NOTICE TO REAL ESTATE CANDIDATES/LICENSEES

Beginning November 5, 2009, the Department of Business and Professional Regulation will be conducting a random survey of recently licensed Real Estate Sales Associates and Brokers. The purpose of this survey is to receive feedback regarding the pre-licensure education courses and licensure examinations. While your participation is strictly voluntary, the information you provide in this survey is vital in helping the Bureau of Education and Testing to continue to meet its educational and examination initiatives. You will be notified by email if you have been randomly selected to take part in this survey.

If you have any questions, please call the department's Customer Contact Center at 850-487-1395.
