bound or loose leaf reference materials and notes
• Dictionary, thesaurus, or other spelling aids
• Canisters of mace, pepper spray, or other personal defense items
• Purses, briefcases, portfolios, fanny packs, or backpacks

Administrative Policies

Change and Cancellation Policies

If you wish to cancel your exam, you must contact Pearson VUE 2 days prior to your scheduled appointment. Cancelling an exam less than 2 days prior to your appointment or missing your exam may result in forfeiting your exam fees.

Absence Policy

If you are unable to attend the examination for which you were scheduled, you may be excused for the following reasons:

• Your illness or that of an immediate family member
• Death in the immediate family
• Disabling traffic accident
• Court appearance or jury duty
• Military duty

All candidates seeking excused absences must submit written verification and supporting documentation of the situation to Pearson VUE no later than four days after the original examination date. Documentation of medical absences must have the original signature of the medical practitioner. Stamped signatures will NOT be accepted. You will be required to pay your examination in full, and possibly reapply to DBPR, if you do not show up for your exam appointment.

Admission to the Examination

When registering at the test center, you will be required to have the following items:

• Two forms of valid signature identification, one of which is government issued: driver’s license, state identification card, passport or military identification card. Student or employment I.D. cards and photo bearing credit cards are not acceptable as picture bearing identification. Candidates will not be admitted without showing proper identification. Your name and address must match what was submitted on your application.

Admission Procedures

• Please report to the test center thirty (30) minutes prior to your scheduled examination. As part of the checking–in process, a photo will be taken of the candidate prior to taking the exam. This photo will be visible on the candidate’s exam result report. The Test Center Manager will assign you a seat and assist you with the computer. You may take up to fifteen (15) minutes to complete the tutorial and the
Test Center Manager will answer any questions you may have about the computer testing unit at this time.

- The time you spend on the tutorial will NOT reduce the time allotted for taking your examination. When you feel comfortable with the computer testing unit, you may begin your examination. The time of the examination begins the moment you look at the first question on your examination.
- Your specific reporting time will be given to you when you make your examination reservation. Please allow yourself sufficient time to find the test center. Make sure you have all necessary documentation before you report for registration.
- At the completion of the examination, your score report will provide instructions on the next step of the licensure process.

**Late Arrivals**

Test Center Managers will review the daily schedule for that day to determine if the candidate can be accommodated due to tardiness. If the tardiness was caused by an emergency (i.e., car trouble, traffic accident, etc.) the candidate must provide documentation of the event. If the candidate cannot be accommodated due to unexcused tardiness, they will be liable for the test fee for that day in addition to the new test fee and classified as a “No Show.”

**Rules for the Examination**

- The examination materials, documents, or memoranda of any kind are not to be taken from the examination room.
- Listen carefully to the instructions given by the Test Center Manager and read all directions thoroughly. Test Center Managers are NOT qualified or authorized to answer questions concerning examination content. However, if you have any procedural questions, they will do their best to assist you.
- If you have a concern about the content of an examination question, please request a “Candidate Comment Form.”
- You must have the Test Center Manager’s permission to leave the examination room. You will NOT be allowed additional time to make up for time lost.
- Smoking will not be permitted in an examination room or in the restrooms, based on the October 1985 Florida Clean Indoor Air Act.
- Do not bring food into an examination room. If applicable, a lunch break will be provided. Drinks are allowed in spill proof containers. Children and visitors are NOT allowed in the test center.
- You are NOT permitted to take personal belongings such as briefcases, large bags, study materials, extra books, or papers into the testing room. Any such materials brought into the testing room will be collected and returned to you when you have completed the test. Pearson VUE and the Department are NOT responsible for lost or misplaced items.
- Under NO circumstances will you be permitted to work beyond the time allotted for the examination. Time limits are generous; you should have ample time to answer all questions and check all work.
Apparel

Please dress comfortably, but appropriately, for the examination. The examination room is usually climate controlled. However, it is not always possible to maintain a temperature suitable to each candidate, and from time to time there are maintenance problems beyond the Department’s or Pearson VUE’s control. It is suggested that you bring a sweater or jacket in case the temperature is cooler than your individual preference.

Change of Address

If an address change occurs after your examination administration, please make corrections at http://www.myfloridalicense.com/DBPR/construction-industry/construction-industry-renew-and-manage-my-license/ or by completing the change of address form provided at the end of this booklet.

Change or Correction of Name

If you have a name change or correction, please send a copy of notarized legal documentation Professional testing, Inc. immediately.

Special Testing Accommodations

The Department of Business and Professional Regulation certifies that it will comply with the provisions of the Americans with Disabilities Act (42 USCG Section 12101, et seq.) and Title VII of the Civil Rights Act, as amended (42 U.S.C.2000e, et seq.), in accommodating candidates who, because of a disability, need special arrangements to enable them to take an examination.

All applicants for an examination or a reexamination who desire special testing accommodations due to a disability must submit an application to the Special Testing Coordinator prior to each exam. The application can be found at: http://www.myfloridalicense.com/dbpr/servop/testing/documents/ada_applic.pdf.

The application for accommodation must be completed and returned to the Bureau of Education and Testing at:

Department of Business and Professional Regulation
Bureau of Education and Testing
Special Testing Coordinator
2601 Blair Stone Road
Tallahassee, Florida 32399-0791

For more information regarding special testing accommodations, please our visit webpage at: http://www.myfloridalicense.com/DBPR/examination-information/special-testing-accommodations/.

Scoring Information and Grade Notification

Scoring Procedures

All questions are equally weighted. Examination scores are reported as percentage scores. The
minimum percentage score needed to pass has been set at seventy percent (70%). Scores on the construction exams are NOT rounded to the nearest percent.

Notification of Results

All candidates will receive an official photo-bearing exam result report immediately following completion of their examination. Please verify that all information is correct on your exam result report prior to leaving the test center.

Examination Review and Fees

Candidates who fail an examination are entitled to review the questions they answered incorrectly, under such terms and conditions as may be prescribed by the Department of Business and Professional Regulation. Candidates are entitled to review only their most recent examination. The candidate shall be permitted to review only those questions the candidate answered incorrectly.

The request to review must be made within 21 days from the date of the examination and can be scheduled by going online to: https://home.pearsonvue.com/ or by calling 1.888.204.6230. The same security requirements observed at the examination will be followed during the review session. Reviews will be held at a Pearson VUE testing center.

The fees associated with reviewing a Computer Based Testing examination are included in the following link:

Review Session

The review session is considered to be an extension of the examination administration. Only the candidate may attend the review session. Proper identification is required to obtain entry. There will be no talking or note taking of any kind. Candidates are usually given one-half of the exam administration time. For example, a 2 hour and 30 minute examination will only receive 1 hour and 15 minutes to review. Candidate will not be able to see their original exam book since it is not retained, after the exam.

Challenge Process

Written challenges are accepted for DBPR developed examinations. Candidates are given an opportunity during the review session to note in writing, on the computer, any objections they have to questions answered incorrectly. The challenges are forwarded to the Bureau of Education and Testing for review by a Psychometrician and subject matter experts to determine if there is any merit to the candidate’s objection.

The response time to challenges, on average, is approximately 21 days. Due to the confidential nature of the examinations, the only response you will receive is “credit” or “no credit” for each challenged question. Credit will only apply to the candidate who reviewed and challenged. Per Rule 61-11.017(g) the candidate’s challenges must be submitted in writing during the scheduled review. Any challenges or supporting documentation submitted after the candidate has left the review room shall not be accepted.
